LIVE STOCK MARKETS.

WEDNESDAY, Dec. 22.—A severe rain storm throws a damper upon the live stock trade, and little business is doing. The near approach of the holidays, and the stock of fat beef already provided, will tend to check a boundless supply of poultry, incline butchers to make light purchases, so that the 1,444 fresh and 286 stale animals at One-hundredth-st. yesterday and to-day are not all selling. Compared with last Monday, the market closes ½@1c. lower, with very little demand. Some choice holiday cattle brought 18@19c., but few animals went above 16@17c. Pretty fair 6½ cwt. steers were sold at 15@14c. We note the following sales:

I. H. Purdy, and his son, T. Purdy of Purdy's Station, on the Harlem Road, each sent in a pair of twin steers, one pair of which weighed 2,812 lb all to-end, and the other about 2,900 lb. C. G. Teed sold them at 16@16c.

Sheep go slowly to-day, but prices are sustained. Arrivals 1,050 head, but not all sold. The rain kept butchers at home, their wants not being great.

At Fortieth-st., Judd & Co. sold 160 O. sheep, 90 lb. coarse, at 6½c. An owner sold a car, 77 lb State, at 5 1-3c.

At Forty-eighth-st., Hume & Elliott sold 46 State sheep, 153 lb., at 8½c.; 104 Canadas, 107 lb., 8½c.; 149 do., 127 lb., coarse, at 5c.; 100 do., 119 lb., 5c.; 29 of 92 lb., 6½c.; 157 State, 84 lb., 6½c., and some 60 lb Canada lambs at 6c.

THE AMERICAN EXCHANGE NATIONAL BANK, NEW-YORK, Nov. 29, 1869.
STATE of ILLINOIS, Treasurer's Office.—The INTEREST which will become due upon Stock of the STATE OF ILLINOIS on the first Monday of January, 1870, will be paid at THE AMERICAN EXCHANGE NATIONAL BANK in the City of New-York, from the third to the seventeenth days (inclusive) of January, proximo.
(Signed). ERASTUS N. BATES, State Treasurer.
Springfield, Illinois, Nov. 25, 1869.

GOLD INVESTMENT.
Investors desiring to employ their JANUARY INTEREST and DIVIDENDS, are offered at 95 the
7 PER CENT GOLD BONDS
OF THE
BURLINGTON, CEDAR RAPIDS, AND MINNESOTA RAILROAD CO.
They are a First Mortgage, and Convertible, and are protected by a
LIBERAL SINKING FUND.
RUN 50 YEARS; PRINCIPAL PAYABLE IN COIN; INTEREST PAYABLE AT NEW-YORK OR LONDON, FREE OF GOVERNMENT TAX. THEY YIELD NEARLY 10 PER CENT CURRENCY, WHILE FIVE-TWENTIES PAY ONLY 6 1-4 PER CENT.
These bonds are only issued upon each section of the road as fast as the same is completed and in successful operation. Two and a half millions of dollars have been expended on the road. Eighty-three miles are about completed and equipped, and already show large earnings, and the remainder of the line is rapidly progressing toward completion.
The State of Iowa, through which this road runs, is one of the richest agricultural sections of America. Its population is large and increasing with surprising rapidity, and its immense yield of grain, pork, wool, and all other agricultural products, creates a pressing demand for the construction of this road, which affords the best possible guarantee for the Bondholders, especially as it runs through the wealthiest and most thickly populated section of the State.
The road also runs through the rich and growing State of Minnesota. Reference to the map of the United States will show that this road passes through the most enterprising and growing portion of the West, and forms one of the great trunk lines in direct communication with New-York, Chicago, and St. Louis, being to the latter city 90 miles nearer from Northern Iowa and all portions of the State of Minnesota than by any other road now built or projected, and also the nearest route from Central and Southern Iowa.
The buyer of these bonds is, therefore, guaranteed by a great business already in existence, and has not to run any of the contingencies which always attend the opening of roads into new and unsettled country.
We offer the bonds for the present at 95 and accrued interest. We recommend them to investors and officers of financial institutions, who desire to change their high-priced investments for a security which presents every element of safety, and at the same time yields a much higher rate of interest. CAPITAL STOCK..... $1,000,000.
TOTAL ISSUE OF BONDS..... $2,000,000.
Length of road, 117 5-100 miles. The bonds are limited to less than $18,000 per mile, and are secured by a *First Mortgage on the entire property of the Company*, which cost about $40,000 per mile, and which, we can say with the utmost confidence, will be worth soon after the completion of the road at least double its cost. The consolidation of this line with the Indianapolis, Crawfordsville and Danville Road places over two hundred miles under one management, and furnishes still further security to the bondholders, these bonds having been assumed (a virtual guarantee) by the consolidated company under the name of the Indianapolis, Bloomington and Western Railroad Company. This is an east and west road, connecting with direct lines to Boston, New-York, Philadelphia, and Baltimore on the east, and with the Pacific Roads on the west. It runs through the richest and most populous district of Illinois, the local business of which will be more than sufficient to sustain it, while the through business (which will be limited only by the capacity of the road) must make it one of the best paying railways in the country.
TWENTY-TWO MILES ONLY REMAIN UNFINISHED. The work is pushed forward energetically, and TRAINS WILL BE RUNNING OVER THE ENTIRE LINE DURING THE ENSUING MONTH.
About three-quarters of the Loan has been taken by actual investors. We continue to offer, for the present, the balance at 95 and accrued interest in currency.
The high premiums which the stock of all the East and West roads in Illinois commands justify the belief that the stock of this road will also soon sell above par, thus making the convertible clause of the Bond a valuable option.
All marketable securities received in exchange at the highest market rates. Bonds forwarded by express free of charge. Pamphlets containing full particulars furnished on application by the undersigned financial agents of the Company.
