SPECULATORS RIOT AT THEATRE DOOR

Cutting Rates Leads to General Fight and Reserves Are Called Out.

There was a disturbance that resembled a riot in the region about Hammerstein's Victoria this afternoon, when a gang of ticket speculators became involved in a clamorous wrangle and finally came to blows.

For a while it seemed that there was nobody on the street but ticket speculators, waving their pasteboards and reviling one another. They had bought lavishly, thinking the theatre would be swamped with patrons, but as 2 o'clock came along and their sale was light, they began to cut prices.

Finally there were half a dozen fights that Policeman Lesner was unable to handle and he sent a call for reserves into the West Forty-seventh street station. Capt. Daly arrived in a patrol wagon with six men. The clang of the bell and the clamor of the fighting ticket speculators frightened the audience in the theatre, and many rushed out to see what was the trouble.

When quiet was at last restored and the speculators drawn apart two arrests were made. The prisoners were Jason Goldstein, of No. 65 East One Hundred and Eighth street, and Abe Stern, of No. 1[illegible] Spring street. When arraigned in the West Side Court they were discharged.

SHREWD INVESTORS!

The Best PIANO Investment You Can Make Is Buying a WALTERS

Here is an unexampled opportunity for prospective piano purchasers to invest their money in a piano that will pay handsome dividends in enjoyment.

Buying a WALTERS Piano is as safe an investment as buying United States gold bonds. Pianos that are inferior to the WALTERS are selling at double their prices. When you buy a Walters Piano, you save as much as you pay for it, and the interest on your money will be a lifelong musical satisfaction.

Why pay $500 for a piano when for one-half that amount you can get a Walters Concert Grand Model L Upright that is superior in every way?

Bloomingdales' are enabled to sell Walters Pianos at such low prices and give twice as much quality at a given amount because they are satisfied with making a minute profit on a profit that would be ruinous to exclusive piano dealers. We give you every advantage of our superior ability as merchants. We give you every benefit we reap through our practically unlimited resources and our marvelous purchasing power.

Any one who appreciates the value of a dollar will immediately comprehend how it is possible for us to so greatly undersell all competition.

An example of the excellent values we offer in Walters Pianos is this special sale to-morrow:

$500 Walters Concert Grand Model 'L' Upright Pianos for $250

All There is to be Paid is

$5 Down and $1 a Week

There are no extras of any kind to pay, and we deliver the piano to your home on the first payment of $5.

Comparison has proved to us, beyond a question, that Walters Concert Grand Pianos are superior to many $500 pianos.

Walters Pianos are built to last a lifetime, and you have Bloomingdales' assurance that a Walters Piano in your home will be a veritable treasure of pleasure forever. Don't fail to come to our warerooms to hear and see these splendid pianos. Price includes stool with back and rubber cover.

Beware Walters Caution Exchange — Beware of the exchange game. Where a manufacturer is ashamed to put his name upon a piano there is something wrong with it. The name Walters on a piano stands for the very highest and best grade. Don't buy a so-called "slightly used" or second hand piano at any price, for it will soon become worthless. Exchange your old piano for a beautiful new Walters and pay any balance at the rate of $1 per week. Upon request a representative will call. Correspondence solicited.
