JOHN F. CONREY, 62 Wall-st., Room 13.

SOUTHERN CENTRAL RAILROAD OF NEW-YORK.

FIRST MORTGAGE

Thirty Year Seven Per Cent.

CONVERTIBLE

SINKING FUND BONDS,

FOR SALE BY

VERMILYE & CO.,
BANKERS,
16 and 18 Nassau-st., N. Y.

INDIANAPOLIS, BLOOMINGTON AND WESTERN RAILWAY

7 PER CENT GOLD LOAN.

The bonds are in denominations of $1,000 each, secured by a first mortgage on 205 miles of road, from Indianapolis, the largest city and most important railroad center in the State of Indiana, to the City of Pekin, in Illinois.

ONE HUNDRED AND SEVENTY MILES of the line are now IN FULL OPERATION, equipped with new first-class rolling stock, and already EARNING MUCH MORE THAN THE INTEREST ON THE WHOLE ISSUE OF BONDS. The balance, thirty-five miles, is being rapidly constructed, is nearly all graded, and UNDER CONTRACT TO BE FINISHED IN JUNE NEXT.

There are thirty-six depots on the line, *located in cities and towns that contain, in the aggregate, a population of 190,000*, averaging over 920 to each square mile, within a radius of half a mile of the track, and *within twenty miles of the track there is a population of about 600,000.*

It passes through the counties of Marion, Hendricks, Montgomery, Fountain, Warren, and Vermillion, in the State of Indiana, and Vermillion, Champaign, De Witt, Piatt, McLean, and Tazewell Counties, in Illinois, on the line of the old emigrant State road, which was laid out in the best portion of those States before the time of railroads, was then the main line of Western travel, and consequently became more thickly settled than other sections of the West, as the numerous cities, large villages, and products of these counties demonstrate.

Besides the large agricultural productions of this section the manufacturing interest is very extensive in the large towns, and is rapidly increasing.

The coal-mines at Danville on this line are extensively and profitably worked, and FURNISH BUSINESS FOR OVER THREE HUNDRED COAL CARS on this Line at present, and MORE THAN TWICE THAT NUMBER WILL BE REQUIRED TO CARRY COAL ON COMPLETION OF THE REMAINING LINE.

From the present earnings on 170 miles it is safe to assume that the LOCAL BUSINESS ALONE WILL BE AMPLE NOT ONLY TO PAY THE BONDED DEBT, BUT LARGE DIVIDENDS ON THE STOCK.

In addition to the population and wealth of the country, and all that is necessary to support a first-class road, and make it a profitable investment through local traffic, it forms a grand central trunk line for through business, NOT SURPASSED BY ANY ROAD OF EQUAL LENGTH IN THE WEST.

At Indianapolis it connects by main lines with the cities of Columbus, Cleveland, Pittsburgh, Cincinnati, and with the Pennsylvania Central Baltimore and Ohio, Chesapeake and Ohio, and other important Railroad lines. At Pekin, the Western terminus, connections are made with Peoria, Quincy, Keokuk, Burlington, and Omaha. At Bloomington, with the Illinois Central Road, which runs north-west 600 miles to Fort Dodge, Iowa. A very large business will be done with this line. At Danville it connects by rail with Toledo on Lake Erie. A map will show all these to be very important connections in making through lines over this route.

The Loan is placed beyond any contingency by the present earnings from local traffic on 170 miles, which must necessarily be doubled when the trains run through.

THE BONDS ARE CONVERTIBLE at the option of the holder into stock at par at any time, which adds greatly to their value. They may be registered at the Farmers' Lo
