COPPER KINGS DODGE COURT.

William Rockefeller and Stillman Evade Subpoenas.

HURRIEDLY LEAVE CITY.

Were Expected to Testify in Amalgamated Litigation Next Monday.

William Rockefeller and James Stillman, two of the richest and most influential directors in the great Copper Trust, have dodged Judge Lacombe, of the United States Circuit Court, and have gone for an extended tour of the South.

They left New York yesterday afternoon, although Judge Lacombe on Wednesday issued subpoenas directing them to appear Monday next before Commissioner William Klein, at No. 25 Broadway, to testify in a pending case. The subpoenas had not yet been served.

Henry H. Rogers, Percival A. McIntosh, Frederick P. Olcott, Anson R. Flower, Leonard Lewisohn, Adolph Lewisohn and A. C. Burrage, also directors of the Copper Trust, who have likewise been subpoenaed to appear Monday, will now probably refuse to do so.

An order adjudging Millionaires Rockefeller and Stillman in contempt of court will be asked for by the Montana Ore Purchasing Company, interested in the case, and they will be called to give reasons for not testifying.

William Rockefeller, while not as rich as his brother, John D. Rockefeller, is many times a millionaire and James Stillman, as head of the National City Bank, is one of the best-known men in the financial world.

The two incurred the displeasure of John D. Rockefeller and J. Pierpont Morgan in the recent sensational fluctuations in Amalgamated Copper and it was reported that they had been caught "short" on copper and severely squeezed by Morgan and John D. Rockefeller.

"Mr. Rockefeller and Mr. Stillman will be guilty of contempt of Court if they do not appear before Commissioner Klein Monday," said one of the attorneys connected with the litigation.

"It is true that the examination may take some time, but it is also true that both Mr. Rockefeller and Mr. Stillman were included in the list of the directors subpoenaed to appear Monday. They have no right to assume that they will not be called Monday, and their failure to appear at that time will be contempt of Court and the United States Court at that."

MR. MARQUAND'S FUNERAL.

Many Prominent Men at the Ceremony.

The funeral of the late Henry G. Marquand took place to-day at the Fifth Avenue Presbyterian Church. Rev. Thomas C. Hall, of Union Theological Seminary, assisted by Dr. Van Dyke, officiated.

There were no pallbearers. The body was taken to the train for shipment to Newport, R. I. The interment will be to-morrow.

Besides the immediate family of the deceased there were present J. P. Morgan, Morris K. Jesup, Gen. di Cesnola, Richard Hunt, Milton S. Barker, John T. Terry, Parke Godwin and representatives of the Equitable Life, Mercantile Trust Company, American Institute of Architects, the Metropolitan Museum, other organizations with which Mr. Marquand was connected.

MUST HAVE LOWER TARIFF.

Cuba Needs It, Says President-Elect Palma.

CENTRAL VALLEY, N. Y., Feb. 28.—Thomas Estrada Palma, President-elect of Cuba, says that the future of Cuba depends on the prosperity of the sugar industry, and he believes that a reduction of at least 50 per cent. in the tariff on sugar is necessary to give the planters a profit.

LONDON MARKET DULL.

Prices in American Railway Department at New York Parity.

The London market to-day was dull and featureless in all departments.

Trading in American railway securities was quiet and prices were generally at about yesterday's New York closing figures.

The home department was heavy in tone. Kaffirs displayed weakness in sympathy with the rest of the market.

The Cotton Market.

The local cotton market opened quiet to-day, with prices 1 to 4 points higher. The tone was steady at the start.

May was in demand from shorts at 8.41 and July at 8.46.

Traders were very cautious on account of the prostration of the wires South and West. The severe storm the Eastern belt caused a little uneasiness among the local bears. Liverpool cables were friendly.

The opening prices were: March, 8.38 bid; April, 8.37 to 8.38, May, 8.41 to 8.43; June, 8.43 to 8.45; July, 8.41 to 8.45; August, 8.31; September, 8.07 to 8.08; October, 7.91 to 7.93.

New York's closing prices were: March wheat, 82 1-4 bid; May, 82 3-4 bid; July, 82 5-8; September, 81 1-2 bid. May Corn, 67 1-2; July, 66 5-8 bid; September 65 1-2 nominal.

Chicago's closing prices were: February wheat, 74 3-8 nominal; May, 76 3-8 to 77; July, 77 3-4 bid; September, 77 5-8. February corn, 60 1-2; May, 62 1-8 to 62 1-4; July, 61 3-4 bid; September, 60 bid.

The Wheat Market.

The wheat market to-day was a shade off at the start.

Weather reports and firmness in coarse grains, particularly in Chicago, checked much selling.

St. Louis and the West is still cut off on account of the storm.

New York's opening prices were: May wheat, 82 1-8 to 82 1-4; September wheat, 80 7-8 to 81. May corn, 66 3-4.

Chicago's opening prices were: May wheat, 76 1-8 to 76 3-8; July wheat, 77 1-2; September wheat, 76. May corn, 60 1-2; July corn, 61 1-4 to 61; September corn, 60.

The closing prices were: March, 8.72 to 8.73; April 8.69 to 8.70; May, 8.54 to 8.55; June, 8.53 to 8.55; July, 8.54 to 8.55; August, 8.39 to 8.40; September, 8.11 to 8.12; October, 7.99 to 8.00.

PUBLIC KEEPS OUT OF STOCK MARKET.

TRADING GENERALLY LIMITED TO PROFESSIONALS.

Prices Advanced Fractionally After the Opening and Tone was Fairly Good.

The early trading in the stock market today was dull and uninteresting.

Prices at the opening were generally at about last night's close. Some of the more important stocks were up fractionally.

There was no decided movement at the start. After the first fifteen minutes of trading the list took on a steady tone and prices were generally advanced.

The trading was entirely professional. The speculative public seem to be holding off for the present.

The Pacifics displayed fairly good strength at the start, opening fractionally above last night's close.

American Ice was up 1-2 to 2S and gained more strength later.

The local traitions were strong at the start, but not very active.

The general tone continued firm.

In the early afternoon a general weakness developed. The Pacifics went off considerably below the opening and the rest of the market sagged in sympathy.

The trading continued dull.

Later in the day the list recovered a trifle, but was generally weak up to the close.

The closing was dull and irregular, with prices a little better than the lowest point of the day.

The total sales of stocks were 114,00 shares and of bonds $3,200,000.

$150,000,000 PIG IN B. R. T.'S POKE.

STOCKHOLDERS DON'T KNOW WHAT THEY'RE TO PAY FOR.

Books for Special Meeting of March 20 Close To-Day—Quotations Advance.

The books for the special stockholders' meeting of Brooklyn Rapid Transit close to-day.

At the special meeting to be held March 20 the stockholders are to vote on the proposed issue of $150,000,000 new bonds.

Many of the stockholders are uncertain what course to take because of the lack of information from B. R. T. officials as to the use to be made of this enormous sum of $150,000,000.

The mortgage is to cover all the stocks and bonds and all property now owned or to be acquired by the road, subject to the $1,000,000 now on it. But the "projected improvements" suggested by the company are not outlined in its circular.

B. R. T. stock, which has had a steady rise for three days, is said to have been largely bought for voting purposes, the predominating element taking no chances on the outcome of the special meeting.

ATTACKS SECOND MORTGAGE POLICY.

KILBURN RENEWS FIGHT WITH LOAN ASSOCIATIONS.

Advises Also in Annual Report Limiting of Loan Territory and Other Restrictions.

(Special to The Evening World.)

ALBANY, Feb. 28.—State Superintendent of Banks Kilburn, in his report relative to building and loan associations, submitted to the Senate to-day, again attacks the second mortgage loaning scheme, and, in addition, proposes to limit loaning territory.

This renews the battle that has been waged for a number of years between Supt. Kilburn and building and loan associations. The Superintendent says specifically:

"I think it advisable to renew at this time the recommendations contained in that portion of my report which was submitted to the Legislature on the first day of last January, which is as follows:

"First—That the loaning territory of such corporations be limited by statute.

"Second—That the practice of treating the gross premium charged borrowing members and included in mortgage loans as a point wholly earned by the association and immediately available for the apportionment of dividends and the payment of officers' salaries and other expenses be prohibited.

"Third—That the expense deductions from the dues and stock payments made by members be prohibited, and such corporations required to pay expenses from earnings in the same manner as other financial institutions.

"Fourth—That all such corporations, without regard to the time of their organization, the laws under which they were incorporated or the length of time that they may have engaged in the practice, be forbidden to make further loans upon the divided or second mortgage plan."

GERMAN DUTY ON MAIZE.

Fixed at Five Marks Per Ton, an Increase of Three Marks.

BERLIN, Feb. 28.—At to-day's session of the Tariff Committee of the Reichstag the Government proposed to make the duty on maize four marks per 1,000 kilograms (one ton), instead of two marks, the present duty.

The Committee eventually adopted a duty of five marks per 1,000 kilograms on maize.

RECEIVER NAMED FOR THREE LINES.

STATEN ISLAND TROLLEY ROADS IN TROUBLE.

New Jersey and Staten Island Ferry Company Included in Suit.

The Staten Island Electric Railroad Company, the New York and Staten Island Electric Company and the New Jersey and Staten Island Ferry Company were placed in the hands of John Greenough as receiver to-day by the Supreme court.

The obligations of these companies represent several millions of dollars and are held chiefly by some of the largest financial institutions and capitalists in this city.

It was understood that the application for a receiver was friendly and was taken as preliminary steps toward a reorganization and consolidation of the various interests.

$57,000,000 DIVIDENDS.

Wall Street Will Disburse a Fortune To-Morrow.

Wall street will begin to-morrow payment of March interest and dividends.

It is estimated that the total disbursements of interest on bonds and dividends on stock will aggregate $57,000,000, or nearly $6,000,000 more than for the same month last year.

The dividend disbursements on industrial stocks alone are computed at $28,856,061.

TOO FREE WITH PISTOLS.

Charges Preferred Against Policemen McGee and Van Winkle.

At the request of Commissioner Partridge, Senior Inspector Cortright to-day filed charges against Policemen McGee and Van Winkle for indiscriminate use of their pistols in their futile attempt to catch a person who had stolen a nickel from an Italian in City Hall Place last night. Both defendants will be placed on trial at Headquarters next Thursday.

Lotos Club Dinner to Funston.

The Lotos Club will give a dinner on Saturday, March 8, to Gen. Frederick Funston. A reception will be held in the Directors' room from 6.30 to 7 P. M.

MONEY TO CARRY ON TELEPHONE STRIKE

WASHINGTON MAY SEND A FUND OF $9,000.

Linemen Say Company Has Not a Man to Do Its Work.

Unless the strike of the telephone linemen is settled this week President W. A. Jackson, of the International Electrical Workers' Union, will come from Washington on Monday with $9,000 to carry on the strike.

This information was received at the headquarters of Local Union No. 20 at No. 143 Bowery. No. 20 has enrolled all the outside linemen employed on telephone work in Greater New York, Westchester County and one-distance circuits as far as Greenwich, Conn. Every member is now out and the officers of the union declare the telephone companies are crippled badly.

An additional one hundred men quit work this morning. These were not members of the union, but had been brought here recently by the companies to augment the construction forces.

A strike headquarters it was declared that the N. Y. & N. J. Telephone Company did not have a man to do line work.

In Brooklyn the effect of the strike is felt more severely. Dozens of wires were wrecked during the storm of last week and they are still down. It is almost impossible to get communication with Bath Beach and Coney Island.

TRUST CONTROLS RIFLES.

Hoadley-Cramp Syndicate Secures Driggs-Seabury Company.

Through the purchase of the Driggs-Seabury Arms Company, of Derby, Conn., by President Joseph H. Hoadley, of the American Ordnance Company, the Hoadley-Cramp syndicate has complete control of the manufacture of rapid-fire ordnance, having previously acquired the latest type of Maxim, the Driggs-Schroeder, Driggs-Seabury, Hotchkiss and Dashiel guns.

The entire properties will shortly be amalgamated under the title of the American Ordnance Company, which will be capitalized at $10,000,000.
