NEW LOAN OF THE UNITED STATES.

The subscriptions to the New Five Per Cent Stock of the United States now amount to about $80,000,000. They are confidently expected to reach $200,000,000 by the time the New Bonds are ready for delivery in May. The proposals of the Secretary of the Treasury will then be changed to the following programme:

First: Bonds to the amount of three hundred millions of dollars, payable in coin, at the pleasure of the United States, after ten years from the date of their issue, and bearing interest, payable quarterly in coin, at the rate of five per cent per annum.

Second: Bonds to the amount of three hundred millions of dollars, payable in coin, at the pleasure of the United States, after fifteen years from the date of their issue, and bearing interest, payable quarterly in coin, at the rate of four and a half per cent per annum.

Third: Bonds to the amount of seven hundred millions of dollars, payable in coin, at the pleasure of the United States, after thirty years from the date of their issue, and bearing interest, payable quarterly in coin, at the rate of four per cent per annum.

Subscriptions to the loan will have preference after the above-mentioned two hundred millions are taken up, in the following order, namely:

First: Subscriptions for equal amounts of each class of bonds.

Second: Subscriptions for equal amounts of bonds bearing interest at the rate of four and a half per cent, and of bonds bearing interest at the rate of five per cent.

Third: Subscriptions for any five per cent bonds that may not be subscribed for in the preceding classes.

Subscriptions to the remainder of the $200,000,000 of five per cents, which are unconditional, are now going on, and the bonds will soon be issued to the subscribers, who can receive a scrip certificate in advance, if they desire to pay their gold or exchange United States 5-20s at one, in the registered or coupon form. Registered bonds will be issued of the denominations of $50, $100, $500, $1,000, $5,000, and $10,000, and coupon bonds of each denomination except the last two. The interest will be payable in the United States at the office of the Treasurer, any Assistant Treasurer or designated depositary of the Government, quarterly, on the first days of February, May, August, and November, in each year.

The bonds of the several classes aforesaid, and interest thereon, are exempt from the payment of all taxes or dues of the United States, as well as from taxation in any form by or under State, municipal, or local authority.

After maturity, the bonds last issued will be first redeemed, by classes and numbers, as may be designated by the Secretary of the Treasury.
