TROTTING ON THE FASHION COURSE, L. I.

Yesterday afternoon a sweepstakes trot for $150 took place on the Fashion track between R. Ogle's bay gelding Red Rover, T. Casey's bay mare Anna, and J. Haslett's brown gelding, mile heats, best three in five, in harness. The weather was intensely cold, and not over a score of people were present to witness the race, which was uninteresting throughout, and not worthy of a detailed report. Red Rover was the favorite at two to one before the race, which he won in four heats, Anna taking the first. We give the

SUMMARY:

RUNNING RACE AT PATERSON.

To-day a match race, dash of one mile, for $200, takes place over the Paterson Course, N. J., between J. Hinchman's ch. c. Boaster, 4 years, 108 pounds, by Eclipse dam Variety, and Dr. Weldon's b. g. Jubal, 5 years, 111 pounds, by Bairownie, dam Julia. Both are well-known fast race-horses, and have twice met before on the Jerome Park Course; Jubal winning a magnificent race by a neck on the first occasion, in a large field of horses, in which Boaster was second; and the latter winning by the same distance from his previous conqueror, in the selling race at the recent Fall meeting on the above-named Course. There has been little betting as yet on the race, but Boaster had slightly the call in the pools sold at Riley's Rooms, corner of Broadway and Twenty-eighth-st., last night.

THE KNOX HAT.—The Knox Hat is novel and faultless in form, light, durable, and appropriate to all wearers. No compliment of equal comprehensiveness can be paid any imported production, or any of the home-made articles, that are regarded as utterly worthless by fashionable critics. The KNOX Fall style (to be admired at No. 212 Broadway) is, this season as heretofore, the tile.

DOMESTIC PORTS.

BOSTON, Dec. 3.—Arrived, steamship McClellan, from Baltimore.

SAN FRANCISCO, Dec. 2.—Cleared, ship Golden Sea, for Liverpool. Arrived, ship Gold Hunter, from Boston. Sailed, ship John Nicholson, for Liverpool.

DISASTERS.

BOSTON, Dec. 3.—The ship Garden Reach is below, from Calcutta, at anchor two miles outside of Minot's Light, with her masts cut away. She was in the Bay during the snow-storm of Thursday night, and to prevent a more serious disaster, it was deemed necessary to free the ship of her masts. Steam tugs have started to tow her to this port.

SAVINGS BANK and LIFE ASSURANCE combined is the new and very important feature introduced by the ECONOMICAL MUTUAL LIFE INSURANCE CO., securing by such combination either of the three great essentials of life, viz: a "capital for business or family purposes," a "provision for old age," or "a legacy for one's family." Some of the other advantages offered by the Company are—

First: Its security; the Company have $1,220 assets for every $1,000 liabilities.

Second: It is, and professes to be, a real Mutual Economical Company, established and conducted purposely and solely for the entire benefit of the insured, as a close scrutiny into its expenses and investments will prove; consequently,

Third: It can afford to charge lower rates than any other mutual company; thus the insured at once reap the advantages justly due them.

Fourth: Premiums not only not forfeited, but a paid-up policy with dividends issued after the first payment if required.

Fifth: Cash dividends applied to reduce the second and all subsequent annual payments.

Sixth: No extra rates on traveling by sea or lake, officers of the army, navy, or merchant marine, or on the lives of women.

Seventh: The officers and Directors of this Company are men of national reputation, known integrity and ability. The security of the Company is undoubted, as above shown.

Business men, officers of other life insurance companies, and some of the most prominent men of the country have given this Company the preference, the names of whom can be found on one list of those insured.

The Romance of Cure.

The many evidences of extraordinary cures, that are daily reported as effected through

DR. RADWAY'S
SARSAPARILLIAN RESOLVENT,

Ready Relief, and Perfect Purgative Pills, in written testimonials from all parts of the world, surpass in wonder the most extravagant miracles of enchantment. Physicians and medical men in all countries pronounce these wonderful remedies a mystery, that neither their science of analysis or chemical skill can explain. True, these medicines effect the most marvelous cures, and restore the dying to life, and relieve the most wretched pain-suffering victim of his tortures, in *from one to twenty minutes*, and although they know some of the ingredients of their composition, and Dr. Radway has published their formula (withholding only two newly discovered roots), still both French, German, English and American chemists and pharmaceutists *utterly fail* with the same ingredients *as prepared by them*. The great success, which these wonderful remedies are constantly achieving, lies in the great secret of combining the ingredients together, after exercising due care in selecting the pure and genuine roots.

Such wonders of Modern Chemistry as the SARSAPARILLIAN RESOLVENT, READY RELIEF and RADWAY'S PILLS, are without parallel in the history of Medicine, for there are some infirmities and diseases that are considered as incurable, and sure death. Yet the most astounding cures have been made through these remedies of some diseases that have never been known to be cured by medicine.

CONSUMPTION, SCROFULA, WHITE SWELLING, TUMORS in the Womb, Stomach, Ovaries, BOWELS, Bright's Disease of the Kidneys that have been pronounced incurable, Cancers, Ulcers, Swellings, Stone in the Bladder, Calculous Concretions, Ulcers and Sores of the Bones, Rickets so deeply seated that no other medicines have ever been known to reach, have been cured by the SARSAPARILLIAN RESOLVENT, aided by the READY RELIEF and PILLS.

Palsy, Paralysis, DRY GANGRENE—that threatens a living death—daily rotting away of the limbs and flesh—Diabetes, Involuntary Discharge of Water, Fungi in the Bladder (the Emperor Napoleon's disease), TORTURING PAINS when *discharging* urine, RHEUMATISM, GOUT, NEURALGIA—each and every one of these complaints—though but few out of the many other diseases, RADWAY'S SARSAPARILLIAN RESOLVENT has cured and is daily curing in all parts of the world.

In one word, any disease—no matter under what name designated, that is nourished or increased by BAD, *impure, depraved, weak, thin, scatery or poisoned blood*—can be cured by RADWAY'S SARSAPARILLIAN RESOLVENT.

Drs. Radway & Co. have never claimed one-hundredth part of the curative virtues for their remedies as is ascribed to them by the people who have used them; for bear in mind, only such diseases and complaints that Dr. Radway, after successful treatment with their remedies knew they would cure, were enumerated in their curative list, so that many of the extraordinary cases that have been reported awakened as much astonishment in the discovery of their remedial agents as in those who had been rescued from death, and made whole and sound.

At first many persons discredited their extraordinary power, from the fact of their disappointment in the use of other advertised remedies—and some believed it impossible for simple medicines made only from vegetable substances—roots, herbs, &c.—should possess such marvelous power. Yet they can readily comprehend that the simple grasses of the field, after undergoing the chemical process of distillation designed by nature in the cow and churn, furnishes us with butter—certainly the most abundant fat, caloric or heat-making—bone, tissue, muscle, sinew and blood-making constituents for the human body.

But when those people who first doubt the efficacy of these remedies commence their use, they became their most earnest advocates.

OVARIAN TUMOR CURED.

Never has a medicine taken internally been known to have cured tumors either of the womb, uteri, ovaries, or bowels; the knife has been the sole reliance in the hands of experienced surgeons; but Dr. Radway's Sarsaparillian settles this question. For it has cured over TWENTY PERSONS of OVARIAN CYSTS and TUMORS, as well as Tumors in the Bowels, Uterus, Womb, Liver, Irropical Effusion, Ascites, and Calculus Concretions.

Tumor of 12 years' growth Cured by Radway's Resolvent.

BEVERLY, MASS., July 16, 1869.

DR. RADWAY: I have had Ovarian Tumor in the ovaries and bowels. All the doctors said "there was no help for it." I tried everything that was recommended, but nothing helped me. I saw your Resolvent, and thought I would try it, but had no faith in it, because I had suffered for TWELVE YEARS. I took six bottles of the Resolvent, one box of Radway's Pills, and used two bottles of your READY RELIEF; and there is not a sign of a tumor to be seen or felt, and I feel BETTER, SMARTER, and happier than I have for 12 years. The worst tumor was in the left side of the bowels, over the groin. I write this to you for the benefit of others. You can publish it if you choose.
HANNAH P. KNAPP.

PRUSSIA.

M. Adolph Richter of Duisburg, on the Rhine, hearing of the wonderful cures effected by these remedies, wrote Dr. Radway for a supply—on the receipt of which, and after reading some of the cures effected, as published in the German and English books that accompanied the medicines, he became doubtful, and thought the cases too extravagant for belief, but consented to try them. The result was that he became so firm an advocate in their favor, that he has established agencies in Berlin, Vienna, Paris, and St. Petersburg, and is anxious to devote his exclusive time and money to their introduction and sale on the Continent of Europe. As an evidence of the wonderful power of the RADWAY'S READY RELIEF in stopping pain, he sends us the following authenticated certificate of cure, where

RADWAY'S READY RELIEF
IN TWO MINUTES

gave ease and comfort to a bed-ridden sufferer, who for four weeks had been disabled, and for fourteen days under various physicians, receiving no benefit. Read the letter:

"CERTIFICATE" "COPY"

During four weeks I had been suffering most severely from most violent pains in the spine, loins and head. During 14 days I had been utterly unable to attend to anything. After having had medical aid from various physicians, and applied remedies of every kind, without obtaining any relief, my attention happened to be called to RADWAY'S READY RELIEF. I ordered immediately some to be fetched, and two minutes after rubbing myself with the same, the pains in the head disappeared, and after several frictions with the Relief, the pains in the spine and loins disappeared the next day, so that I was enabled to attend to my work on the same day.

The astonishing rapidity of the action of this glorious remedy compels me to give publicity to this fact in behalf of suffering humanity. I consider it my duty toward my fellow-men, in order that persons suffering in a similar manner may avail themselves of that admirable remedy.

RATTLESNAKES.

Here is another wonderful cure that should gladden the hearts of "all creation," for a cure of these accidents that frequently occur, that are *certain death* to the unfortunate victim—for there is no poison so quick, so venomous, so deadly as that of the RATTLESNAKE.

A remedy that will cure those bitten by these reptiles will save the lives and prevent serious consequences of those bitten by mad dogs, hydrophobia, and from the poisoning from the bites and stings of reptiles, insects, animals, whose poisons are less subtle and deadly than the rattlesnake. Radway's Ready Relief is an antidote to all poisons, Mineral, Vegetable or Animal. Lumbermen, Woodmen, Foresters, Huntsmen, Sportsmen, Travelers, Sea-faring Men, should rejoice that a remedy so useful, so potent as the Ready Relief, will protect them against accidents and injuries from venomous reptiles, as well as from disease.

We publish this certificate at the request of Messrs. Miller, Chamberlain & Co. of Belton, Texas, well known as first-class merchants and druggists, who are rated commercially among the most honorable and wealthy houses in the United States. There is no deception in this, and however mysterious it may appear that a simple remedy like the Ready Relief will cure so deadly a disease as a rattlesnake poison, the fact is there, and challenges dispute.

DR. RADWAY & Co.: Your READY RELIEF is in constant demand, curing many complaints *not enumerated by you*, as for instance SNAKE BITES; one of our neighbors, a Mr. JOHN SOLOMAN, was bitten by one of the largest RATTLESNAKES ever seen in this country; was 15 miles from a Doctor at the time. They happened to have Relief at hand, which, when applied, gave instant relief, and in a few hours a perfect cure. Yours, respectfully,
(Signed) MILLER, CHAMBERLAIN & Co.

A WOUNDED LIVER
CURED BY RADWAY'S PILLS.

Diseases of the Liver and gastric system are much more serious in the tropics of Central and South America than in the United States. The following letter we publish without further comments. The writer is a gentleman of high standing in Costa Rica, and well known among the Central American merchants in this city.

SAN JUAN DEL COSTA RICA.

Messrs. DR. RADWAY & Co., 87 Maiden-lane, New-York.

DEAR SIRS: As a homage to truth and justice, I cannot do less than address these few lines to you, authorizing you to make such use thereof as you may think most advisable.

Two years since, in consequence of a fall which I had from a wall of my house, I received a severe blow on the liver, which was followed by a severe inflammation. A physician who was called in, after administering some two or three aperients without any result, stated to me that this was caused by an obstruction in the mucous membrane, which would prove unquestionably mortal, as the daily evacuations would cease. In such a critical position, and seeing myself at DEATH'S DOOR, I turned to Providence, and in that alone had I my confidence, and from you alone could I hope for any prolongation of life. During one of my nights in my sickness, and without any consolation than my resignation, I wished to pass an hour away in reading, and God placed within my reach a pamphlet of *Dr. Radway's*, and found it stated therein that his medicine acted especially on the *Liver Complaints*. Like a ray of hope, like a plank amidst the shipwreck of my life, I trusted those remedies, and without hesitating a moment I had recourse to them in the hope of meeting with health and life. Adopting your method, I underlined my care with them, and, observing the regimen presented in said pamphlet, I took the first day six pills, and to my surprise I found that they produced such a great result, whilst I had been unable to obtain any with the three purgatives taken previously. On the sixth day I took only four, and the result was much greater; and on the seventh day, when I took only two, the result continued in the same proportion, increasing as in the former doses. Curiosity induced me to observe the last evacuation, and I perceived that the faeces contained pus and black blood chiefly.

At the end of *ten days of your regimen the inflammation had disappeared*, and with it the severe pains and stitches which prevented me even from breathing. After my cure had been completed, thanks to your remedies, I went to see my physician, to whom I could now give the assurance that my *life was safe*, and that I was indebted for my recovery to DR. RADWAY'S PILLS. The Physician was not a little surprised at seeing me recovered so completely, when he had foretold my approaching DEATH. At present, I am in the enjoyment of perfect health, having gained 13 pounds in flesh, more than ever I weighed in my best state of health.

As a member of the Human Family, I cannot do less than offer you this slight testimony in behalf of truth, and of which you will make such use as you may think proper. I am, &c.
(Signed) MANUEL CASTRO.

From William I. Peake, esq., of the firm of William I. Peake & Co., 46, 48 and 50 White-st., New-York:
DR. EMMELL—*Dear Sir*: Most cheerfully can I recommend you to the public favor as a Chiropodist. I have never known your superior or equal. The instant relief I experienced since you removed half a dozen corns from my feet more than two years ago may justify my fullest commendation of your art. Yours truly, WILLIAM I. PEAKE.

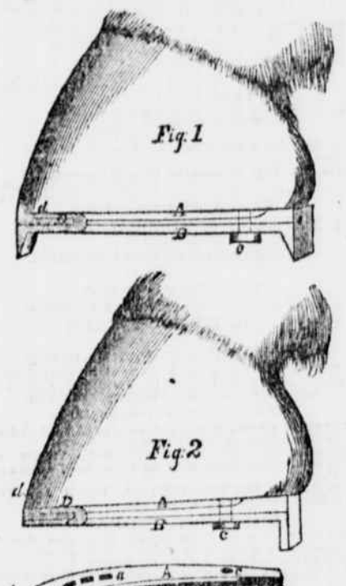
HITNER'S
Improved Horse-Shoe.



THIS IMPROVED HORSE-SHOE, patented January 19th, 1869, has been thoroughly tested and proved just the thing, particularly in cold weather, when the change from mud to frozen ground renders necessary a change also in the manner of shoeing horses.

Figures 1 and 2 are sections through line *x x* of fig. 3. Figure 3 is a perspective view.

In the drawings, A is the curved plate, of the general form of a horse-shoe without calks, and provided with the holes *a a*, through which it is nailed to the animal's hoof, and two or more screw-holes, *c c*, through which the screws pass that fasten the shoe to the plate.

It may also be provided with a counter-sink, at *d*, to receive the lip or flange, hereinafter described.

B is the shoe, provided with sharp calks, as seen in fig. 1, or dull ones, as shown in fig. 2, for use in Winter or Summer, respectively, and capable of being firmly and surely fastened to the plate A, by means of screws *c c*, and a Bent-up lip, flange, or hook, D, which slips upon the plate A at the counter-sink, as shown in figs. 1 and 2.

The improvement consists essentially in the employment of the bent-up lip D, which clamps the shoe and the plate firmly together at their front end, and saves the necessity for screws at that point. The lip being a part of the shoe, is naturally driven more firmly upon the plate by the action of the horse's feet, there being very little tendency, under any circumstances, to force the shoe back off the plate. The screws *c c* are therefore relieved of much of the strain to which they would otherwise be subjected.

The whole forms a neat, light, and durable horse-shoe, which can be easily and readily changed, so as to have sharp or dull calks, at pleasure, by removing the lower plate, and substituting for it another, such as may be needed.

The attention of those having horses is particularly directed to this valuable invention.
