PACIFICS ADVANCE SHARPLY.

U. S. Steel, Too, Enjoyed a Buoyant Upward Movement.

GRANGERS WERE BENEFITED MATERIALLY ON RISE.

The Rock Island Shares, However, Were Exceptionally Weak.

Morgan's brokers with the $200,000,000 fund, the sinews of war, were very much in evidence at the Stock Exchange this morning and, as a consequence, Steel enjoyed a miniature boom. There was also some outside investment in this stock by parties who anticipated some favorable circumstance whereby the consummation of Parson Shaffer's edict on Monday would be averted.

The best gains, however, were scored in the Pacific stocks, all of which moved sharply upward in sympathy with buoyancy of those stocks at the London market and also on favorable crop reports from the West.

The improvement was most conspicuous in the Union Pacific stocks, which sold up to 97 on rosy probabilities of an increased dividend. Canadian Pacific, Missouri Pacific and Southern Pacific were all benefited materially.

Of the Grangers, St. Paul was preeminent at a gain of 1 5-8 per cent, selling at 158 3-8, compared with 157, yesterday's final quotation. On the other hand, Rock Island was heavy for some inexplicable cause.

American Sugar, instead of being subject to intense bear pressure, which has been the rule of late, mounted 1 1-4 per cent on good support. Despite the bullish tone, trading was fairly active, but at intervals was semi-stagnant.

Later in the morning St. Paul touched 158 3-8, Consolidated Gas 220 1-2, and U. S. Steel 43 on the common. The Wabash and Readings showed aggressive strength at gains of 1 1-4 and 3-4 per cent, respectively.

The total sales of stocks to-day were 470,000 shares.

LONDON STOCKS IMPROVE.

Pacific Shares Leaders in Strong and Active Market.

Trading showed decided improvement at London and prices displayed gains of 1-4 to 3-4 per cent in the American department. The maximum gain was scored in the Union Pacific stocks on the probability of an increased dividend.

The other Pacific stocks, too, were strong.

In the home department trading was listless, due partly to a shade firmer turn in the money market, caused by preparations for the payment of an instalment on the latest issue of consols. West Africans were largely offered.

The U. S. Steel stocks were firm, selling equivalent to 40 7-8 for the common and 90 for the preferred.

The Wheat Market.

Corn opened strong and active this morning at the Produce Exchange. Shorts bid September up from 60 3-4 to 61 3-8 before there was a sale, and later it advanced to 61 3-4.

Wheat was up with corn, although it opened a fraction under yesterday's close. September sold from 76 1-8 to 76 5-8. Foreign trade was light here.

New York's opening prices were: September wheat, 76 1-8; December, 78 1-4. December corn, 62 1-2; September, 61 5-8.

Chicago's opening prices were: September wheat, 71 to 71 1-4; December, 73 to 73 1-4; October, 71 7-8 to 71 3-4. September corn, 57 1-2; December, 59 to 59 1-2; May, 61 to 61 1-4.

New York's closing prices were: Sept. wheat, 76 3-4 bid; Oct., 76 1-4; Dec., 78; May, 81 1-4. Sept. corn, 61 3-8; Dec., 62; May, 64 1-8 bid.

Chicago's closing prices were: Aug. wheat, 70 3-4; Sept., 70 1-8; Oct., 71 1-8 to 71; Dec., 72 3-4; May, 76 1-4. Aug. corn, 56 7-8; Sept., 57 3-4.

MURPHY IS NOW AFTER DIAMOND.

He and Devery, It Is Said, Will Help Prosecute the Captain.

HAS A CONFERENCE WITH THE DISTRICT-ATTORNEY.

Policeman Has Offered to Reveal All About the Police Methods of Extortion—Philbin Watched.

Police Commissioner Murphy has suddenly taken intense interest in the cases of Wardman Bissert, convicted of extortion, and Capt. Diamond, of the East Fifth street station.

He sent to-day to the District-Attorney's office for a complete transcript of the evidence in the Bissert case.

Mr. Philbin sent it to him as soon as it could be prepared. Then the Commissioner requested a conference with the District-Attorney concerning the Bissert and Diamond matters.

This conference was arranged for. It indicates that the Police Department will officially assist the District-Attorney in the prosecution of Capt. Diamond.

The accused Captain is a Republican, and it has been the custom of Commissioner Murphy and Deputy Commissioner Devery to point out that Republican captains on the force were accused of as many if not more breaches of duty than Tammany captains.

The real reason why the District-Attorney applied for a postponement in the imposition of sentence upon Bissert yesterday was revealed this morning.

It came from an offer, made by a policeman now on duty in the East Fifth street precinct, to reveal all about the methods of extortion carried on there.

This additional evidence had not been investigated fully, and Mr. Philbin desired to show it to the Recorder before sentence should be pronounced.

The letter from the policeman was only one of a flood of communications that has poured upon the District-Attorney since the Bissert conviction.

One letter on his desk this morning gave the addresses of a dozen or more disorderly houses running in Diamond's precinct and paying money to the police, the writer alleged.

Mr. Philbin refused to disclose the identity of the policeman who has volunteered to "squeal." He intimated, however, that he had met the man and believed him to be trustworthy.

"Is it an old cop, ready to retire and not afraid of the vengeance that would be sure to reach him?" was asked.

"I cannot say," replied the District-Attorney.

"Although I haven't seen anybody follow me," he continued, "I suppose I am being watched. I know the methods of the Police Department and presume that no one comes to see me without the police knowing of it. This is especially true since the Bissert conviction.

"I think, however, that I can consult people who want to see me without the police knowing it; in fact, I have done so in the past and can do so in the future."

WOLF AND BEAR LIVE IN DISCORD.

GROWL AT EACH OTHER IN DUMBWAITER SHAFT.

They Didn't Go to Court, but Mrs. Bear Did, and There Accused Mrs. Wolf of Making Trouble—The Protesting Defendant is Fined $5.

Maybe there is something in a name.

Mrs. William Wolf, of No. 748 Wendover avenue, was fined $5 by Magistrate Crane in the Morrisania Court to-day for growling down Mrs. Samuel Bear's dumb waiter.

The Wolfs live in the first flat of the Wendover avenue house, while the Bears have the ground floor directly underneath.

A summons was issued for Mr. Bear, but neither he nor Mr. Wolf appeared in court. They left the trouble to their wives for settlement.

"What did this woman do?" asked the Magistrate of Mrs. Bear, the complainant.

"She? Why, Your Honor, she's Mrs. Wolf, and she has been calling me names, awful names, down the dumbwaiter."

"And her husband, Mr. Bear, has been growling terrible things up at us," broke in Mrs. Wolf.

Several witnesses testified that they heard Mrs. Wolf's voice calling names and making shocking sounds down the dumbwaiter, although they did not see her.

"How do you know it was Mrs. Wolf?" asked the Magistrate.

"Knew her voice," answered the neighbors in chorus.

"Mrs. Wolf, I am sorry, but I must fine you $5. Mrs. Bear, you must caution your husband not to growl up the dumb waiter," was the decision of Magistrate Crane.

There were indications of renewed hostilities as the Wolfs and Bears left court.

The Cotton Market.

The local cotton market opened barely steady to-day, with prices 4 to 5 points lower.

Liverpool cables failed to come up to expectations this morning. In view of our closing of yesterday an advance of 2 points had been anticipated at Liverpool, but after opening 1 to 2 points higher there was a full reaction under selling for both accounts. This, together with favorable climatic conditions south and with an encouraging weather forecast, led to selling by local longs and shorts, under which prices eased off several points.

The opening prices were: August, 7.01 to 7.05; September, 7.03 to 7.04; October, 7.11 to 7.12; November, 7.13 to 7.14; December, 7.12 to 7.13; January, 7.14 to 7.15; February, 7.14 bid; March, 7.17 to 7.18; April, 7.17 to 7.18.

The prices at 2.30 P. M. were: Oct., 7.15; Dec., 7.17; Jan., 7.20; March, 7.23 bid.

GO HIGHER, MR. PHILBIN. THE HIGHEH UP THE BETTER THE GAME.

FEDERATION MEN MAY JOIN STRIKE.

Long Secret Conference of Gompers and Shaffer Expected to Result in a Call on A. F. L.

PITTSBURG, Pa., Aug. 8.—At 1.30 o'clock this afternoon the conference between the national officers of the Amalgamated Association and the American Federation of Labor was still on.

Those present were President Samuel Gompers, Secretary Morrison and General Organizer Flynn, of the American Federation of Labor, and President Shaffer, Secretary Williams and Assistant Secretary Tighe, of the Amalgamated Association.

The steel strikers and the Billion Dollar Steel Trust officials are waiting anxiously the result of the Gompers-Shaffer conference.

If the President of the powerful American Federation of Labor decides to bring to the strikers' assistance the million odd members of the Federation the Trust will face the greatest strike in history.

Should he decide to wait a while before pledging the association the Trust will be correspondingly elated and the strikers depressed.

The meeting-room of the two big labor leaders is closely guarded by union men.

No details have been allowed to become public yet.

STEEL TRUST GETS NEW PLANTS

It was announced in Wall street that the United States Steel Corporation has obtained control of the Shelby Tube Works, a corporation with fifteen mills in various parts of the country, producing tubes of all kinds, but principally of the higher grades.

The principal mills owned by it are located at Shelby, O.; Greenville, Pa.; Elwood City, Pa.; Toledo, O.; Newcastle, Pa.; Hartford, Conn.; Albany, Ind.; Auburn, Pa.; Beaver Falls, Pa.; Garwood, N. J.; Mansfield, O., and Cuyahoga Falls, O.

The weekly product of the combined mills is about 5,000 tons of tubes.

CLEVELAND, O., Aug. 8.—At the headquarters of the Shelby Tube Company, in this city, President Boynton to-day confirmed the statement that the concern had passed into the control of the United States Steel Corporation. The tube company is capitalized at $13,000,000, of which $5,000,000 is in preferred and $8,000,000 in common stock.

It is stated that the company manufactures about 90 per cent. of all the seamless bicycle tubing produced in the country.

TRUST PLANS TO CONCENTRATE.

A high official of the United States Steel Company said to-day:

"The United States Steel Company did not invite the fight, but tried to prevent it. The Amalgamated Association has forced us to it, and being in it, we propose to fight to the end.

"We are figuring on no compromise, and propose to run our mills with whatever labor we can secure. Our plan now is to shut down all smaller and unprofitable mills and concentrate all the men who stand by us in our larger plants.

"In this way we expect to have in operation all of our large mills within the next week."

ARCHBISHOP DENIES REPORT

HARTFORD, Conn., Aug. 8.—When asked to-day regarding the rumor that he is making arrangements to act as a mediator in the steel strike, Archbishop Ireland, who is attending the Catholic Total Abstinence Convention here, said he had not thought of becoming a mediator in the strike. He also said that he had no intention of doing so.

TRIED TO KILL HIS BROTHER.

LONG ISLAND OFFICERS HUNT FOR EUGENE PLATT.

Fired Several Shots at His Brother John and Took to the Woods, After Having Almost Wrecked the House—Constable on His Track.

Search is being made to-day for Eugene Platt, of Oyster Bay, L. I., who last night fired several shots from a revolver at his brother John and then escaped. The trouble between the brothers is said to have been caused by the conduct of Eugene, who raised a disturbance at the Platt home at the Cliffs, tearing up bed clothes, knocking around the furniture and otherwise misconducting himself.

Constable McQuade caught sight of Eugene lurking in the woods near his home this morning, but he fled when the constable approached. McQuade has learned that Eugene sent word to his mother demanding twenty-five dollars and the constable hopes to be able to capture the man when he comes for the money, or in case it is sent to him to discover his whereabouts.

Eugene has a reputation of being a dangerous man, always ready with his pistol. He once served a term of imprisonment, it is said, for attempting to kill a man. John Platt, who has made a complaint of disorderly conduct against his brother, does not state that any shots were fired last evening. Neighbors assert positively, however, that Eugene fired several shots at his brother, and that the latter fired once in return.

"Getting in position" is of vital importance to troops in battle. It is equally important in the battle of life. World Want columns are full of strategical points. Occupy one of them.

COMMUTERS' HOT FIGHT FOR SEATS.

Charles Barry, It Is Said, Tried to Hold Four.

COYNE, WHO WANTED TO TAKE ONE, GOT HURT.

And Hellner, Who Mildly Protested, Declares the Cranford Man Knocked Him Senseless.

A rough and tumble fight, engaged in by a prominent railroad man, the president of a big coal company and a Cranford (N. J.) business man, on a crowded Jersey Central train, was aired to-day before Police Justice Hoos, in the First Criminal Court, of Jersey City.

When Charles L. Barry, of Cranford, stepped from the train at the station in Jersey City this morning, he was arrested by Policeman Collins on two warrants charging him with assault and battery. The complainants were Jacob J. Coyne, of Elizabeth, N. J., the eastern agent of the Union Pacific Railway, and M. B. Hellner, of the same town, President of the Lehigh and Wilkesbarre Coal Company.

The story told by them is that last Saturday they, boarded a train to go home. The car was crowded, but Barry was reserving three seats for friends with whom he expected to play cards. Coyne says he attempted to sit down, when Barry cried out:

"These seats are taken."

"No one seems to be occupying them," said Coyne.

"Well, they are reserved," replied Barry, "and you cannot have them," at the same time putting his leg across the passage.

Coyne stepped over Barry's leg, and he says that Barry then struck him, and, jumping up, was proceeding to punish him in a thorough manner, when other passengers interfered, and for a few minutes a small riot seemed imminent.

When matters finally quieted down Hellner, who thus far had taken no part in the affair, went into the baggage car. Barry, it is charged, followed, and the two had some words. Hellner alleges that Barry struck him twice behind the ear and knocked him to the floor, unconscious.

Warrants were sworn out for Barry on Monday. He was seen to-day and visited out to the policeman by Hellner. Coyne was obliged to be out of the city, and the case was postponed till Aug. 26. Bail in the sum of $200 for each case was furnished by George Damon, of Cranford.

Barry in his own defense said that Coyne was the original aggressor. He said that he had offered to apologize to Mr. Hellner, but that the latter refused to accept an apology.

Mr. Hellner said that as a result of the row on the train the management of the Central Railroad had issued an order forbidding any more card playing on the local trains.

An official of the company said that such an order was issued on Saturday immediately after the disturbance on the train had been reported. He said the card playing had caused trouble on other occasions and the management had decided that it would be best to put an end to it.

MACARTHUR'S FINAL REPORT.

TELLS OF 12 MONTHS' CAMPAIGNING IN PHILIPPINES.

Regards Aguinaldo's Capture as Most Signal Event of the Year and Protests Against a Reduction of Either the Army or Naval Force.

WASHINGTON, Aug. 8.—The annual report of Major-Gen. MacArthur, dated July 4, 1901, the day that he relinquished command of the Division of the Philippines, has been received at the War Department.

Gen. MacArthur gives statistics from May 5, 1900, to June 30, 1901 (during which time there were 1,026 contacts between American troops and insurgents), which show the casualties on both sides:

Americans—Killed, 245; wounded, 490; captured, 118; missing, 20. Insurgents—Killed, 2,854; wounded, 1,193; captured, 6,572; surrendered, 23,095. During the same period the following material was captured or surrendered from the insurgents: Rifles, 15,693; rifle ammunition, 296,365 rounds; revolvers, 868; bolos, 3,516; cannon, 122; cannon ammunition, 10,270 rounds.

Gen. MacArthur gives a brief capitulation of the conditions in different provinces and says that at present the matching force in the islands must be a well organized army and navy. "Anything," he says, "in the immediate future calculated to impede the activity or reduce the efficiency of these instruments will not only be a menace to the present, but put in jeopardy the entire future of American possibilities in the archipelago."

Gen. MacArthur says the capture of Aguinaldo may be regarded as the most momentous single event of the year.

MILLS HOTEL SUICIDE.

Boarder Found Dead with Laudanum Bottle by His Side.

Henry Ehrens, fifty years of age, was found dead in his room at 9.15 o'clock this morning in Mills Hotel No. 2, at the corner of Rivington and Chrystie streets.

An empty bottle that had contained laudanum was found at his side.

Ehrens was a stout man with gray hair and mustache. He registered on Monday, and since that time wandered about the hotel, solitary, morose and melancholy.

In Ehrens's pockets were a nickel watch, a bunch of keys and $3.

SPRANG AT MOTHER'S MURDERER

Girl Made a Dramatic Scene at the Luthy Inquest.

HER STEPFATHER WAS THE SLAYER.

Brother Went to Her Aid, but Both Were Restrained by the Officers of the Coroner's Court.

A dramatic incident disturbed the progress of the inquest held to-day into the death of Mrs. Addie Luthy, who was shot by her husband in their apartments, No. 695 East One Hundred and Sixty-ninth street, on July 7. When Coroner Lynch, of the Borough of the Bronx, called Eleanor Oliver, the dead woman's daughter, to testify, the young woman arose and walking toward Luthy, who sat beside his lawyer, Counsellor Howe, attempted to strike him. Policeman Leary, who was guarding Luthy, seized the young woman.

As he did so, Eben C. Oliver, the girl's brother, arose to aid her. He was restrained by a friend.

Miss Oliver and her brother then testified that Luthy, who was their stepfather, had frequently abused their mother and threatened her life.

The Coroner's jury rendered a verdict that Mrs. Luthy came to her death from a pistol shot fired by her husband.

Luthy was remanded to the Tombs without bail.

WOMAN SHOOTS TO KILL.

Fatally Wounds Mrs. Roberts and Kills Mr. Roberts.

DENVER, Aug. 8.—Mrs. Phil Hitchcock, wife of a prominent railroad man, to-day entered the candy store of James W. Roberts, on Sixteenth street, and shot Mrs. Roberts, inflicting a wound which probably will prove fatal.

Roberts followed the woman to the street, where she turned and shot him three times. He fell dead. Mrs. Hitchcock was arrested.

THEIR "SCRAP" ANGERS DEVERY

WILL RECOMMEND THE DISMISSAL OF TWO ROUNDSMEN.

Deputy Says Ordinary "Cops" Have a Grievous Example Placed Before Them When Superiors "Fight Like Kilkenny Cats," as Finnely and Kane Did.

Deputy Commissioner Devery held court to-day. He had a case before him that touched his pride. He was interested in the testimony and showed it. At the end of the trial he delivered himself in a manner that made witnesses and officers of the court ponder.

Roundsmen John Finnely and James H. Kane were charged by Sergt. Thomas Pell with fighting in the East Sixty-seventh street station at noon on July 23. There were about sixty policemen and a dozen firemen as witnesses.

A feud existed between the men, and from the evidence it seems that Finnely came to relieve Kane. There was a war of words and Finnely proceeded to damage the countenance of his one-time good friend. Kane lost part of his garments, but the men were separated before much damage was done.

Finnely called one patrolman out as his witness, but the patrolman could not remember anything. Kane then questioned the man, when Devery interrupted.

"You don't want to look so fierce at that man!" he shouted. "It is enough that these men have been humiliated by being brought down here and questioned. You don't want to browbeat a man just because he's likely to be under you some time.

"This man has told what he saw. What he swears to is between him and God. You don't want to try to browbeat him into saying anything different. There's too much of that kind of thing going on nowadays. When a man swears to a thing it ought to stand."

Commissioner Devery did not like the case. He finally said:

"How can you men hope to maintain discipline over your men when you set an example like this? You ought to be ashamed of yourselves! How can the men under you look up to you as a superior when you quarrel and fight like two Kilkenny cats? You have disgraced yourself and the Department. I shall recommend that you both be dismissed."

The Deputy Commissioner was restored to good humor when Col. Henry Martin Porter came in arrayed in a six-inch sash and a bright yellow four-in-hand tie.

Col. Porter was a complainant against Court Officer John Reinhardt, who, Col. Porter claims, ejected him unceremoniously from behind the rail at the Seventh District Court.

"You seem nervous this morning, Colonel," said Devery.

"I'm all right, Your Honor. I am sixty-six and feel forty years younger. We old boys, Your Honor, are as young as we feel, you know."

"That's right, Colonel."

"Yes, this man put me out from behind the rail at court and I have been put out ever since."

Devery took the evidence and said that he would have to dismiss the case, advising the Colonel to get even with the Magistrate. The colonel left with a smile on his face. When he got to the door he turned to the Commissioner and with a deep salaam that caused his white locks to brush the floor thanked the court and "Your Honor."

H. M. FLAGLER'S WIFE'S ESTATE.

HAS BEEN FOR MANY YEARS IN INSANE ASYLUM.

Millionaire Husband Asked to Be Relieved as a Committee of Her Property When He Took Up His Permanent Residence in Florida Last Year.

Papers were submitted to Justice Gildersleeve, in the Supreme Court, to-day in a motion to confirm the report of Francis F. Lowrey, passing on the accounts of Eugene M. Ashley, as committee of the estate of Mrs. Ida A. Flagler, the wife of Henry M. Flagler, of the Standard Oil Company. There was no opposition to the motion, in favor of which Julien T. Davies and Delancy Nicoll appeared.

Mr. Ashley succeeded Mr. Flagler as committee of property of Mrs. Flagler's, who is a many years been an inmate of many private lunatic asylums. She was sent to the sanitarium conducted by Dr. Carlos F. Macdonald, at Pleasant Valley, in March, 1897, and her husband was appointed committee of her property. He asked to be relieved of his trust in May, 1899, on the ground that he had become a permanent resident of St. Augustine, Fla.

A Pullman Palace Car Man ..ON.. GRAPE-NUTS.

(See below.)

"In the morning, when you don't have very much of an appetite, just fill your coffee cup about one-third full of Grape-Nuts, then fill up with hot coffee, sweeten to taste, stir well and let settle. Now try your coffee. Why, man, it will make your hair curl. After drinking your coffee, add a little more sugar and eat your Grape-Nuts with a spoon, and my word for it you will feel like a fighting cock until dinner time. If you never have, and want something good, try it once."

The above is from a Pullman Palace Car man who starts out by saying that "Grape-Nuts are fine with cream, but let me tell you what to do when the old cow goes dry." We would further suggest that persons who have trouble in digesting coffee use Postum Food Coffee for the morning meal and try the Grape-Nuts with it instead of with ordinary coffee.

Both Grape-Nuts and Postum contain certain elements that are of great value in rebuilding the human body.
