A FEW WAYS LOVERS OF SPORTING EVENTS ARE CELEBRATING MEMORIAL DAY

EDGREN'S COLUMN

THIS is the day when lovers of sport come into their own. Baseball, racing, athletics, rowing, golf, tennis, automobiling, all will have their place in the day's celebration; and who will assert that those who participate in them will not be improved mentally, morally and physically?

SO the race track stockholders, alarmed by the falling off in receipts due to the $3 rate of admission, have about decided to go back to the old $2 price. Well, it was to be expected. There never was any good reason why racegoers who wanted to enjoy their sport in comfort should have been compelled to pay $3 for the privilege. It was asking them to pay for the bookmakers, who thus were allowed to do their gambling free of charge. Now the idea is to make the bookmakers pay, as of old, and to allow the public to enjoy a day's sport for a reasonable price.

This making the bookmakers pay seems to be the proper idea. Their privilege is an extremely valuable one, notwithstanding what they may say to the contrary. Almost any of them will tell you the bookmaking game is not profitable, that they lose great sums every day; but just the same they are seen at the game year after year. They live expensively, take long trips to Europe, ride to and from the tracks in $10,000 automobiles and manage to enjoy themselves generally. For this enjoyment the public pays, so why should it be taxed twice, both at the gate and in the ring?

CHARLIE MITCHELL is back in New York, and declares that his contemplated match with John L. Sullivan is on the level, and that both men will be in shape to put up a hard fight.

Charlie always was a great joker.

POOR Highlanders! They are in a position to sympathize with the Russians. However, there still is hope for them, for Cheshire soon will be in shape again, and then there will be a chance to win a game once in a while.

LOCAL RACE TRACKS TO RESTORE $2 RATE.

Already the racing associations have become tired of the $3 rate of admission to the grand-stand, and it is probable that before many days the old $2 rate will be restored.

The stockholders of the local race-courses now realize that they made a mistake in advancing the price of admission. The reduction must take place before the Sheepshead Bay meeting begins, but in any event the old prices will again be in force during the fall meetings.

A reporter for The Evening World talked on the subject with a man prominent in racing circles, who owns much stock in a race-track.

This man said:

"You can state that the old rate of admission will soon be the rule at all the race-tracks. The managers have realized that they made a mistake and they do not wish to force racegoers to pay exorbitant prices to maintain racing.

"It has been maintained by the pool-room keepers of this city that the race-tracks were instrumental in closing up their places of business. I don't know anything about the truth of that statement, but I do know that the race-tracks are not going to force the patrons back to the pool-rooms by charging them big prices of admission.

"There will be an agreement before long between the race-track owners and the bookmakers, whereby the latter will voluntarily contribute a certain amount to pay off overnight the sweepstakes each day, or else they will buy admission tickets as formerly. There is nothing in the Percy Gray law, under which racing is conducted, which prohibits a man from buying admission tickets to the tracks. Any man, whether he be a bookmaker or layer may pay $1 or $100 to get into the track. It is quite obvious that bookmakers, in order to have special privileges, will purchase from day special badges for themselves and their clerks."

HOFSEES WINS BIG ROAD RACE

place prizes, he would be given one grand prize, an upright piano and the next choice of the place prize list.

There were but three post entries. They were Carl Von Grue, of the Century Road Club of America, who was placed in the one-minute class; William Davis, of Newark, in the three-minute class, and C. L. Fansel, Newark, in the 4.30 class.

The start was made at 11.39, when eighteen of the six-minute men crossed the tape. There was a small spill at the start, but none of the riders dropped out. E. J. McCollum, winner of last year's race, failed to appear. There were but two riders in this class. They were Edward Rupprecht and Chas. Franks, of the Bay View Wheelmen.

Gus Mussman made the first turn and led the bunch of about thirty on the lap. Wm. Miller, Brooklyn, was second and Charles P. Edwards, Maplewood, third. The time was 12 min. 35 sec. for the first five miles.

Rupprecht and Franks, the two scratch men, did not gain on the others in the first five miles and the indications were that a dark horse would win the race.

Julius H. Eisele, of the Bay View Wheelmen, Newark, led at the ten-mile lap. He had a handicap of five minutes. Eisele was closely followed by Charles Edwards, of Maplewood, with a handicap of six minutes, while Oscar Becker, of Brooklyn, another six-minute man, was third. Time—29 minutes.

Frank W. Eifler, of the C. R. C. A., New York, who led for the time prize up to this point, was compelled to lay back on account of an injury to his wheel. He tried hard to make up time when his wheel was repaired. He had nearly a minute lead and with a handicap of two minutes was making remarkable progress. Julius H. Eisele, B. V. W., Newark, who led at the tenth mile, fell at the fifteen-mile post and lost two minutes.

George Ungemah, of Newark, with a handicap of six minutes, led on the fifteen-mile lap. August Hurpins, New York, handicap three and one-half minutes, was second, and Charles P. Edwards, of Maplewood, handicap six minutes, third. Time—42m. 25s.

August Hurens, of New York, held the lead at the twenty-mile lap by a trifle less than a yard. The three leaders were bunched with about twenty riders, many of whom were heavily handicapped. Wm. Hofsess, of Roselle N. J., with a handicap of 5 1-2 minutes, was second, and August Ungeman, handicap six minutes, third. Time—56 m. 54 s.

At this point it didn't look as if the record of Monte Scott, of 1 hour 8 minutes and 12 seconds, would be beaten. This record was made in 1895.

The time of the race was 1 hour, 12 minutes and 33 seconds.

The race was won by Wm. Hofsess, of Roselle, N. J., whose handicap was 5 minutes 30 seconds. He crossed the tape first, winning the first place prize. Courtney Pear, of Springfield, N. J., was second, a few yards behind the winner. Pear had a handicap of five minutes. William Miller, of Brooklyn, was third, with a handicap of six minutes.

Eugene F. Baittle, of the Maplewood (N. J.) Sporting Club, was winner of the time prize. His time was 1 hour 8 minutes 30 seconds.

DAY OF DAYS FOR IRISH AT CELTIC PARK

BY JOHN POLLOCK.

(Special to The Evening World.)

CELTIC PARK, L. I., May 30.—Ah! and this was a day of days for the Irish-Americans Athletic Club's year's beginning of outdoor meets. On every hand nature flaunted a Celtic green, and the fine spring air put valor into the hearts and strength into the limbs of the champions of cinder path and field, whose vaunted prowess brought to this park more than 5,000 admirers of brawn and muscle and athletic effort.

"Sure," said Pat Conway, "Galway never beheld a finer day," and you were willing to echo this opinion.

But it was not only a day for the folk of the "auld sod" and their colorbearers. There were athletes from all the greater universities—Yale and Columbia and Georgetown and Syracuse—and trained though they were for the honor of their colleges, not one but had to "extend" himself to hold his own with the lads from the shops and mills and markets of New York City, who chiefly make up the membership of the Irish-American Club. The college men learned that not only is it in the university gym and on university campus and training grounds that men are best fitted to win laurels of athletic fields.

TO SELL WHITNEY HORSES.

All of the two-year-olds racing in the name of Harry Payne Whitney will be sold at public auction June 10. This move, it is said, will be made in order to settle up the estate of the late W. C. Whitney.

USEFUL GALLOPS AT GRAVESEND TRACK

(Special to The Evening World.)

GRAVESEND, May 30.—The morning was quite warm and the track very nearly at its best this morning, consequently about every horse quartered at the local course was breezed along. While there was nothing sensational to record, there were quite a number of very useful gallops and no doubt plenty fast enough, as nearly every horse here is very nearly fit and only needs slow work to keep in condition, as shown:

SIDE SHOT—Five furlongs: 0.12 2-5, 0.24 2-5, 0.36 2-5, 0.50, 1.03, handily. Don't be surprised to see her develop into a very nice selling plater.

HYLAND—Six furlongs: 0.26 2-5, 0.54, 1.21, galloping, 115 pounds up. He is doing well and is very nearly fit.

CANDLING—Galloped one mile in 1.52 with 120 pounds up. Looks well after his race, and will no doubt do as well or better next time out.

ETHELS'S PRIDE—Four furlongs in 0.25 2-5, 0.51, breezing; 110 pounds up. Looks fit. Is a pretty shifty filly.

NEPTUNUS—Galloped four furlongs in 0.54, with 100 pounds up. All he needed, and he is thoroughly fit.

PANIC—Three furlongs, 0.24 2-5, 0.37, handily, 115 pounds up. Looks fit and trifle less than a yard. The three leaders were bunched with about twenty riders, many of whom were heavily handicapped. BEAUTIFUL BESS'S TRIAL.

(Special to The Evening World.)

SHEEPSHEAD BAY, May 30.—The fine weather and perfect track at the Bay course this morning were a delight to the trainers, rail birds and others. The feature of the exercises was the fast half mile shown by Fred Cook's two-year-old chestnut filly Beautiful Bess, who in preparation for her engagement in the Clover Stakes, reeled off the distance as follows: 0.12, 0.24, 0.36, 0.48 2-5 easily.

The filly was well in hand all the way. Beautiful Bess is considered by her stable to be in the same notch as her stable companion, Geo. C. Bennett, who so decisively won the Manhansett Stakes at Gravesend yesterday.
