fully about the outrageous treatment to which he was subjected by the Committee on Contested Seats at Buffalo, but he isn't prepared to say he will do anything.

Borough President Joseph Bermel, of Queens, who was elected to head a delegation of twelve on primary day by a majority of 3,000 and had to give way to Joe Cassidy and eleven other Cassidyites at Buffalo, isn't making much noise about his treatment. He was swept into office on the crest of the Hearst wave last fall, running on a Republican fusion ticket.

"Naturally," said Mr. Bermel, "we are indignant. We were treated outrageously at Buffalo. But we have decided we will take no action until we see what Mr. Hearst is going to do. We want to know if he is going to indorse Cassidyism in Queens County."

In other words Mr. Bermel is sitting on the fence. If he is allowed a voice in naming the county ticket he will fall in line for Hearst. Cassidy, with the backing of Murphy, intends to swipe the whole ticket, and unless Bermel can get the direct aid of Mr. Hearst, will succeed. Bermel hopes Cassidy will be satisfied with the nomination of his man, F. W. Skene, as State Engineer and Surveyor.

Roswell Williams was the direct candidate of Mayor McClellan and Fire Commissioner O'Brien, but he makes the surprising statement that Murphy is his "boss." He says he will abide by Murphy's fiat, and that he does not hope to win in taking his contest to the courts. He will submit the matter to his counsel, Fred House, and if Mr. House advises a court appeal it will be made.

That the Mayor will continue the war on the Sullivan pool-rooms was made evident to-day when he summoned Commissioner Bingham to the City Hall as soon as he reached his office. Their conversation was brief, and took place in the corridor as the Mayor was on his way to a meeting of the Board of Estimate. Mayor McClellan denied that he had sent specific orders from Buffalo to close the pool-rooms as soon as he learned that the Sullivans would fall into line for Hearst.

When Commissioner Bingham returned to his office after having seen the Mayor he said he had received no specific instructions from the Mayor to close up any particular pool-rooms or other places in which Sullivan adherents might be interested.

"But I am going to close up every pool and gambling house in this city on my own hook," the Commissioner said. "The instructions I gave to Inspector Dorman to close up the gambling places in Wall street have been sent to all other commanders, and unless they act quickly they will be jerked up short."

"Have you any information that regular collections for protection are made from the poolroom and gambling-house keepers?"

"Yes, I have such information."

"Is it such that you can follow the accused collectors so as to get evidence?"

"Yes, I am having several men watched."

"Are they members of the Police Department?"

"That will all come out when we are ready to descend on them."

REBELS BREAK TRUCE; TAFT SAYS U. S. MUST ACT

Government Troops Attacked as Peace Crisis Is Reached.

SITUATION IS WORSE.

Cuban Leaders in Hopeless Wrangle, While Marines Await Orders to Land.

HAVANA CAMPS READY.

Roosevelt's Envoy with Intervention Proclamation Prepared as Congress Meets.

HAVANA, Sept. 28.—It is reported that the Cuban rebels this afternoon fired on a government force near the Toledo plantation, south of Mariano, province of Havana, and that they have also attacked the electric plant at Mariano, which is only seven miles from Havana City.

The Governor of Santiago reports that the rebels are organizing and concentrating in the vicinity of that city.

At Guantanamo, Santiago Province, the rebels are collecting arms and horses and bands of rebels are reported to be around Baracoa, in the same province, indicating that the extreme eastern part of the island is in a more excited state than hitherto believed.

The Governor of Matanzas reports that rebels are camped near Matanzas, capital of that province, and are stealing horses.

War Secretary Taft sat back in his chair at the American Legation this afternoon in an attitude of waiting for Cuba to play her last card in the game in which her independence was at stake. He was confident that the card would not take the trick, and so expressed himself to the correspondent of The Associated Press.

Yet, recognizing the sacred functions of the Cuban Congress, which was about to meet and act on President Palma's resignation, he determined to give the politicians all the leeway possible in the settlement of the controversy. He said he felt certain the United States would have to land troops here to-night or to-morrow at the latest, and that a proclamation establishing a provisional government would then be issued.

His reason for suggesting that possibly the intervention of the United States would not take place until to-morrow was that Congress may continue in session throughout the night before a final decision is reached. Numerous new proposals were presented to Messrs. Taft and Bacon to-day by representatives of the opposing parties, but for reasons sometimes sufficient but usually not so, obstacles have been placed in the way of an agreement. Not since the negotiations were opened by the American Peace Commissioners has the inconstancy of the Cuban politicians been so clearly shown as to-day.

A detachment of marines at noon to-day began preparations to distribute the tents, ammunition and miscellaneous supplies, stored on the Caballeria wharf, among the three battalions of marines ready to land here, orders having been received to have everything in readiness for debarkation when the order comes.

The marines will land, should the necessary orders be received at the Paula, Machina and Caballeria wharves. Two of the battalions will occupy Vilanueva, and the other will be stationed at Punta Park on the sea front.

That they shall make one last supreme effort to reconcile the Cuban differences were the instructions which War Secretary Taft and Assistant Secretary of State Bacon to-day received from President Roosevelt.

Too Late to Turn Back.

President Roosevelt's message was in response to one sent by Secretary Taft last night, saying he was convinced that the Cuban Congress would exhibit impotency in coping with the situation, and that intervention was the only course left to the United States. Mr. Taft concluded his message with the assertion that it was too late to prevent intervention.

Brig.-Gen. Funston, boarded the United States flagship Louisiana this morning and conferred with Capt. Couden, Commander of the naval forces, and other naval officers. The General said he was ready for whatever occurs and was simply awaiting orders.

At Odds to the Last.

The probability of the warring Cubans arriving at any agreement under which the sovereignty of their government could continue without interruption was as remote as ever this afternoon as the time approached for holding the extra session of Congress to consider President Palma's resignation.

OFF TO CIENFUEGOS.

HAVANA, Sept. 28—1.47 P. M.—The United States cruiser Des Moines has sailed from here for Cienfuegos, Province of Santa Clara.

CAN'T HURRY UP THE THAW TRIAL

Justice Bischoff Sees No Reason Either for Taking It from General Sessions.

Justice Bischoff, of the Supreme Court, to-day denied Harry Thaw's application by counsel to hurry his trial and to have it transferred from General Sessions to the Supreme Court.

The Justice finds no peculiar circumstances set forth in the application to warrant such action and says if it were granted every man awaiting trial for homicide could demand the same privilege.

POLO GROUNDS, New York, Sept. 28.—The Giants made a walk-away to-day in a game with St. Louis. Mathewson's pitching, coupled with a terrific batting rally in the seventh, defeated the visitors.

The game served to introduce two new faces on the Polo Ground diamond. "Matty's" brother "Hank" relieved him in the ninth. The most interesting newcomer, however, was Rigler, the "slugging" umpire. The game was finished without a single clash.

New York got nine hits off Beebe and St. Louis five off Mathewson.

First Inning.

O'Hara out, McGann, unassisted. Burch singled. Bennett singled. Burch was caught at the plate on Barry's slow one by Mathewson. Seymour got Murray's fly. NO RUNS.

Devlin out, Holly to Barry. Crawford threw McGann out. Dahlen struck out. NO RUNS.

Third Inning.

Beebe out, Devlin to McGann; Devlin's quick pick-up disposed of O'Hara. Burch out, Strang to McGann. NO RUNS.

"Matty" and McGann disposed of Crawford. Beebe popped to Dahlen. Seymour got O'Hara's fly. NO RUNS.

Dahlen out, Beebe to Barry. Strang singled and stole second. Mathewson walked. Strang thrown out trying to steal third as Shannon struck out. NO RUNS.

Sixth Inning.

Burch out on strikes. Bennett flied to Dahlen. Barrett out, Devlin to McGann. NO RUNS.

Browne flied to O'Hara. Seymour smashed over third for two bags. Bennett threw Bresnahan out. Devlin out, Beebe to Barry. NO RUNS.

Seventh Inning.

Murray's fly to centre was good for two bases. Dahlen threw Holly out. Noonan out. Dahlen to McGann, Murray scoring. Crawford out by Dahlen-McGann route. ONE RUN.

McGann singled, Dahlen singled. On Beebe's wild throw of Strang's bunt McGann scored and Dahlen went to third. Mathewson pop fouled to Noonan. Holly got Shannon's fly. Dahlen and Strang scored on Browne's Texas leaguer behind first. Seymour walked. Browne scored on Bresnahan's single. Devlin singled, scoring Seymour and Bresnahan. Devlin was hurt sliding to second and Hannahan took his place on the bag, then went to third on a passed ball. McGann was hit by a pitched ball. Hannahan caught napping between third and home. SIX RUNS.

Eighth Inning.

Beebe fanned. O'Hara flied to Dahlen. Burch singled. Mathewson got Bennett's fly. NO RUNS.

WOMAN KNOCKED DOWN AND ROBBED BY THREE MEN

Was on Her Way to the Station in Yonkers When Assaulted.

(Special to The Evening World.)

YONKERS, N. Y., Sept. 28.—Mrs. Catharine Hunter, a fashionably dressed young woman, said to live at No. 201 West One Hundred and Eighth street, New York, was beaten and robbed here late last night by three young men. John Berry, of No. 144 Herriott street; and William Russell, of No. 89 Linden street, Yonkers, have been arrested and identified by Mrs. Hunter as her assailants.

Mrs. Hunter had been visiting in Yonkers during the day, and it was late when she met three young men, who offered to escort her to the station of the New York Central Railroad. When Jefferson street was reached they proposed walking through a large vacant lot, which is a short cut to the station.

Half way through the lot the escorts suddenly made a vicious assault upon Mrs. Hunter, knocked her down, beat her and, she says, robbed her of a handbag containing her pocketbook and a sum of money. Her jewelry was not stolen. Mrs. Hunter struggled violently, and her cries for help aroused the neighborhood. Berry and Russell were speedily arrested and identified. The third man escaped.

Mrs. Hunter's body is a mass of bruises. Her face is disfigured and her eyes blackened. She is also suffering from a sprained ankle. She was hysterical for hours after the assault and this morning was barely able to walk to court. She will be under the doctor's care for a long time.

The identity of Mrs. Hunter's third assailant is known to the police, but he cannot be located and is believed to have gone to Canada.

HURT IN PANIC ON STREET CAR; FUSE BURNED OUT

Thirty Passengers Jump to the Street and Several Are Injured.

Several persons were hurt as the result of a panic among a carload of passengers on a Fourteenth street crosstown car when a fuse blew out this afternoon. Only two were seriously injured, but one of them is in a critical condition in Bellevue Hospital. The injured are:

Alexander Bennett, thirty-one years old, of No. 522 Metropolitan avenue, Brooklyn, fracture of right leg and possible internal injuries. Removed to Bellevue Hospital.

A. Dahroughe, twenty-eight years old, of No. 44 Willow place, Brooklyn, contusions of head and body and bruises of the leg. Taken home.

An open car, No. 1886, in charge of Motorman Roselli, had just left Fourth avenue when there was a report that sounded like an explosion. All the thirty or more passengers tried to jump to the street. Dahroughe and Bennett were the first to jump and others jumped on them.

Patrolman Jenkins sent in a hurry call for an ambulance to Bellevue, to which Dr. Lindsay responded. He dressed the injuries of five persons beside Dahroughe and Bennett.

BRISK BETTING ON THE ELECTION; ODDS ON HUGHES

Plenty of Hearst Money in Wall Street and Uptown Resorts.

There is a barrel of Hearst money on Wall street to-day, and in the uptown sporting resorts any one with a desire to back Mr. Hughes in the Gubernatorial stakes will find no difficulty in placing his coin at odds of 2 to 1.

The largest block of Hearst money so far placed, so far as the curb had heard to-day, went in two bets of $5,500 against $10,000. W. W. Bagley, who is supposed to be handling a pot of Hearst money from headquarters, announced that he had a commission of $10,000 to put out at 1 to 2 and would take bets for anything from the whole amount down to $250. C. I. Hudson & Co. took $1,000 of this money, and Oakleigh Wanderpool $100.

The surprise of the betting situation is the quantity of Hearst money that is offering itself. John Considine, of the Metropole, announced to-day that he had $10,000 all ready for the first Hughes man that came along and would like to put up $20,000 against it.

The first bet to be paid on the nomination was collected by Marcus Mayer from George Wheelock, the bookmaker. Mayer had bet the sporting man $1,000 against $2,000 on the Democratic candidate's nomination.

Two to one are the prevailing odds at present, although here and there a few Hearst men are holding out for 2 1-2 and 3, which they could not get as far as could be learned.

M. Grab, manager for A. O. Brown & Company in their offices in the Flatiron Building, was on the curb to-day trying to place a bet of $300 to $1,000 that Hughes would be elected by 25,000 plurality.

EIGHT HURT IN RUNAWAY CAR.

SAN FRANCISCO, Sept. 28.—Eight persons were injured, four seriously, in a street car accident on Oak street last night. A Mission street car was descending the Oak street hill when the brakes gave way and the car shot down the incline. The car was so crowded that several persons were riding on the roof. At Scott street it struck a sand wagon. The wagon was thrown clear of the track, and Harry Esserman, its driver, sustained a fracture of the skull and internal injuries.

A Friend in Need—Always with You.

WHEN you have Heartburn, Colic, Coated Tongue, Suspected Breath, Acid-rising-in-throat, Gas-belching, or an incipient Cold, take a Cascaret.

Remember, all these are not merely Discomforts, but indications of a serious Cause.

Nip them in the bud—eat a Candy Cascaret. Cascarets don't purge, nor punish the stomach like "Bile-driving" "Physics."

They set the Exercise on the Bowel-Muscles that propel Food, and that squeeze the natural Digestive Juices of the body into Food.

Cascarets ward off, or cure, the following diseases:

Constipation	Bad Breath
Biliousness	Headache
Indigestion	Diarrhœa
Dyspepsia	Flatulence
Torpid Liver	Jaundice
Auto-toxicity	Nausea
Colic	Vertigo
Worms	Pimples
Piles	Blotches

In such cases a little Cascaret in time is worth fifty dollars worth of Treatment later on, to say nothing of the suffering, discomfort, loss of Business Energy, and loss of Social Sunshine it saves.

Headaches, Heartburn, Gas-belching, Acid-risings in the throat, and Colicky feelings are sure signs of bowel trouble from food poisons, and should be dealt with promptly.

One Cascaret will stop the coming trouble, and move on the Bowel load, if taken at the first signs.

Don't fail to carry the Vest Pocket Box of Cascarets with you constantly.

All druggists sell them—over ten million boxes a year.

Be very careful to get the genuine, made only by the Sterling Remedy Company and never sold in bulk. Every tablet stamped "CCC."

White Bread Starves Many People.

A piece of bread that is dry, white and very light in weight seems to the thoughtful person like so much foam or other useless and non-nourishing product.

If one rolls a piece of moist, light bread or the interior of a biscuit between the fingers a ball of dough is the result, with an appearance of solidity that makes one question how the gastric juices of the stomach can dissolve such a wad.

It is small wonder that such food cre
