RIORDAN SCOLDED HIGH OFFICERS OF THE INTERBOROUGH

"Then Smiled With Satisfaction," Says Witness Telling of "L" Crash Inquiry.

[illegible] Hutchins [illegible] Broadway [illegible] One Hundred and Sixteenth Street and South Avenue was given [illegible] at the hearing before Lloyd F. Pierce [illegible] Commissioner [illegible] hearing of the charges [illegible] officers of the Interborough Rapid Transit Company. Lee Hutchins, [illegible] general superintendent of the Interborough, gave it as his opinion that the Coroner [illegible] investigation [illegible] the cause of the accident [illegible] unnecessary [illegible]

It came [illegible] that when the Coroner [illegible] Theodore P. Ziegler, [illegible] Hutchins and other officials of the Interborough [illegible] the Coroner [illegible] Hutchins said Healey, or Skouras, or some other official and then, with a smile of satisfaction, leaned over to the newspaper reporters and said quite loudly: "Did you get that, boys?"

Hutchins said the Coroner once remarked to him, speaking of the case:

"The [illegible] lawyer who did not take care of the crew of this train which figured in the collision ought to be thrown out of the Interborough. If the lawyer had looked after these men the directors would not be in their present trouble and I'm going to tell that to Shonts."

Later on the Coroner expressed this same opinion to August Belmont, the witness said, but told Mr. Belmont to keep quiet when he was about to make reply.

Under cross-examination Henry A. Wise, counsel for Coroner Riordan, got Hutchins to admit that before he went to work for the Interborough he was a stenographer for Arthur C. Train in the office of the District Attorney. Train was on the stand in the hearing yesterday and charged that Coroner Riordan had acted discourteously.

The witness had testified that while the newspaper reporters had more than ample space at counsels' table during the Riordan trial of the Interborough officials, Mr. Train, as representative of the District Attorney's office, was accorded but fifteen inches in a corner of the table.

Commenting on this Mr. Wise said: "It was certainly a shame and an outrage that such treatment was accorded that delicate, sensitive plant from the District Attorney's office."

WILL COMPEL SUBWAY TO MAINTAIN WINTER SCHEDULE IN SUMMER

Health Department to Prevent Interborough From Taking Off Cars.

Commissioner Goldwater of the Department of Health said to-day that the first move of the Department in relation to subway overcrowding would be a strenuous effort to bring about relative improvement in the summer months.

"The company early in January put in operation a number of additional cars," said Dr. Goldwater, "but if the custom of previous years should be followed they will take those cars off as soon as the daily receipts begin to decrease. It is the company's time-worn method of keeping the service at its best from the standpoint of the company's profits.

"We propose to persuade the company, if we can, and to compel it, if we must, to maintain its winter schedule throughout the summer.

"Any attempt to reduce the number of trains or the number of cars below the number operated in the winter will be regarded as a deliberate act on the part of the company leading to create or to aggravate a nuisance. The method which will be followed will be one which will enable the city to collect as many fines for the violation of our orders that the company usually discover and [illegible] will probably think it worth while to comply with our demands.

"I am now in [illegible] the subways service under [illegible]

SELF-DEFENSE.

"Do you really enjoy smoking that cheap cigar?"

"Certainly not. I merely affect it for the purpose of discouraging those of my friends who are addicted to the use of cigarettes."

HOW TO STOP DANDRUFF AND LOSS OF HAIR

Here is a simple, inexpensive treatment that will almost always stop dandruff and scalp itching, and keep the hair thick, live and lustrous. At night, spread the hair apart and rub a little resinol ointment into the scalp gently, with the tip of the finger. Repeat this until the whole scalp has been treated. Next morning, shampoo thoroughly with resinol soap and hot water. Work the creamy resinol lather well into the scalp. Rinse with gradually cooler water, the last water being cold.

Resinol ointment and resinol soap easily heal eczema and similar skin eruptions. Prescribed by physicians for 20 years, sold by all druggists. For trial free, write to Dept. 11-R, Resinol, Baltimore, Md.—Advt.

Your Grandmother's Remedy for Purifying the Blood

And Renovating the System in the Springtime

Ask for Sulpherb Tablets.

What was grandmother's unexcelled remedy? Haven't you heard of it? Yes, you have! It was sulphur, cream of tartar and molasses. The main trouble with it was its nauseous taste.

A modern method puts the cream of tartar and sulphur into sugar-coated tablets and mixes them with herbs, roots, etc., making a wonderful tonic blood purifier and system cleanser.

Just try Sulpherb Tablets (not sulphur tablets, but Sulpherb)—remember the name—and get the tablets in sealed tubes at 50c per tube.

Grown-up people and children who don't feel well, who are constipated or sluggish, or who have pimples, boils, carbuncles, ulcers and the like can soon rid the system of these impurities by taking this good old-fashioned remedy in modern form. Their action satisfies or money is refunded by the Prescription Products Company, Dayton, Ohio. A free trial sent to any address. Buy of any well-stocked druggist.—Advt.
