CAPTAINS TOO D--- IMPORTANT, SAYS BINGHAM

"They're Really Nothing but Upper Sergeants of Police."

"TAKEN DOWN A PEG."

Every Patrolman in City Will "Pound a Strange Beat" on Election Day.

"The police captains in this town have been too damned important," said Police Commissioner Bingham to-day when he got back to his desk after a couple of days' illness.

"The reason I put all the precinct detectives back into uniform and sent them out to patrol beats was because I wanted to pull the captains down a peg, and I guess I did it.

"I want to deal with only commanding officers and the inspectors are the only commanding officers in the department. The captains are nothing more than upper sergeants. The authority is with the inspectors and I mean to hold them to it.

"Before that change was made the inspectors were not doing anything. They had nothing to do, as the captain assumed more authority than belonged to him.

"Now the inspector will have to do the work. He is the only officer I want to deal with. He can select his own men and must be held responsible. The captain is merely in charge of the sergeants, roundsmen and patrolmen in his precinct, and all he has to do is to see that they do patrol duty. Any detective work will be done under the inspector of the district.

Shift for Election.

"I haven't made up my mind yet whether there will be a general shake-up of the sergeants and roundsmen similar to that of the captains. I am thinking the matter over. If there is such a shake-up it will not be announced until Saturday evening or Sunday.

"I will probably transfer a dozen or so roundsmen to-day, but that will have no particular significance. These will be men who have asked for transfers or whose commanding officers have made the request, and there seems to be good reason for entering the order.

"But on election day every patrolman in the city will be traveling a strange beat. Plans are now progressing for that change. They will be sent where they are not known and where they will have to look it up in a book to see what the political complexion of the vicinity is. That transfer will be for election day only.

"The next day all of them will go back to their own posts.

"Every policeman in the city will be given four hours in which to vote. So there need be no cry about shifting the men to prevent them from voting.

Wait for Parkhurst.

"Concerning Dr. Parkhurst I will say we are inclined to give him a reasonable length of time to produce the evidence against illegal places he has been talking about. He has sent us a long list of places, but with few exceptions we have the same on our own lists. Of course, the list itself is without value to us. We have had the same list, and kept it up to date, for a long time.

"What we want is the evidence Dr. Parkhurst has been talking about. With the evidence he describes we can obtain warrants against these places and raid them. We have not got the evidence yet from the Parkhurst people, but, of course, they will send it to us. They said they would.

"We want to give Dr. Parkhurst time, so we will wait patiently until after election. Until then we will be pretty busy."

PENNSYLVANIA NOW ON SEVEN PER CENT. BASIS

STOCKS RALLY, LED BY PENNSYLVANIA

Reading, Union Pacific and Great Northern Also Prominent in the Market.

Pennsylvania's strength pulled stocks out of a dull groove to-day and kept the traders going until the market closed. The list benefited and gains in some cases were pronounced.

The tone of the early market was uncertain, and prices moved both ways with great irregularity. The retention of the regular dividend on Chesapeake & Ohio caused a decline of 2 1-4 in that stock. National Railroad of Mexico preferred fell 1 1-2. U. S. Rubber first preferred a point and Canadian Pacific 3-4.

Reading, Northern Pacific and Central Leather rose about a point and Great Northern preferred 3-4.

There was an improvement later, Pennsylvania rising 2 points, Reading adding a quarter to its advance, while Southern Pacific and others rose fractions.

Large blocks of Pennsylvania were bought on the announcement of the increase in the dividend rate to 7 per cent., the price touching 144 5-8, a rise of 3 5-8. The entire market responded sharply, with the demand keen for Reading.

Anaconda improved 2 1-2, Northern Pacific and Delaware and Hudson 2 1-4, Reading 2 1-8, Smelting and Knickerbocker Ice 2, Great Northern preferred 1 3-4, Amalgamated Copper 1 3-8, and Toledo, St. Louis and Western preferred and New York, Chicago and St. Louis 1. American Car preferred fell off 1 1-8.

Pennsylvania touched 146, and was well sustained at that level and previous advances were extended. Reading gained 4 3-8, Great Northern preferred and Northern Pacific 3 to 3 3-8, Union Pacific 2 1-2, St. Paul and Amalgamated Copper 2, Colorado Fuel and U. S. Rubber first preferred 1 1-2, and New York Central, Erie, Atchison, Louisville and Nashville, U. S. Steel, Brooklyn Transit, Consolidated Gas, General Electric and Sugar a point.

There was some hesitation when call money went to nine per cent., but prices recovered again.

The total sales of stocks to-day were 884,000 shares, and of bonds $2,674,000.

Everybody Knows What Constipation Is

Everybody Should Know What Hunyadi Janos Is

HUNYADI JANOS is the original Hungarian Natural Mineral Laxative Water, which has been in constant use the world over for nearly half a century as the surest, best and most effective remedy for constipation, sluggish liver and all disorders resulting therefrom, such as bilious attacks, indigestion, rheumatism, gout, etc. Eminent physicians acknowledge its wonderful curative properties and freely prescribe it not only to regulate the liver and bowels, but as a splendid tonic when the whole system is run down. What makes it such a wonderful remedy, so far above all others, is that although absolutely harmless it is always reliable, acting quickly, naturally and pleasantly even in the worst cases. An inexpensive remedy, well within the reach of all, for a large bottle containing many doses, costs but a trifle. At all Druggists. Try it.

BOY'S HAND CRUSHED; CHILDREN IN FRENZY.

Panic Narrowly Averted in Public School—Victim Loses Two Fingers.

The screams of a tortured boy whose hand was being crushed flat in a heavy door started a panic among the two thousand children in Public School No. 189 at Houston street this afternoon.

A teacher sent David Joachim, fourteen years old, of No. 70 Avenue D, to close an outside door. As he took hold of it the door suddenly slammed, pinning his hand against the jamb. He shrieked in agony, throwing his fellow pupils into a frenzy of excitement. While some of the teachers quieted the children the others ran to the aid of the imprisoned boy.

The boy fell in a dead faint when he was released. Two of the fingers had been literally crushed off, even the bones being splintered. Policeman Crowley called Dr. Herrick, who took young Joachim in an ambulance to Bellevue. There the amputation was completed.

Barnes, No. 630 West Fifty-ninth street. Yesterday the butler vanished. Mrs. Strassburger went to her dresser and discovered that $50 in cash and diamond and sapphire brooches and rings valued at $1,000 were missing, together with the new butler.

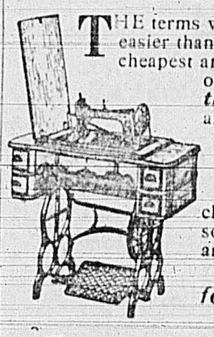
The *Best* Sewing Machine for $1 a Week



THE terms we give—$1 down and $1 a week—are easier than those which are usually granted on the cheapest and least-worthy kinds of machines. We offer those terms *on the best machines that money can buy*—the "Fountain" and the "Victory."

The prices are low. We can give a good, drop-head machine for as little as $12.50, and at $19.50, $20.50 and $23.50 we give the superb, all-ball-bearing machines that are fully equal to machines sold by manufacturers' agents at $30, $40 and $50.

No Extra Charge or Expense for This Easy Way of Making Payments

We ask no interest, make no charge for delivery or for making out papers, have no "extras" at all. A full set of attachments with every machine. Free instruction and machines kept in repair free for five years.
