WALL STREET.

MONDAY, Dec. 18.

A strong tendency to demoralization in the stock market was checked in the first half hour by the determined attitude and extensive buying power of the big bull operators. The bears were quick to take advantage of the news of the failure of John R. Walsh's financial institutions in Chicago. The well established character of the Chicago National Bank and its allied companies, accentuated the shock in financial circles. The opening trading in the Stock Exchange was feverish and panicky. A flood of selling orders from Chicago speculators increased the excitement and caused a hurried unloading of stocks right and left. The copper stocks broke badly carrying prices down with a rush. Amalgamated slid from par to 93½ on the selling of the first 10,000 shares. Anaconda went off 4½, Smelters 3, National Lead 2½ and Brooklyn Rapid Transit 3 1-4. The decline and recovery of some of these stocks was spectacular. Amalgamated bounded back like a rubber ball from 93½ to 98 and B. R. T. no sooner touched 85 1-4 than it swung back to 88. A striking feature of the early trading was the execution of stop orders on an uncommonly large scale. When Amalgamated began to go down some of the more excitable brokers ran around the trading room shouting "Amalgamated is going down to 50!"

Union Pacific led the rally. A ceaseless stream of buying orders for this stock poured into the market, infusing courage into the other railroad specialties and bracing the nerves of the small speculators, who were on tenterhooks lest they be wiped out. Up to the point of this reaction the most active railroad stocks had suffered an average decline of about 2½ per cent. A feverish spirit clung to the trading throughout the forenoon, but Union Pacific's vigorous spurt effectively stopped the general slump. The elusive coterie of Western speculators appeared to be anxious to sell stocks, and their offerings of St. Paul, Reading and New York Central were on a liberal scale. That these stocks were so readily absorbed was cited by the bull leaders as proof of the substantial character of this bull movement. As soon as the news came from Chicago that arrangements had been made to pay all depositors of the Walsh institutions in full conditions in Wall street rapidly resumed their normal state.

The firmness of the American Sugar Refining shares while prices were tumbling right and left, excited comment. There actually were no sugar shares for sale. Present holders of this stock have been exceedingly bullish for some time and their attitude to-day was complacently boastful. They insist that the coming year will be the most prosperous in the history of the Sugar Trust, and they "can neither be tempted nor scared" into selling their stock at existing prices.

Call money fluctuated widly between 10 and 12 per cent., most of the transactions earlier in the day being at the lower rate. The absence of nervousness in the money situation was indicative of the slight effect of the Chicago failures upon New York banking circles. The banks here continue to gain cash from the Sub-Treasury, the aggregate amount of this gain being $1,575,000 since last Friday.

In the persistence and strength of the support given the stock market to-day the experienced Wall street observer sees that powerful influences are on the bull side. The use of Union Pacific as the chief lever to raise prices apparently contradicts recent reports that E. H. Harriman and his associates were endeavoring to check this upward movement. Certainly the bear traders got no encouragement or comfort from the Union Pacific syndicate on this occasion. Renewal of strength in St. Paul and the Vanderbilt stocks was also significant, inasmuch as the support yielded so promptly to these shares indicated that the Rockefellers and the Vanderbilts are not in a mood to see the market hammered.

While excitement was running high in the Stock Exchange the curb brokers also were in a turmoil. A violent slump in the minor copper stocks was led by United Copper, which dropped 20 points to 48. On the reaction that soon followed this stock rose rapidly to 57. For some time the transactions on the curb market were wild and fitful. The steadying of the regular stock market, however, gradually exercised a soothing effect on the out-of-door brokers.

WHEAT NOT AFFECTED BY BANK FAILURES.

Wheat prices in the early market to-day did not indicate much anxiety over the bank failures in Chicago, prices generally being a shade higher. Corn was firm at an advance.

New York's opening prices were: May wheat, 92 1-2; December, 91 3-4 bid.

Chicago's opening prices were: May wheat, 88 to 87 7-8; July, 83 1-4; May corn, 41 1-4 to 41 3-8; December, 45 1-4 45 3-8; July, 41 1-2.

New York's closing prices were: Wheat—May, 91 7-8; December, 94 5-8. Corn—January, 54 bid; May, 50; July, 50 1-4; December, 48 bid.

Chicago's closing prices were: Wheat—December, 87 7-8 bid; May, 87 3-8 to 87 1-2; July, 82 3-4 to 82 7-8. Corn—December, 41 7-8 to 42, 41 1-2; May, 44 1-8 bid; July, 44 1-4; September, 44 1-2.

"Swift & Company's sales of fresh beef in New York City for the week ending Saturday, Dec. 16, averaged 6.54 cents per pound." * *

The total sales of stocks to-day was 1,330,480 shares and of bonds, $3,211,000.

COTTON FALLS BACK AFTER FIRM START.

Cotton, after a firm start, influenced by the cables, to-day fell back, practically all of the gains being lost. The setback was due to a decline in the English market and lack of business.

The opening prices were: December, 11.72 offered; January, 11.79 to 11.80; March, 12.06 to 12.10; April, 12.15 bid; May, 12.22 to 12.23; July, 12.28 to 12.29; August, 12.10 offered; October, 11.00 offered.

The closing prices were: December, 11.46 to 11.48; January, 11.55 to 11.56; February, 11.66 to 11.70; March, 11.85 to 11.86; April, 11.91 to 11.93; May, 11.99 to 12.00; June, 12.01 to 12.03; July, 12.03 to 12.06; August, 11.85 to 11.87.

LONDON STOCKS DOWN AND TRADING LIGHT.

LONDON, Dec. 18.—Supplies of money were further curtailed in the market to-day. Discounts hardened. Prices on the Stock Exchange were heavy, dominated by the state of affairs in Russia and the monetary situation. Business was slack. Consols eased, but rallied a fraction at the close. Home Rails dropped.

MME. EMMA EAMES

The Greatest American Prima Donna

shows her appreciation of Lablache—America's most perfect Face Powder. An exemplification of what science and skill can produce as a complexion beautifier and a toilet necessity to women of refinement.

Mr. Ben. Levy, Boston:
I find your Lablache Face Powder very refreshing and soothing.
EMMA EAMES STORY.

We have thousands of letters from all parts of the world testifying to the wonderful qualities and purity of

LABLACHE FACE POWDER

Insist on having the genuine. Substitutes are not only unsatisfactory, but frequently dangerous, on account of being compounded of poisonous drugs.

Dear Sir,—As I have used your Face Powder for a long time, I am firmly convinced that it has not its equal in this or the old country.
Believe me, very truly yours,
ZELIE DE LUSSAN.

It is our aim to use only the highest-priced, purest and most efficient ingredients known to science in the manufacture of **Lablache Face Powder,** believing it better to give our patrons full value for their money than to expend it in large, illustrated and extravagant advertisements, as **Lablache Face Powder** sells on its own merits.

Flesh, White, Pink or Cream, 50 cents a box.
