They say he was in fear of his life all the time, and often said he would be found dead in the shanty some day.

A man named Eugene Reilly, accompanied by six other men, entered Luke McCabe's saloon, at One Hundred and Tenth street and Second avenue, at 7 o'clock Saturday night, and after brutally assaulting Patrick Burns, the bartender and Mrs McCabe, robbed the till of $24. Reilly was arrested by Policeman Wheaton, but the rest of the gang escaped.

All were drunk, and the police suspect that some of them may have murdered the old watchman. As they are known and the police are after them, it is believed that some of them, at least, will soon be in custody.

Mueller was born in Alsace-Lorraine, sixty-five years ago.

FULL OF ELECTRICITY.

Moore Tried to Cut Off the Imaginary Supply with an Axe.

Edward Moore, an expressman, twenty-five years old, of 36 Western Boulevard, was sent to Bellevue Hospital for examination as to his sanity from the Yorkville Court this morning. He was found in a tree adjoining his residence, at 4.30 o'clock yesterday afternoon, by a policeman, to whom he said:

"I've got too much electricity, and I'm going to cut off the circuit." Moore was armed with an axe with which he was striking some telephone and telegraph wires.

The policeman took him to the West Sixty-eighth street station, where he raved all night.

"ZIMMIE" HOME AGAIN.

Weary of Foreign Laurels, He Will Race Again at Home.

About one hundred persons journeyed to Hoboken to welcome the return home of Champion Bicyclist Arthur A. Zimmerman, who arrived on the steamship Augusta Victoria at 8.45 o'clock this morning.

ARTHUR A. ZIMMERMAN.

He was accompanied by J. M. Irwin and Harry Wheeler, who has shared the honors with the champion during his stay abroad. Both Zimmerman and Wheeler will begin to-morrow to train for the cycling tournament to be held at Madison Square Garden during Thanksgiving week at Zimmerman's home in Freehold, N. J.

When asked whether he was glad to get back to his native soil and what his plans would be, "Zim" said:

HARRY C. WHEELER.

"I can assure you that I am glad to get back as I am very tired of the people on the other side. I think I stand an excellent show of winning all the professional races that I start in. It is doubtful whether I shall race or not next year, as I am considering a proposition to go into business for myself."

Zimmerman further said that his manager, Willis B. Troy, would arrive on the steamship New York from France about Saturday next, and bring with him a number of the foreign champions, including W. E. Edwards, of England; Auguet Ver Hine, Julius Gerry, Louis Columbin of Italy, and A. E. Lester, the twenty-four-hour champion, of England.

MAY BE A POLICE OUTRAGE.

Mrs. Collins Says Policeman Reilly Was Intoxicated.

Mrs. Martha Collins, a colored woman, of 261 West Twenty-ninth street, was fined $10 for disorderly conduct in the Jefferson Market Court to-day. An investigation will be made into the causes leading to her arrest, and it is probable that another police outrage may be disclosed.

Mrs. Collins, who was accompanied to court by her husband, said she was standing on the corner of Twenty-sixth street and Seventh avenue last night, when Policeman Matthew Reilly, of the West Twenty-ninth street station, came out of an adjacent saloon and gave her a push. She retaliated in kind, and Reilly, who was in citizen's clothes, arrested her.

On the way to the station-house, they met Policeman Behr, of the West Thirtieth street station. He, not knowing Reilly to be a policeman, took the couple to his station-house.

There the sergeant ordered Reilly to take the woman to his own station-house.

In court to-day, Reilly swore that Mrs. Collins solicited him. She said the policeman was drunk. Inspector McAvoy, she declared, called at the station-house this morning, took her statement, and said he would have the matter investigated.

BROOKLYN.

"L" TRAINS MAY STOP.

Brooklyn Company Enjoined Until It Pays $1,000.

Justice Gaynor Signs an Order for Mrs. Beck.

Road Must Settle Judgment or Cease Its Traffic.

Unless the officers of the Brooklyn Elevated Railroad Company pay a judgment of $1,000 forthwith, or get a stay of proceedings, their Broadway line will be tied up before night, or they will be in contempt of court.

Justice Gaynor, who issued the injunction, signed the findings this morning.

Judge Gaynor finds that Eliza Beck, the plaintiff and owner of the property at 389 Broadway, is entitled to a judgment against the Company of $1,000 for damages sustained by the operation of the Company's road in front of her premises. Justice Gaynor further finds:

That the plaintiff is entitled to a further judgment perpetually enjoining and restraining the defendants from maintaining and using its structure for a purpose other than that of running it unless the defendants pay to the plaintiffs at the office of Messrs. Darlington & Jenkins, their attorneys, at 296 Broadway, in the city of New York, the said sum of $1,000, upon the service of the judgment herein and notice of entry.

As soon as Counsellor Stephen M. Hoye had the findings signed he hurried to the County Clerk's office and had them entered.

Lawyer Jenkins then started for the offices of the "L" road to serve the order of Judge Gaynor. He will also serve it upon the attorneys of the road, Hoadley, Lauterbach & Johnson, in New York.

The money must be paid at once or the injunction goes into effect immediately. Mr. Hoye, as counsel for Mrs. Phoebe Kissom, to-day secured a judgment of $2,000 for damages done to Mrs. Kissom's property, at 480 Myrtle avenue, by the Brooklyn Elevated Railroad.

Mr Hoye says these are the largest damages ever obtained against the "L" road for Myrtle avenue property. An injunction similar to the Beck case goes with the judgment. It will be served as soon as the papers can be prepared.

AWAKENED BY FIRE.

Three Persons in Long Island City Jumped from Windows.

LONG ISLAND CITY, L. I., Nov. 12.—Five frame buildings, 521, 523, 525, 527 and 529 Broadway, this city, were destroyed by fire early this morning.

At 5 o'clock a fire was discovered in the basement of Conrad Aneker's grocery store, at 529 Broadway. Before it was discovered the flames had gained considerable headway and communicated to 527, 525, 523 and 521 Broadway.

Harry Frey and his wife, who lived on the top floor of 527, jumped out of the window to the street. They were not badly hurt and were taken care of by neighbors. Mary Miller, who lived on the top floor of 529, also jumped out of the window. She was badly hurt about the legs, and was removed to the house of a neighbor. Frey had $200 in cash in a bureau drawer, and he lost this, together with about $300 worth of furniture.

Aneker, who lived over his store, was badly burned about the hands and face while trying to help put out the fire. He loses $1,000. It is said his stock and furniture was insured for $3,000.

The loss on the building, including the loss of the tenants, will amount to $8,000. None of the losers was insured with the exception of Aneker.

PINOCHLE LED TO STABBING.

Timothy Mahoney Assaulted Mr. and Mrs. Blood, His Visitors.

Timothy Mahoney, of 187 Van Pelt street, was arraigned in the Ewen Street Court, Williamsburg, to-day, charged with stabbing Mr. and Mrs. John Blood, of Gloucester, N. J.

The two men got into a dispute over a game of pinochle, which was being played in Mahoney's rooms. Mahoney became infuriated, and drawing a small penknife, inflicted several slight wounds on his visitors. He was held for trial.

SHOT WHILE DEER HUNTING.

George Smith Probably Fatally Wounded at Oakdale To-Day.

(Special to The Evening World.)

OAKDALE, L. I., Nov. 12.—Richard Raynor, of Manor, accidentally shot George Smith, of Islip, this morning. He is probably wounded fatally.

As this is the season for deer shooting, parties from different points of Long Island come here to hunt. Smith was in hiding behind a bush, and had just stepped to one side to see if there were any deer in sight, when Raynor discharged the contents of both barrels of his gun into Smith's body.

LINCOLN FOR U. S. SENATOR.

(By Associated Press.)

CHICAGO, Nov. 12.—The Times says this morning:

"At the proper time and at the proper place a Senatorial boom will be started for Robert Lincoln, which, by those interested in the proposed coup d'etat, is expected to land the son of Abraham Lincoln in the United States Senate as the successor of Senator Cullom."

GOODWIN IS ELECTED.

The dispute over the election of Alderman in the Thirteenth Assembly District was definitely settled to-day.

E. Holbrook Cushman, the Republican candidate, claimed he was elected over Frank J. Goodwin, the Democratic candidate, by nearly 100 majority. The returns from the Thirty-second Election District were missing. To-day they were handed in by Sergt. Wood, and they brought the total of Goodwin's vote up to 4,020.

Cushman's total vote was 3,983, thus giving a majority for Goodwin of 37.

Injunction for Edison Companies.

United States Circuit Judge Lacombe to-day handed down an opinion on the application for a preliminary injunction against Lyman H. Bloomingdale and another by the Edison Electric Light and Illuminating Companies, restraining the defendant from infringing on the incandescent carbon filament Swan lamp patents held by the plaintiffs.

FOR MEN MUST WORK.

The Many Uncomplaining But Weary Toilers.

They Go Without Rest to Make Sure of Happiness for Others.

Overwrought Nerves Work Half Fed and Cry Out With Pain.

For eight out of every ten who ever take a vacation there remains behind some hard working, uncomplaining toiler who is only too happy if he can provide a rest and a change for those dear to him.

And it is lucky if in many cases this self-denial does not get to be regarded as a duty, and the thought of a rest for one's self a thing impossible.

The number of such overwrought men, who simply toil right on without so much as a two weeks' respite a year, is surprisingly large.

Grateful wives and children should see, then, that these cheerful and unselfish fathers and brothers do not "work the machine to death." Signs of failing strength and nervous weakness, that none so quickly detect as they, should be promptly and firmly combatted. A thorough feeding of worn out nervous tissues by Paine's Celery Compound soon does away with every form of nervous debility and exhaustion. This great nerve and brain invigorator, made of celery compounds, supplies rich material on the repair of all the nerve-tissues. It makes the thin, used-up blood again capable of feeding the system, and purifies it of all humors that work harm to the body.

There are countless men so absorbed in business that they disregard the indications of nervous weakness and think that their neuralgia, headaches, and rheumatism are trifles. It is the duty of these members of the household who see the gradual decline from health to insist on a outfitting up of the "run-down" system and a strengthening of the nerves and brain by a vigorous tonic like Paine's celery compound.

In every city in this country there are homes that have escaped sickness and misfortune because some prudent member has known the value of Paine's celery compound for strengthening nerves and brain, purifying the blood, and building up the vigor of the tired body. For overworked men, for nervous, "run-down" women in a bloodless condition, Paine's celery compound is the regular prescription of family practitioners all over the country. It has permanently freed thousands from neuralgia, rheumatism, dyspepsia, kidney troubles, and blood diseases by invigorating the body, purifying the blood and feeding the nerves. Nothing gives strength like Paine's celery compound.

BROOKLYN.

BARTENDER USED A KNIFE.

So Says McVeagh, Who Was Stabbed in the Arm.

Patrick Mannix Arrested and Held for Examination.

Patrick Mannix, twenty-eight years old, of 257 Clinton street, Brooklyn, was held for examination by Justice Tighe, in Butler Street Court, this morning on the charge of stabbing James McVeagh. Mannix is a bartender in Patrick Butler's saloon, 424 Hicks street, and McVeagh lives next door to the saloon.

The stabbing took place at the end of a fierce and bloody fight between several members of the Brewers' Employees' Union and friends of Butler. The Union has been waging a bitter warfare for months against the Budweiser Brewing Company and endeavoring to persuade saloon-keepers not to handle that Company's products.

Some time ago Justice Gaynor, of the Supreme Court, enjoined the Union from resorting to any unlawful methods in prosecuting the fight.

Yesterday afternoon members of the Union, or their friends, stood near Butler's saloon and advised would-be customers not to patronize him.

This caused the fight. John Menihan, twenty-three years old, of 28 Cheever place, was struck on the head with some blunt instrument and severely injured.

John Gibbett, of 48 Downing street, New York; Daniel Maloney, of 190 Baltic street, James Richford, of 282 Hicks street; Martin and Daniel Mannix, of 199 Butler street, were arrested, and Justice Tighe released them this morning on payment of $1 fine.

McVeagh, who was stabbed in the left arm, says that after the fight was over he left his home to see what the trouble was about, and got into a dispute with Patrick Mannix, and was stabbed by the latter with a knife. Mannix was then arrested.

BROWNSVILLE BAKERS OUT.

And Landlords Take Steps for Mutual Protection.

The bakers of Brownsville went on a strike yesterday and a committee of women stood at the door of each of the twenty-two bakeries in the district threatening every one who attempted to enter the shops.

The striking journeymen hired a vacant bake shop on Rockaway avenue and began to bake bread, in which they placed a union label. To-day they are selling bread from wagons in the street, which, they assert, is sold at less than cost.

The Socialist element has of late been advising the poorer classes to pay no rent. Saturday night the real estate owners and agents held a meeting in Congress Hall and perfected an organization for mutual protection. Each member deposited $25 as a guarantee that he would take no tenant who could show a receipt in full from his last landlord.

BLOW FOR HACKMEN.

Mayor Gilroy Refused to Sign a Recently Passed Ordinance.

Representatives of the New York Hackmen's Association had a lively quarter of an hour in the Mayor's office this morning at the hearing given by the Mayor on the ordinance recently passed by the Board of Aldermen, giving public hackmen the privilege of keeping their hacks on every corner in the city from 4 P. M. to sunrise.

George J. McDermott, counsel for the Association, explained the alleged necessity for the ordinance, saying that the hack business had increased and moved uptown, and that the hackmen had to keep pace with it.

Then James H. Breslin, proprietor of the Gilsey House and S. M. Mason and W. R. Sealey, who said they paid the hotel owners thousands of dollars a year for the privilege of doing business in front of the hotels, protested against the ordinance. They declared that the public hackmen would take away from them entirely the business for which they paid so much if the ordinance were signed.

Mr. McDermott was about to reply when the Mayor said: "That will do. I have decided to veto the ordinance if you do not withdraw it. The hotels have rights and so have these men who pay the hotel-owners for exclusive privileges. If you want more hack stands, designate them, but you can't have every corner in New York."

The Mayor refused to listen to further argument, and Mr. McDermott said he would have the ordinance withdrawn, so that the Mayor need not veto it.

WOULD APPOINT M'COOK.

But Col. Strong Does Not Believe He Would Accept a Secretaryship.

Mayor Elect William L. Strong took up his banking duties at 10 o'clock this morning. The fact that several of the morning papers announced that Gen. Anson G. McCook would be appointed private secretary to the new Mayor seemed to afford Col. Strong much amusement.

"If I had any idea that Gen. McCook would accept such a position, I would tender it to him willingly," said he. "As a matter of fact, however, I have not considered political matters at all. It is my intention to devote this month to the arranging of my private business affairs, so that I may give all the month of December to the consideration of political problems.

"Then it is more than likely that I shall consult with Gov.-elect Morton and other gentlemen versed in politics, so that I may discharge my duties understandingly. I shall make no selections this month, and it may be that December will be far advanced before I do so."

DISCORD DISCLOSED IN COURT

Wealthy Dr. Baumann's Wife Locks Him Out.

Tries to Have Her Brother-in-Law Arrested.

Dr. Louis Baumann, a prominent and wealthy physician, of 65 Wayne street, Jersey City, has for the past three years been shielding a skeleton in his closet. This morning it stalked forth in the First Criminal Court, before Justice Potts, and revealed his marital troubles. On Saturday last, according to Mrs. Baumann's statement, the doctor left her and moved his effects into a house at 72 Wayne street, which he recently bought for $12,000.

This act widened the breach which existed between the doctor and his wife. She then locked and bolted the doors of her residence, 65 Wayne street, against her husband.

Last night, while Mrs. Baumann was at church, the doctor, accompanied by his brother, Henry, went to No. 65 to get possession of two large bevel glass mirrors which ornamented his old office. Finding the house locked, Henry Baumann forced a window, entered the house and unlocked the front door. The mirrors were soon transferred to the doctor's new quarters, but Mrs. Baumann returned just as the doctor and his brother were leaving the house.

She at once summoned a policeman, and Henry was escorted to the First Precinct Police Station. The Sergeant at the desk when he heard Mrs. Baumann's story, was about to book Henry Baumann on the charge of burglary, when Capt. Farrier entered and declared that inasmuch as it was a family affair he could not hold the prisoner.

Mrs. Baumann this morning appeared before Justice Potts, but was practically refused a warrant.

She then declared that she would retain ex-Judge A. T. Garretson and sue for absolute divorce. To a reporter she alleged extreme cruelty on the part of her husband, and hinted at more serious offenses. Dr. Baumann is a member of the Palma Club, Jersey City's most select Club, and is said to be worth $20,000. He enjoys a lucrative practice. He was married some years ago to Miss Letitia Caldwell. They have one child, Louise E.

Mrs. Baumann alleges that her husband has been too intimate with her domestics. She says that a few days ago she discharged Annie Anstadt, and that she then resumed her. Mrs. Baumann says the girl is now employed at Dr. Baumann's new home at 72 Wayne street.

Thieves Busy Near Flemington.

McEwan Elected Congressman.

Poll Lists and District Returns Differ in Hudson County.

Democratic Majorities Found Where Republicans Claimed Gains.

Ballot-Boxes Opened by Order of Commissioner Nugent.

Senator Daly, counsel for the Democratic candidates of Hudson County, threw a bombshell among the canvassers this morning by announcing that the accuracy of all returns made out since the day following election will be questioned by him.

He said election officers may have made out these late returns from reports sent to police Headquarters and published in the newspapers. He thinks, therefore, that in such cases ballot-boxes should be opened, the poll-lists taken out and returns made from them.

After Sena or Daly had made this statement Commissioner Nugent said he would open twenty-two ballot-boxes from districts the returns of which are still questioned. He will not, however, allow the ballots to be counted, but will simply extract the poll-lists.

Up to a late hour this afternoon only eight of the boxes had been opened.

This will require some time, and meanwhile the Board of Canvassers is counting. Col. Stevens said to an "Evening World" reporter after the announcement of the result of the count, that he would insist on a recount and demand that every ballot-box in the county be opened.

ing the Congressional vote. The Third District of the Sixth Aldermanic, which was missing on Saturday, was found this morning, and gave McEwan 869, Stevens 137.

In the Fourth Precinct, where the returns were signed only by Albert Youmans, the other election officers asked the privilege of filing a supplementary return. This return differs slightly from those filed by Youmans. They were allowed to file the supplementary return. There have been several returns received this morning, and they correspond with the police returns previously given out.

The Republicans claim that the returns on the poll-lists show no material difference from the police returns.

Senator Daly says, however, that the Democrats have gained very nearly 200 votes by having the ballot-boxes opened, and that the Democratic candidates for County Clerk and Register will be shown to have been elected.

When the ballot-box of the First Election District of the Third Assembly District was called for it was found that the key was missing and that the box had not been locked.

The returns in that district, as published, gave for County Clerk: O'Donnell, Dem., 155, Fischer, Rep., 92. The poll-list taken from the ballot-box gives O'Donnell 258 and Fischer 102.

The published vote for Fielder for Register was 155 and the poll list shows that he received 273. Frambach, Fielder's opponent, was said to have received 92 votes, while the poll list gives him 196.

As it looks now all the ballot-boxes in the county will be opened.

COULDN'T STAND DISGRACE.

Peter Birch Was to Be Sentenced for Assault To-Day.

(Special to The Evening World.)

NEWARK, N. J., Nov. 12.—Peter Birch, the janitor of the Lafayette street public school, who was convicted in the Court of Special Sessions last Friday with having committed a criminal assault on thirteen-year-old Albertina Martin, of 110 Lafayette street, died suddenly at 9 o'clock this morning. From all accounts the cause of his sudden death was a broken heart.

Birch has not been sick, and the county physician can find no indications of suicide. Birch has persistently claimed that he was innocent of the charge against his, and he has been morose and despondent ever since the matter became public. He told the police that he found it impossible to sleep, and often expressed a desire to die.

"I am as innocent of the crime, as God above is my maker," he exclaimed early this morning.

A policeman went to Birch's house this morning and Birch's mother cried out between her sobs:

"Pete's cheated you fellows, for he's dead."

It is understood that the sentence today would have consisted of a fine.

THREE CAPTAINS CALLED.

Schmittberger, Doherty and Stephenson Given Time to Demur.

Police Capt. Max Schmittberger and ex-Police Capts. Doherty and Stephenson were put down for pleading in the Court of Oyer and Terminer before Justice Ingraham this morning.

Lawyer Fromme appeared for Doherty, and said he had not been notified in time about the official indictments and was not ready. He wanted a week to demur to the indictments, but was only given until to-morrow.

Lawyer Vincent said he wished to demur to the indictment against Stephenson, and he was told to do so Wednesday.

Lawyer William F. Howe refused to plead for Schmittberger, and was given until Friday to demur.

COL. CLAY MAY YET ELOPE.

Nobody at Lexington Will Perform His Wedding Ceremony.

(Special to The Evening World.)

LEXINGTON, Ky., Nov. 12.—Squire Green B. Million declined, this morning, to perform the wedding ceremony over aged Cassius M. Clay and his young fiance, Dora Richardson.

It is supposed that his reason for doing this is the strenuous objection made against the match by Clay's children. Brutus Clay is one of the most influential men in Madison County, and it seems that nobody authorized to perform a marriage ceremony cares to incur his displeasure by marrying his old father to the girl with whom he has become infatuated.

Instead of going to Clay's this morning, as the old man had requested him to do, Squire Million went on to Richmond.

Clay is said to be in a towering passion and the neighbors are afraid to go to his house.

It is likely that he will elope with the girl to some place where he can have the ceremony performed.
