Don't Merely "Stop" a Cough

Stop the Thing that Causes It and the Cough will Stop Itself.

A cough is really one of our best friends. It warns us that there is inflammation or obstruction in a dangerous place. Therefore, when you get a bad cough, don't proceed to dose yourself with a lot of drugs that merely "stop" the cough temporarily by deadening the throat nerves. Treat the cause—heal the inflamed membranes. Here is a home-made remedy that gets right at the cause and will make an obstinate cough vanish more quickly than you ever thought possible.

Put 2½ ounces Pinex (50 cents' worth) in a pint bottle and fill the bottle with plain granulated sugar syrup. This gives you a full pint of the most pleasant and effective cough remedy you ever used—at a cost of only 54 cents. No other to prepare. Full directions with Pinex.

To avoid disappointment, ask your druggist for "2½ ounces of Pinex," and don't accept anything else. A guarantee of absolute satisfaction or money promptly refunded goes with this preparation. The Pinex Co., Ft. Wayne, Ind.—Advt.

WAR CAUSES DEMOTION OF 79 MAIL CARRIERS

They Will Be Taken Off Regular List and Used as Substitutes for a Time.

Postmaster Morgan having received numerous inquiries as to whether there are to be extensive reductions in the carrier force in this city, announces such is not a fact, but that owing to the unsettled business conditions created by the European Warr, resulting in decreased revenues, it has become necessary to make certain changes and that it has been decided to transfer to the substitute roll and temporary list seventy-nine regular carriers.

Those last appointed have been selected and their transfer from the regular force will be of a temporary nature, as they will be restored to the regular roll as the occasion arises for their services, the probability being that all of them will be so restored within a year.

The earnings of the letter carriers transferred from the regular roll will not be affected materially, as they will earn, through their employment as substitutes for regular carriers who are absent or when the occasion arises for their services for other reasons, an amount practically equal to that which they now receive.

The Postmaster said these reductions will in no way affect the present standard of efficiency.

STOP GRAY HAIRS

Quickly and Safely

A trial bottle and comb of the original Mary T. Goldman Hair Color Restorer will be sent for 25 cents in stamps. Test it now on a lock of hair and it will prove that the gray hairs simply disappear in a few applications. Be sure and tell original color before your hair started to turn gray. You will be delighted with the perfection of the article. Its use cannot be detected because it is so mild and harmless; not like the crude dyes and "shake before using" preparations. It is pure and clean, like water. Affects the gray hairs only and therefore will not change the original color.

The trial will prove this and then you can get the full size $1.50 bottle from your druggist or direct from me.

Don't let imitators confuse you. Remember the name.

WALL STREET

Traders raided the market shortly after 10.30 A. M. in hope of getting stock prices down, so as to cover their shorts advantageously, but their sales were so well taken that when they tried to cover the market rallied. Canadian Pacific recovered sharply to 157¾ from 154½. Alaska Gold gained 1⅛ to 29⅝. Steel ⅝ to 41, and a number of the specialties scored advances during the morning. Smelters sold up to 64¾, a gain of 2⅝. Bethlehem Steel was the feature, advancing 2¼ points to 57¼ and Central Leather 1⅛ to 36⅛ in early afternoon, with small advances showing throughout the list. In late afternoon the market slowed up, waiting for news of the Canadian Pacific meeting, with the stock steady at 157.

ATE ENTREE OF GLASS AND DESSERT OF COAL

And Newark Man Wins a Bet if He Recovers in Hospital.

Epicurean circles in Newark, N. J., are interested in the case of William Smith, thirty-two years old, of No. 71 Magnaine Street, who is in the City Hospital suffering from severe pains. William partook of a light but unusual lunch in a Newark saloon last night.

No, he didn't eat a lamp or a candle or an incandescent light bulb. All he ate was a piece of a beer glass, topped off by a chunk of coal and two ten cent pieces.

If he recovers he wins a bet.

WILSON IN 'FRISCO MARCH 21.

President Makes Definite Plan for Trip to the Pacific.

WASHINGTON, Feb. 8.—President Wilson now plans to arrive in San Francisco March 21 for his visit to the Panama-Pacific Exposition. What day he will leave Washington and whether he will make speeches on the way to San Francisco or on his return trip remain undetermined. Much of that depends upon the prospects of an extra session of Congress. He discussed the subject to-day with Senator-elect Phelan of California, and told him that if an extra session were called his stay in San Francisco necessarily would be shortened.

The President promised he would send a member of the Cabinet to San Francisco for the formal opening of the Exposition on Feb. 20.

Wheat was irregular at first but soon rose one cent a bushel. Foreign markets were firm with unfavorable reports from France, Argentine and India. There were some larger offerings on the rise, chiefly from speculative quarters. Part of buying credited to export houses. Prices declined below the closing level of Saturday in second hour and failed to rally higher than a point above the low, closing with net losses of 1-8 to 3-4 of a cent.

Corn was firm with wheat, and better market for cash corn. The early strength was not maintained as farm offerings increased causing liquidation. Closed 1-3 to 5-8 of a cent lower.

HOLDING WHEAT HERE TO KITE MARKET PRICES

Federal Prosecutor in Chicago Says Speculators Are Making Blind of "Export" Stores.

CHICAGO, Feb. 8.—Sensational charges that speculators have concentrated enormous quantities of wheat in seaboard elevators, ostensibly for exportation, but really to hold for sky-prices, have been formally placed before Federal District Attorney Clyne. The District Attorney made this statement to-day.

"Every day for some time," said District Attorney Clyne, "I have talked to members of the Board of Trade. I intend to talk to many more. Some who have talked with me have told me that enormous quantities of wheat are being stored in seaboard elevators, for the ostensible purpose of exportation, but that as a matter of fact it is being held in those places for speculation. Much of this wheat, I have been told, is in New York."

The buyers of this wheat, Clyne explained, are "going through all the motions" of preparing to ship it, according to his information, but that they "are waiting to sell at higher prices."

LOOKS FOR EXTRA SESSION.

Senator Williams Cannot See How It Can Be Escaped.

WASHINGTON, Feb. 8.—"I don't see how an extra session can be escaped," Senator John Sharp Williams said to-day after a conference with President Wilson.

President Wilson told callers to-day he was making effort to avoid an extra session. To Representative Borland and a Missouri delegation, who asked him to speak in Kansas City on his contemplated trip to San Francisco in March, the President said he wanted to prevent the necessity for calling Congress together again but had not finally determined on his course. Senator Williams told the President he favored an extra session if the shipping bill were defeated through a filibuster, but some other Senators opposed the plan.

Speaker Clark, Representative Underwood and Democratic Leader-elect Kitchin, at a conference to-day over the legislative situation, agreed that if the congestion in the Senate continues a week an extra session was virtually certain. They estimated that the ship bill could pass by a majority of 15 to 20 votes in the House under a special rule, with probably two or three days of debate.

LITTLE JOHNNY STARS IN A MOVIE MYSTERY

He's Found Tied to a Post in Brooklyn Cellar After Girl Finds Black Hand Note.

Miss Nellie Furlong, eighteen, came home to lunch at noon to-day and found a note in the vestibule of No. 46 Ninth Street, Brooklyn. She opened the envelope and read: "John Kenny: If you don't give us money we'll kill your son. (Signed) NIX. P. S.: We have merely tied him in the cellar this time."

With visions of Black Hands and bloody murders before her frightened eyes Miss Furlong dashed to a telephone and panted the story to Police Headquarters. There was a rush of detectives and policemen to the address. They drew their weapons and marched into the cellar. Through the deep gloom they made out little Johnny Kenny, thirteen years old, resting comfortably, although tied to a post.

When they cut him loose and questioned him Johnny said: "Aw, they didn't do anything to me. Two big guys says they'll tie me to the post an' a goil, one of these heroines, will come and rescue me and I'll get my pitcher in the movies."

What the police and Papa Kenny would like to find out is whether moving picture people tied Johnny to the post or whether he invented the whole business.
