The following is the movement in dry goods for the week: Entered for consumption, $1,956,748; withdrawals, $96,648; warehoused, $222,818.

A Washington dispatch pronounces the reports as to the failure of the Syndicate to meet its engagements wholly untrue. The story is supposed to have been circulated for speculative purposes and to influence the gold market. Nothing has been received at Washington from Judge Richardson or anybody else showing the least failure either in England or the United States. On the contrary, all reports received at the Treasury Department represent that the Syndicate is promptly complying with all its engagements, and that there is no difficulty in disposing of the bonds.

The Philadelphia stock market was steady to-day; Pennsylvania 6s, third issue, sold at 107; Philadelphia and Erie Railroad, 27; Reading Railroad, 57 3-16, and Pennsylvania Railroad, 62½. Gold closed at 114⅝.

BANKING AND FINANCIAL.

FIRST MORTGAGE SINKING FUND LAND GRANT BONDS OF THE ST. JOSEPH AND DENVER CITY RAILROAD COMPANY,

IN DENOMINATIONS OF $1,000, $500 AND $100, can now be had from the undersigned or through the principal banks and bankers of the United States. The attention of investors is invited to the merits of these Bonds, secured by a first and only mortgage on the road: equipments, franchises and property of a trunk line of railroad which will shorten the distance between New-York and San Francisco some 230 miles, and in addition the mortgage to secure the Bonds covers a land grant of 1,500,000 acres of the most fertile land in the West, which is prohibited from being sold at less than four ($4) dollars per acre by the terms of the mortgage deed, and according to the present market price of the Illinois Central Company's lands is worth $18,750,000. This loan was originally for $5,500,000, but has been largely reduced by subscriptions of actual investors. The remaining balance of the loan is offered at 97½ and accrued interest, but the right is reserved to advance the price at any time, without notice.

The Bonds have thirty years to run; bear 8 per cent interest, payable in New-York, London or Frankfort-on-the-Main, at the option of the holder, without notice, free of taxes. BOTH PRINCIPAL AND INTEREST ARE PAYABLE IN GOLD. They are Coupon Bonds, but can be registered with the coupons off, or can be registered with the coupons OFF, and interest paid to registered owner. Interest payable August 15 and February 15. A liberal sinking fund, formed from the entire land sales, in payment at which the bonds will be received at par and accrued interest, provides for the early extinguishment of this loan.

Trustees—Farmers' Loan and Trust Company.

These bonds offer favorable inducements to parties desiring to fund their Five-Twenties, or other high-priced securities.

In converting Five-Twenties the investors realize 17 per cent profit on the principal; 2 per cent per annum excess of interest; and at the same time get a perfect security.

Maps, circulars, documents, and full information furnished on application.

*Though acting as agents for the sale of this loan, our firm buy and sell in their regular business the bonds of the St. Joseph and Denver City Railroad Company, those of the Eastern Division being now quoted at 102 and accrued interest. These were originally placed by us at 97½.*

TANNER & CO., Bankers, No. 11 Wall-st.

CHESAPEAKE AND OHIO—FIVE-TWENTIES—CENTRAL PACIFICS.

BANKING OFFICE OF FISK & HATCH, No. 5 NASSAU-ST., NEW-YORK, Oct. 2, 1871.

Very many holders of Government Bonds are debating in their own minds whether to sell out while they can realize a handsome premium on their bonds, or to exchange them for other first-class securities bearing the same rate of interest, which may be had at much less price. We have been exchanging large amounts of late for CHESAPEAKE AND OHIO SIX PER CENT. GOLD BONDS, and also for the CENTRAL PACIFIC SIXES.

Of the FIFTEEN MILLIONS CHESAPEAKE AND OHIO SIX PER CENT LOAN but about $4,500,000 remain unsold, and this remainder will be taken up rapidly. These bonds have absolutely thirty years to run, are especially desirable for steady investments, and can now be bought

17 per cent less than TEN-FORTIES,
20 per cent less than FIVE-TWENTIES,
25 per cent less than SIXES of 1881,

and are equally sure to be paid, principal and interest, in gold coin. Price (at present) 93 and accrued interest, that is, with coupon attached, payable Nov. 1.

$5,000 Chesapeake and Ohio Bond costs to-day $4655 32.
$1000 Chesapeake and Ohio Bond costs to-day $877 65.
$100 Chesapeake and Ohio Bond costs to-day $95 53.

Only a small amount of the latter denominations remains, and no more can be made. Bonds are in coupon or registered form, same as FIVE-TWENTIES.

When the Railroad is completed in 1872, and the Bonds are dealt in at the Stock Exchanges of the world, we have no doubt they will be equally popular with the Central Pacifics, which now command a premium, and are a favorite security here and in Europe, both roads being prominent lines and under substantially the same fiscal management. Both principal and interest of the CENTRAL PACIFIC and CHESAPEAKE AND OHIO BONDS are specifically payable in gold coin in New-York; the interest on the former being paid January and July, and of the latter, May and November, corresponding with the two classes of Five-Twenties.

We recommend either of them to our friends and customers with the same confidence that we did the Five-Twenty bonds, when we were selling millions of them for the United States Government.

We buy and sell FIVE-TWENTIES, TEN-FORTIES, EIGHTY-ONES, and CENTRAL or WESTERN PACIFICS, or receive them in payment for CHESAPEAKE AND OHIO BONDS at their current market price.

FISK & HATCH.

P.S.—Accounts of Banks, Bankers, and others received, on which we allow Four per Cent interest.

Certificates of deposit issued and collections made in all parts of the Union.

HARVEY FISK, A. S. HATCH.

WINSLOW, LANIER & CO., NO. 27 PINE-ST.,

offer for sale at 90 per cent and accrued interest in currency, and recommend as an investment of the most undoubted character, the 7 Per Cent Bonds of the GRAND RAPIDS AND INDIANA RAILROAD COMPANY. They have 30 years to run, principal and interest payable in gold, coupon or registered, interest October and April. They are secured by a first mortgage on 220 miles of finished road and 100 miles more in progress, and on a Land Grant *of one million one hundred and sixty thousand acres* of lumber land in Northern Michigan. The road extends from Fort Wayne, where it connects with the extensive system of roads centering at that point, northerly, and having been finished through the rich agricultural region of Southern and Central Michigan, has now penetrated the Land Grant. The lands have been recently put upon the market, and are being rapidly sold. By the terms of the mortgage the proceeds of the land must be invested by the Trustees in the purchase of the Bonds, which insures their constant re-purchase from the holders. This Land Grant is estimated to be worth $12,000,000, and is probably more available for immediate sale than any other Land Grant ever made to any company. The whole issue is Eight Million Dollars, of which more than six millions have been disposed of. This road is run as a connection of the Pittsburgh, Fort Wayne and Chicago Railroad, and the Pennsylvania Railroad, and has the powerful support of those companies and their numerous affiliated lines. These Bonds have been sold in large lines to the most prudent investors.

THE WEST WISCONSIN RAILWAY is now very nearly finished, and trains will be running through from Tomah to St. Paul by November 1. The earnings of the Road from local traffic on the completed portion constitute already a profitable business; and arrangements and connections are about perfected which will make it the Great Air-Line Route from Chicago to the North-West, effecting a saving of more than 100 miles over the present route. The Bonds are a First Mortgage on the road itself and on a valuable Land Grant of 1,000,000 acres. They bear interest in gold at the rate of 7 per cent per annum, and are sold now at 90 and accrued interest in currency by WHITE, MORRIS & CO., 18 Wall-st., and GWYNNE, JOHNSON & DAY, 16 Wall-st., where pamphlets and further information may be obtained.

EIGHT PER CENT GOLD BONDS.—First Mortgage on the Montgomery and Eufaula Railroad, and indorsed by the State of Alabama. The road has but two or three miles to finish.
