THE TURF.

Bergen and Galway Recipients of Many Congratulations.

MURPHY REMAINS WITH EHRET

Gideon's Coup on Ha'penny—Other Track Talk.

Marty Bergen and Mr. James Galway were the recipients of many congratulations yesterday. Marty rode in the same old form that made him famous a few years ago, and he has fairly broken the streak of ill luck that has hovered about him since the opening of the season. He has changed his style of riding also. He no longer lays out of the race, but while riding a waiting race keeps well up with his field. There are few jockeys who can out finish Bergen when he is riding in his best form. Ample proof of this is the fact that in the Newark Stakes yesterday Leonawell, ridden by Taral, was a neck in front twenty yards from the wire. With a good horse under him such an advantage makes Taral a hard man to beat home, yet Bergen clearly outfinished him with Adelbert and won a grand race. The finish in this race was blood-stirring and a better one has never been seen on the track. Bergen also won the Hollywood Handicap with Lustre, wearing down and beating out Katie A. Lily, with Sims up. Both Adelbert and Lustre were bred by Mr. Galway, and it is a long time since the black and yellow colors have been seen in front. The wins were pleasing to race-goers, for Mr. Galway is a thorough sportsman who does not bet or make a business of the thing, as do some other turfmen.

* * *

The number of head finishes at Monmouth Park this season have been remarkable. The like has never been seen on other tracks Yesterday four of the six races were won by short heads, and the judges placed the winners correctly.

* * *

Tenny and Long Beach were the only starters in the fourth race yesterday. When the sway back collared Longstreet's unworthy relative on the far turn he remarked, "Huh, I can beat you, even if I can't beat your elder brother." Then cut loose and cantered home an easy winner.

* * *

Mr. Gebhard thought that Experiment would win yesterday, and, on his trainer's advice that the filly had greatly improved, he backed her heavily. She ran a very disappointing race, however, finishing in the ruck.

* * *

Miss Maude was a poor third in the Hollywood Handicap yesterday. In her last race she pulled up lame and yesterday went to the post a trifle sore. After the race she again pulled up lame.

* * *

May Win is badly named. Just Lose would be decidedly more appropriate, for he just manages to get beat more short heads than any other horse in training. Yesterday another defeat was credited to him, Hapenny just nipping him on the post.

* * *

Trestle bolted at the head of the stretch, and young Tod Sloane pulled him back right in front of Tenny. Garrison yelled "Look out!" and the youngster managed to get out of the way just in time to prevent a collision. The incident completely unnerved the Snapper, and he did not finish with his usual dash. Tenny might save won but for this happening.

* * *

Loochatchee would have won the Newark Stakes to a certainty had not he run into the fence on the upper turn. The collision tore Hamilton's boot and threw the horse back half a dozen lengths. This ground Loochatchee made up, and at the finish was tapped on Merry Monarch, who was only a length behind the leaders. The point at which the accident happened is where the temporary rails are placed across the straight course. Beneath bumped into it a few days ago, and narrowly escaped being thrown down.

* * *

Murphy has not been discharged as was erroneously printed in many papers yesterday. As was stated in yesterday's Evening World, Murphy was simply offered a sum to give up his contract. This he refused and he will be paid his salary in full, but will not ride for the stable.

* * *

Mr. John Hunter has sold the two-year-old colt Hesperus, by Helmbel, out of Ecliptic, to George Gaines for $500.

* * *

Propriety was tried six furlongs in 1.13½ a few days ago, and Matt Allen believed he had a cinch on the Hollywood Handicap. The filly was unplaced.

* * *

Jack Joyner had Chesapeake out yesterday, but from the way the old campaigner worked it is doubtful whether he can be got up to a race this year.

* * *

Entre ran away a half mile just before the Tenny-Long Beach race, but it did him no harm evidently, for he finished a good strong second to Nomad in the last race.

* * *

Mr. Gideon had $1,000 straight and place on Ha'penny yesterday.

WAS HE A SUICIDE?

Murphy Found Dead with a Bullet Hole in His Head.

[SPECIAL TO THE EVENING WORLD.]

GREAT NECK, L. I., July 29.—The mystery surrounding the death of John F. Murphy, who was found with a bullet wound in the head in his own house at Port Washington, has not yet been cleared up.

Coroner Schenck began the inquest last night. Dr. W. D. Wysong, who made the autopsy, said the bullet entered behind the ear, taking an upward course to the brain, which would indicate that he committed suicide. The position of the arms and pistol was not explained.

The wife and sister-in-law of Murphy were in the house at the time of the occurrence, and say they heard no report. His son John testified that he was not at home at the time. The inquest was adjourned until Thursday next. In the mean time the Coroner will prosecute inquiries.

Fortifications in British Columbia.

[BY ASSOCIATED PRESS.]

OTTAWA, Ont., July 29.—It is reported that one million dollars are to be spent on fortifications in British Columbia. Hon. Mackenzie Bowell, Minister of Militia and Customs, and Gen. Herbert are to go West shortly to look over the ground, and if indications are to be relied on it will not be long before the work will be begun of throwing up a line of defences which will make Victoria a fortified city and the naval station at Esquimault invulnerable.

STOCK REPORTS.

Prices Follow the Mercury in Its Steady Upward Move.

Bulls in High Feather and Buy Right and Left.

S. V. White Parts with a Block of 500 Shares of Western Union.

WALL STREET, Friday, July 29.—Sales of stocks up to noon were 130,000 shares, including 14,000 sugar, despite the heat. This is the largest total for some time.

The temper of speculation was decidedly bullish and pretty much everything on the list scored higher prices. The most marked improvement was in Atchison, Missouri Pacific, Western Union, Minneapolis and St. Louis and Iowa Central, which rose ½ to 3 points.

Stocks continued to keep pace with the thermometer this afternoon and the bulls were in high feather. The leading stocks were bought with a good deal of confidence, and still higher prices were made in a majority of instances. The bears made several attempts to check the upward movement but were forced to retreat, and were not a little disconcerted by the boldness of their antagonists. Final quotations were about the best of the day, and the commission houses had liberal buying orders for Boston and Western account.

S. V. White, who has been a consistent bull on Sugar and Western Union for a long time, sold 500 of the former this afternoon to E. T. Bogert at 107¼, with the privilege of "putting" the stock at 108⅞ up to Wednesday next.

There is talk of a scrip dividend on Western Union in September, and prominent houses were buyers of the stock on this theory today.

Report has it that several new bull pools are forming and that certain stocks now in the background will be taken hold of and advanced next week.

Messrs. Nesslage, Colgate & Co. will ship 50,000 ounces bar silver and $45,000 Mexican silver coin to Europe by the steamship Ems to-morrow. Handy & Harman will also ship 100,000 ounces of the white metal.

The sales reached the heavy total of 225,434 shares of listed stocks and 5,000 ounces of silver.

WHEN THE DINNER BELL RINGS

People ought to feel hungry, and when they feel hungry they ought to have good digestions. But, alas! they don't—frequently. That plague alike of the just and of the unjust, of the abstemious and the glutton; of youth, middle age and life's close—the proteian imp, dyspepsia, exacts dire penalties for appetite's appeasement in the shape of heartburn, wind on and uncomfortable distention of the stomach and general disturbance in the gastric region. Dyspepsia is very generally accompanied by biliousness, irregularity of the bowels, insomnia and nervousness, for each and all of which, as well as their cause, Hostetter's Stomach Bitters is the nation's chosen remedy. Malarial, rheumatic and kidney troubles, lack of strength and flesh, and failure of appetite and the power to rest tranquilly, are also overcome by the Bitters.

CALLED IT A DRUNKEN HOUSE.

Congressman Watson's Sweeping Charges Against Colleagues.

[BY ASSOCIATED PRESS.]

WASHINGTON, July 29.—The World's Fair matter was delayed in the House this morning by a question of privilege raised by Mr. Wheeler, of Alabama, relative to certain statements contained in a campaign book "Not Revolt; a Revolution," recently published by Representative Watson, of Georgia, reviewing the action of the present Congress and the positions taken by its members in the past.

There were loud demands for the "regular order," but Mr. Wheeler insisted upon being heard.

In order to secure the floor he had read an extract from the book in which it is asserted that in the present Congress drunken members reeled about the aisles to the disgrace of the Republic and drunken speakers debate grave issues.

This undoubtedly presented a question of privilege and Mr. Wheeler was recognized. He denounced the publication as the most ridiculous falsehood ever uttered on the American Continent. (Applause.)

The House was thrown into a state of great confusion by an assertion by Mr. Watson that every word written in the book to which Mr. Wheeler referred was literally true, and that he stood ready to defend every word.

The assertion was greeted with prolonged hisses.

Mr. Watson was promptly called to order by Mr. Tracey, of New York, who was greatly indignant over the wholesale charge upon the House.

Mr. Watson was permitted to explain his language.

Mr. Boatner, of Louisiana, introduced a resolution calling for the appointment of a committee to investigate the truth of Mr. Watson's charges and to recommend what course shall be taken with respect to the member (Mr. Watson) if the charges are found to be untrue.

The Speaker appointed Messrs. Boatner, Wolverton, Buchanan (Va.), Grout and Simpson as the Special Committee to investigate the charges made by Mr. Watson.

Mr. Boatner's resolution was ruled to be privileged and was adopted without division.

It was after 1.30 when the House resumed the consideration of the World's Fair amendments to the Sundry Civil Appropriation bill.

Filibustering was immediately inaugurated, Mr. Cummings, of New York, assuming the command of the filibusters, and Mr. Bailey, of Texas, acting as lieutenant.

In the Senate to-day the time was occupied by a continuation of the tariff debate.

GAVE THREE POUNDS OF ETHER.

Lustig's Death Said to Be Due to This Large Dose.

Philip Lustig, of 220 West Sixty-fourth street, died at 8 o'clock this morning while under the influence of anodyne administered by physicians.

Lustig while intoxicated last night lurched against a window and his hand went through the glass, cutting his wrist badly.

Dr. Collins of West Sixty-fifth street and Dr. Myers of West Seventy-fifth street were called in to attend him.

Lustig was half wild with drink and pain, and the police say that to quiet him the physicians administered three pounds of ether as well as chloroform, and besides gave him hypodermic injections of morphine.

He never recovered consciousness.

The Coroner was notified but has not yet reached the dead man's house.

MESSENGER BOYS MAY STRIKE.

American District Telegraph Boys Have Grievances Against the Company.

There is a strike brewing in the American District Telegraph Company downtown office. The messenger boys complain of the long hours, and that they do not get paid for messages which are undelivered because there is no one at the address to receive them.

Then there is a rumor that the Company is going to abolish the payment of three cents for every message brought back, and this and the long hours and the "closed" calls have excited some of the boys to rebellion.

There was a meeting at the Dutch Reformed Church in Fulton street last night, and the question of a strike was discussed. Another meeting will be held Sunday or Monday, and if a strike is determined on plans will be made to prevent other boys filling the strikers' places.

RETURNS IN FROM ORKNEY.

They Show, as Was Expected, the Liberal Candidate Elected.

[BY ASSOCIATED PRESS.]

LONDON, July 29.—The returns from the last of the constituencies, that of the Orkney and Shetland Islands, to elect a member to the new Parliament have been received.

They show, as was expected, the election of the Liberal candidate, Mr. L. Lyell, who received 2,617 votes, against 1,614 cast for his Dissident Liberal opponent.

The return of Mr. Lyell and the recount in Greenock fix the opposition majority in the new House of Commons at forty.

REILLY SURELY MEANT MURDER.

But His Victim May Recover, While He Himself Is Dead.

[BY ASSOCIATED PRESS.]

ALBANY, July 29.—Thomas Kildary, residing near the Boston and Albany crossing in Chatham, was walking up the track this morning when James Reilly, the flagman at the crossing, sneaked behind him and shot him in the back and took pot shots twice with his fist at a stand him four times.

Reilly then went home and shot himself in the abdomen and through the forehead, and cut his throat from ear to ear, dying in a short time. Kildary may recover.

Reilly was fifty years old and Kildary about seventy. Family troubles existed.

POWDERLY ACCUSES DEPEW.

And Says Pinkertons Prevent the Settlement of Strikes.

[BY ASSOCIATED PRESS.]

WASHINGTON, July 29.—General Master Workman Powderly, of the Knights of Labor, appeared before the House Judiciary Committee this afternoon and made a broad denial of the statements of the Pinkertons relative to the character of their employees.

Referring to the New York Central strike, he accused Mr. Depew with deliberately causing the strike and then going to Europe.

The Pinkertons prevented the settlement of strikes, he said.

B. Clay King Losing Hope.

[BY ASSOCIATED PRESS.]

MEMPHIS, Tenn., July 29.—The action of Judge Howell P. Jackson, of the United States Court, in refusing the writ of habeas corpus in the B. Clay King case has had a very depressing effect upon the prisoner, and it is feared that his mind is giving way. His only hope now is in application to the United States Supreme Court for a writ of error and an accompanying stay, or in the event of that failing, in an appeal to Gov. Buchanan.

THE CITY WILL SELL DRINKS.

Sioux Falls Aldermen Favor the Municipal Saloon Idea.

[BY ASSOCIATED PRESS.]

SIOUX FALLS, S. Dak., July 29.—The Council Committee appointed to consider Attorney Lyons's "municipal saloon" idea, is ready to report unanimously in favor of inaugurating the scheme. The sentiment among the Aldermen is favorable to the trial of city saloons.

Chairman Bridge, of the Committee, makes the prediction that the city will go into the business, which, he declares, will become so popular that it will continue as one of the permanent institutions of the municipality.

The Committee will recommend the establishment of six city saloons in Sioux Falls, one for each ward, and that there be appointed a saloon superintendent, under whom the working force of bartenders will operate, the saloons to be opened from 5 A. M. to 10 P. M.

The City Council will meet on Monday night to act on the report.

NOT ALARMED FOR MISS JORDAN.

The Young Lady's Mother Thinks She Has Probably Gone Yachting.

[SPECIAL TO THE EVENING WORLD.]

LONG BRANCH, N. J., July 29.—Miss Mabel Jordan has not yet communicated with her mother, Mrs. John Chamberlain, and, although that lady does not know where she is, she does not feel alarmed.

Miss Jordan, who is Mrs. Chamberlain's daughter by a former marriage, is an independent young woman, and comes and goes at her own will. She has been in Europe, but was expected to return this summer.

On Tuesday Mrs. Chamberlain received a telegram from her, dated Highlands, N. J., saying that she would be home later. She received another saying that her daughter had missed the train.

Mrs. Chamberlain has heard nothing since then, but thinks her daughter has probably fallen in with friends who have induced her to go yachting.
