$150,000
NEW-JERSEY INVESTMENT
VINELAND RAILWAY BONDS.

$16,000 PER MILE, 7 PER CENT free of tax. Interest due April and October. Principal payable 1890.

The undersigned offers the unsold balance of the first and only mortgage bonds of the Vineland Railway Company, the entire loan being $750,000.

The line begins at the terminus of the New-Jersey Southern Railroad, and extends to the Delaware River; is 47½ miles, and traverses the garden of New-Jersey—almost the entire length passing through a rich and cultivated country, the products of which will be brought to Philadelphia and New-York by this line.

The flourishing towns of Vineland and Bridgeton are on the route.

On the opposite shore of the Delaware River, the Smyrna Road is constructing, and will form a part of a through line to Baltimore.

Thirty-seven miles are now operated, and the remaining ten miles will be laid by September 30.

The road bed is not surpassed in the United States. Traffic is constantly increasing.

The investment is secure beyond question.

For a short time the price will be 89, and accrued interest.
