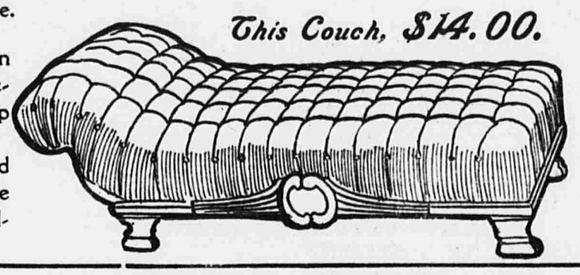
The two lines of Couches described in this announcement were specially designed and made for us by one of the foremost manufacturers in the country.

The Couches are in two designs, made up with a variety of imported velours in plain and figured velours. The manufacturer says they are indestructible. They are tufted with patent buttons which cannot pull out. Covered in any velour you choose.

This Couch, $14.00.



We have allotted two large spaces in our Furniture Store on the Fifth Floor for this display—one in the regular Couch Section; the other near the entrance to the Green Trading Stamp Premium Parlor.

The Couches at $16.50 are made with adjustable ends, and can be adjusted at various angles, and are supported either side by strong steel ratchets. May be used as a Couch or an Upholstered Sofa.
