NOTICE TO INVESTORS

Chicago & Canada SOUTHERN.

$5,000,000

7 PER CENT GOLD BONDS

COUPON AND REGISTERED.
INTEREST PAYABLE IN GOLD, APRIL AND OCTOBER.

THE CANADA SOUTHERN, or eastern end of this line, whose Bonds were so rapidly sold last Summer,

Is Now Finished,

and will be opened for business, in connection with the TOLEDO AND WABASH and other Western roads, at a very early day. The CHICAGO AND CANADA SOUTHERN, or western end of this line, is now being rapidly built, and the Company expect it to be finished during the present year.

THIS GREAT TRUNK LINE, when completed through, will be of immense advantage to the shipping interests of the Great West, being *LEVEL, STRAIGHT,* and 33 miles Shorter than any other route. Having connections with all the lines running into Buffalo at the East and Chicago at the West, and under the management of some of the most experienced railroad operators of the country, its success is rendered a certainty, and its bonds must be a safe and profitable investment. It makes the shortest and best connections going West, both at Toledo and Detroit, and is the only Seven per cent Gold Bond on any through Trunk Line now offered.

WINSLOW, LANIER & CO., BANKERS, No. 27 PINE-ST.

$5,000,000 TOLEDO, WABASH & WESTERN RAILROAD COMPANY'S 7 Per Cent Mortgage Bonds.

PRINCIPAL AND INTEREST PAYABLE IN GOLD COIN.

Issued for the Purchase of Steel Rails.

Principal Due 1893. Interest Coupons Payable 1st Feb. and 1st August, in City of New-York.

The Directors of this Trunk Line, between Toledo and St. Louis, comprising with its branches over 600 miles of completed road, have decided, in order to accommodate the great increase of traffic, to relay the ENTIRE LINE WITH STEEL RAILS; and for that purpose have issued $5,000,000 of 7 per cent Mortgage Gold Bonds.

The steady increase of business over this line will be rapidly and greatly augmented by its connection with the Canada Southern Railroad (which will be open for traffic in a few weeks), rendering the substitution of steel rails a necessity.

The net earnings for the years 1871 and 1872, after paying the interest on the Mortgage debt of the Company, were largely in excess of the amount necessary to pay the interest on this Mortgage.

The road has no floating debt. All the proceeds of these Bonds go to the permanent improvement of the property, experience having proved that by substituting steel for iron rails on roads doing so heavy a traffic, the "saving" alone, without any allowance for increase of business, is sufficient to pay off at least four times the amount of this Mortgage before maturity. The advantage of employing steel rails is so great that all our Trunk Lines are adopting them to the exclusion of iron rails.

As the Bonds will only be issued as fast as the rails can be laid, we now offer for sale but $1,000,000, AT NINETY AND ACCRUED INTEREST IN CURRENCY.

The large earnings of this Road, with its future prospects, make this Bond, in our opinion, an undoubted security.

Chances for Business Men.

A WELL ESTABLISHED MANUFACTURING BUSINESS, at Louisville, Ky., offers the right man an unusual opportunity; business already profitable; net profits the last three years, $20,000, $25,000, and $30,000; but the product is staple, and we have some of the advantages of a monopoly, so that the field of expansion is comparatively unlimited; it will require $25,000 to secure one-third of the business, realty, fixtures, &c., and the applicant must be one very desirable—one who will be a real force in the commercial department; abundant time will be given such a man to examine the business and study the situation.
