FIREMEN NARROWLY ESCAPE.

Forced to Jump from the Third Story of a Burning Building.

A $50,000 Blaze on West Fiftieth and Fifty-first Streets.

Fire broke out about 4.45 o'clock this morning in the works of the Sicilian Asphalt Paving Company, extending from 650 to 658 West Fifty-first street. The flames communicated to the factory building 645 and 647 West Fiftieth street, which was completely destroyed. Part of the asphalt works was laid in ruins. The total loss is estimated at $50,000.

Howard Carroll is President of the Sicilian Asphalt Paving Company; George C. Clausen is Treasurer and Henry Balze is the General Manager.

The works were one-story frame buildings, surrounded by sheds. The office building, which was saved from destruction, is of brick, one story high.

Engineer Max Meading was in the boiler-room and the night watchman, George Ward, was attending to some business at the river front when flames were discovered in what is known as the kiln-room at the west end of the works, where there were eighteen furnaces in which the fires are kept going constantly.

These furnaces are used for boiling asphalt and trinidad. The supposition is that the blaze was started by some woodwork catching fire from one of the furnaces.

The fire spread rapidly through the structure. About a dozen men who were at work ran out, shouting fire. Policeman Early, of the West Forty-seventh street station, sent out an alarm.

When the firemen came Battalion Chief Gloquel sent a second alarm, and a little later Assistant Fire Chief Reilly ordered a third alarm.

The fire burned up the sheds and attacked the factory in Fiftieth street. The flames got into the ground floor of the factory, which was occupied by William Hindrick, carpenter, and Joseph Smith's ladder factory.

The building was of brick, three stories high. The two upper floors were used by Bobb & Morrison, manufacturers of office furniture.

Foreman Farrell and Fireman Powers, of 18 Truck, had a narrow escape from a horrible death. They were on the third floor of the burning factory when the flames came leaping up the stairs and cut off their escape in that direction.

There was no way for them to get out except to leap from the windows. They jumped on to the roof of a shed which had not yet been burned in the rear of the factory, a distance of about twenty-five feet, and were uninjured.

It didn't take long for the flames to spread through the entire structure, which was filled with inflammable material.

In less than one hour it was completely burned out and part of the front wall fell into the street.

The asphalt works were gutted and the numerous sheds were razed to the ground.

The stable attached to Brandel & Co.'s candy-works, adjoining the asphalt works, caught fire also, but was only slightly damaged.

William Muller and John O'Brien saved three horses, a dog and a lot of harness from the stable.

Much valuable machinery was destroyed in the asphalt works, including a new "binder" machine. The loss to the company is fixed at $25,000, which is partly covered by insurance.

The burned factory building was owned by [illegible], the ladder manufacturer. The [illegible] the buildings and to the stock of the [illegible] company is in all aggregate $25,000.

[illegible] Paving Company has contracts for laying down asphalt pavements in One Hundred and Twenty-fourth and Mix-[illegible] Hundred and Twenty-fourth and One Hundred and Twenty-fourth streets, and in West End avenue. The fire will, it is said, interfere with carrying on the work for the present.

CHURCH WINDOW GHOSTS AGAIN.

Pictures Reappear in Canton's Spire in Spite of a New Glass.

(BY ASSOCIATED PRESS.)

CANTON, Minn., Oct. 13.—Since Bishop Cotter ridiculed the miraculous power of the mysterious picture in the spire of the church here there has been a little abatement in the excitement, but the visits were still so numerous that it was finally decided to remove the glass. When moved it was merely an ordinary pane of glass.

A new pane was placed in the sash. The moment it was in place a loud shout went up from a crowd below; the form of the Virgin, with the infant Jesus in her arms, again was plainly discernible.

Nothing short of a bull from the Vatican would now convince the people of Canton that they are not daily viewing a miracle.

DANIEL MAY SPEAK AT CHICAGO.

Virginia Senator Suggested for the Orator of Dedication Day.

(BY ASSOCIATED PRESS.)

CHICAGO, Oct. 13.—A local paper says that Senator John W. Daniel, of Virginia, may be asked to deliver the Columbian oration on Oct. 21.

After receiving Col. Breckenridge's final declination the Council of Administration talked about the situation, and so did the Executive Committee.

Several members of the Council expressed the opinion that Senator Daniel would accept the honor, and it is more than likely that the Virginian will be invited to deliver the oration on the day.

THE "FACT"

is that a suit by this Company is now pending against a dry goods house on 14th St., based on the ground that they have advertised and offered for sale goods which they have wrongfully endeavored to make the public believe to be Genuine Jaeger Goods. The court decision which they referred to, in no way passed upon this claim of the Jaeger Company—and it is reasonable to believe that the court will, in this case, as in others, stamp with its disapproval the attempt of a merchant to palm off his goods under a name which he is not entitled to use.
