WIMAN MAY APPEAL.

The Extent of His Sentence Will Decide That Point.

The Ex-Financier Says He Is as Comfortable as Possible.

He Thinks the Jury Was Prejudiced by Ingraham's Charge.

Erastus Wiman came out of Cell No. 4 on the lower tier at the Tombs this morning and talked to a group of reporters about his plight. He talked of his conviction of one of the most dangerous crimes against property—forgery—for which he may be sent to Sing Sing prison for ten years, which, for a man already past sixty years of age and accustomed to luxury and refinement, would be equivalent to a life sentence. He spoke in the same smiling, genial way which always made him one of the most agreeable of business magnates to approach in the days when he was handling millions.

"I am very content with my surroundings, such as they be," said Mr. Wiman. "Bad as they are, it is quiet and restful after the months of turmoil and suspense.

"If a jury of my peers is convinced and says that I am guilty, I must submit. But I think their minds were prejudiced by the Justice's view of the case.

"I am sorry Justice Barrett did not try the case. There is something mysterious about that. He had said he would try it, and had said he would sit in General Term a week, then try me. Had Justice Barrett tried the case he could not have reversed his own decision in the Phillips against the Connecticut Bank case. There he held that the cashier had not committed forgery because he had a right to sign checks in the name of his firm. Justice Ingraham said that that would do in a civil case, but not in a criminal case.

"It seems strange to me if a man's liberty is of less importance than the money involved in a civil suit. But I must not criticise. I think there will be an appeal, but it will depend largely on what punishment is meted out to me.

"If the Court should decide that I am not a very wicked man, I might accept my punishment and have it over; but I am an old man and cannot afford to go to prison for a long term of years. I believe that in time I shall be vindicated and my good name restored.

"I don't care for myself, but my dear, good wife and my children—I have four boys and two daughters—they must suffer most, and they are innocent, if I am guilty.

"With all their overhauling of my past life I was struck with the fact that in thirty years of business, in which I handled $3,000,000 a year, only two items were found that I could not account for—the $3,000 to Archer ten years ago and the $1,500 paid to MacFarland, they say, for the work in securing the passage of the repeal of the law under which men were imprisoned because they were unable to pay their debts.

"Mr. Dun and I were in twenty-four different enterprises. We were in twelve of them together. In those that were not successful I spent much money in protecting my friends who had invested in them at my suggestion. If I hadn't lost $11,000 in the Amusement Company, R. G. Dun could not have reaped a dividend from the Staten Island Rapid Transit.

"The unfortunate Electric Light Company grew out of the Amusement Company, for which the plant was first built. Had it been sustained in that I would have cleared $200,000 in it.

"My enemies came on and forced me to assign in May, 1893, and all the rest followed. An announcement in an evening paper that I had assigned about May 1, when I had no idea, no reason for assigning, but had only had my wife transfer about $450,000 of real property to a trustee for the protection of my creditors in one enterprise, brought on the collapse.

"No one doubts that, had I succeeded, I would never have been accused of crime. I have not one dollar to-day. Neither has my poor wife or children. I surrendered everything, even my wife's private property, to secure those to whom I owed money. I am in absolute poverty. My boys are all engaged in trying to earn a living for their mother."

Mr. Wiman's eyes filled with tears, and his visitors considerately left him at this point.

Early this morning Mr. Wiman sent this cheery telephone message to his prostrated wife at New Brighton, Staten Island:

"Had good night, good breakfast. Resting comfortable, after all the worry. Send thin coat and night shirt. Love to you all."

Under the law recently enacted the Justice may use his discretion in sentencing a prisoner up to the maximum limit, and Justice Ingraham, in consideration of the jury's recommendation of Wiman to mercy, and Wiman's useful life prior to his downfall, may give him a very light sentence.

Wiman will be brought into court next Wednesday at 10 in the morning, when the motion of his counsel for a new trial will be heard and probably denied, after which the fallen financier will be sentenced.

WOMAN AS A DIVER.

Here Is One Who Has Explored New York Bay.

MUST SHOW CAUSE BY JULY 1.

Justice Gaynor, in the Supreme Court, Brooklyn, this morning granted an order directing those interested in the Union Warehouse Company, of Brooklyn, to show cause on Wednesday next why W. W. Goodrich, the receiver, should not be permitted to issue certificates to the amount of $40,000 to meet rents due on July 1.

The Union Warehouse Company was under the control of E. B. Bartlett & Co., which recently went into the hands of a receiver.

TOURNEY FILES NO CHARGES.

Police Capt. Kitzer Said to Have Assaulted Him.

Commissioner Welles Will Investigate the Trouble.

Ex-Supervisor Claus Tourney, of Brooklyn, did not call at Police Headquarters this morning, as he had threatened, to prefer charges against Police Captain William H. Kitzer, of the Cedar street station, who, it is alleged, threw him out of the station on Tuesday night, because, it is said, he (Tourney) had "tipped" several policy dealers that Kitzer intended to raid them.

Kitzer says that Tourney was formerly one of his best friends, and when the Captain heard that many policy dealers had escaped through information given by Tourney, he became very angry.

When Tourney appeared at the stationhouse to give bail for five alleged policy dealers, Kitzer ordered him out of the building. As Tourney reached the door Kitzer, according to reports, grabbed him by the collar and accelerated his departure. Tourney denies that he warned the policy men, and Police Commissioner Welles said to-day that he intended to investigate the matter.

"I shall wait a reasonable length of time for Mr. Tourney to complain. If he does not appear I may talk to the Captain privately.

"A police station is the one place where a man should be free from an assault, and an attack of this character is more serious when made by a policeman than by a private individual.

"I shall investigate this matter, but unless Mr. Tourney files a complaint, I cannot say whether the Captain will be placed on trial or not."

WILL USE DOMESTIC MARBLE.

Suggested by Contractors to Gerry Building Strikers.

A committee of the Board of Walking Delegates conferred at noon to-day with Manager Bouche, of the firm of Allard & Sons, at the latter's office, Fifth avenue and Thirty-ninth street, in reference to the strike on ex-Commodore Gerry's new house at Fifth avenue and Sixty-first street.

The conference was at the request of Mr. Bouche, who proposed, on behalf of the firm, in order to effect a settlement, to concede one-half of the strikers' demand, provided the strikers also yielded one-half of their claim.

Although the delegates, as well as Mr. Bouche, refused to state what the exact terms of the proposition were, they were subsequently learned to be that the firm would hereafter use only domestic material on buildings, provided the strikers allowed the tabooed foreign marble mantelpieces which were the subject of the fight in this instance, to be put in place.

The Committee said it was not empowered to accede to such a proposition, but promised to lay it before the Alliance Marble Cutters' Union, which meets to-night at Central Hall, 147 West Thirty-second street.

STRIKERS AND DYNAMITE.

One Outrage Carries and One Fails in Pennsylvania.

(By Associated Press.)

GREENSBURG, Pa., June 16.—A large number of strikers attacked the two deputies on guard at the Central Works, at Tarr Station, last night, and overpowered them. The strikers then blew up the tipple and fan-house with dynamite, completely wrecking both structures and causing much damage, as well as a suspension of work for an indefinite time.

BEAVER FALLS, Pa., June 16.—While unloading a car of coal at the Shovel Works to-day, two sticks of dynamite, eight inches long, were found. It is supposed that the dynamite was placed in the car by striking miners.

STRIKE OF CARPENTERS.

They Were Employed in Remodeling Municipal Hall in Brooklyn.

Twenty-two carpenters who had been working on Old Municipal Hall, 350 Fulton street, Brooklyn, which is being remodelled to be used as a restaurant by Dennett, went on strike to-day.

The marble work in the building is being done by L. Hilgartner & Sons, of Baltimore. The New York marble-cutters and setters say the firm employed non-union men, and the carpenters were ordered to strike by the walking delegate.

Hilgartner & Sons say their men belong to a Baltimore union.

Bulldozed by Coxeyites.

MONMOUTH, Ill., June 16.—Kelly's Commonwealers, who are encamped here, threatened to disband and seek aid from house to house if they were not cared for. Fearing that the half-starved men, who had had only a light lunch in twenty-four hours, should resort to rapine the Mayor and others solicited a wagonload of provisions and $35 for the men, and will drive them East to-day.

TRAIN BOARDED BY BANDITS.

Two Passengers Robbed Before Thieves Were Frightened.

Outlaws Escaped in the Woods Near Centralia, Ill.

(By Associated Press.)

ST. LOUIS, June 16.—Officials of the Air Line allege that a desperate attempt was made to hold up one of their passenger trains near Centralia, Ill., at an early hour yesterday morning. According to the report made to General Passenger Agent R. A. Campbell when train No. 4, which left St. Louis at 3 P. M. Thursday, arrived at Centralia five desperate-looking men were seen to board it. Two of them boarded the "blind baggage," and two entered the chair car, while one took refuge in the smoker.

The train was hardly out of the city limits of Centralia before the men in the chair-car made a bold attack upon the passengers. One gentleman, whose name could not be learned, was relieved of $100, while his companion lost several mileage books and a number of valuable papers. The men then apparently became frightened, as they jumped from the train while it was going at full speed. Their comrades, realizing that the train had been deserted by the leaders, followed suit before an attempt was made to enter the express car.

The train was stopped by the conductor, but it was too late to apprehend the perpetrators, as they beat a hasty retreat and disappeared in the woods.

POLICE CHIEF SCORED.

He Got a Prisoner Drunk to Secure a Confession.

(By Associated Press.)

INDIANAPOLIS, June 16.—Chief of Police B. F. Rose, of South Bend, was scored by Judge Baker in the trial of ex-Carrier Davis E. Boone, in the Federal Court, on the charge of robbing the mails. Chief Rose testified that he got Boone drunk, and the prisoner then confessed. Chief Rose's testimony so disgusted District-Attorney Burke that he arose and said to the jury that, without knowledge of the guilt or innocence of the defendant, he was not willing to allow the Government to convict a man by such means.

Judge Baker indorsed what Mr. Burke had said and told the jury to return a verdict of not guilty. Addressing Chief Rose, Judge Baker said: "You are not fit to be a public officer in a country town and that the treatment of Boone was a violation of American liberty, for which, if he had the power, he would administer severe punishment.

FIRED INTO A CROWD.

Two Men Killed, and an Illinois Murderer Roughly Handled.

(By Associated Press.)

JOLIET, Ill., June 16.—A party of Italians were drinking beer at a wedding in Jeffersonville, Grundy County, when John McCarry thought he was slighted and called the crowd outside, asking for a fight. When they reached the street he began to shoot at them. A bullet struck Aldrado Nemo in the brain, and he died immediately.

The next struck an Italian named Gilitto in the left breast, wounding him so that he died in thirty minutes. The crowd attacked and nearly killed the murderer. He was finaly lodged in jail.

HOW WAS TURNER SHOT?

Arrested as a Suspicious Person After the Bullet Was Extracted.

William Turner, thirty years old, of 13 Bowery, was taken to the Gouverneur Hospital at noon yesterday by James McSteen, of 9 Bowery, suffering from a bullet wound in his right leg. The ball was extracted but Turner refused to tell how he came to be shot.

Policeman Robert Fitzgerald arrested his as a suspicious person and took him to the Madison street station. The Central Office was notified of the arrest and word was sent back that there was no case against Turner. Sergt. King discharged him.

ATTACKED BY A PRISONER.

Jailer Burriss Finally Knocks Out a Negro Horse-Thief.

(By Associated Press.)

ROCKVILLE, Md., June 16.—When Jailer Burriss unlocked the cell of a colored horse thief named Shelly yesterday the prisoner displayed a large butcher knife and demanded that he be liberated. The jailer drew his revolver and took away the knife.

At noon the jailer unlocked the door of Shelly's cell again, and as he turned to pass on to the next cell Shelly attacked him. Burriss was thrown down, but quickly regained his feet and fired over the desperate negro's head. Shelly rushed at the jailer again, but was knocked senseless with an iron rod.

"I Owe My Life To You."

That is a strong statement, yet exactly what Miss Gertrude Sickler, of Wilton, N.J., has written to Mrs. Pinkham. She says:—"I suffered terribly with suppressed and painful menstruation. Doctors could only keep me from having fits each month by giving me morphine. This continued until I was completely prostrated.

"My father at last got me a bottle of *Lydia E. Pinkham's Vegetable Compound*, which at once gave me relief. It did what the doctors could not—cured me. I never have any trouble now, and have no dread of the coming month. "I owe my life to you."

INDUSTRIALS HAD THE CALL.

Little Trading in Railway Stocks on 'Change To-Day.

Sharp Fluctuations in Sugar and Chicago Gas.

The Stock Exchange presented a dull and deserted appearance this morning. Little was done in the general list. Sugar alone attracting attention. It rose 1, to 98 1-8, reacted to 97 1-8, and rallied to 97 3-4.

The stocks of bankrupt properties, notably Atchison and Union Pacific, were lower. The fact that the Jefferson County miners on the line of the Wheeling & Lake Erie have voted to resume work Monday, accepting the Columbus agreement, is regarded with satisfaction by the street, as it is expected to lead to a substantial improvement in the bituminous coal trade.

Atchison fell 1-2, to 7; Union Pacific 1-2, to 13; Baltimore & Ohio 3-4, to 72; Mobile & Ohio 3-4, to 19 1-4; Susquehanna & Western preferred 1-2, to 40 1-2; Pittsburg, Cincinnati, Chicago & St. Louis preferred 1-2, to 44 1-2; Wheeling & Lake Erie, 3-8, to 10 7-8; St. Paul 1-4, to 60 1-8; General Electric 1-4, to 36 3-8, and Louisville & Nashville 1-4, to 45 3-8. In the specialties United States Cordage preferred dropped 1 3-4, to 37. Chicago Gas rose 3-8, to 77 3-4.

The industrial group monopolized the attention of traders in the closing dealings, the railway list having been practically neglected. Chicago Gas bounded up suddenly to 78 5-8, and finally receded to 78. Sugar fell 97 1-4 from then rose to 98 1-4. United States Cordage rose 1 3-4, to 22 7-8, and preferred 2 1-2, to 39 1-2, on a largely increased business. The old National Cordage stocks will be stricken from the list early next week.

The sales of listed stocks were 31,900 shares. In the unlisted department 12,300 shares of Sugar were traded in.

Money 1 per cent. on call. Foreign exchange dull at 4.87 1-2 a 4.87 3-4 for bankers' 60-day bills and 4.88 1-2 a 4.88 3-4 for demand.

The changes in the bank averages this week were unusually slight. The exports of gold to Europe were largely offset by receipts of currency from the interior. The loss in cash by the banks was only $640,000.

The variations in loans and deposits were even smaller. The banks lost $541,675 in surplus reserve, which stands at $76,376,575 against $8,776,800 on June 17, 1893, and $22,783,825 on June 18, 1892.

The following are the comparative figures.

	June 9.	June 16.	Decrease.

The imports, exclusive of specie, at the port of New York for the week were $7,376,089, of which $969,536 was dry goods and $6,406,553 general merchandise. For the corresponding week of 1893 the imports were $9,946,694, of which $1,615,145 was dry goods and $8,331,549 general merchandise.

The imports of specie at the port of New York for the week were $66,978, of which $13,571 was gold and $53,407 silver. For the corresponding week of 1893 the imports were $182,425.

The total bank clearings of all the the week ending to-day, were $331,550,938, against $339,898,447 last week, and $1,056,383,922 the corresponding week last year, a decline of 21.3 per cent. against a decline of 21.5 per cent. made last week over the corresponding week in 1893.

GOLD SHIPMENTS DECREASE.

Export Movement Now Believed to Be About Over.

The steamship Aller, which sailed for Europe to-day, carried $500,000 in gold, shipped by Heidlebach, Ickelheimer & Co. This gold was furnished by the National City Bank, and not by the Sub-Treasury, as heretofore.

One house is preparing to ship $500,000 gold by the steamer Lahn, sailing next Tuesday; but it is now generally believed that the export movement of gold will soon end, and that the Treasury will before long be able to increase its stock of "free gold."

Held the Mayor's Nomination Up.

NEWARK, June 16—John N. Guinell was today nominated by Mayor Lebkuecher for Comptroller of Newark. The Common Council laid the nomination on the table. The point was raised that Mr. Guinell had been connected with a contract State labor scheme, and action was deferred. Mr. Guinell is a well-known Republican and is Superintendent of the Peter Hayden Copper Works.

GOFF TAKING A REST.

More Sensational Testimony Will Be Heard Next Week.

Undecided as Yet When the Committee Will Adjourn.

Denial of the Report that Croker Was Frightened by De Lacy.

Mr. Goff, counsel for the Lexow Committee, is taking a much-needed rest today after a hard week's work. He has until next Tuesday to recuperate, when the investigation will be resumed.

What he has in store for the Senators next week he declines to say, but it is certain that it will be as interesting, if not as sensational, as that which he has brought to their attention during the past five days.

The question as to how long the Committee will continue its hearings before it adjourns for the hot weather has not yet been decided. Senator Cantor has made all his arrangements to sail for Europe June 27, and he wants to adjourn for the Summer before that day.

Chairman Lexow, on the other hand, has said that he is willing to devote all his time to the investigation right up to the Fourth of July, if not later, but it is not likely that he will be supported by the majority.

"There is no question but that an adjournment will be taken at the end of the month," said Mr. Goff, this morning. "For it would be a physical impossibility for me to continue under this strain during the hot weather, or indeed, much longer."

He was asked if there were not danger many valuable witnesses might be lost if a long adjournment were taken.

"There is no more danger than if we were holding sessions right along. A large number have escaped us already, and witnesses can leave the city at any time, whether the Committee is in session or not."

The story has been going the rounds during the last few days that the immediate cause of Mr. Croker's sudden departure was an alleged offer made by Peter De Lacy to go before the Lexow Committee and testify as to his former relations with the police, it being stated that he had paid enormous sums for the protection of the pool-room interests in this city.

This story was denied to-day by Senator Lexow, as well as by Mr. Goff, neither of whom had received any overtures from Mr. De Lacy or any one representing him.

Mr. Croker's statement, reported to have been made by him at Queenstown, on the arrival of the Umbria: "I shall remain over here indefinitely," was variously interpreted this morning by those who know the ex-boss.

"In my opinion," said one gentleman connected with the Lexow Committee, "that statement might be taken to mean that Mr. Croker intends never to return to this country."

DR. PUTNAM NOT ARRESTED.

Nor Can the Rumor of His Indictment Be Confirmed.

No one in the District-Attorney's office would confirm or deny this morning the rumor that Rev. Dr. James W. Putnam, formerly associate pastor with the Rev. Daniel C. Potter, of the Baptist Tabernacle, 162 Second avenue, had been indicted for criminal libel.

Everybody in the General Sessions Building was reticent on the subject of the alleged charges said to have been brought against Dr. Putnam by Maggie Burke, who used to be an inmate of the Baptist Woman's Home. No arrest in the case had been made up to noon, and all the detectives denied that they had received any warrant.

CHECK DIDN'T ARRIVE.

But Customs Employees Will Get Their Pay To-Day.

The Custom-House employees who should have been paid yesterday were relieved by the announcement this morning that they would get their money to-day.

The failure of the usual check to arrive from Washington Thursday resulted in hurried communication by Collector Kilbreath with the Dapartment treasurer at the national capital. The Collector was instructed to pay the employees out of a fund of $60,000 on hand to the credit of the local office.

As the new fiscal year begins July 1 no trouble is expected next months.

NERVE DEATHS INCREASING.

Nervousness an American Disease.

Dr. S. Weir Mitchell believes that nervousness is characteristic of Americans, and that deaths from nervous troubles have increased to one-fourth of all deaths recorded. Most of these are due to the use of strong drugs. People deceive themselves with opiates, sedatives, tonics and cathartics until the nerves are shattered, the stomach is destroyed, the liver becomes torpid and the heart weak. Why pay big doctor's bills to have your constitution ruined? Munyon's Remedies are perfectly harmless and contain positive cures for the most obstinate as well as the most intricate diseases.

Professor Munyon prepares specifics for every disease, which are sold by all druggists.

Munyon's Dyspepsia Cure cures all forms of indigestion and stomach trouble, and all cases of nervousness due to disorders of the digestive organs.

Munyon's Liver Cure cures biliousness, jaundice, sick headache and all liver complaints. In hot weather it is immediately effectual in relieving the "tired, worn-out" feeling caused by a torpid liver.

Nervous diseases promptly cured.

Kidney Complaints, Rheumatism, Constipation, Catarrh, Piles, Neuralgia, Asthma and all Female Complaints relieved by the first treatment and quickly cured.

If you are in doubt what remedy to take call on Professor Munyon for a thorough medical examination. Absolutely no charge for examinations or advice. Open all day and evening. Sundays, 3 to 5 P. M. 7 East Fourteenth street, between Fifth avenue and Union Square, New York.

INDICTED HIM FOR PERJURY.

Isaac Alexander Swore Falsely in the Examination of His Son.

It Was Proven that He Drew $15,000 and Not $3,000.

Relatives and friends of Isaac Alexander, a silk importer who was in business at 59 Prince street, are making efforts to find bail for him. He is under arrest at Police Headquarters charged with perjury.

The Grand Jury found an indictment against him yesterday, and a Central Office detective arrested him last night at his house, 147 East One Hundred and Sixty-seventh street, where he lived with his wife and family.

Alexander appeared as witness in supplementary proceedings brought against his son, Alexander Alexander, who was arrested some time ago on the charge of obtaining money under false pretenses.

During his testimony, according to Assistant District-Attorney Battle, he swore he had not received more than $3,000 during the last two or three years. It was afterwards found that in that time he had drawn from the Chemical Bank $15,000.

A young man who said he was the son of the prisoner called at the District Attorney's office this morning to see the indictment. He wept as he read it.

"Mother is insane," he said. "We have been thinking about putting him away for some time."

PULLED M'CABE'S BEARD OUT

Roller Resents His Late Employer's Efforts to Arrest Him.

William J. Roller, of 510 Savoye street, West Hoboken, formerly a city salesman for McCabe & Jentzer, produce merchants, of 840 Washington street, was held for examination in Jefferson Market Court to-day.

For about two weeks Roller has, it is said, swindled his firm by collecting money and appropriating it, and by obtaining goods from wholesale dealers which he sold on his own account, securing several hundred dollars.

This morning John McCabe, of the produce firm, caught Roller at the Hoboken ferry-house, intending to hand him over to the police. Roller showed fight, and in the scuffle pulled large handfuls of hair from McCabe's gray beard.

It is said that Berry, Wisner & Loomis of Murray and Greenwich streets, produce dealers, have also been victimized by Roller.
