RACE-TRACK MEN ALARMED BY DEFI OF THE GOVERNOR

Hughes "Acts Like a Demented Fool," Says Spokesman McCarren.

The cost of defeating the race-track bills falls heavily on the turf interests, which are said to have paid $750,000 for the operation. The two political machines of the State, it is said on good authority, will receive $250,000 each "for services rendered," and the remaining $250,000 was for "incidentals," of which there is expected to remain no written record.

The Senators who voted against the bills become very indignant at the suggestion that money influenced any vote, and in the absence of proof their statements are accepted for what they are worth.

The race track men are obviously alarmed at the militant attitude of the Governor in his announced determination to keep up the fight, for, as already stated, the fight is costly even when they gain a temporary advantage. The Governor says he will call a special election in Fanchot's district and a special session of the Legislature in May if necessary.

The opponents of the bills in the Senate, however, are openly declaring they can't be coerced, and that the executive branch of the State government is not necessarily qualified or authorized to dictate to the lawmaking body. While the eight Republican Senators who aided McCarren and the sixteen Demorats in defeating the race-track recommendation were startled by the suddenness of the Governor's response, each to-day declared he would vote the same way if the opportunity came.

McCarren Is Bitter.

McCarren, the chief manager of the opposition, was characteristically frank in his denunciation of the Governor for returning to the attack. He said in conversation yesterday:

"I think that the Governor is acting like a demented fool."

When asked if he intended this for publication, he said:

"Certainly, that's what I meant."

The comment of Minority Leader Grady was terse and to the point:

"The Governor is a bad loser," he said.

The Republican Senators who voted with the Governor on the race track proposition were not very sympathetic with his decisive demand for another race.

Unless some of the Republican Senators who voted against the Governor should change, his only chance of winning will rest with the man who is elected from the Forty-seventh district next month. Until Wednesday there was no prospect of necessity for the filling of the vacancy. To-day, however, much depends on the counties of Niagara and Orleans, which compose the district.

The political machinery of the two parties in both counties is in the hands of regular organization leaders. The Republican leader of Niagara county is E. A. Merritt, who is a warm friend of President Roosevelt.

The Democratic leader of Niagara county is Deputy State Treasurer George Batten. Barry Murphy, secretary to Lieut.-Gov. Chanler, is the Democratic leader of Orleans county. As the issue of the campaign that will begin early next week will interest the promoters of race tracks more than the politicians, there is apparent justification for the report to-day that a carload of race track money would be dumped into the two counties to promote the election of a Senator favorable to the race track interests.

Nominations for the vacant Senatorship will probably be made on Tuesday next by both parties.

Wilcox denied the story that his wife had asked him to vote against the race-track bills, that she knew how he was going to vote, or cared anything about it.

"I voted as I thought proper," he said, "and my vote speaks for itself."

FAT FOLKS FAVOR

Home Mixture That Takes Off the Fat Rapidly—Causes No Wrinkles—No Stomach Ills and Requires Neither Dieting Nor Exercise.

Too much fat is both uncomfortable and dangerous, but usually fleshy people prefer to put up with its inconvenience rather than punish themselves with the tiresome exercising usually prescribed, or endanger their health by taking the so-called "cures" and patent fat "reducers."

This self-sacrifice of comfort and health to overabundant fat is entirely unnecessary, however, as Mrs. Luella Bigger tells us there is a home receipt that is far superior in every way to anything money will buy for reducing superfluous flesh. It is said this simple mixture will take the fat off of man or woman at the rate of at least a couple of pounds a week without even causing wrinkles. Moreover, it does not disturb the stomach, but is a good thing for the system, clearing away pimples, and, best of all, it does not interfere with the diet. You can eat it and at the same time eat whatever you like. This receipt is as follows:—In ounce Marmola, ½ ounce Fluid Extract Cascara Aromatic and 3½ ounces of Syrup Simplex. Get these ingredients at any drug store, mix them together at home and take one teaspoonful after each meal and at bedtime.

Mrs. Birner, as is well known, is a famous beauty expert, and whatever she recommends is sure to be found eminently satisfactory.
