BANKING AND FINANCIAL.

INVESTMENT SECURITIES.

JAY COOKE & Co. are now selling, and recommend as a profitable and safe investment for all classes the First Mortgage 7-30 Gold Bonds of the Northern Pacific Railroad Company. They have 30 years to run, bear Seven and Three-Tenths per cent gold interest (more than 8 per cent currency), and are secured by first and only mortgage on the ENTIRE ROAD AND ITS EQUIPMENTS, and also, as fast as the Road is completed, on 23,000 Acres of Land to every mile of tract, or 500 acres for each $1,000 Bond. They are exempt from U. S. tax; principal and interest are payable in gold. Denominations: Coupons, $100 to $1,000; Registered, $100 to $10,000.

Northern Pacific 7-30s are at all times receivable, at TEN PER CENT ABOVE PAR, in exchange for the Company's lands, at their lowest cash price.

The proceeds of all sales of lands are required to be devoted to the re-purchase and cancelation of the First Mortgage Bonds of the Company. The Land Grant of the Road exceeds Fifty Million Acres in the most fertile portion of the North-West, and the demand for the Company's lands for settlement already exceeds the ability of the Government to complete the surveys. This immense Sinking Fund will undoubtedly cancel the principal of the Company's bonded debt before it falls due.

Holders of U. S. Five-Twenties, who wish to convert them into a first-class railroad security, can do so at a present profit of about 12 per cent., while increasing their interest income nearly one-fourth, by exchanging them for Northern Pacific 7-30s.

All marketable stocks and bonds will be received in exchange at their highest current price. Full information, maps, pamphlets, &c., will be furnished on application to any agent for the Loan, or to JAY COOKE & Co., New-York, Philadelphia, or Washington.
