Evansville, Henderson, and Nashville Railroad of Kentucky 1st Mortgage Bonds,

due in 1897, bearing interest at 7 per cent per annum, payable on the 1st days of January and July, at the Bank of America, New-York.

The line of this Road extends from Henderson on the Ohio River to the State line of Tennessee, passing through the coal fields of Western Kentucky, and forming important connections with Chicago, Nashville, the South and East. Sixty-three miles are completed at a cost of $2,000,000, raised almost entirely from stock subscriptions, leaving only thirty-three miles to be built, of which twenty-three miles are now graded and under contract. The first and only mortgage of all the property and franchises of the Company is for One Million Dollars, payable as above. The proceeds of the sale will be applied by J. Edgar Thomson, esq., of Philadelphia, the Trustee of the Company, to finish the work, for which purpose, with the other resources at command, they are amply sufficient. The net earnings of the road are now quite large, and by the middle of June the coal fields will be reached, which will increase them materially. There is no reasonable doubt that the extensive local traffic of this Road, added to its important connections, will make it abundantly remunerative to the stockholders. $400,000 of this Loan have already been negotiated, and the remainder will be sold, for the present, at 82 and accrued interest, at which rate they constitute a safe and desirable investment.

Further particulars will be furnished on application to us.
