FOUND DEAD IN A PARIS HOTEL.

Clarence Andrews, Once a Familiar Figure in New York Clubland, Meets a Lonely End in Europe.

CONGESTION OF THE BRAIN.

Word reached New York to-day of the death in Paris yesterday of Clarence Andrews, known well in New York club circles and once prominent socially. He had been living in Paris at the Hotel Franklin for a year and had been translating French plays into English. A waiter in the hotel found him in his room dead, the doctors later saying that death had resulted from congestion of the brain, caused partly by the cold weather.

Mr. Andrews was at one time a member of the Union, Calumet and other New York clubs. A few years ago he possessed a large fortune, was a patron of the arts and had a town house here and a place at Lenox, known as the Orchard. While Mr. Andrews was travelling in Europe collecting art treasures he was notified that his fortune had been swept away. It had been left in the management of Francis H. Weeks. After returning he sold his two homes and unsuccessfully tried to recoup his fortune by giving an elaborate series of concerts and by conducting the Society of Musical Arts.

Mrs. Andrews, an attractive woman, had high social aspirations and entertained lavishly. The last seen of Mr. and Mrs. Andrews together was when they returned from Europe on Eugene Higgins's yacht. Chester Alan Arthur, son of President Arthur, was also a guest on the yacht. On their arrival in America in 1898 Mr. and Mrs. Andrews separated, and in 1899 she secured a divorce from him, getting the custody of the only child.

Mr. Andrews ran away with the child and was later arrested on a charge of abduction and the child was restored to the mother. Less than a year after her divorce Mrs. Andrews was married to Chester Alan Arthur, and the couple are now living in London.

Mr. Andrews lived quietly in New York until about a year ago, when he went to Paris. Since he has been there he has been engaged in translating plays for the English stage and is said to have made a fair success. He was fifty-four years old.

MARCONI DENIES FAILURE.

Says He Has Met with Even Greater Success Than He Expected.

SYDNEY, N. S., Dec. 11.—Marconi denies that his experiments with the wireless telegraph outfit at the Towers have failed and says that he has met with even greater success than he expected. He would not discuss the results of the experiments.

He admitted that many of his wires had been removed, but he said that they would be replaced at once. That part of the work, he insisted, is only routine, as the wires are frequently burned out by the strong current. Marconi will leave for Cape Cod before Christmas.

FIRED AT WOMAN, THEN SHOT SELF

While with a Female Companion in Third Avenue Hotel Man Tries to Kill Her and Sends Bullet Into His Temple.

HE IS DYING IN HOSPITAL.

A man supposed to be Abraham Shambron, of No. 224 Commerce street, New Haven, Conn., is dying in Bellevue Hospital after an attempt to kill himself at the Royal Hotel, No. 136 Third avenue, where he went in company with a woman. Two bullets crashed through his temple and another through his wrist.

Early this morning a passer-by heard the shots and immediately afterward a woman ran from the hotel screaming. "He's got a gun! He tried to kill me!"

Patrolman McGarry found the man unconscious on the floor. The woman said he had first fired at her and then killed himself. He was removed to Bellevue, where he is slowly dying.

"My poor wife and children," he mutters from time to time, and in a moment of rationality said a man named Steinfeld, No. 212 Chrystie street, was his nearest friend. No such man could be found there.

RESCUED MOTHER IN FIRE.

Lewis S. Wolff, Wealthy Banker, Saves Her from Burning House.

Lewis S. Wolff, a wealthy private banker, was aroused by shouts of fire in his home at No. 12 East Seventieth street, at 7.30 o'clock this morning, in time to rescue his aged mother by carrying her from the burning building.

Maggie McGuire, a servant, found flames issuing from the laundry drying room in the basement and ran through the house to alarm the sleeping family. Believing she was not heard, she ran to the front door and rang the bell. Still no one stirred and again she went through the upper halls shouting the alarm.

Mr. Wolff then heard her screams and, while scantily dressed, he went to the room occupied by his invalid and aged mother and carried her from her bed to the street. The others in the building were able to get out by themselves.

The fire burned through the first floor but was checked by the Fire Department after it had done about $2,000 damage. The homeless family found refuge in the house of a neighbor.

Beth Israel Hospital Fair.

The fair and festival of the Beth Israel Hospital will begin at Madison Square Garden on Saturday evening, Jan. 3, 1902. The fair will be formally opened by Gov. B. B. Odell, jr., who will be accompanied by the members of his staff. Boxes on the north side of the arena have been set aside for the Governor, and besides him nearly every branch of the municipal government will be represented. Many city officials have promised to attend.

WALKS IN SLEEP, TURNS ON GAS.

Girl and Aunt Are Overcome as Result of Action of the Child, Who Has Long Been a Somnambulist.

MAY CAUSE HER DEATH.

Maidina Bartells, eleven years old, was overcome by gas in her room in her father's hotel at Madison avenue and One Hundred and Thirty-seventh street early to-day. It is supposed that she turned on the gas while walking in her sleep and then went back to bed. Her aunt, Miss Louise Bartells, who is twenty-two years old, was partly overcome.

The child was taken to the Harlem Hospital, where it is considered by no means certain that she will recover. Her aunt was not taken to the hospital and was soon revived by physicians.

Maidina Bartells is a sleepwalker. For several years she has got out of bed at night and wandered about the hotel, but until recently her father never felt any fear, as she would soon awake and go back to bed.

A few days ago, however, the child was seen to get out of bed and turn on the gas in her room and since that time Louise Bartells has invariably slept with her. Louise Bartells is a light sleeper and thought she would wake up if the child stirred.

When Henry Bartells awoke early this morning he heard groans coming from the room occupied by his daughter and sister. Breaking down the door he found his child and sister overcome by gas.

He hurried to the telephone and called both physicians and an ambulance. The doctors were able to revive Louise Bartells after working over her for a few minutes, but the gas had affected the younger girl more seriously. She was removed to the hospital and is still unconscious.

It is supposed that she walked in her sleep during the night and turned on the gas. She walked so softly and made so little disturbance in getting back into bed that she did not disturb her aunt.

PENCILS CAUSE DIPHTHERIA.

They Were Taken Up from School Children in Evening and Given Out in Morning.

PASSAIC, N. J., Dec. 11.—The cause of the alarming spread of diphtheria in this place has been traced by the Board of Health to the lead pencils used in the public schools. The pupils in the public schools are given a pencil each morning and these are collected in the evening in a common box. The children put the points in their mouths and in this way contagion is spread.

There are now more than eighty cases of diphtheria among the public school children. The members of the Board of Health have been conducting an investigation and they will order the practice of pencil distribution abolished.

Hoe & Co. Demand Damages.

Hoe & Co. have asked the city to pay them $870 for damage sustained to their windows during the riot in July last at Rabbi Joseph's funeral. Comptroller Grout has refused to pay, and it is understood that the firm will sue the city.

BRONCHITIS

Duffy's Pure Malt Whiskey Cures Bronchitis, Grip, Consumption and All Diseases of the Throat and Lungs.

If your throat is weak, or if you are troubled in any way with grip or bronchitis; if you have consumption, Duffy's Pure Malt Whiskey will cure you. It aids digestion, stimulates and enriches the blood, invigorates the brain, builds nerve tissue, tones up the heart, cures malaria, ague and low fevers of any kind; fortifies the system against disease germs and prolongs life.

SURE CURE FOR BRONCHITIS.

Gentlemen: Early last spring I was taken with Chronic Malaria. I began to lose flesh. Bronchitis set in and catarrh of the air passages followed. I tried most everything, but found no relief, till I took Duffy's Malt Whiskey. I commenced gaining strength, and after taking fifteen bottles I had gained 40 pounds which I had lost before I began taking your whiskey. I would advise all who have similar trouble to take Duffy's Malt Whiskey. It has cured me from troubles when nothing else would give me relief.

B. C. HENNING,
Sept. 7, 1902. Coraopolis, Pa.

Be careful and see that "Duffy's Pure Malt Whiskey" is on the label, and that it is our own patent bottle with the name blown in the bottle. This is the only way Duffy's Pure Malt Whiskey is sold. If offered in bulk or in flasks it is a fraud. Beware of so-called Malt Whiskies which are sold cheap. They injure the system.

Duffy's Pure Malt Whiskey

is the only pure medicinal whiskey which has stood the test for fifty years, and always found absolutely pure and free from fusel oil. It contains medicinal properties found in no other whiskey.

Duffy's Pure Malt Whiskey has cured millions of cases in the last 50 years. It is prescribed by over 7,000 doctors and used exclusively by 2,000 prominent hospitals.

Caution.—When buying Duffy's Pure Malt Whiskey be sure you get the genuine. Unscrupulous dealers, mindful of the excellence of this preparation, will try to sell you cheap imitations and so-called Malt Whiskey substitutes, which are put on the market for profit only, and which, far from relieving the sick, are positively harmful. Demand "Duffy's" and be sure you get it. It is the only absolutely pure malt whiskey which contains medicinal, health-giving qualities. Look for the trade-mark, "The Old Chemist," on our label.

The genuine at all druggists and grocers or direct, $1.00 a bottle. It is the only whiskey recognized by the Government as a medicine. This is a guarantee. Valuable medical booklet containing symptoms and treatment of diseases and convincing testimonials sent free to any reader of this paper who will write. Duffy Malt Whiskey Company, Rochester, N. Y.

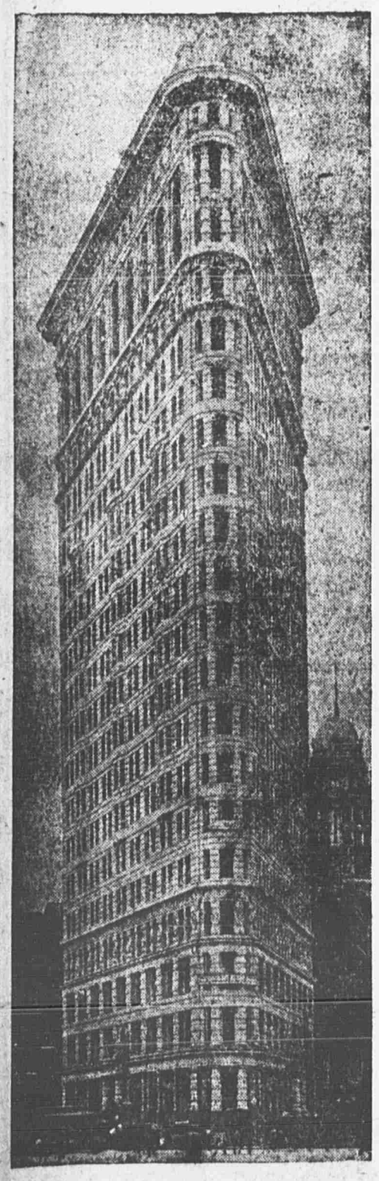
GREETING!



After weeks of preparation we will open the door of our newest and most up-to-date store in the Fuller, better known as the Flatiron Building, Saturday morning at 9 o'clock.

We believe we have fitted and stocked the most magnificent Tobacco shop in the United States; we await your approval of our efforts.

We cannot fully explain the many beauties of our establishment in this announcement. Your own idea of it will be the better judgment.

We have tried to decorate the interior in a perfect harmony of color and ornamenture; we have, of course, added a stock in keeping with the surroundings, and we have sought to supply the needs of every lover of Tobacco and to anticipate his wishes.

In this regard the nearness of the Holiday season has governed the choice of a large part of our display, and we hope to tempt the Christmas giver with a complete, new and original show of goods.

We extend the freedom of our shop to you, and whether you buy or not we desire you to see whether you *can buy* judiciously and well.

WE SELL A CUSTOMER WHAT HE ASKS FOR.

STRONG VALUES

IN SUITS FOR MEN.

For Friday and Saturday.

We have a number of styles the sizes of which are incomplete. The season is too far advanced to fill the gaps. We have gathered all the odd fellows and offer them at cost, and in some instances at less. This is one of the penalties of a successful business. The gaps argue well; were the suits other than those that please the taste and fancy of most men, the gaps would not exist; they are indicative of the popularity of the suits. The conditions which make these values possible are unusual. Do you wish to take advantage of them? You are sure to find your size in more than one style, and perhaps in the very one you would choose even though the sizes were complete. The saving will make it well worth your while.

Suits, single or double-breasted, of Cheviots, Worsteds or Thibets, in neat and desirable mixtures, or rough surface serges, in blue or black; well tailored and lined. Sizes are somewhat broken. Values, $12.50, $14.00, $15.00 and $16.00, at **$10.00**

Suits, single or double-breasted, of fine gray Cassimeres, Scotch Cheviots, Tweeds or Worsteds, in the newest mixtures, tailoring of the higdest grade. Values, $18.00 and $22.50, at **$13.50**

The Wanamaker Store.

Select Your Piano Now

THE gift of a piano means ever so much more than a handsome present. It means entertainment, education, refining influence in the home. It carries unusual permanency in its benefits; for it will continue to educate and entertain its owners for a generation.

The ownership of pianos is no longer confined to homes of wealth. Easy methods of buying, together with fair, fixed prices on instruments of undisputed character have been inaugurated by the Wanamaker Piano Store. Now a very small advance payment, after giving very simple evidence of your good faith and ability to pay the easy monthly sums required afterward, brings any piano you select to your home before Christmas.

Pre-eminent among the Christmas Pianos is the

New Chickering Quarter Grand

The ideal piano for the true artist where space might not admit of the usual grand piano size. Compact in size, superb in tone—beautiful in every way.

Then the other *Chickering* Pianos, the marvellous *Mason & Hamlin* Pianos—that have won such distinction—the *Vose*, the *Crown*, the *Kurtzmann*—pianos that stand upon true artistic merit. Commercial only in the fact that the Wanamaker system puts upon them fair, fixed prices, to make piano buying safe and easy. We still have plenty of the Frederick Doll Pianos at $185, and the J. C. Campbell Pianos at $190—the best pianos on the market today at their prices, but the holiday demands will take them quickly. If you want one of these excellent instruments, at little cost, and little to pay each month, you'd best make your selection promptly now. Last year we couldn't meet your demands.

Perhaps you have no pianist in your home—don't think that this bars you from owning and enjoying a piano. **The ANGELUS** supplies all technical knowledge and skill. It makes a virtuoso of its player. And it costs very little more each month to buy an *Angelus* with a piano. Come and let us show you both piano and *Angelus* and explain the wonderfully easy terms for Christmas piano buying at Wanamaker's.
