SUICIDE FOR LOVE.

Susanna Bartsch's Sweetheart in Hungary Proved False.

Early This Morning She Shot Herself Through the Heart.

Her Sister's Child Sat Crying Beside the Body.

Susanna Bartsch, a comely young Hungarian, committed suicide early today by shooting herself in her bedroom at 1976 Park avenue, where she lived with her married sister.

The deed was prompted by news from the old country that her lover, who had promised to marry her, had fallen in love with another girl, whom he was going to make his wife.

Susanna Bartsch was born and brought up in a village near Rokos, Upper Hungary. Her father is a farmer, in comfortable circumstances.

Susanna's hand was sought by numerous young men in the village, but she fell in love with Paul Kotler, a young tailor, who made the uniforms for the artillery.

Susanna's parents objected to the match. The lovers held clandestine meetings and decided not to heed the old people's wishes.

Susanna's brother John was coming to this country to visit another sister, who is the wife of Hugo Bukmann, who keeps a grocery store at 1976 Park avenue.

Mrs. Bukmann had two children by her first husband, and her brother was going to bring them over. The lovers arranged that Susanna would come to this country, and Kotler promised her that as soon as he finished his military service he would follow her and make her his wife.

Susanna arrived here four months ago, and has since been living with Mrs. Bukmann. About a month ago she received a letter from her lover in which he said that he was getting ready to come over.

But one day last week another letter came from her aunt in Hungary, which told her that Paul had proved faithless; that he was going to marry another girl.

The news of her lover's faithlessness made Susanna despondent and melancholy. She went about morose and unhappy.

Bukmann went to market about 4 o'clock this morning. Susanna slept in a bedroom with her sister's ten-year-old child, Minnie.

At about 5.30 o'clock this morning Mrs. Bukmann was awakened by hearing Minnie crying: "Mamma," several times.

She got up and went into the room, where Susanna slept to see what was the matter. She found her sister lying on the floor.

Susanna had shot herself right through the heart. The child Minnie was sitting alongside of the body crying.

She was only twenty-four years old.

COUNTESS VON LINDEN A VICTIM.

Part of Her Estate Appropriated by Francis H. Weeks.

Justice Truax, of the Supreme Court, this morning granted an application made by the Countess Isabella von Linden for the removal of Francis H. Weeks as trustee of the estate she inherited from her father, and the appointment of the Central Trust Company in his stead.

On Aug. 27, 1889, Weeks was appointed trustee, and the United States bonds, mortgages and other securities of which the estate consisted were placed in his hands.

Weeks invested much of the estate in his own name, and since his flight recently it has been discovered that some of the securities are missing.

The Countess von Linden is the daughter of Loring Andrews and Blandina B. Andrews. At her father's death the Countess inherited $200,000.

TRUANT WILLIE M'EVOY.

Run Away from Waterbury and Is Thought to Be in New York.

Supt. Byrnes received a letter this morning from Mrs. Mary Keenan, of 147 Scoville street, Waterbury, Conn., asking him to find her nephew, William McEvoy, thirteen years old, who ran away from home a few days ago and is supposed to have come to this city.

McEvoy is a son of a Chicago police sergeant, recently deceased. On the death of his father the boy was placed in his aunt's care. Ex-Police Capt. O'Donnell, of Chicago, is the boy's guardian.

The runaway has dark hair, blue eyes, very dark eyelashes. He wore a black coat, gray knickerbockers and soft black hat. An alarm was sent out.

THE NEW YORK ALMOST READY.

Big Cruiser Will Be Put Into Commission in a Few Days.

PHILADELPHIA, Pa., July 11.—The armored cruiser New York is now within a few days of readiness for commission. The Cramp Company has begun the final planing of her decks and mounting of her turret batteries. Shipment of her crew is proceeding rapidly at the League Island Navy-Yard.

The first cruise of the New York will be an event in the history of the navy. She will first be made the flagship of the home squadron. Then she will go to Europe, and probably finish her first three years' commission by a voyage around the world.

SHOTS AT AN EXPRESS.

Two Bullets Fired Into a Train Near Saranac Lake.

SARANAC LAKE, N. Y., July 11.—As the Montreal express train from New York was passing Owl's Head, north of here, last night some one fired a rifle ball into the baggage-car and another one into the last coach of the train.

The feather on a young lady's hat was severed by the last bullet.

Major Halford Gets Back.

WASHINGTON, July 11.—The advance guard of the returning Behring Sea Commission has arrived in the persons of Major P. W. Halford and J. Stanley Brown. Major Halford believes that the arbitration will be concluded in a shorter time than the three months allowed by the treaty.

To Succeed His Father in Congress.

BETHLEHEM, Pa., July 11.—Howard Mutchler, of Easton, was nominated this morning as the Democratic candidate for congress to fill the unexpired term of his father, the late William Mutchler, by the congressional convention of the Eighth district.

Longshoremen in Convention.

SAGINAW, Mich., July 11.—The second annual convention of the National Association of Longshoremen convened yesterday afternoon for an all-week session. There are eighty delegates present. It is probable that the Association will be made international.

Says West Feared Charges.

According to Police Capt. O'Connor, of the West Thirteenth street station, Policeman West did not resign because he was refused leave of absence, but to avoid trial upon charges of feigning illness to secure such leave.

IT LOOKS LIKE AN OUTRAGE.

A Dozen Persons Arrested for No Apparent Cause.

Fireman Morgan's Wife Locked Up for Laughing at the Police.

Policeman O'Neill and Roundsman Powers, of the West Thirty-ninth street station, could give no other reason in Jefferson Market Court this morning for the arrest of a dozen prisoners whom they arraigned than that they had been in the vicinity where a bonfire was lighted last night to welcome back a chowder party as it passed through West Thirty-second street.

The policemen became confused in their testimony, stammered that all were in the scheme to light the fire, then grew indignant and finally retired in disgrace when Justice Grady discharged the prisoners.

In the party was Mrs. Carrie Morgan, wife of Fireman Morgan, neatly dressed in a white pongee suit, and almost as indignant as her husband, who said he had proof that his wife was simply standing in front of her doorway. She lives on the first floor of 246 West Thirty-second street.

The other prisoners were: Capt. Cornelius Dolan, aged fifty years, of 33 West Thirty-sixth street; Thomas Brady, aged twenty, of 24 West Thirty-second street; James Madden, aged twenty-nine, of 425 Eighth avenue; Edward Reilly, aged thirty-eight, of West Thirty-second street; John King, aged thirty, of 176 Varick street; Henry Keller, aged thirty, of 743 Sixth avenue; Felix Fagan, aged thirty-eight, of 525 West Forty-eighth street; Charles Gordon, aged thirty-seven, of 65 Monroe street; John Herman, aged twenty-two, of 462 Eighth avenue; Thomas W. Carroll, aged twenty-three, of 414 Madison street, and Peter Grehane, aged twenty-six, of West Thirty-second street and Eighth avenue.

According to the story which spectators, prisoners and all others, except the police, told, a number of young men had collected boxes and barrels in front of 246 West Thirty-second street, which is a saloon, for the purpose of welcoming the chowder party with a bonfire.

Officers O'Neill and Powers warned the crowd not to light the pile, but some one did so, and then the policemen started in to arrest all who were along the street.

A half hundred or so darted into the saloon, but the police followed, and all who did not get out by a back door were arrested.

Mrs. Morgan and a number of men were arrested outside for no other evident reason than that they were laughing at the excitement.

The court-room this morning was crowded with all the neighbors who could get into the room.

All were indignant, and their feelings were freely expressed.

CLEVELAND DOESN'T FISH TO-DAY

He Enjoys His Piazza and a Drive at Buzzard's Bay.

BUZZARD'S BAY, Mass., July 11.—The President did not go fishing this forenoon, but after breakfast sat on the piazza until 12 o'clock, when his carriage drove up, and behind his pair of bays he came to Buzzard's Bay.

Col. Lamont occupied the seat with the President and Dr. Bryant sat with the driver. Mr. Cleveland stopped at the post-office for his mail and then drove back to Gray Gables, where Mr. and Mrs. Jefferson called later.

BROADWAY ROAD ENJOINED.

Cannot Lay Telegraph or Telephone Wires in Its Own Subway.

Justice Truax, of the Supreme Court, upon the application of the Empire City Subway Company (limited), has granted a temporary injunction restraining the Broadway and Seventh Avenue Railroad Company and the Houston, West Street and Pavonia Ferry Railroad Company from building, maintaining or operating any subway or conduit for the reception of telegraph or telephone conductors in any part of Broadway from the Battery to Fifty-first street, and from placing any telegraph or telephone conductors in any subway along Broadway except those owned by the plaintiff company.

GOTLIEB FRITZ KILLS HIMSELF.

Fired a Bullet Into His Right Side While Intoxicated.

Gotlieb Fritz, a German, fifty-eight years of age, while under the influence of liquor at his home, 204-2 Windsor place, Brooklyn, this afternoon, committed suicide by shooting himself through the right side with a thirty-two-calibre revolver.

He died before he could be removed to the hospital.

KICKING THEMSELVES NOW.

Zenithward, Toe-Pointing Proclivities Land Maude and Grace in Jail.

Two young women, said to live in Thirty-ninth street, but who claimed to be Maude Hargrave, of 132 East One Hundred and Fifth street, and Grace Bresler, of 20 East Seventieth street, were locked up at Jefferson Market today in default of $500 each, because of their arrest on a charge of operating zenithward toe-pointing proclivities.

Detective Lang and Sullivan arrested them in front of the Hotel Marlborough last night, where they were engaged in a kick off the high hats of passers-by.

Where is Emma Eichinger.

Emma Eichinger, a fourteen-year-old girl, was reported missing to Sergt. Harley, of the Bureau of Information at Police Headquarters, today. Her mother is dead and she has been keeping house for her father and brother at 406 West Forty-second street. During their absence yesterday she locked the flat and left it. She is large for her age, stout and a rather good-looking girl.

Missing William G. Cochrane.

Chief Inspector Alexander S. Ross, of the Chicago police, has asked the New York police to search for William G. Cochrane, thirty years old, who formerly lived in Chicago, and who is suspected in Brooklyn March 24. He was a confidential clerk in a wholesale coffee and tea house. His wife is now stopping at 636 Lexington avenue, Brooklyn.

Rich Red Blood

is the natural result of taking Hood's Sarsaparilla. Mrs. Mary E. Tone, of Nassau, Conn., writes: I have been troubled severely with a humor in my left arm. My blood was in very poor condition, watery and deficient in color. Since taking Hood's Sarsaparilla I have good rich red blood, and do not blotch as I used to. Hood's Sarsaparilla has proved its merit to me as it will to all who take it fairly.

RAID ON THE VANDERBILTS.

Rumors Afloat Regarding Credit of Prominent People.

Low Prices Touched in Wall Street To-Day.

The bears had full swing in the stock market this morning and succeeded in depressing the whole list. A weak feeling existed in consequence of additional failures out West and of the embarrassment of two firms on the London Stock Exchange.

Uneasiness also prevailed at that centre, where the fortnightly settlement is in progress, and the foreign houses here had orders to sell stocks on a larger scale than usual.

The bulls are still unable to give the market support, owing to their inability to secure time money, and the tone is decidedly bearish. The decline, which was equal to 4 3-4 per cent. in General Electric and 1-2 to 2 1-2 per cent. in the remainder of the list, was accompanied by a material increase in the volume of transactions.

National Cordage jumped 1 1-4, to 11, on the decision of the Reorganization Committee to extend the time for the deposit of stock and for the payment of the first instalment to the new preferred stock.

Up to the present $15,000,000 National Cordage common stock out of a total of $20,000,000, and $5,500,000 preferred out of $7,000,000, have been deposited under the plan of reorganization and paid the first assessment. National Cordage common first assessment paid was quoted at 14 1-2 bid and 16 asked.

Sterling exchange was weak and unsettled. Posted rates were reduced to 4 82 1-2 and 4 84 1-2. Bankers' 60-days sold at 4 81 1-2 a 4 82 and demand at 4 83 1-2 a 4 84.

Grain bills were in good supply, and there was a very light inquiry from remitters.

Silver certificates were weaker, with sales at 71 3-8.

Governments were strong and higher on purchases by National banks, which are taking out additional circulation. The 4s advanced to 111 bid and 112 asked.

The bears brought about a serious break in prices at the Stock Exchange this afternoon. The Vanderbilts suffered the most. Concurrently with the raid on this group reports were circulated affecting the credit of prominent individuals and corporations. It was said that a large holder of the Vanderbilt shares had been forced to liquidate.

Northwest declined 4 5-8, to 97, General Electric 6, to 62 1-4, Lake Shore 4, to 115 1-2, Manhattan 2 1-2, to 119 1-2, Chicago Gas 2 1-2 to 65 7-8, St. Paul 4, to 61, do. preferred 4, to 109, Sugar 2 1-4, to 79 3-4, Lackawanna 3 1-4, to 136 1-4, New Jersey Central 2 3-4, to 96 3-4, and Pullman Palace 3 1-2, to 166.

After a rally of 1-2 to 2 points, the whole list weakened again, and the lowest figures of the day were touched.

Speculation was in a condition bordering on demoralization.

The bears had the advantage of a closer working of the money market, the rates for call loans having got up to 12 a 13 per cent. This, however, caused a further weakening of the foreign exchanges, and lower prices were touched. Bankers' long sterling sold at 4 81 3-4 a 4 82, and demand at 4 83 3-4 a 4 84.

Money closed at 6 per cent. on call.

The advance in money on call was partly due to the payments of over $1,000,000 into the United States Trust Company under the National Cordage plan of reorganization.

L. Von Hoffman & Co. have ordered $325,000 gold for shipment from London to New York by the steamship Trave, sailing from Southampton to-morrow.

Heidelbach, Ickelheimer & Co. will ship 35,000 ounces of silver and Handy & Harman 50,000 ounces on the steamship Majestic sailing for Europe to-morrow. The steamship Clement, sailing for Brazil this afternoon, took out 100,000 Mexican dollars.

Officials of the General Electric Co. state that the rumor that their Company is owed a large amount of money by the Chamberlain Investment Company, is false.

The sales of stocks were 281,700 shares, 110,000 ounces of silver were dealt in. In the unlisted department 25,700 shares of Sugar and 5,000 Lead were traded in.

ONE-FARE RATE ADOPTED.

Decision of Railroad Men at To-Day's Meeting.

Ten-Day Tickets to Be Sold for from $17 to $20.

The Trunk Line Presidents at a meeting held in their central building at 143 Liberty street this afternoon adopted the one-way rate to the World's Fair as suggested by "The Evening World" and recommended by the General Passenger Agents last month.

The meeting adjourned for lunch at 1 45 o'clock, and Passenger Commissioner Farmer announced that after a discussion in which the Grand Trunk and Ontario and Western roads had withdrawn opposition the recommendation of the General Passenger Agents was unanimously adopted.

The resolution provides that the rate shall take effect July 24 and that the time in transit to Chicago shall not be less than thirty hours. The tickets issued provide for a ten-day sojourn in Chicago, but will not be good in sleeping, parlor or chair cars, and no stopover privileges are allowed in either direction.

Tickets will be sold to children aged between five and twelve years at 75 per cent. of the rate, and the amount of baggage allowed each person is 100 pounds.

The rate will only hold good for four weeks after July 24, and these one-way rate trains will be run by the different lines on Mondays, Tuesdays, Wednesdays and Saturdays of each week.

Commissioner Farmer said that the assignment of days to the different lines will be made to-morrow.

This means that a person can visit the Fair by these trains by the different lines, as follows: Pennsylvania and New York Central, $20, Erie and West Shore, $18, and Baltimore and Ohio, Lehigh Valley and other lines, $17.

Although the meeting was called for 11 o'clock, it was noon before the members went into session. Chairman George H. Roberts, President of the Pennsylvania, was in the city, and he brought up the subject for discussion.

Among the others in attendance were Vice-President Frank Thomson and General Passenger Agent Wood, of the Pennsylvania; President Mayer, Vice-President Lord and Traffic and Traffic Manager Harriott, of the Baltimore and Ohio, Vice-President Thomas, of the Erie, President Depew and Vice-President Hayden, of the New York Central, President Maxwell, Vice-President Williams and General Passenger Agent Baldwin, Jersey Central, Traffic Manager Sargent, Grand Trunk, President Fowler, Ontario and Western, General Manager Lang, of the West Shore, Vice-President Sloan and General Passenger Agent Holwell, Delaware, Lackawanna and Western, Chairman Aldree F. Walker, of the Joint Committee, Trunk Line Commissioner Goddard and Trunk Line Passenger Commissioner Farmer were also present.

CELEBRATING ST. PAUL'S DAY.

Festivities on Board the Russian Men-of-War.

The Russian fleet anchored in the North River celebrated in a fitting manner to-day the festival of St. Paul, the patron saint of the Grand Duke Paul, and also of Admiral Paul Nachimoff, after whom one of the big men-of-war is named.

The observation of the day was religious, as well as joyous. At an early hour this morning the impressive ceremonies of the Greek Church were held on each of the three men-of-war, Admiral Nachimoff, Kynda and Dimitri Donskoi.

The vessels were not decorated in any way, but the brass work and guns had received an extra polish, and officers and men alike donned their brightest uniforms.

After the religious exercises came to an end crews from the three warships engaged in rowing races for small purses offered by the officers. The crew of the Donskoi carried off most of the honors, as well as prizes.

Owing to the fact that the Admiral Nachimoff is named after the admiral whose birthday it is, the festivities this evening will take place on that large fighting machine.

This morning large numbers of the crews of the Kynda and Donskoi went on board the Nachimoff and were told what a great defender of his country's honor Paul Nachimoff was; how he died, yet a Turkish fleet and met his death before Sebastopol in the Crimean war.

Then they were given an extra allowance of vodka, and voted the Czar a fine gentleman.

All day long the cook's galley emitted a most savory odor in anticipation of to-night's banquet, for the officers of the fleet on the Nachimoff. They were supplemented by provisions sent by Delmonico and others as peace offerings.

No one was allowed on board any of the Russian warships today. To-morrow, however, visitors will be welcomed again.

ITS EFFECT ON COMMITTEEMEN.

Brooklyn Politicians Trying to Solve a Political Problem.

The Republicans in Brooklyn who are following in the wake of "Boss" Worth are trying, it is said, to figure out the effect that the plan of allotting new delegates to the Assembly districts will have on the election of State Committeemen, whose selection is based on the Senatorial districts.

This was an easy matter to determine under the old lines of the Assembly and Senatorial districts in Kings County, for the new apportionment has rendered it a more difficult problem.

Messrs. Brosnan, Lussier, Rogers, Walkley and Berrian have been appointed by Chairman Battling to solve it, however, and will report at the next meeting of the Central Committee. It is not expected that their conclusion will be agreed with any material opposition.

A LOOK AT YOUR TONGUE will show you whether Dr. Pierce's Pleasant Pellets are needed or not. If it is furred or coated it will be an opposite, and have frequent headaches with or without dizziness, costiveness, bilious and occasional diarrhœa. If you feel dull, drowsy, and specifically dead on the Pellets, that proves that you're *bilious*.

The best things in the world for bilious ones are these little "Pellets." They gently stimulate and powerfully invigorate the liver. They're the smallest and the easiest to take. There's no disturbance to the system, diet, or occupation. One tiny, sugar-coated Pellet at a dose is a perfect corrective and regulator.

In chronic Catarrh in the Head, where every other would-be help has failed, the proprietors of Dr. Sage's Catarrh Remedy will give $500 if they can't effect a perfect and permanent cure. This remedy will cure the very worst cases.

GEN. ELY S. PARKER STRICKEN.

Falls with Paralysis in His Office at Police Headquarters.

Last Surviving Chief of the Six Nations.

Gen. Ely S. Parker, deputy clerk of the Police Department and the last surviving Chief of the Six Nations, was stricken with paralysis in his office at Police Headquarters today.

Gen. Parker felt indisposed when he left his home at 252 West Forty-second street, this forenoon, and on the way downtown went in to see his physician, who thought he was suffering from indigestion.

He reached Headquarters about noon and was sitting at his desk in his office at the Mott street end of the building when he was stricken.

The stroke was in the left side and rendered his arm and leg useless.

Complaint Clerk Peterson, Clerk Seth Hawley, jr., and Policeman O'Sullivan, who were in an outer office, heard the General fall.

They rushed in and laid him on a sofa. Dr. John T. Nagle of the Board of Health, was hurriedly called and attended the General.

He expressed the opinion that he had received a paralytic stroke.

The General's own physician was sent for, and preparations were made to remove the General to his home as soon as his doctor arrived.

The stroke will not prove fatal, it is thought.

During the afternoon the General was taken to the New York Hospital.

Gen. Parker is a well-known character. He is a full-blooded Indian, and is the last living chief of the Six Nations.

TRUST COMPANY ASSIGNS.

Kansas City Institution Closes Its Doors.

KANSAS CITY, July 11.—The Kansas City Safe Deposit and Trust Company, the largest savings bank in Missouri and considered to be one of the strongest institutions in the State, has assigned to Walter J. Bates and W. D. McLeod.

The assets of the concern are given as $2,000,000 and the liabilities $1,200,000. The bank was capitalized for $500,000. Its President is J. C. Darragh; W. P. Moores, Vice-President; E. C. Sattley, cashier.

It is asserted by the officers that they will be able within thirty days to pay all obligations in full. Bad little excitement was caused by the failure, and it is not anticipated that it will affect other Kansas City institutions. The bank will go out of business after winding up its affairs.

SMALL BILLS ARE IN DEMAND.

Lack of Currency a Bother Just Now in Wall Street.

The Sub-Treasury Again a Creditor at the Clearing-House.

The Sub-Treasury was again creditor at the Clearing-House this morning, in the sum of $137,314.

The Sub-Treasury is the one cash customer of the Clearing-House, and it does not accept the latter's certificates, which pass between the banks in settlement of balances.

While the Sub-Treasury, as a matter of convenience, is a member of the Clearing-House Association, along with some sixty of the banks of this city, it cannot, according to United States laws governing the Treasury, receive anything but actual cash in settlements.

During the recent stringency in money the banks of the Clearing-House Association took large amounts of Clearing-House certificates in the settlement of balances, in lieu of actual cash, these certificates or checks being amply secured by collateral deposited by the banks taking them. Then these certificates were passed about between the various banks in evening up accounts exactly as so much cash.

The checks drawn on the Sub-Treasury by the various disbursing officers and by the Treasury Department in payment of interest come through the various banks, and in New York reach the paying teller of the Sub-Treasury through the Clearing-House. The Sub-Treasurer then sends over the lump sum for all the checks to the Clearing-House and each bank gets its individual balance there.

In times like these when there are loan certificates acting as money, and actual money, as well, the two classes are pro-rated among the banks so that a bank having a check for $100,000 against the Sub-Treasury may get from the Clearing-House $20,000 in Clearing-House I O Us and only $10,000 in currency.

In order to get the actual cash many of the banks in the present lack of ready currency, which has now reached an acute stage here, have sent the checks direct to the Sub-Treasury and got the currency instead of being debtor, therefore, as is the rule in its daily deal with the Clearing-House, the Sub-Treasury has for five days past found itself a heavy creditor, and yesterday the balance was $610,000.

In order to get this amount in cash, Manager Scherer, of the Clearing-House, had to take a lot of Clearing-House certificates and go to several of the banks belonging to the Association and exchange the certificates for cash.

He finally obtained sufficient to square up his account at the Sub-Treasury.

Another feature of the money situation yesterday was the payment at the Sub-Treasury of gold coin instead of currency for checks presented by the banks. These checks were Government checks, issued by the disbursing officers of the Government upon the Sub-Treasury.

The bankers who had these checks wanted currency—"small bills" was the usual request—but there were so few small bills in the Treasury vaults that the Sub-Treasurer decided to pay out gold coin instead.

This caused the bank clerks a bit of bother, as they had to wait while the gold was counted out, and then carry a more or less heavy package to their bank.

In order to overcome this difficulty arrangements have been made by which certain banks have supplied currency in exchange for loan certificates. The Fourth National, the Gallatin, the Chase and the Corn Exchange have been the principal factors in supplying the funds required.

The Clearing-House Committee meets this afternoon to devise means for increasing the proportion of cash to be furnished by the different banks in settlement.

The nature of the plan proposed is to place such restrictions on the use of certificates as will prevent there being so large a monopoly of payments as there have been of late.

About $600,000 in currency was received here from the interior today. This is the larg
