STOCKS LED BY INDUSTRIALS.

Sugar Most Active, but See-Sawed on Heavy Buying Orders.

Speculative interest was centred chiefly in American Sugar at the opening of the stock market to-day and on simultaneous transactions of 6,000 shares opened wide, the price ranging between 144 1-2 and 142 1-2 compared with 142 3-4, yesterday's closing figure.

American Smelting and Refining led the entire market for gains, with an extreme advance of four points in the common and two on the preferred. Tobacco and Copper were up about a point each on good buying.

The steel stocks were almost inactive, with the exception of Federal Steel, which was up fractionally.

Railers, too, were dull and listless. Delaware and Hudson, selling ex-dividend, however, gained a full point on good support.

Aggressive bidding up of leading specialties in the afternoon did not infuse any spirit into the railway dealings, which were dull and sluggish except for Union Pacific, which advanced to 85, and St. Louis Southwestern preferred rallied 1 1-2. Local traction stocks improved from 1 3-4 to 2 points, and Anaconda Mining and Amalgamated Copper rose 2 1-2 and 3 respectively. Smelting was buoyant, touching 55 3-8, and the preferred 2 1-4. Temporary rallies in the Steel stocks were not sustained, Steel & Wire selling below 38.

St. Louis & San Francisco rose 3 and the 2d preferred 1 3-4 without effect on the general list. Sugar was forced below 140 and the steel stocks broke sharply to the lowest of the day. Delaware & Hudson declined nearly 2 points. The loss in National Tube extended to 4 points, in Tinplate 2 1-2 and in Steel & Wire to over 2. The closing was dull and weak, except for a few slight rallies on short covering.

The total sales of stocks to-day were 725,100 shares, and of bonds $2,750,000.

Cotton Prices Lower.

Cotton opened 1 to 5 points lower in the market to-day. Influences were decidedly bearish after call. Liverpool cables were disappointing and the number of March notices large, but receipts higher than expected, but notwithstanding the market was steady with the exception of March, which was off 3 points at the call.

The opening prices were: March, 8.91 [illegible] 8.92; April, 9.02 bid; May, 8.98 to 8.99; [illegible] 8.96 to 8.98; July, 8.96 to 8.98; August, [illegible] 8.63 to 8.64; September, 8.15 bid; [illegible] 7.96 bid; November, 7.87 bid; [illegible] 7.86 to 7.87.

The closing prices were: March, 8.90 to [illegible]; April, 8.90 to 8.95; May, 8.89; June, [illegible]; July, 8.90 to 9.00; August, 8.64 to [illegible]; [illegible] 8.20 to 8.22; October, 7.97 to 7.98; [illegible] to 7.90; December, 7.85 to 7.86.

SUGAR INTERESTS MERGED?

Wall Street Hears that Arbuckles Absorb the Woolson.

Lower Wall street heard stories today to account for the strength of Sugar shares. It was declared that arrangements were being perfected to turn control of the Woolson Spice Company over to the Arbuckles. The mills were absorbed several years ago by interests identified with the Sugar Trust and were used as a lever against the Arbuckles.

Mr. Barvie, of the last named firm, and Herman Sieicken, who represents the dominant interests in the Woolson Company, are quoted as denying the report that the property is to be transferred.

It is generally believed that a reduction in the price of refined sugar is imminent.

LONDON STOCKS QUIET.

Prices Up on Report of Botha's Surrender, but Trading Slow.

Trading was passive on the London Stock Exchange to-day with prices averaging a shade higher. The advance was due to the report of Gen. Botha's surrender, and the silver-edged securities in particular were benefited.

Firmness was the rule with American rails. St. Paul was an exception, the stock being active but weak.

Wheat Trading Fairly Active.

Wheat opened moderately active in the market to-day, 1-16 lower for May. Foreign selling orders of July at 1-8 decline were a feature. Corn was nominally 1-4 lower.

New York's opening prices were: May wheat, 80; March, 79.

Chicago's opening prices were: May wheat, 76 1-8; May corn, 49 5-8.

New York's closing prices were: March wheat, 79; May, 80; July, 79 5-8. March corn, 48 1-4; May, 46 1-4; July, 45 1-4 bid.

Chicago's closing prices were: May wheat, 75 7-8.
