20 PER CENT INVESTMENT THE AMERICAN BRIDGE CO., OF CHICAGO, ILLS. L. B. BOOMER of Chicago, President. (ORGANIZED AUGUST 1, 1870.) Authorized Capital Stock, $1,000,000. ALL PAST DUE INSTALLMENTS MUST BE PAID, WITH INTEREST, AT TIME OF SUBSCRIPTION. The whole amount of the authorized Capital Stock of this Company not having been issued, the balance is proof will be issued to subscribers at par, payments for same to be made in four installments of 25 per cent each, viz.: 25 per cent, July 15, 1872. 25 per cent, August 1, 1872. 25 per cent, September 1, 1872. 25 per cent, October 1, 1872. The Subscription Books now open at the office of the undersigned, will be closed as soon as the new stock is fully subscribed. The total amount of stock issued at this time is $114,700, and on this basis the Company shows a present surplus of $136,280 97, and is now doing a flourishing business. One thousand men are constantly employed in their extensive works, and they now have on hand $1,250,000 of work for various Railroads in the United States, among which may be mentioned the CHICAGO, R. I. & PACIFIC, CHICAGO & N. WESTERN, MICH. CENTRAL, MISSOURI PACIFIC, ATLANTIC & PACIFIC &c. And the Company is now offered work to the amount of over $6,000,000, including some of the largest bridges ever built in this country; to accept of which, and further business, necessitates a larger working capital, as immense amounts of material have to be kept constantly on hand, and the Company are frequently obliged to receive, in part payment for their work, railroad and other bonds, which are perfectly good securities, but not always immediately marketable. The career of the AMERICAN BRIDGE COMPANY, though brief, has already fully demonstrated the profitableness of the enterprise. The Company has constructed, since its organization, and up to the 31st of December, 1871, a total of 39,137 feet of bridges, 18 turning tables, and 16 iron roofs, and pneumatic and screw pile substructures, costing $3,400,000, and have facilities for the construction of pneumatic piles unsurpassed by any company in the country, and a capacity for the construction of at least 150 feet of bridges for every working day in the year. The Iron Railroad and Highway Bridge at Leavenworth, of three spans of 340 feet each, and the Union Pacific Bridge across the Missouri River, of eleven spans of 250 feet each, were constructed by this Company. The net profit arising from this business, as shown by the books of the Company, up to the 31st March, 1871, was the sum of $373,482 14, or at the rate of $224,089 28 per annum, being over 50 per cent upon the capital stock then outstanding. With the proposed new structures, machinery, &c., the Company will have much greater capacity, and the proceeds of the increased issue of stock will enable them to buy material for cash, thereby making a saving of from $50,000 to $75,000 per year. The Company can undoubtedly, on above basis, make dividends of from 20 to 25 per cent per annum on the full amount of capital, $1,000,000, with a fair prospect of a considerable increase. The undersigned are prepared to give to those inquiring the fullest details and entire satisfaction regarding the reliability of the Company's statements, and the unquestioned integrity and ability of its officers. We confidently commend to capitalists the above as an investment worthy their attention. MARVIN BROS., BANKERS, 40 Exchange Place, N. Y., SOLE FINANCIAL AGENTS IN THE EAST.

THE GREAT MIDLAND RAILROAD Now Nearly Completed. The remainder of the FIRST MORGAGE SEVEN PER CENT GOLD BONDS, limited to $20,000 TO THE MILE on finished road, offered, to close out the issue, at par and interest. The New-Jersey division of the Road is finished and trains are now running into Jersey City. From Oswego eastward the road is in successful operation for a long distance. A short gap in the construction of the New-York division alone prevents running through from New-York to Oswego. Work is progressing on this unfinished section with the utmost energy, and we hope soon to announce the completion of the entire road of this great Trunk Line from New-York to Oswego. These Bonds, in our judgment, possess in a marked degree the elements of ABSOLUTE SECURITY AND LIBERAL INCOME. For sale or exchanged for Governments and other securities at their market value, by GEORGE OPDYKE & CO., 25 NASSAU-STREET.

THIS BOND OFFERS AN ADVANTAGE OVER ALL OTHER MIDLAND FIRST MORTGAGE BONDS, IN THAT, WITH EQUAL SECURITY, IT IS LESS IN PRICE. We commend it to investors.
