BOWLERS ADD TO THE RELIEF FUND

Jimmy Smith Sets a Good Example After Defeating Bert Allen.

Jimmy Smith ,the crack Brooklyn bowler, did three things at the Grand Central Alleys, Brooklyn, last night, to raise hi sstanding among competitors in the Greater New York individual tournament. He defeated Bert Allen twice, once in the regular tournament and later in two match game series and then added $50 of his winnings to the San Francisco Relief Fund, saying later that this contribution was his best job of the evening.

The Greater New York series was arranged by Billy Cordes ,alley owner, as a benefit for the San Francisco fund, and there was a fair attendance, the bowlers giving their services and Cordes paying all expenses.

Allen's confidence before the game made him a favorite in the contest in which Smith was game fast at the close, won six of the ten games. Allen, dissatisfied with the result, insisted on two extra series, which Smith also won. Tournament scores were as follows:

Smith—18, 179, 207, 211, 187, 208, 202, 224, 222, 226. Total pins, 2,060; average, 205.

Allen—235, 240, 228, 200, 205, 201, 195, 197, 204, 217. Total pins, 2,082; average, 208.2-10.

Smith was in superb form last night and easily won his series in the Greater New York from Otto Helitas, of the Broadway alleys, Brooklyn, who had considerable hard luck. The scores:

Linden—227, 191, 288, 224, 195, 244, 191. Total pins, 1,570. Average, 217.3-7.

Helitas—191, 279, 156, 148, 191, 166, 146. Total pins, 1,390. Average, 174.

At Stein's Broadway Arcade, George Haller won a hard series from Lee Johns, the Newark crack, John Bachman Allen against Smith, having the largest number of total pins and best average. The scores:

Haller—199, 183, 193, 180, 213, 221, 181, 189, 178, 245. Total pins, 1,979. Average, 197.9-10.

Johns—157, 182, 188, 258, 209, 204, 213, 177, 276, 138. Total pins, 2,002. Average, 200.2-10.

Games are scheduled tonight in the Greater New York series as follows: Eichler vs. Voorhees, Brooklyn Palace; Nelson vs. Kistler, Universal; Haller vs. Linden, Superba.

Matches at the Broadway.

John Helsenbuttel has arranged two matches at the Broadway, Brooklyn. Edward Merkel and Bert Allen rolling a best-six-out-of-eleven series for $50 a side Sunday evening, and Roschlau, of Flatbush, meeting Allen in a similar series on Monday evening. Both contests are scheduled for 9 o'clock and will attract considerable attention.

SENATOR DEPEW MUST REMOVE

Can't Continue to Live in the Shepard Villa After May 1.

Senator Chauncey M. Depew will have to vacate The Villa, on the Mrs. Elliot F. Shepard estate at Scarborough, where he has been stopping with his niece, Miss Anna Paulding, since early in March, in the next week. The residence has been leased to Henry N. Scheurmann for the season from May 1.

The greatest secrecy is maintained among the members of the family and the servants as to where Senator Depew is going after leaving Scarborough. It is rumored that he will spend the summer at Ardsley-on-the-Hudson, and from another source the information comes that he will seek seclusion in the Adirondacks.

RAILROAD LOBBY BUSY.

Crossing Bill Mutilated in Interest of New York Central.

ALBANY, April 26.—The lobby has been busy with the Grade-Crossing bill, and as a result the Senate Railroads Committee has amended the Assembly Committee's bill, which would compel railroads to pay all the expense of abolishing crossings when the abolition is made necessary solely by a change of motive power.

This will send the bill back to the Assembly for concurrence and makes its enactment very doubtful. The bill was intended to prevent New York City being loaded with the expense of the New York Central's terminal improvements.

To Build a Church from the Profits of a Wireless Invention.

WILKES-BARRE, Pa., April 26.—With the money which he has earned by his invention of a new system of wireless telegraphy Father Joseph Murgas, of this city, is about to build a fine new church for his Slavish Roman Catholic congregation. He approved the plans to-day. The church will be of marble and Indiana limestone, the parochial residence of the same, and he will make the present church into a school and the present parochial residence into a convent.

Mankind has a trait worth observing;
This picture shows just what it is:
In his search for a house a man dislikes
To start on a house-to-house quiz.

The result of this true situation
Is that, when a man seeks a home,
He finds it right quickly through World Wants;
This fact is most generally known.

Through World "To-Let" Ads You Can Canvass the Whole City in a Few Moments.
