# BITS OF SKIN FROM SEVEN TO SAVE HER

As a Result, Life of Tarrytown Society Woman May Be Saved.

BURNED IN EXPLOSION.

Already More Than 100 Pieces of Cuticle Have Been Grafted on Mrs. Russell's Body.

With the skin of seven other persons grafted to the lower portions of her body Mrs. William Russell, of Tarrytown, a member of an old family in Westchester County and prominent in society, is in St. Joseph's Hospital, Yonkers, to-day with a fair chance to recover. More than 100 pieces of cuticle were removed from the arms, legs and backs of seven volunteers and successfully grafted to the body of the injured woman.

The grafting of skin has been in progress for two weeks. Doctors in attendance on Mrs. Russell say that 200 pieces of skin will have to be grafted to her to complete the operation and insure her recovery.

Those who have given their skin to Mrs. Russell are her nineteen-year-old son, her husband, her brother-in-law, Coroner Frank Russell, Dr. Faiella, of St. Joseph's staff, and three nurses.

Mrs. Russell was injured three months ago while camping on the St. Lawrence River at the Thousand Islands. She was cooking over an alcohol stove when it overturned and exploded. Her dress caught fire and she was terribly burned. She suffered agony for several days before a river steamer was hailed and she was taken to Oswego. For a month she was in a hospital there. When she grew stronger she was taken to St. Joseph's Hospital, where the operation was decided upon by which the skin of other persons should take the place of her own cuticle.

# CANDY KILLS GIRL, MAKES OTHERS ILL

Police Tracing Peddler Who Sold "Jaw-Breakers" to School Children.

Some candy peddler, who has made profit from the pennies of little children, is being sought by the police of New Rochelle to-day after his colored sweets have caused illness to fifty or more boys and girls and caused the death of one girl.

The children who were made ill and the girl who is dead, attended the Union Avenue school, in West New Rochelle. For more than a week the peddler has been disposing of his wares near the school. The most popular a penny wanted to invest it in "jaw breakers" by the children.

Illness developed among the children last week. All of them were afflicted the same way and they showed symptoms of poisoning. On Monday the little girl died, and since then it has developed that her death and the illness of the other children was undoubtedly due to the candy they had been eating.

The police have ordered the sale of the colored candy stopped at once, and some of it in possession of the storekeepers has been seized and will be analyzed. They also have sought to secure the address and name of the maker of the stuff.

# FOUR ATHLETIC FLYERS TO TRY FOR RECORDS.

Sheppard, Hillman, Robertson and Harvey Cohn Will Go for New Marks at 13th Regiment Games.

Four indoor athletic records are likely to go to pieces, according to the announcement made by those speedy young men—Melvin Sheppard, Harry Hillman, Harvey Cohn and Lawson Robertson. The "Flying Four" will make their try for new marks at the games of the Thirteenth Regiment on Saturday evening, Nov. 17, in the Armory at Sumner and Jefferson avenues, Brooklyn.

Sheppard is determined to "bust" the half-mile indoor record now held by his clubmate Harvey Cohn; and Cohn will go after the three-quarter-mile mark. Hillman is training to move the peg back a bit for the 100-yard low hurdles now held by Al Copeland. Robertson will try to reduce the time of 10 2-5 seconds, the world's record for the 100-yard dash. Each of these men is in fine condition and each has the record-breaking mania fully developed.

McLeod will be seen in the pole vault. Other cracks that will figure at these games are [illegible]

Hall in the sprints! Spring and Van [illegible] will be on scratch with Hillman in the 50.

There will be a shot-put contest, tug of war and a convulsing obstacle race to wind up the sport.
