ARNOLD, CONSTABLE & Co. BROADWAY & 19TH ST.

Proposals.

U. S. ENGINEER OFFICE, CITY HALL, BOSTON, MASS., April 14, 1871.

IMPROVEMENT OF PLYMOUTH HARBOR.—PROPOSALS will be received at this office until 12 m. of the 15th of May, 1871, for the construction at the extremity of Long Beach, Plymouth Harbor, of about 800 running feet of Beach Bulkhead, and Jetties of a description precisely similar to that constructed during last season at the same point.

The proposals must state the price per running foot for the construction of the Bulkhead and Jetties, including all materials, labor, tools, &c.

Proposals will also be received for delivering and piling upon the stone Bulkhead, connecting the Beaches with the extremity of Long Beach, of about 2,000 tons of large, irregular blocks of granite.

The blocks are to be piled up along the Bulkhead in an irregular manner, but so as to give a generally uniform height and breadth to the stone work.

The total amount available for both contracts is $10,000.

J. G. FOSTER, Lieut.-Col. Engineers.

POST-OFFICE DEPARTMENT, WASHINGTON, D. C., April 13, 1871.

PROPOSALS for POST-OFFICE ENVELOPES.—SEALED PROPOSALS will be received at this Department until FRIDAY, the 19th day of May, 1871, at 12 o'clock m., for furnishing to such quantities and at such times as may be required, the following described Post-Office Envelopes, for a period of two years, commencing on the 1st day of July, 1871, to wit:

FOR OFFICIAL LETTERS AND RETURNS.

No. 1, size 3½ by 5½ inches; estimated number required annually, 9,000,000.

No. 2, size 3½ by 6½ inches; estimated number required annually, 1,250,000.

No. 3, size 4 by 9 inches; estimated number required annually, 1,500,000.

No. 4, size 4½ by 10½ inches; estimated number required annually, 800,000.

FOR REGISTERED PACKAGES.

No. 5, size 5 by 9½ inches; estimated number required annually, 2,000,000.

The estimates given are intended as a guide to bidders. The Department may require more or less of each kind, as the service may demand.

Bids must be made for each kind of Envelope separately, and the contract will be awarded, item by item, to the lowest responsible bidder or bidders.

Specimens of the different sizes and styles of Envelopes required, together with blank forms for bids, will be furnished on application to the Third Assistant Postmaster-General.

The envelopes must strictly conform in size, quality of paper, gumming, and seals to the samples, the gumming on the flaps or lappets to be done in the best manner by hand. The envelopes must be bundled in parcels of twenty-five, packed in strong pasteboard or straw boxes, securely bound with linen or cotton cloth on the corners and edges, each to contain not less than 250 of sizes Nos. 1 and 2, and not less than 100 of the other sizes, or otherwise, as may be ordered, the boxes to be wrapped in strong manilla paper and properly sealed so as to bear safe transportation by mail to postmasters. When required to be delivered at the Department, the wrapping may be dispensed with, in the discretion of the Postmaster-General.

When 3,000 or more Envelopes are required to fill the order of a postmaster, or when large lots are ordered to be sent to the Post-Office Department, they must be packed in strong wooden cases and properly secured; but when less than 3,000 are required to be sent by mail proper, labels of direction must be placed on each package—all to be done by the contractor without additional charge.

The Envelopes herein described must be delivered in such quantities from time to time as may be required to fill the orders of postmasters of the Department, and be delivered either at the post-office in the city where the accepted bidder resides or at the Department, as the Postmaster-General may direct, free of cost for packing, labeling, and delivering the whole to be done under the inspection and supervision of an agent of the Department.

All the envelopes herein described must bear such impressions as the Postmaster-General may direct, and the Registered Package Envelopes will be required to be printed in Vermilion or some other approved brilliant color.

The Postmaster-General reserves the right to reject any and all bids, if in his judgment the interests of the Government require it.

Each proposal must be signed by the individual or firm making it, and be accompanied by a guarantee certified to be responsible and sufficient by the Postmaster or United States Attorney where the bidder resides, that the bidder shall, within ten days after being called upon to do so, execute a contract to furnish promptly, and in quantities as ordered, the article or articles awarded to him, to be accompanied by a bond, with approved security, in a penalty of not less than twice the contract price of all the articles estimated to be furnished by said bidder, conditioned upon the faithful performance of the same.

Proposals unaccompanied by such guarantee will not be considered.

The Postmaster-General reserves to himself the right to annul the contract, if in his judgment there shall be a failure to perform faithfully any of its stipulations, or in case of a willful attempt to impose upon the Department Envelopes inferior to samples. The failure to comply with any one order under the contract will operate as a forfeiture of the entire penalty of the bond under the 15th section of the act of Congress, approved August 26, 1842 entitled, "An act legalizing and making appropriations for such incidental expenses as may be deemed by the President necessary, in the execution bills without authority of law, and to fix and provide for certain incidental expenses of the Departments and offices of the Government, and for other purposes" (U. S. Statutes at Large, Vol. 5, page 516); or the Postmaster-General may, in its discretion, direct the purchase in open market of such quantities of Envelopes as shall be necessary to supply the deficiency caused by such failure or default to the contractor, or contractors, at the net price of the price which it shall be found necessary to pay for such articles.

Bids should be securely enveloped and sealed, marked, "Proposals for Post-Office Envelopes," and addressed to the Third Assistant Postmaster-General, Post-Office Department, Washington, D. C.

JOHN A. J. CRESWELL, Postmaster-General.

U. S. ENGINEER OFFICE, HOUSTON AND GRENNELL STS., New-York, April 17, 1871.

SEALED PROPOSALS will be received by the undersigned, until noon of May 10, 1871, for the extension of the BREAKWATER at Burlington, Vt., for a distance of about 200 feet in a depth of 20 feet at average low water.

Details and requirements furnished by Mr. D. White, Rouse's Point, N. Y., a copy of the latter with this advertisement to be attached to each proposal offered.

JOHN NEWTON, Lieut.-Col. Engineers, Bvet. Major-General.

Proposals.
