SOUTH-WEST

PACIFIC RAILROAD Co.

SEVEN PER CENT

FIRST MORTGAGE BONDS

$2,000,000 IN COUPON BONDS OF $1,000

EACH,

TWENTY YEARS TO RUN.

PRINCIPAL AND INTEREST GUARANTEED BY THE ATLANTIC & PACIFIC RAILROAD COMPANY.

And secured by property valued at $7,500,000, consisting of their completed road to the Gasconade River, 127 miles from St. Louis and 330,000 acres of rich agricultural and mineral lands on its line. By a provision of the mortgage, so often as lands are sold to the amount of $40,000, this sum is to be funded for the redemption of a like amount of bonds and the holders have the right at any time to take possession in payment of the PAR value of their bonds any of the Company's lands at schedule rates, mineral lands, excepted.

The climate of South-West Missouri is remarkably salubrious, the temperature even and the Winters short and mild. Its agricultural resources are not excelled by any part of the United States. Of its minerals, lead, iron, and coal are found of superior qualities and in great abundance. The famous Granby lead mines on the Company's land, are well known, and recent developments show that iron ore, purer than any yet known, lies along the line of the road in greater quantities than the total iron deposit of Pennsylvania. The Company is now prepared to sell these lands at from $5 to $40 per acre. For particulars Col. A. ALBERT, General Land Agent, St. Louis, Mo.

By a recent arrangement this road becomes the Missouri division of the Atlantic and Pacific Railroad, which has a land grant of 55,000,000 acres, and will form a direct and continuous railway from St. Louis to San Francisco, shorter and of much easier gradients than any other route.

Of the present issue of bonds, a limited amount is now offered for sale at the rate of 90 per cent, subject to advance at the option of the Company.
