6th Ave., 20th to 21st St.

CONSIDERING HARRIS'S CASE.

Recorder Smyth Will Not Sit in Court Till He Decides.

Incomplete Affidavits for the Condemned Man Have Been Perfected.

Recorder Smyth is not sitting in General Sessions to-day. He announced yesterday that Judge Martine would occupy his place on the bench to-day in his stead.

The Recorder thus sought the place in Judge Martine in order that he may devote himself to a careful examination of the remarkably contradictory affidavits submitted by Mr. Howe and the District-Attorney on the motion for a new trial for Carlyle W. Harris, convicted a year ago of wife-poisoning, and who seeks a new trial on the ground of the discovery of evidence that Helen Potts-Harris, the victim, was an habitual user of morphine.

Isaac N. Hyldrad, sent by the Court to Philadelphia to obtain the necessary County Clerks' certificates of the authenticity of the official seals and signatures on the affidavits of Harris's witnesses, established to his satisfaction that State has returned with the papers, and they are in the hands of the Recorder.

District-Attorney Nicoll said to-day that he would oppose the admission of the affidavit of Anna Walsh, who testified that Helen Potts, proposed last Tuesday by Mr. Howe.

Mr. Howe said that if he let Mr. Howe put in affidavits as long as he desired he might prolong the litigation to the end of time.

The decision of the Recorder will probably not be announced before next week.

Recorder Smyth said to an "Evening World" reporter on the subject of the Harris appeal:

"It is a very serious matter and demands the most careful consideration and the exercise of patience. It will require time, and I shall devote myself to the matter, seeking all the light I may obtain.

"Regarding the allegations of Miss Walden and William F. Howe attached to the bill of Gerry and Ivy against Co. to Van Matre the Asbury Park struggle, in which offered to discredit Van Matre's testimony, the Recorder said:

"I know the District-Attorney opposes their admission, but I cannot tell whether I shall or shall not admit them until I have examined all the papers submitted to me. A judge must be a judge and the rules of justice must be served. I cannot act unfeelingly."

DIVORCE CASES IN BROOKLYN.

Mrs. Tilling Turns the Tables on Her Husband and May Get a Decree.

The trial of Morris Tilling's suit for divorce from his wife, Marie Tilling, came up before Judge Van Wyck in the City Court Brooklyn, this morning, but Tilling did not appear.

His wife, however, made a counter charge, bringing a Mrs. Smithright as co-respondent. Henry Miller and Frederick De Hart testified for the plaintiff, and Judge Van Wyck intimated that a decree would be given Mrs. Tilling after the testimony is written out.

Lizzie Phillips, of 101 Sanders street, Brooklyn, brought an action in the same court for separation from her husband, Charles Phillips, on the ground of cruelty. Decision was reserved.

TIFFANY'S NOT TO MOVE.

Mr. C. T. Cook Denies a Widely Circulated Report.

Mr. C. T. Cook, a member of the firm of Tiffany & Co., jewelers, emphatically denied to an "Evening World" reporter this forenoon that the firm anticipated moving its business further uptown, to the site of the old Astor mansion, at Fifth avenue and Thirty-fourth street.

"The report is untrue, and more than that, the subject has not been under consideration. Hence, we do not contemplate such a change," said Mr. Cook.

Struck by an Engine.

Patrick Joyce, a car inspector on the Erie Railroad, was struck by Engine 461 at the Prospect street crossing, Jersey City, this morning, and his left foot and ankle were crushed. He was taken home.

Dress Goods.

Parisian Novelties, exclusive designs, new colorings.

Broadway & 20th St.

LAST OF THE FOX SISTERS.

Maggie, Widow of Explorer Kane, Is Dead in Brooklyn.

Interesting Ceremonies to Be Observed at Her Funeral To-Morrow.

The death of Mrs. Margaret Fox Kane, the last of the celebrated Fox sisters, spiritualistic mediums, was announced this morning. She passed away yesterday in a little brown-stone house, 65 Hicks street, Brooklyn.

MAGGIE FOX KANE.
(As she looked thirty years ago.)

Mrs. Kane's death was caused by pneumonia, the outcome of an attack of the grip, from which she suffered three years ago.

She was the widow of Dr. Elisha Kent Kane, the famous Arctic explorer.

The funeral will occur tomorrow evening at Bradbury Hall, 50 Fulton street, Brooklyn. A large number of Spiritualists from all over the country are expected to be present. The services will be under the direction of Mrs. M. A. Gridley, a well-known medium. Walter Howell, of Rochester, and Mr. Nellie Brigham, of New York, formerly a member of the Woman's Progressive Union. The ceremonies will begin promptly at 7 o'clock. The interment will be beside the grave of Kate Fox, another of the famous sisters, in Greenwood, Saturday morning.

THE HOUSE IN NEW HYDESVILLE.

Years ago, Spirit Rapping Wonder, reporter called at a little house near Mrs. Kane's home and found a little table standing in the middle of the room, with one leg, with the rapping sound name the reporter called the house.

The young girl told him said the mischievous Spirit Rapper Maggie died, we found a girl who resembled Maggie's voice in mentality, disposition and manner.

"Ask her if she can say anything more about Maggie," interrupted Mrs. Buggles.

"You see, she said to the reporter, 'If we know how the rap on the table, we will do so in a short time.' Then we heard the rapping sound, and the reporter said, 'Ask the spirit how she got it.' Then it said, 'Ask the spirit how I did it.' Then we knew we had made a fool reporter for us doing."

Probably no woman in this country has been prominent so long before the public longer than the woman who has just died. She was born in Arch, Canada, in October, 1837, and was in her sixteenth year. When she was twelve years old her father, John Fox, moved to Hydesville, Wayne County, N. Y., in which place occurred the first "rapping" in the house. Three years later, hearing some peculiar noises, she answered the raps with her fingers, and soon afterwards the house was in an uproar.

Footsteps were heard pacing over the floor, weights were hung up and moved, and were heard to fall on the building.

The Fox sisters made their first public appearance at Corinthian Hall, March 31, 1850. Many well-known men were attracted to their meetings, among them Horace Greeley, Cornelius Vanderbilt, William Cullen Bryant, J. Fenimore Cooper, Benjamin Franklin and others. The séances were given in the home of Rev. Dr. Greenfield, and the Fox sisters had many followers. Later the United Europe, and held séances in London, Berlin, Paris and St. Petersburg. They made a great deal of money, but spent it. Their health gradually declined, and Adah Leah died first. Kate, the wife of Henry C. Jencken, an English lawyer, died about a year ago. Mrs. Kane was the only surviving of the three who held her place during spiritualistic up to the time of her death.

Several years ago she created a sensation by appearing on the stage at the Academy of Music in New York, and making an exposure of spiritualism. She said the mysterious rappings were made by dislocating the bile in one of the muscles in her foot. Her sisters, she said, as had also her sisters, until an audible noise, like the tapping on a slate, could be produced at will. The alleged communications from the spirit world, she said, were fraudulent.

Subsequently she retracted her "confession," saying she had been hired by Manager Richmond to give the lecture, and had been promised $500 for her work, but never received the money. Her retraction was accepted by Spiritualists, and she re-entered the fold.

SAYS MULDOON CLUBBED HIM.

Grocer Victory's Serious Charges Against a Policeman.

The Story Told to Inspector Williams, Who Ordered an Investigation.

Howard Victory, a grocer, of 330 East Forty-eighth street, appeared with half a dozen witnesses before Inspector Williams at Police Headquarters this morning to make a serious charge against Policeman Patrick J. Muldoon, of the East Fifty-first street station-house.

Victory's head was bandaged, and he said he supported himself on his wife's arm. His body was black and blue.

He told a Mr. Rodgers yesterday and told the Inspector Williams that Muldoon had beaten him unmercifully last Monday evening without any provocation.

Muldoon was leading fourteen-year-old James Dunn, of 333 East Forty-eighth street, to the station-house for having thrown snowballs. While passing Victory's store the latter asked Muldoon why he had arrested the boy, who was the neighbor's.

"In reply," said Victory, "the policeman called me vile names, and Muldoon got into my store and held up my business. I resented somewhat boldly when Muldoon struck me. He pushed me into my store and there struck me violently across the head with a club, knocking me down. He then arrested me and took me to the Flower Hospital, where my wounds were dressed.

"The next day, continued Victory, I was taken to the Tombs Court, where Muldoon charged me with having attempted to rescue the boy from arrest. I was promptly discharged."

Inspector Williams told Victory to return to Headquarters at 10 o'clock to-day with his witnesses to identify Muldoon.

Victory was here on time, but Muldoon had not seen his victim. Instead, the Inspector received a report that Policeman Muldoon was confined to his home with a broken thumb.

Victory's witnesses say that Muldoon must have broken his thumb either while clubbing the boys or while throwing snowballs at white-beating Victory.

Inspector Williams will investigate.

MUSEUM PLANS.

Money Will Not Be Appropriated Till the Trustees Are Unanimous.

At the meeting of the Board of Estimate and Apportionment to-day the sum of $5,000 was asked to be transferred from the judgment fund to the Department of Health to pay the salaries of twenty extra medical inspectors for one month.

Comptroller Myers presented the accounts of the Columbian celebration, as approved by the finance committee of the committee of One Hundred. The accounts were not accompanied by vouchers and a statement of money in the hands of the committee. These must be furnished to the Board before action is taken on the claims.

In view of the opinion of Corporation Counsel Clark that the approval of the Comptroller of Trustees of the Museum of Natural History of the plans for the new Museum wing was necessary, only the Executive Committee of the Trustees having approved them, the Board withdrew its concurrence and decided to postpone the issue of bonds for the building until the squabble over the plans is settled.

School Commissioner Lounsbury appeared before the Board and asked for the indorsement of two bills pending in the Legislature providing for the appropriation for new school buildings and sanitary repairs to old buildings.

There are about eight schools that need new ventilating apparatus, said Mr. Lounsbury, and it is absolutely necessary for the health of the pupils.

The sum of $100,000 is wanted to provide fresh air in school-rooms. The matter was referred to the comptroller for investigation.

A request for the additional transfer of $10,000 from the judgment fund was also pending for the remedy of sewer and he was absorbed to Comptroller Myers.

Ex-Alderman Kenney mentioned the Board to pay him for furniture furnished to the Fire Department. The matter was referred to the Comptroller, Mr. Myers stating that he had never heard of Kenney as a member of the Board, and it will not be complied with.

Held in $100 for Cruelty to a Rat.

An Italian named Domenico Falcione caught a live rat this morning and poured kerosene oil over it. As the rat ran to and there it was having rolled out of the window of his rooms at 37 Mulberry street. Nicolo Sentamarti, who lives in the same house, had Falcione arrested, and he was held in $100 at the police court this morning. The S. P. C. A. has taken charge of the case.

Whose Two Dozen Pocket Knife?

Joseph Williams, a colored man, aged thirty-five, who claimed to live at 248 West Seventeenth street, was remanded in the Jefferson Market Police Court this morning until the police can find an owner for two dozen pocket knives which the prisoner had in his possession. He claims they were given to him.

Fell Off a Freight Car.

Brakeman John Morrissey, of Peekskill, fell from the top of a New York Central freight car at Eleventh avenue and Sixty-fifth street early this morning and had his left foot and right ankle severely injured. He was taken to Roosevelt Hospital.

MINISTER'S LIFE DEMANDED.

Hong-Tchun Charged with Betraying China to Russia.

Said to Be Marked as a Victim to Satisfy Popular Clamor.

PEKIN, March 9.—The Board of Censors, through the Superior Chinese Foreign Office and Representatives, have presented to the Emperor charges of a most serious character against Hong-Tchun, who was formerly Minister to Russia and Germany and who is now a member of the Tsungli-Yamen, or Council of Foreign Affairs.

The charges are based on the fact that the Minister, while in Russia, betrayed the interests of his own country to the Russian Empire in portions of the Korean region, and transferred them to Russia in the great Chinese Empire, in the year of Tonkin, Siam and Corea.

The charges have caused much excitement in the Chinese Empire, Hong-Tchun being a man figured influential, and being under the protection of the Dowager Empress-Regent, Tzu-Hsi, commonly known as the Empress of China, and still possesses a most influential share in the affairs of the Imperial Government.

The Russian aggressions in the Korean region have excited great indignation in Pekin, and there is a disposition to deal severely with those who have betrayed any portion of their country.

It is said that for this reason Hong-Tchun has been marked out as a victim by the Board of Censors in order to satisfy popular clamor.

GERMAN VICTORY IN AFRICA.

Hostile Natives Defeated in a Battle at Usiangwire.

BERLIN, March 9.—Advices from East Africa state that the German troops have won an important victory over the hostile natives of the Usiangwire.

The German force was composed of white soldiers and native boys. The hostile natives made a stubborn resistance, but were defeated after a severe conflict with heavy loss.

On the German side a sergeant named Kittel and ten of the native soldiers were killed, and Lieut. Bothmer was wounded.

The defeat has caused general consternation among the hostile natives, and, it is believed, will go far towards suppressing resistance to German authority.

RUSSIA TO PROTECT HER SEALS.

To Define the Limits Where Foreign Vessels Must Not Go.

VANCOUVER, March 9.—The Customs authorities of British Columbia have been instructed that the English Government has received a proposal from the Russian Government to establish a protective zone around the islands and coast of Russia.

Masters of sealing vessels clearing for the North Pacific are warned to arrange for securing the provisions which may be agreed upon by the two governments before proceeding to the neighborhood of Russian territory.

With three exceptions the entire sealing fleet of British Columbia, comprising some fifty-two vessels, have left for Japanese and Russian waters. It is impossible, therefore, for all to be notified of the pending negotiations between Great Britain and Russia regarding the limits within which seal is to remain undisturbed.

Stewart Locked Up on a Judgment.

Miss Leonora Adler, the daughter of a former police captain, who recently recovered before Chief Judge Sedgwick, of the Superior Court, a verdict of $5,000 against George Stewart, son of a well-to-do retail dealer, has not yet collected her money. Execution was issued on the judgment, but the Sheriff could not find any property to levy upon against which to levy. Within ten days the judgment now amounts to $6,000. Today the Sheriff took Stewart into custody on a body attachment, to be held until the judgment is paid.

Death of Importer Boles.

ORANGE, N. J., March 9.—Thomas N. Boles, a New York importer in the East India and African trade, died last night at his home, 208 Central avenue. He was sixty-three years old, and leaves a widow, three sons and two daughters. He had formerly been a vestryman of the Church of the Holy Spirit in New York. He had resided in Orange for three years.

When Baby was sick, we gave her Castoria
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria
When she had Children, she gave them Castoria

DEACON WHITE'S DEFENSE.

No Malice, He Says, in Causing Broker Parker's Arrest.

The defense of Deacon Stephen V. White was begun Monday in the Supreme Court, before Justice Andrews and a jury, in the suit brought by Alfred M. Parker, the money broker, to recover damages from the great Wall street operator for malicious arrest, arising out of his incarceration in the Tombs for four days in October, 1891, because of certain checks made to affect the market price of the stock of the Delaware, Lackawanna and Western Railroad.

Herbert Joseph H. Choate moved to dismiss the complaint, his motion was denied, and he then moved for a verdict in the party for defendant that Mr. White had reasonable cause to believe when he had Mr. Parker arrested that was an offender against the laws of the Assistant District-Attorney.

Jacob H. Dolson, Vice-President of the Wall Street Stock Exchange Company, testified that Mr. White, who was then the principal operator in Delaware, Lackawanna and Western stock, and was largely interested in the advance price of that stock, Mr. Houston stated that one day shortly before the arrest of Mr. Parker he came to his office and told him that the rumors that he had made concerning the decline of the L. L. and W. stock, and said he was short 30 shares of that stock. Several days afterwards Parker told him that he was sorry that he had made the statement, and that he would apologize to Mr. White.

SAY THEY ARE NOT ELOPERS.

A Mysterious Couple Held at the Immigration Office.

Col. Weber has detained at Ellis Island a young man and a young woman, immigrants, about whom there is considerable mystery.

The couple arrived yesterday on the steamship Friesland from Antwerp. Col. Weber received a telegram last week from Germany asking him to stop the couple. The telegram intimated that they were elopers and that the young woman had run away from her husband, but that he was so deeply in love with her that he was ready to forgive all and receive her back.

The Colonel had his officers watch for them, and when the Friesland got in they were taken to Ellis Island. The man had come as a steerage passenger and the woman in the steerage. They were examined yesterday and their affidavits taken. Before deciding the case Col. Weber waits more evidence of the testimony of the couple has made the case very perplexing.

The man's name is Henry Fischer, and the woman's, singularly enough, is Christina Fischer. Both speak English fluently. The man is about thirty years old, of handsome appearance, with piercing black eyes and black moustache. The woman is a blonde, intelligent and refined.

Each disclaimed any knowledge of the other's existence, and both say they are not eloping. The man says he lived in this country for several years and fought in the civil war. He is an Austrian by birth. The woman is German.

MAY SUE THE INDORSERS.

A Trust Company Allowed to Begin Action on a $25,000 Note.

Justice Ingraham, of the Supreme Court, today granted a motion modifying the injunction which was granted against all creditors of the Manhattan Athletic Club at the time Andrew J. Freeman was appointed receiver of its property, so as to allow the New York Security and Trust Company to commence an action against the Club upon a promissory note for $25,000, which was made by the Club July 5 last, payable in six months.

The names of eleven indorsers are upon the back of the note. All collateral security for the payment of the note the Club deposited with the Trust Company, sixty second mortgage bonds of the Club.

Action may be taken against the Club and also against the indorsers, whose names are on the note. The Court says that the Trust Company is clearly entitled to commence the action.

LAY DOWN BY THE GRATE.

Lizzie McCarroll's Dress Caught Fire—Badly Burned.

Lizzie McCarroll, fifteen years old, living at 319 Madison street, Hoboken, got up about 5 o'clock this morning. After making the fire she lay down and fell asleep, not noticing that one end of her dress was near the open grate.

Her dress caught fire and Lizzie awoke to find herself wrapped in flames. Her screams brought her mother who endeavored to put out the fire, during which Mrs. McCarroll's hands were badly burned.

The fire was not extinguished until the limbs and body of Lizzie had been badly burned. She was taken to St. Mary's Hospital, where the house surgeon said her condition was critical.

VOTE RIGHT OR BE BOUNCED.

A Rule Proposed for the Republicans of Kings.

Mr. Nathan's Alleged Plan to Coerce Tracy, Willis et al.

The Nathan-Worth faction of the Republican General Committee in Kings County is preparing to get even with the Willis wing by changing the by-laws so that any member of the G. O. P. organization who does not vote according to orders can be summarily bounced.

The change in the by-laws is being considered by a special committee, which holds frequent executive sessions and has very nearly reached a conclusion. Although the plans are being guarded as important secrets, the fact has become known that the new by-laws will trouble Willis, disciplining and expulsion from the General Committee of any member who shall commit a violation of the rules laid down by the majority faction.

This, it is understood, will be done in order to force Secretary of the Navy Tracy and associate ex-Naval Officer Willis and their friends off the fence on which they have been perched since the last election, and compel them to acknowledge allegiance to the General Committee or else make the bold break to independency they have been threatening for some time.

It is understood that Mr. Nathan has had this political move in mind for some time, and that it is identical with the attempt made a month ago by W. H. N. Cadmus to have passed a resolution by the General Committee providing for the appointment of a discipline committee of five members.

That method had an effect like that of a red flag on a bull, and created such a wild tumult that the cries of "No, no," were almost drowned by such appeals as "Don't shoot." Mr. Nathan then concluded that, in order to get discipline in the Committee, he would have to take it in in disguise.
