BINGHAM BANGS OUT A NEW LIST OF TRANSFERS

Murphy Men Suffer, and 400 Patrolmen Are Included in Batch.

Police Commissioner Bingham created a sensation in the Department this afternoon by announcing the transfers of eight sergeants, eight roundsmen and 400 patrolmen. Previously he had transferred two captains. With the six captains, two sergeants and thirty patrolmen transferred yesterday, Commissioner Bingham has shifted about 450 members of the Department since his return from his vacation last Tuesday. There is an impression that the work is just beginning and that wholesale transfers will be made every day until the primary election.

It is noticeable that all the policemen shifted away from precincts in assembly districts where there is a hot fight on for leadership between McClellan and Murphy men are Murphy adherents. While Police Commissioner Bingham is sending Tammany Hall partisans out of precincts where they might be of use to the Murphy forces in the primaries, Fire Commissioner O'Brien is pursuing the same line of activities in his department.

Murphy's Friends Indignant.

The men who are hassling for Tammany leaderships denounce the wholesale transfers. They say that Mayor McClellan and Commissioners O'Brien and Bingham are using the Police and Fire departments for political purposes. On the other hand, Mayor McClellan's friends say that he is trying to keep these departments from being used for political purpose.

"Murphy," said one of the Mayor's friends this afternoon, "knows full well how useful the right kind of a policeman can be in a primary election. He is prepared to resort to any tactics to win out next Tuesday. In view of this fact it ought to be apparent why transfers are being made at this time."

The sergeants transferred were: George Kauff, from East Twenty-second street to West One Hundred and Twenty-fifth street; William Delaney, from Central Park to Harlem Police Court; Patrick McGirr, a strong Murphy man, from Harlem Court to Central Park; William Masterson, from Williamsburg Bridge to East One Hundred and Fourth street; James Lynch, from East One Hundred and Fourth street to Williamsburg Bridge; George Farr, from Fifth avenue, Brooklyn, to Parkville; Walter Morris, from Parkville to Richmond Hill; Edward H. Hall, from Richmond Hill to Fifth avenue.

The eight roundsmen transferred are Andrew Armstrong, Tim O'Leary, William J. Sullivan, Michael Madden, Francis Steinkamp, John Scully, William McGrath and Ricardo Godell. Sullivan, Godell and McGrath have been in the West One Hundred and Twenty-fifth Street Precinct for a long time, and are recognized as staunch friends of Tammany Leader Thomas F. McAvoy, who is in charge of the district in which that precinct is situated.

Capt. Bernard J. Hayes was transferred to-day from Vernon Avenue Station, Brooklyn, to Flushing Avenue Station, changing places with Capt. Nicholas Condon. Capt. Hayes is known in Brooklyn as a follower of Senator McCarren.

TWO BROOKLYN POLICE CAPTAINS SHIFTED.

Political Significance Is Believed to Attach to One of the Transfers.

Police Commissioner Bingham, following a long consultation with Deputy Commissioner O'Keefe, to-day made two transfers of captains in Brooklyn. Capt. Bernard J. Hayes was sent from the Vernon avenue station to the Flushing avenue station, changing places with Capt. Michael J. Condon.

Capt. Hayes has long been known as a McCarren Democrat, and his transfer is believed to have some political significance. Condon, so far as is known, has never taken an active interest in politics. Commissioner Bingham refused to discuss the transfers.

CELEBRATION FOR BARRY MONUMENT.

Ancient Order of Hibernians Applaud Law Providing Memorial to Old Sea Hero.

The Ancient Order of Hibernians of New York City will to-morrow night celebrate the passing of a bill by the last Congress for the erection of a $50,000 monument to Commodore John Barry, the Irishman who left Ireland to fight the cause of the American colonists against the oppression of Great Britain.

Commodore Barry has been dead about a hundred years. During the first forty years his grave in the little yard of St. Mary's Church, Philadelphia, was hardly marked. About sixty years ago a few patriots contributed to a fund for a headstone and since then the grave of the dauntless sea commander has had only that simple stone to mark it.

Agitation for a suitable monument to the honor of Barry was started four years ago by the Ancient Order of Hibernians at their convention in Denver. A demand was then made on Congress for a suitable and lasting memorial. The sentiment has spread since and the result was that Congress voted funds for such a monument to be placed in one of the public squares of Washington.

At the celebration Friday night, which will be in the Cathedral School Hall, Fifteen street, between Lexington and Madison avenues, addresses will be made by Major Edward T. McCrystal, National Director of the A. O. H.; Rev. John P. Chidwick, who was chaplain of the battleship Maine when it was blown up in Havana Harbor; Chaplain W. R. Rainey, of the Navy, and by William McAdoo, formerly Assistant Secretary of the Navy.

Patriotic songs will be sung by the Buidhean Cheoil, of the Gaelic Society. Admission will be free.

CRUSHED IN HOSPITAL.

Teodore Dresser, newsdealer, of No. 4523 Fifth avenue, Brooklyn, died in the Norwegian Hospital to-day from injuries received there yesterday. Dresser was entering the hospital to deliver papers when he saw the elevator door closing. He jumped in as the car started, but fell and was caught between the elevator and the top of the door.

ASKED DUFFY ABOUT DIAMONDS IN CHAIRS.

Colonel of the Sixty-ninth Affronted by Question and Falls to Get Armory Appropriation.

Col. Duffy, of the Sixty-ninth Regiment, appeared before the Mayor and other members of the Sinking Fund in the City Hall to-day to urge an appropriation of $35,000 for furnishing the officers' quarters in the new Sixty-ninth Regiment Armory, on Lexington avenue.

Col. Duffy was in to see Comptroller Metz Wednesday about an estimate for the equipments. Comptroller Metz gave Col. Duffy a "jolly" about his bill. It seems the Colonel wanted $14,000 for furnishing the room of the colonel of the regiment out of the total of $35,000 for all the officers' quarters. The Comptroller said he couldn't see it that way.

When the Colonel appeared before the Sinking Fund Commission to-day he was much worked up over his request. He became much more so as he told of the Comptroller's engineer coming to inquire about the request for money. He said that the Comptroller's engineer had affronted him.

"What did he say?" asked Comptroller Metz.

"Well," answered Col. Duffy, "he asked me if I wanted to have diamonds in the chairs."

The Commission did not grant the appropriation. It will probably allow the regiment some money later for furnishings.

DENIES THAT LYNCH HAS RUN AWAY.

George Robinson, of No. 99 Nassau street, attorney for Charles Lynch, former Tammany man and Hearst leader, in the latter's suit for separation from his wife, Hannah, said to-day there was no mystery in the disappearance of his client from the city.

"Mr. Lynch is in Boston on business and is stopping at the home of his brother, Daniel Lynch," he said. "The stories circulated by his wife in his absence are shameful. Mr. Lynch is securing a separation from his wife. He has not lived with her for two years. The suit comes up for hearing in October before Justice Gildersleeve.

"I want to deny emphatically on Mr. Lynch's behalf that he is short in his accounts to Local Council No. 848, Brotherhood of Painters, Decorators and Paperhangers of America, of which he was financial secretary, and also that Mr. Lynch has run away with any women."

STOCKS LACKING SUPPORT RUN OFF

Interest in the Market Waned and the Closing Showed Losses.

Interest steadily waned in the stock market to-day, and on lack of support prices sagged off, the close showing the list lower with the bears forcing a selling movement.

Prices were up at the opening, but the advances were of limited proportions and the demand was not urgent.

U. S. Rubber improved 1 3-8. Distillers' Securities 1 and New York Central, Pennsylvania, Northern Pacific, Amalgamated Copper, Locomotive, Smelting and Republic Steel 1-2 to 3-4.

Small losses were shown by Baltimore and Ohio, Chesapeake and Ohio, Delaware and Hudson, Denver and Rio Grande and Louisville and Nashville.

Southern Pacific rose a shade higher than in the forenoon, touching 84 3-4, a high record. Prices abruptly gave way in the final hour, and such gains as had been scored were generally lost. St. Paul fell 2 1-2 below last night; Atchison, Louisville and Nashville, 2; Missouri Pacific and Lead 1 1-2, and Erie, New York Central, Reading, Locomotive, Colorado Fuel and Consolidated Gas 1 or more. The rally, when room shorts covered, did not hold.

The total sales of stocks to-day were 1,078,200 shares and of bonds $2,176,000.

OLD-TIME BARGAIN FRIDAY. OLD-TIME BARGAIN FRIDAY.

OPENING OF NEW FALL STYLES IN RIBBONS AND WOMEN'S NECKWEAR

This is an opening that will settle the style question. It is authoritative from every viewpoint.

After the most exhaustive preparations on our part that any one could possibly make, we invite you to inspect it. Months of the most earnest search for the best in both foreign and domestic ribbons and neckwear have resulted in the unparalleled exhibition that you are invited to view at the Bloomingdale store to-morrow. We know that you will find what you want, because, in every sense of reason and good taste, the collections are absolutely all-inclusive.

In Ribbons The beautiful new plaids and Roman stripes will be paramount in the minds of those who follow the fads. The new dainty warp printed effects are leagues ahead of any of their family that ever were brought to the light of an American day.

Ribbons literally cover the hats for the Fall season. Everything that is wanted, from the narrowest baby ribbon to the widest sash ribbon, is here in a profusion of colors, effects and widths that renders this department distinct and exclusive.

In Women's Neckwear The showing is simply marvellous. The finer effects are not so elaborate as in other years, but more in keeping with refined taste. The plainer tailored effects and solid colors and plaids in neckwear are decidedly nicer than the more fanciful styles of previous years.

Neck Ruffs Designers and makers all left fancy run riot—NECK RUFFS OF LIBERTY SILK, NET, CHIFFON AND MALINE—Domestic creations vie—with fine, feathery productions of the French and German. One is as proper as the other, and one will be used as extensively as the other, but you MUST have one or the other.

Lace Collars, COLLAR AND CUFF SETS AND YOKES will be wanted to embellish the plainer shirt waists. You will find what you want here at just what you want to pay, and even less than you would be willing to pay for such styles. This first showing of Fall ribbons and neckwear will be brilliant, indeed, so do not think of missing it.
