LOVE TRAGEDY BEHIND SUICIDE.

L. L. Betting, Importer, Killed Himself in the Park View Apartment House.

A love affair is thought to be back of the suicide of Louis Leon Betting, who killed himself in his room in the Park View apartments, Nos. 222-224 West Fifty-ninth street, to-day. His brother, Dr. H. N. Betting, says that the suicide was caused by worrying over imaginary business troubles, but it is known that Mr. Betting was in love with a young woman who lives in New Jersey and that she took dinner with him at the Park View last night.

Mr. Betting was thirty-four years old, an importer of ostrich feathers, with a place of business at No. 56 Eighth street. He lived with his brother and his sister Louise, both unmarried, in the Park View.

Louise Betting went to the room of Louis at 8 o'clock this morning to call him to breakfast. She found him lying on the bed with a wound in his temple. A pistol lay on the floor. Miss Betting ran to the apartments of Dr. De Barle, near by. The doctor arrived just as Mr. Betting was breathing his last.

Coroner Scholer was notified and went to the house with Capt. Schmittberger, of the West Forty-seventh street station. Dr. Betting said that his brother had left a letter in which he begged for forgiveness for his act, explaining that he had been suffering from headaches and had contemplated doing away with himself for a long time. The letter also stated that a will had been drawn up a week ago and properly deposited with a lawyer.

A. J. WHITEMAN IS AGAIN FREE!

Released on His Own Recognizance by the District - Attorney's Request.

Congratulations are again in order for Alonzo J. Whiteman, former State Senator of Minnesota, Mayor of Duluth, member of the bar, millionaire, college graduate and clever "con" man.

Once more the prison doors, which so often have yawned for him and more than once closed on him, have been shut with the irrepressible Alonzo on the outside, a free man.

The danger that menaced him this last time arose over a misunderstanding about a paltry $100-check—very small game for Alonzo. He was indicted for passing a bogus check for this amount on the Hotel Navarre a year ago in March. He was tried before Justice Foster and being found guilty sentenced to two and a half years in the penitentiary.

Having engagements with the courts of one or two other States it was necessary for him to be at liberty to keep them so he appealed and was released on $2,500 bail. Recently the Appellate Division of the Supreme Court reversed the verdict against him, holding that, while the circumstances were suspicious, they did not preclude the theory of the innocence of the defendant.

DO NOT NEGLECT THE LITTLE ILLS OF TO-DAY.

The Use of

PAINE'S Celery Compound

Will Eradicate from the Blood and System the Seeds of Disease.

As grains of sand make our lofty mountains, drops of water the mighty ocean, and as our massive buildings are made of one brick piled upon another, so do the little ills of life contribute to the building up of deadly diseases in the body.

Experienced medical men claim that fully three-fourths of our men and women enter the summer season with little ills and symptoms of disease, which must develop into serious and fatal troubles if not banished at once.

We hear our friends complaining daily of rheumatic tendencies, sharp and darting neuralgic pains, dyspepsia, pains in the side and back, nervousness and sleeplessness; and we see with our own eyes the effects of impure blood in facial blotches, eruptions and sores. The little ills and pains of to-day build up the alarming and fatal diseases that follow days and weeks of neglect.

Wise and intelligent people who have looked into the claims of Paine's Celery Compound and followed its remarkable cures of relatives, friends and neighbors use it themselves with faith and confidence to banish their symptoms of coming troubles, to cleanse the blood, to re-establish nerve force, energy and bodily strength, so that they will be in condition to withstand the enervating effects of the coming hot weather.

In every community where Paine's Celery Compound has been used at this season to banish disease it is regarded as a godsend. Workers in offices, shops, factories, and weary and run-down wives and mothers in their homes have thanked heaven for Dr. Phelps' marvellous prescription, because it made them well. Try a bottle or two, ye who are ailing and sick; it will give you what you most stand in need of—health and new life.

Diamond Dyes Color anything any color. Never fail! Always sure!

ALL NEW YORK TURNS OUT TO WELCOME FRENCHMEN.

(Continued from First Page.)

[illegible], and thence through to Washington Square. Past this line the visitors rode, escorted by the French soldiers and a detail of mounted policemen. As they passed along the soldiers and marines fell in line, and when the reviewing party reached the stand at Madison Square the line was ready to pass by.

The ladies of the party, who had been set ashore at the foot of West Forty-second street, joined the gentlemen at the reviewing stand. A tremendous crowd gathered about the stand and great enthusiasm was manifested. Between the marching soldiers, the cheering crowds and the towering Flatiron building, upon which workmen ran to and fro on steel beams so high in the air that they looked like midgets, the French visitors had plenty to occupy their eyes and minds.

The military escort consisted of the First and Second brigades of the National Guard, Squadron A and Troop C, and the naval militia and marines from the Kearsage, Alabama and Olympia and a detachment from the Gaulois.

After the parade Mayor Low will pay a formal call on the delegation at the Waldorf-Astoria.

Residences and business houses all along the line of march compiled very generally to-day with the Mayor's request for the display of the French and American colors.

Thirty Crooks Corralled.

The crooks of the town anticipated a fine harvest to-day during the parade. Those who escaped Capt. Titus's clutches doubtless will have it, but there are thirty of them who won't. They were picked up by Central Office men all over town last night and locked up at Police Headquarters to keep them out of mischief. They will be held until to-morrow.

In the lot captured are some of the best known pickpockets in the city.

The awarding of a contract of considerable proportions for city printing to a Grand Rapids, Mich., firm by the Board of City Record, was condemned in a resolution offered by Alderman Culkin and adopted by the Board. The resolution declared that the contract was let in direct opposition to the protests of the union printers of this city.

HOW ALDERMEN DRESS TO RECEIVE VISITORS.

Members of the Board of Aldermen presented a rather incongruous appearance this afternoon when the French visitors reached City Hall. Notice was sent out by the City Clerk yesterday, asking the Aldermen to wear "black silk hats."

Some followed the suggestion of Mr. Scully and wore high hats and frock coats, while others came in the usual garb of warm weather. Alderman Seebeck wore a checked suit and light cravat, and Alderman James Gaffney wore a cutaway coat and derby hat. The other extreme was taken by Alderman Downing, of oratorical fame, who wore a silk hat, sack coat and a baggy trousers.

There was considerable amusement over some of the decorations. Those used supposedly for the tri-color were correct as to colors, but not as to form, running vertically along instead of horizontally, thus making the colors Belgian instead of French.

The Mayor was told of the error and gave orders to have the decorations changed at once.

ROCHAMBEAU PARTY SEES WEST POINT.

WEST POINT, N. Y., May 27.—Count De Rochambeau and party arrived over the West Shore road at 9 A. M. and were met by the academy board. Escorted by a detachment of cavalry they were driven in a pouring rain to the academy, passing the cadets standing at present arms and the band playing national anthems.

The party proceeded to the parade grounds, and with the rain falling in torrents, headed by the count, walked around the entire six companies and inspected them. The cadets then passed in review before the party. An athletic exhibition was given in the gymnasium at which Count De Rochambeau congratulated the cadets on their ability.

An inspection of the various buildings and departments was made and a photograph of the party was taken on the chapel steps.

Before leaving for the dock the Count addressed the cadets, speaking in so low a voice that it was almost inaudible. He congratulated the young men on their fine appearance and soldierly bearing, saying their country had reason to be proud of their services.

TROLLEY ROPE SNAPPED HIM UP.

Newark Conductor Pulled from His Car and Might Have Been Hanged—Leg Broken in Fall.

(Special to The Evening World.)

NEWARK, N. J., May 27.—George V. Hall, a conductor on the Belleville avenue line of the North Jersey Traction Company, met with a peculiar accident while on duty. He was standing on the rear platform of his car when the trolley pole slipped from the wire. The rope in the meantime got twisted about the conductor and before the astonished man could realize what had happened he was jerked bodily from the car into the air and but for the breaking of the rope might have been hanged. He was badly injured about the body and one of his legs was broken in the fall.

NO PERMIT; NO AWNING.

Police Stop Work of Putting Covering Over Battery Pier.

The Battery pier, used by the Liberty Island, Rockaway and Long Branch boats, is to get a covering.

Early to-day a gang of men under Assistant Dock Department Engineer Belknap went to work to put up the covering—an iron awning—when the police stopped them because there was no written permit from the Park Department.

After a squabble in which the police, the Dock Department and the Park Department had a hand, it was agreed to secure a permit.

NEW PARK APPOINTEES.

Two Offices Just Created Filled by Commissioner Willcox.

President Willcox, of the Park Board, announced to-day appointments to two new offices created by him. The men are William E. Weeks and Thomas F. Murphy, who are now assistant superintendents of parks.

Mr. Weeks takes the place of John J. Quinn, who was Superintendent of Speedways, a position now abolished, and Mr. Murphy's position corresponds with that of the former Foreman of Small Parks, a position also abolished.

LE MOULT DISCHARGED.

Larceny Charge in Mortgage Transaction Did Not Hold.

Adolph Le Moult, the florist, of No. 311 Bowery, was discharged in the Coney Island Court to-day on the larceny charge made by John Furber, of Eighty-sixth street and Stillwell avenue, Brooklyn. The accusation grew out of a mortgage transaction, and Le Moult proved that he acted in good faith.

When the case had been concluded Le Moult's lawyer served Furber with papers in a $50,000 damage suit.

FINED FOR BALL PLAYING.

Magistrate Brann Scores Youths Arrested in a "Round Up."

So many windows have been broken, so many horses frightened and so many persons hit by baseballs on the upper east side that Capt. Lantry had a round-up made yesterday of baseball players in the streets.

Seven boys under sixteen years of age, who were playing "fungoes," four more between sixteen and eighteen years of age, playing "one-old-cat," and two others, twenty years old, "having a catch," were arrested.

Magistrate Brann to-day let the seven little fellows go fined the four between sixteen and eighteen years $3 each, and the two, twenty years old, $5 each. He reprimanded them all, saying:

"Your arrest and fine interferes with your progress in life, and you have disbarred yourselves from being policemen or firemen."

"TELEPHONE GIRL" IN COURT

Application Made to Enjoin the Production of the Play.

An application was made to Justice Greenbaum, in the Supreme Court to-day, on behalf of the Lederer Amusement Company, for an injunction restraining Kathryn Osterman Rosenthal, Jacob J. Rosenthal, her husband, and William T. Keogh, manager of the New Star Theatre, from producing the play entitled "The Telephone Girl." It is also asked that the defendants be enjoined from in any way disposing of any of the scenery, costumes or properties of the play.

It is alleged that the defendants contracted to produce "The Telephone Girl" and agreed to pay the complainant company certain royalties. The defendants were also to pay certain royalties to Hugh Morton and Gustav Kerker. The royalties, it is alleged, have not been paid. When the matter came up for a hearing to-day it was adjourned upon the application of counsel for the defendants.

Curse of DRINK

CURED BY WHITE RIBBON REMEDY.

Can Be Given in Glass of Water, Tea or Coffee, Without Patient's Knowledge.

White Ribbon Remedy will cure or destroy the diseased appetite for alcoholic stimulants, whether the patient is a confirmed inebriate, a "tippler," social drinker or drunkard. Impossible for any one to have an appetite for alcoholic liquors after using White Ribbon Remedy.

Endorsed by Members of W. C. T. U.

Mrs. Moore, Press Superintendent of Woman's Christian Temperance Union, Ventura, Cal., writes: "I have tested White Ribbon Remedy on very obstinate drunkards, and the cures have been many. In many cases the remedy was given secretly. I cheerfully recommend and indorse White Ribbon Remedy. Members of our Union are delighted to find a practical and economical treatment to aid us in our temperance work."
