MADDENED "PEDS" QUIT THE RACE.

Hegelman, Crazed by Lack of Sleep, Assaults His Trainer.

Although twenty-three miles in the lead of their nearest competitors, Hegelman and Cavanaugh may withdraw from the six-day race at Madison Square Garden.

Cavanaugh is not the well-conditioned man he was, and has been suffering untold agony for the last two days. So bad is he that Dr. Scott, of No. 29 West Thirty-seventh street, says his illness may result fatally if he does not quit the race.

A couple of days ago the plucky Irishman became troubled with a toothache, and it later developed an ulceration. With his face swollen and suffering awful torture he plodded along and made no complaint. He could eat nothing in consequence, and the smoking of strong, black cigars on an empty stomach, done to alleviate the pain, upset his stomach very badly. All morning Hegelman, his partner, kept on the track, but he does not look as though he could last much longer.

Dr. Scott lanced Cavanaugh's swollen jaw and pulled the tooth, but the Irishman is still suffering badly. Hegelman since he has been told of the assault he committed on his trainer, Joseph Quirk, with a bottle early this morning, has been badly upset, and in his delirious condition he goes around the track muttering that he did not mean to. When he sees a policeman he shies from him and increases his speed.

So it is that he keeps up a steady running gait, which threatens to wind up in a collapse before long.

With Hegelman and Cavanaugh out, the race would be interesting, for the contest for second place between Shelton and Guerrero and Fahey and Metkus is a pretty one. The latter team is only a few miles back, and in their splendid condition it looks as though they will pass the Cuban and Mexican before nightfall.

CROKER ENDED BY MARTIN'S COUP

Tammany Hall Reorganized and Power Lodged Again with the District Leaders.

James J. Martin, acting for the district leaders of Tammany Hall, last night revolutionized the organization. In place of Tammany's being governed by an Executive Committee composed mainly of men named by Mr. Croker, the thirty-seven district leaders will in the future have absolute power. The leader will be the man the men in charge of the districts may name, and his continuance in power will depend on them. Andrew Freedman and Peter F. Meyer, Mr. Croker's nearest friends, will have no vote in the new committee.

Leader James J. Martin, when asked this morning for an expression of opinion, said:

What It Means.

"It means," said Mr. Martin, impressively, "that Tammany Hall is going back to its original principles, the real Democracy, which means a government by the people. Way back in the history of Tammany Hall the governing body was a committee of twenty-four.

"This committee was made up of the leaders from the twenty-four Assembly districts. As these leaders were elected by the people at the primaries Tammany Hall was in those days governed by the people.

"In 1868 a change was made. The Committees on Law and Municipal Affairs and the chairmen of other committees were made ex-officio members, with the privilege of voting. Then the district leaders were at once placed in a position of minority and constantly outvoted.

How Change Was Made.

"A month or so ago these committees were increased. Seven or eight new members were added. At the first meeting the district leaders noted that the room was uncomfortably crowded. This led to discussion and retrospection.

"It was decided soon afterward that the sooner the organization got back to original principles the better it would be.

"Of course, the members of the various committees are very valuable and their counsel is much desired.

"Everything is harmonious, all see the justice of the proceedings and none is disposed to take affront at being deprived of his voting power. All believe that it is a good thing to get back to government by the people.

The change was brought about last night at a meeting of the Executive Committee of Tammany Hall. Mr. Martin as chairman of the Sub-Committee on Rules offered an amendment to the rules knocking out the non-elective committeemen, which was done.

The boldness and firmness displayed by Martin in his speech to Louis Nixon when the leader visited his district, and his adroitness last night, have stirred Tammany as it has not been stirred in years.

Miserable Mothers.

CHILDREN ROBBED OF THEIR BIRTHRIGHT.

The most serious thing in life is maternity. The child who inherits weakness is handicapped for life in the struggle for existence. The weak and sickly mother surely devotes her offspring to misery and misfortune. The romantic idea of marriage is based on love and love alone. The scientific idea of marriage demands sound health as a basis of matrimony. The utter helplessness of love is written in a thousand experiences of young motherhood. The child the mother would die for cries in her arms, and she is too weak and worn to comfort it. She can do naught but weep in sympathy.

"As surely as the most serious thing in life is maternity, so the most necessary thing for the prospective mother is preparation. For preparation is possible. There is, in general, no need for the weakness and weariness so often associated with

maternity. There is no need for the nervous anxiety, the prolonged birth pangs and after-enervation so commonly experienced by mothers.

In this day even women understand the training necessary for athletic exercise. They know that to successfully sustain the strain of outdoor sports they must prepare themselves by training. And yet the average woman will face the great strain of maternity without the slightest preparation for the extraordinary event before her. Nerves, muscles are all to be submitted to an extraordinary strain and yet there is no attempt to fit them for the ordeal.

PROPER PREPARATION.

The fact needs to be impressed on every woman that she can prepare for the strain of motherhood as she can prepare for any other extraordinary demand to be made upon the vital forces. The nature of this preparation is well set forth in the following letter:

"I take pleasure in informing you of the birth of a boy in perfect health on May 18th, 1899," writes Mrs. L. E. Corti, of Waltonville, Pa., Box 25. "I cannot find words sufficiently strong to express to you my thanks, for the babys' coming was almost without pain, and when my husband arrived with the doctor the child was already born. The neighbors who were with me, and my husband and the doctor could not believe their eyes. Having suffered so much before I never believed myself able to be delivered of a living child. I tell everybody this happy event was due to the help of God and of your medicines. I shall never be without your medicines henceforth and shall never fail in recommending your 'Favorite Prescription.' I have used the medicines which you prescribed with the best results.

"Our hearts are full of gratitude to you for your medicines, which have given us the happiness of having a living child of our own after so much suffering and disappointment.

"I recommend Dr. Pierce's Favorite Prescription to all young women who are in the same condition that I was in as one of the best remedies in existence. I have used eight bottles and find myself in perfect health. Accept my best wishes for your welfare to the end of your days."

Dr. Pierce's Favorite Prescription has been the means of preparing thousands of women for happy motherhood. It prevents or cures nausea, tranquilizes the nerves, encourages the appetite and induces refreshing sleep. It imparts great vitality and muscular vigor, so that the baby's advent is practically painless. It gives the mother strength to give her child, and is an unrivalled tonic for nursing mothers.

WOMEN ARE WARMLY

at the prompt and permanent benefit derived from the use of "Favorite Prescription."

Its effects are not transient and temporary, but they conduce to a condition of womanly well-being which seems oftentimes like a renewal of youth, so marked are its effects and so lasting the vigor which it imparts.

Mrs. Orrin Stiles, of Downing, Dunn Co., Wis., writes: "I have been intending to write to you ever since my baby was born in regard to what your 'Favorite Prescription' has done for me. I cannot praise it enough, for I have not been as well for five years as I now am. In July last I had a baby boy, weight 11 pounds, and I was only sick a short time, and since I got up have not had one sick day. I have not had any uterine trouble since I got up. I was not only surprised myself, but all my friends here are surprised to see me so well."

Dr. Pierce's Favorite Prescription makes weak women strong and sick women well. It corrects irregularity, dries disagreeable drains, heals inflammation and ulceration and cures female weakness.

Thousands of women have been surprised at the cures effected by the patient and persistent use of Dr. Pierce's Favorite Prescription. This medicine has cured diseases which have failed to yield to any other remedy. When doctors have declared a cure was hopeless, and when other medicines have been tried in vain, "Favorite Prescription" has brought about a lasting cure. There is no other put-up medicine specially prepared for woman's use which has so wide and wonderful a cure of womanly diseases to its credit.

Sick people, especially those suffering from chronic diseases, are invited to consult Dr. Pierce by letter *free* and so obtain without charge the opinion of a specialist on their ailments. All correspondence strictly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

The dealer who offers a substitute for "Favorite Prescription" does so to gain the little more profit paid on the less meritorious medicines. His profit is your loss, therefore accept no substitute.

FREE TO WOMEN.

Dr. Pierce's Common Sense Medical Adviser is sent *free* on receipt of stamps to pay expense of mailing *only*. Send 21 one-cent stamps for book in paper covers, or 31 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

POLICY KING HEARD A POLICY SENTENCE.

"AL" ADAMS IN COURT WHEN GAME WAS DENOUNCED.

Judge Cowing in Strong Words Declared that the Nefarious Form of Swindling Must Stop.

"Al" Adams, the "policy king," and his seventeen colleagues, caught in Capt. Norton Goddard's sensational raid last December, received what was regarded as an intimation of the fate that awaits them as they stood before Judge Cowing in Part I. of General Sessions to-day.

Adams and his companions were waiting to plead "not guilty" to the charges against them arising out of the raid.

Before they were called, however, Judge Cowing passed sentence on Henry Hall, charged with gambling and the first person to be tried and convicted under the new policy law.

"My associates and myself," said Judge Cowing to the prisoner, "consider it a necessity to have the crime of policy exterminated. And we realize that we shall be compelled to us the severest measures possible to accomplish that end.

"Policy is a mean crime. It is despicable. It saps the vitality of the poor, takes the earnings of the workingman and leaves his family and himself absolutely destitute.

"I understand that there are three or four men who have kept very far in the background in this policy game, and who have become enormously rich through the losses of the poor. They met in secret and decided on the winning list of numbers. The promoters of this nefarious game made millions.

Adams and his fellow-prisoners listened intently to the Judge, and shifted about uneasily. Adams appeared relieved when the Court concluded. He and all the others pleaded not guilty.

Assistant District-Attorney Byrne, who appeared to prosecute, said that the People would be ready for trial in three weeks, the evidence being almost in shape for presentation.

ACTION WAS INFORMAL.

Cranborne Explains Pauncefote's Conduct in Spanish-American War.

LONDON, Feb. 14.—The Parliamentary Secretary for the Foreign Office, Lord Cranborne, replying in the House of Commons to-day to a question of Henry Norman (Liberal) on the subject of the action of the British Ambassador at Washington, Lord Pauncefote, April 14, 1898, said:

"The meeting which occurred April 14, 1898, was convened by Lord Pauncefote, as dean of the ambassadors, at the verbal suggestion of some of his colleagues. Whatever opinions were expressed by Lord Pauncefote during the discussion, which was of an informal character, were personal to himself, and not pursuant to instructions from Her Majesty's government.

THE WINNERS AT NEW ORLEANS.

MAIDEN 2-YEAR-OLDS FURNISH THE FEATURE.

Big Crowd at the Race Track This Afternoon—Weather Warm—Card Poor.

(Special to The Evening World.)

RACE TRACK, NEW ORLEANS, Feb. 14.—Overcoats and heavy wraps were a burden here this afternoon, owing to the warm weather. It was like a summer day, and even with light material it was uncomfortable. A very large crowd made the journey to the track, but those who expected to escape from the heat of the city were very much disappointed, as there was not a breath of air stirring.

The card of races was not at all promising, as it was of the usual Friday order and a very ordinary lot of horses. The second race, which was for maiden two-year-olds, was the best event owing to the many new-comers. Five of the seven named to start were making their debut as racers and all of them were touted as sure winners. Rococo, a colt from the stable of A. H. and D. H. Morris, by Ornament—Lizzie Baker, and a half-brother to that good horse The Friar, was said to be a world beater. His trainer, Robert Walden, made no secret of the fact that he is a first-class colt, and Walden thinks so much of the youngster that he said he ought not to run him here. Rococo's race to-day is to fit him for the Premier Stakes, the last two-year-old race decided at the meeting, the distance of which is five furlongs.

FIRST RACE

For three-year-olds; seven furlongs.

Starters, wgts., jocks.	St.	1/2	Fin.	Straight Pl.	Betting
The Don, 107, Odom	3	1½	1½	6½	1-2
Panther, 107, Dade	6	2	2	2	8-5
Sir Cecil, 99, Dean	2	4	3½	3	6-5
Frank Jones, 107, Burns	5	3½	4	12	4
Insolence, 105, Lindsey	1	6½	5	60	15
S. Houston, 110, Young	7	5½	6	8	3-2
Katherine, 98, Meade	4	7½	7½	50	20
Corinne, 98, Wallace	8	8	8	60	20

Start fair. Won driving. Time—1:29.

Three-year-olds which had not won a race since Dec. 1 ran seven furlongs in the opening race and, although only eight ran, it was a good betting race. The Four Hundred was the selection of the form players and was made the favorite, but Panther was a strong second choice, owing to some reported fast work. Chickadee and Sam Houston were also well backed. The field were sent away after a few minutes' delay and Insolence, The Four Hundred and Chickadee raced heads apart for a quarter of a mile. The Four Hundred then drew away and, turning into the stretch, looked like an easy winner. Then Panther closed with a rush, and as The Four Hundred was tiring Odom had to sit down and ride in order to get The Four Hundred home a winner by a length. Chickadee finished third, three lengths after Panther.

SECOND RACE

For two-year-olds; three and a half furlongs.

Starters, wgts., jocks.	St.	1/2	Fin.	Str. Place	Betting
The Don, 116, Walsh	3	4½	1½	6	2
May Allen, 107, Lindsey	5	1½	2½	8	5-2
Royal Deceiver, 105, Dean	6	2½	3½	16	4
Rococo, 110, Lyne	1	3½	4	1	6-5
Olivero, 108, Odom	4	6½	5½	10	4
Julia Lislem, 103, Brennan	2	5½	6½	8½	3-5
Panhandle, 110, Young	7	7	7	8	3-2

Start good. Won driving. Time—0:43.

Seven maiden two-year-olds ran three and a half furlongs in the second race, and in spite of the strong tip on Rococo, Julia Lislem was the favorite and backed from 5 to 2 to 8 to 5. Rococo was second choice at 3 to 1, while there was a steady play on The Don, Panhandle and May Allen. The winner of the race was The Don, while the two well-backed choices failed to land in the money. Rococo broke in front, but May Allen rushed by him, and taking a lead held it to the last furlong pole. The Don then closed with a rush, and getting to the front in the last few strides won a good race by a head, while May Allen lasted long enough to secure second money from Royal Deceiver by a neck.

THIRD RACE

Selling; mile and a sixteenth.

Starters, wgts., jocks.	St.	1/2	Fin.	Straight Pl.	Betting
Zack Phelps, 101, Minder	7	4½	1½	9½	12
Uncle Tom, 102, Miller	9	1½	2½	8	3
El Moran, 107, Miles	4	7½	3½	100	30
Dandy H., 107, Dangman	11	8½	4½	16	5
Precursor, 107, Gormley	6	5½	5½	15	6
Joe Collins, 95, Helgerson	2	9½	6½	2	7
The Messenger, 104, Lyne	3	2½	7½	2	1
St. David, 98, Boyd	8	3½	8½	7½	9-5
Afra, 97, Rice	5	11½	9½	60	20
Azua, 102, Dean	1	10½	10½	9	3
Bequeath, 104, Brennen	10	11½	11½	20	8
Glade Run, 102, Hoar	12	12	12	12	1

Start good. Won driving. Time—1:49 1-5.

A selling race for four-year-olds and upwards was the third event run off and several horses were well backed. The Messenger held the position of favorite with St. David second choice, while Azua, Uncle Tom and Joe Collins had numerous supporters, the last named going backed from 20 to 1 to 7 to 1. Neither one of the well-backed horses won. The winner was Jack Phelps at 40 to 1. The Messenger, Afra and Azua alternated in the lead until the stretch was reached, where Uncle Tom showed in front. He looked all over the winner until the last hundred yards, where Jack Phelps closed with a rush and got up in time to win by a neck. Uncle Tom beat El Moran a length for second money.

VANDERBILTS TO FIGHT STEEL TRUST.

WALL STREET SEES TROUBLE AHEAD FOR MORGAN.

Incorporation at Albany of New $40,000,000 Company Taken as Evidence of Opposition.

Are the Vanderbilts going to organize an opposition to J. P. Morgan's Billion Dollar Steel Trust?

Wall street believes they intend to do so, and points to the news from Albany this afternoon as confirmatory evidence.

The despatch telling of the incorporation at Albany of the Lackawanna Steel Company, with a capital of $40,000,000, to manufacture iron, steel and other metals, to own lumber lands, furnaces, mills, elevators, water-works, etc., is regarded as highly significant of a Vanderbilt intention to fight the steel trust.

The additional fact that H. McK. Twombly and D. O. Mills of New York, and H. A. C. Taylor, of Newport, are in the directory of the new corporation adds weight to the Wall street view.

The Lackawanna Iron and Steel Company, of Pennsylvania, which is the parent company of the Albany corporation, was organized in Pennsylvania in 1881.

It owns extensive iron and steel works at Scranton and blast furnaces at Lebanon, Pa.

In 1899 it purchased land for the erection of a giant steel rail and billet plant at Stony Point, west of Buffalo, with a capacity of 1,000,000 tons of steel a year.

The capital of the parent company is $25,000,000. Included in its Board of Directors are Cornelius Vanderbilt, Austin Blair, Moses Taylor, Warren Delano, D. C. Blair, W. E. Dodge and M. Taylor Pyne. Only one member of its board—W. E. Dodge—is connected with the Steel Trust.

BIG NEW STEEL COMPANY.

Incorporated To-Day at Albany with Capital of $40,000,000.

ALBANY, Feb. 14.—The Lackawanna Steel Company, of West Seneca, Erie County, was incorporated to-day with a capital of $40,000,000.

The directors are H. McK. Twombly and D. O. Mills, of New York; Henry A. C. Taylor, of Newport, R. I.; J. G. McCullough, of North Bennington, Vt.; H. Walters, of Baltimore, Md., and Samuel Mather, of Cleveland, O.

The company pays to the State a tax on organization of $20,000.

BILLION TO BETTER RAILROAD SERVICE.

LINES FOCUSING HERE TO SPEND ALMOST HALF OF IT.

Metropolitan Directors Meet To-Day to Consider $20,000,000 Issue.

All previous records of steam and trolley railroads for expenditures for improvements, equipments and extensions are broken by the announced statements of a dozen or more of the systems which either enter New York or have important connections here.

If the published plans are carried out the roads mentioned will need these sums, which must be provided for this year:

Brooklyn Rapid Transit—For extensions and improvements	$150,000,000
Metropolitan Street Railway Company—For its plan of organizing a holding securities company	30,000,000
Pennsylvania Railroad—For equipment and extensions	30,000,000
Delaware, Lackawanna and Western—For improvements	2,000,000
Illinois Central—Roadway improvements and equipment	13,000,000
Atchison—Completion of other roads and new equipment	30,000,000
Union Pacific—Extensions into Hill territory and improvement of Oregon Short Line	20,000,000
Southern Pacific—Changing motive power and for equipment	10,000,000
Baltimore and Ohio—Improvement of Western lines and new acquisitions	20,000,000
New York Central—Grand Central Terminal and improvements between New York and Buffalo	10,000,000
Pittsburg and Lake Erie and the Erie—For car shops, equipment and feeder tracks for 69 miles	10,000,000
Chicago, Milwaukee and St. Paul—Improvements in roadway	5,000,000
Roads in Billion-Dollar Trust—For enhancing Northern Pacific and completing Burlington and Great Northern	10,000,000
Total	$320,000,000

Most of this enormous total has already been provided for, but the B. R. T. and the Metropolitan bonds are yet to be issued.

The Metropolitan Board of Directors meet to-day to pass upon the proposed issue, while the B. R. T. stockholders have until March 20 to think the matter over.

J. P. Morgan & Co. financed the Atchison issue of $30,000,000, and announced that all were disposed of the second day after the public was allowed to subscribe.

Other roads not included in the list will also spend millions in improvements and extensions during the present year, so that the outlay for the twelve months for all roads will doubtless exceed a billion dollars.
