CRUISER BOSTON NOW SAFE IN PORT WAS NEAR SINKING

Crew of 300 Men Worked All Day at Pumps to Save Her.

WASHINGTON, Sept. 4.—According to a telegram received at the Navy Department to-day from Commander Coffman, commanding the cruiser Boston, which was reported to have gone on the rocks of Peabody Islands, in the Straits of Rosario, the cruiser is now in port at Bellingham, Wash. As nothing was said in the despatch about any accident to the ship, the presumption at the department is that she was not badly injured.

The torpedo boat Paul Jones also was reported by Commander Coffman to have arrived at Bellingham.

The Navy Department has received a second despatch from Commander Coffman, commanding the cruiser Boston, dated Bellingham Bay, Washington, as follows:

"Boston grounded Sept. 2 on Peabody Rock, Rosario Straits, and is leaking. Navy Yard tug has been wired to assist to Bremerton Navy Yard. Divers examining ship's hull since early morning. So far unable to locate any leaks. Water under control."

SEATTLE, Wash., Sept. 4.—A despatch received to-day from Bellingham says that the United States cruiser Boston foundered at low tide in a fog on the rocks of Peabody Islands, in the Straits of Rosario, twenty-two miles from here, at noon yesterday.

Torpedo boat Paul Jones on passing the stranded vessel was signalled by the Boston and an effort of an hour was made to pull her free. Finally, the rising tide which throws a strong eddy from the Gulf of Georgia into the strait, forced the Jones to leave the Boston to her fate and proceed to Bellingham without her.

The cruiser Boston reached Bellingham under her own steam at 6 o'clock and at midnight was sinking two miles off shore. The plan of Commander Coffman is to beach the vessel if the water cannot be kept down.

A line of bluejackets, with a string of buckets, is working in conjunction with the pumps to prevent the Boston from going to the bottom. At a late hour an effort to secure fire tugs with strong pumping capacity was being made. Seven compartments are flooded and the extent of the damage cannot be determined.

The cruisers Boston and Princeton and the destroyer Paul Jones were directed to leave Bremerton for Blaine for target practice. The Princeton has reached her destination. The Boston and Jones planned to anchor here to-night and proceed early in the morning for the northern town. The order has been countermanded and the future movements of the craft depend upon the outcome of the Boston accident.

The officers and crew of the Jones are at the service of their fellows on the cruiser. The men were at work all night keeping down the water.

ROCKEFELLER TRIES TO DODGE TRIAL IN OHIO

Asks Court to Quash the Indictment Found Against Him.

FINDLAY, O., Sept. 4.—A hearing on motion to quash the information filed against John D. Rockefeller as the responsible head of the Standard Oil Company by Prosecutor David was heard to-day in Probate Judge Banker's court.

Virgil P. Kline represented the Standard Oil, and the gist of his arguments was that the Standard Oil Company could be criminally prosecuted only under an indictment found by a regularly constituted Grand Jury.

Prosecutor David and his partner, George H. Phelps, argued in support of the informations.

Judge Banker reserved decision. A trial will follow should the Court sustain the informations.

GIRL ENDS LIFE WITH REVOLVER

Miss Edwina Busky Tried to Smother Report of Shot in Bedclothes.

Miss Edwina Busky, a handsome girl of twenty-one, was found shot to death in her home, No. 25 St. Charles place, Brooklyn, early to-day by her brother. The young woman's family and the police believe that she committed suicide while suffering from melancholia.

Miss Busky was taken ill six months ago, and her ailment assumed the form of extreme melancholia. On the advice of physicians she was sent by her parents to King's Park Insane Asylum, where it was believed that with proper nursing she would fully recover.

After her admission to the asylum Miss Busky improved in health. A week ago she was thought to be cured. She was brought back to her home and no guard was kept on her, as she appeared rational.

Miss Busky retired to her room early last night on the plea that she was tired. Shortly after midnight her brother John, noticing that her door was locked, knocked to be admitted. There was no answer and the door was forced.

Miss Busky was found dead in her bed with the bed clothes swathed about her. There was a bullet hole in her temple and by her lay a revolver. It was plain that she had used the bed clothes to smother the report of the shot.

Before killing herself Miss Busky had packed all her clothes. Where she got the revolver has not been explained by the police.

The girl was the daughter of John Busky, a shoe manufacturer in Beaver street, Manhattan. Her mother died six years ago and since then the family consisted of the father and a son, John, and Miss Edwina.

STOCKS DROP AS MONEY GOES UP

Market Falls Away Steadily and Loses All the Early Gains.

A rapid rise in money rates halted speculation in the stock market to-day and at the close good gains made early in the session were wiped out and the list was lower all around.

London carried prices of Americans to a higher level during the holiday interval here, and this influence, together with accumulated buying orders from domestic sources, swept opening prices upward throughout the list.

St. Paul, the Harriman Pacifics, the Hill stocks and the Pennsylvania groups were most benefited.

St. Paul opened at an advance of 4 1-2 over Saturday's closing price; Great Northern preferred, 3 1-2; Northern Pacific, 2; Canadian Pacific, 1 3-4; Baltimore & Ohio, 1 1-8; Pennsylvania, Norfolk & Western, National Railroad of Mexico preferred, Union Pacific, Southern Pacific, Brooklyn Transit and Amalgamated Copper, 1 to 1 1-4, and a number of other stocks large fractions.

There was a slight reaction later on profit-taking.

Subsequently St. Paul shot up to a new record price, 5 1-2 over Saturday. Baltimore & Ohio rose 2 5-8, Reading, 2 1-4, Northwestern 3 1-2, Atchison 1 1-4 and Erie and others a point. These renewed advances had some sustaining effect on other stocks, but the activity of the trading diminished.

The opening rates for call money at 6 per cent. had some restraining influence, and profit-taking at noon cut prices in some sections.

Stocks continued to display the same irregularity as they had in the morning, but the fluctuations were narrower as the business decreased. Reading and Baltimore & Ohio were bought confidently and showed gains of 2 1-4 and 4 3-8 respectively.

Profit taking in some of the strong features and persistent pressure on Smelting, together with the rapid rise in money rates, caused a general relapse in prices in the afternoon. Smelting dropped five points below last week's closing and Great Northern preferred 1 1-2, Delaware & Hudson 1 1-4 and Lead 1. Reading gave way 2 points from the highest and a number of other stocks a point or more.

The total sales of stocks to-day were 1,372,000 shares and of bonds $2,291,000.

CUBANS HIDE AS REBELS SACK TOWN

Troops Shut Themselves in Fort Near Cienfuegos and Give Looters Free Sway.

HAVANA, Sept. 4.—Advices from Cienfuegos received here to-day say that a band of thirty rebels yesterday sacked the small town of Castella de Jagua, also known as Jagua, situated on Cienfuegos Bay. The Rural Guards in garrison at Castella de Jagua and the officials of that place in the meanwhile shut themselves up in the fort.

Cienfuegos Bay is also known as Jagua Bay, Bahia de Jagua or Bahia de Xagua. It is situated on the south coast of Cuba, forty-five miles northwest of Trinidad. Upon the shores of the bay is situated the City of Cienfuegos, 189 miles by rail southeast of Havana, having a population of about 30,000.

Commercially Cienfuegos is the most important port in the southern part of Cuba, and is the center of the sugar trade in that part of the island. Jagua Bay in olden times was defended by a strong castle situated on Cape Los Angeles and called Castella de Jagua. Near it is the small town sacked by the Cuban rebels yesterday.
