TALK OF THE STAGE WORLD.

Attractive Changes at Tony Pastor's and in Koster & Bial's Bills.

This time next week the theatrical world will be a great deal livelier, for several theatres now closed will then be open. In fact, last night was the end of the dull Mondays for some months to come. At Tony Pastor's there was an interesting programme, including James F. Hoey, the eccentric comedian; Allen and Rankin, musical comedians; Little Bonnie Thornton, in her well-rendered topical songs; Capitola Forrest, with skirt, hoop and butterfly dances; Petrie and Elise, O'Brien and Carroll, the Orlando Sisters, C. W. Williams, John H. W. Byrne, and the All Brothers. At Koster & Bial's Concert Hall there was an adaptation from a French opera bouffe called "A Village Wedding." It was a light affair, entertaining enough and making no big tax upon the intelligence. The leading lights of "A Village Wedding" were Mlle. Hartley, and M. Dufour, the exceedingly energetic interpreters of "Tarara-boom-de-ay."

Other attractions at Koster & Bial's were Nada Reyval, who still sings and scintillates, and then—for a change—scintillates and sings; and the Borani, who did their disappearing act as conscientiously as ever. Huber's Palace Museum in East Eighteenth street opened for the season yesterday with a very good performance, including a troupe of real Arabs, an excellent variety company, and a big collection of curios. At Doris's Museum the four curio halls and three theatres are worth visiting. Eldorado was lucky again, with a nice warm night.

Here is a description of dresses worn by two women, well known in this city, at Lady Augustus Harris's garden party in London: "Mrs. Langtry wore a dress of soft, white, striped chiffon—the stripe being very fine—brocaded with violets and lilies, made up over white satin. There was a wide and long empire sash of white satin, and the neck and sleeves were finished with soft white lace. Mrs. Langtry's hat was large, white and trimmed with upstanding bows of pink corded ribbon and pink roses. Mrs. Henry E. Abbey wore a very pretty and simple dress of pale mauve crepon, with a becoming large hat."

Manager Hammerstein intended to open his Harlem Opera-House with "A Trip to Chinatown." He fondly imagined that the company he would get was that now to be seen at the Madison Square Theatre. He has since discovered that if he opens with that play it will be interpreted by the organization destined for the road, headed by Fay Templeton and Bart Haverly. The Harlem manager is not pleased. He was looking yesterday for another attraction, as he does not want the road company. However, it is not likely that blood will be shed.

The Columbus Theatre, that opens Saturday night, has been redecorated in a lavish manner. The fact of this redecoration has been kept pretty quiet for the simple reason that everybody makes such announcements, and they have come to be discredited. The Columbus has a new curtain and plenty of newly painted scenery.

Sarah Bernhardt has commissioned Paul Berton to put into French for her the new play by Walter H. Pollock and Richard Davey, entitled "Hollyrood."

And now it is asserted that it was Frank Bennett, a son-in-law of Mrs. D. P. Powers, who induced John Drew to star under the management of Charles Frohman. Mr. Bennett is a great friend of both Drew and Frohman.

Said Stainville, the clever mimic, of the Casino roof Garden: "I intend to give my portrait of Cleveland this week if possible. You can't imagine how difficult I find it to get his features. I have worked for four weeks at his face, but so far without much success. You see, he is fat; he has a big head, and it is a great task for me." Stainville goes back to France early next month, and returns in December, to appear again at the Casino.

Robert Mantell has secured the American rights of a new play by young Sydney Bowkett, an actor well known here, and once a junior member of Daly's company. The English rights of the play have been accorded to E. E. Vanderfelt.

ST. CHARLES UNSWEETENED EVAPORATED CREAM

STERILIZED.

Dr. Sidney F. Wilcox, Broadway and 57th St., N. Y. Writes: "The milk arrived in good order, and the youngster is thriving on it, taking over a can of it daily. It is something you can recommend as a BABY FOOD as strong as you please, it certainly is, for our baby what no other food would do. Hundreds of children are dying daily from the use of milk that has become fermented. The ST. CHARLES CREAM is STERILIZED."

SPORTING NEWS AND NOTES.

M. A. C. to Hold Weekly Meets at Manhattan Field.

The efforts of THE EVENING WORLD to boom track and field athletics are bearing fruit. It has been shown that athletics are horribly dull for a Summer season. Weeks and weeks of capital athletic weather have been allowed to go to waste. It has been pointed out several times that the principal cause of this dearth of athletic games was owing to the sacrifice the big clubs have made of legitimate sport for boxing and like amusement. Petty jealousies among the clubs has been another cause. The sports that have been indulged in have been of a character calculated to give a few men a little physical exercise, while the great mass of athletes have been left without proper incentives to work.

Several prominent men, high in athletic club circles, have tried to demonstrate the fact that the present status of athletics is normal, and that the present stagnation is nothing out of the usual course. So much the worse if this is so. Others have tried to make people believe that athletics have been lively enough, but every one knows that this is not the case. The Manhattan Athletic Club has done much to boom boxing in the higher circles. It has patronized John L. Sullivan liberally, and lesser lights not so liberally, but liberally enough. The members of the Club liked the game, but to have all dessert and no substantial dinner, has wearied many of the cherry diamond athletes. They see the necessity of fostering these branches of sport that have done much to elevate them to the position they hold to-day.

Lieut. J. B. Anderson, of the M. A. C., with some of his club associates have hit upon an admirable plan for helping athletics out of the slough of inactivity into which they have fallen. They propose to hold a set of games weekly at Manhattan Field, throughout the balance of the season, beginning at 6 o'clock on every Wednesday night. Two events will be contested. To-morrow night the scheme will be inaugurated with a 300-yard run and a mile safety bicycle race. A large field of entries has been received. This is a scheme worth a trial on the part of other prominent athletic clubs in this city.

The Quakers got away with the Giants again yesterday. The score was 4 to 2. The men from Manhattan Island are trying to steer as far from the course taken during the first section of the season's work as possible. The old charm of being beaten hangs to them, however. It would be refreshing to have the Giants of bygone days put back on the field again.

Ward's men walked all over the Baltimores, and with ease. They did it by a score of 8 to 2. The Brooklyns are in third place again.

Games scheduled for to-day are as follows:

New York at Philadel'a.	Cincinnati at Cleveland.
Brooklyn at Baltimore.	St. Louis at Pittsburg.
Boston at Washington.	Louisville at Chicago.

George Hollender is making rapid improvement as a mile runner. He won this event at the games of the St. George and New Jersey Athletic clubs and finished a close second at the Yonkers A. C. games. He is working hard in private and is doing better than 4.40.

E. C. Carter, the official handicapper of the A. A. U., has been in England for some time. He left this city quietly, and it was not generally known that he intended to don the spiked shoes while abroad. He has been doing some running, but with little success. He will return to this city Aug. 17.

* * *

E. W. Goff, who made such a hard play for the all-round championship of the A. A. U. this year, has not thrown up the sponge. He is still working hard and says he will stick to hurdle work. Goff is a great hop, step and jump performer, and he is said to be breaking the world's amateur record in private, having cleared 40 feet several times.

There seems to be some misunderstanding about the games of the Acorn Athletic Association, to be held on Labor Day. These games will be for Club members only. President Cuming has consented to act as a judge at another athletic meeting on the same day.

No body advertises that his blood medicine doesn't amount to much. They're all of them "the best." But there's only *one* of them that's good enough to *guarantee*—and that is Dr. Pierce's Golden Medical Discovery. With *that*, if it fails to benefit or cure, you have your money back.

It's a medicine that *cures*, in all diseases caused by a torpid liver or impure blood. It's not like the sarsaparillas, which claim to do good in March, April and May. All the year round, with equal benefit, it cleanses, invigorates and builds up the entire system. If you're bilious, "run down," or dyspeptic, or suffering from any blood taint or disorder, that's the medicine you need. For Scrofula, Skin and Scalp Diseases, Salt-Rheum, Tetter, Eczema, Erysipelas and kindred ailments nothing can equal it. The *genuine* sold for $1.00. Beware of spurious *imitations* or *dilutions*, offered at less prices.

FROM THE WORLD OF LABOR.

The new Delegate of the House-Painters' Union to the Central Labor Union is Henry Goebel.

It is expected that the tailors' strike at Erickson's shop, 241 Fifth avenue, will be settled to-day.

The Goodyear Tan and Welt Shoemakers' Union has trouble over the wages question in four shops in this city.

At Woodhaven Park members of Waiters' Union No. 2 and Bartenders' Union No. 10 will be employed in the future.

The city officials of Los Angeles, Cal., have declared themselves in sympathy with the Clerks' Association in favoring early closing.

Assistance has been promised to the striking lacemakers at Jennings's factory from unions in Belgium, France, Germany and England.

Over $200 has been realized for the Homestead strikers by the picnic arranged for that purpose by the Brooklyn Central Labor Union.

Heyman Bros. & Lowenstein's cigar-makers are on strike for higher wages. They say that no other firm is paying less than these bosses.

The Building Trades Council and the Central Labor Union of Grand Rapids, Mich., have agreed to combine their Labor Day parades.

Apprentices desiring to become full members of Artificial Stone Masons' Union No. 1 will be required to pay the full initiation fee of $25.

Organized labor of Lancaster, Pa., succeeded in having ordinances passed by the City Council, according to which contractors are to employ only American citizens and pay them union wages.

The Carriage and Wagon Makers' National Union of North America is in session at Columbus, O. There are thirteen unions with an aggregate membership of 1,700. Six Unions were chartered last year.

All applications made by the workmen of Boss Eustace Jeffers for membership in Horseshoers' Union No. 7 have been laid over until the boss has signed the Union's contract.

The reedmakers employed at I. A. Hall & Co. and Jacob Walders's factories, in Paterson, N. J., have struck against a reduction of wages under the new Fifty-five-Hour law.

A large dry-goods house in Boston has opened a gymnasium to enable their clerks to take exercise in physical training. About 600 girls take part between 5 and 6 in the afternoon.

The Toledo, O., Central Labor Union has been presented with a fine flag by a Chicago school-supply house, because the unions in Toledo caused the School Board of that city to patronize union concerns.

Machine Wood-Workers' Union No. 26 has notified the Wood-Carvers' Association that they will appeal to the International Executive Board of the Woodworkers to settle the differences between both organizations.

The evening newspaper proprietors of Elizabeth, N. J., have been requested by the Central Federation of Labor in that city not to publish any papers on Labor Day, to give their employees an opportunity to join the parade.

Cabinet-Makers' Union No. 8, in reply to a complaint on the part of Cabinet-Makers' Union No. 7, says that it may be true that members of No. 8 worked in strike shops during the eight-hour strike, but members of No. 7 had done the very same thing, and there was no use crying over spilt milk.

One of the members of Brewers' Union No. 69 complains that unknown persons sent Most's paper, *Freiheit*, to the place where he works, addressed to him, to make it appear as if he were an Anarchist, so that he might lose his position. The Union is investigating the case.

The Philadelphia Section of the Socialist Labor party sent a circular to all other sections giving reasons why the official organ, *Der Sozialist*, printed in this city, should be abolished. The principal reason given is that all strength should be thrown into the agitation among the English-speaking workmen in this country.

DRAGOONING WON'T DO.

Not with the liver. Violent cholagogues, like calomel and blue pill, administered in "heroic" or excessive doses, as they often are, will not permanently restore the activity of the great hepatic organ, and are productive of much mischief to the system generally. Institute a healthful reform, if inactivity of the liver exists, with Hostetter's Stomach Bitters, which insures a regular discharge of the secretive function of the liver and promotes due action of the bowels without griping or weakening them. The discomfort and tenderness in the right side, nausea, fur upon the tongue, yellowness of the skin and eyeballs, sourness of the breath and sick headache, which characterize chronic biliousness, disappear, and digestion—always interfered with by biliousness—resumes its former activity. The Bitters also remove malarial complaints, rheumatism, kidney trouble, and is a promoter of healthful repose.
