POLICE TO GUARD HALL AS EX-PRIEST TALKS IN EAST ORANGE TO-NIGHT

Authorities Fear Trouble May Follow Incendiary Lecture by Slattery.

EAST ORANGE, N. J., April 20.—With memories of the disturbances that marked the appearance of Emma Goldman, the Anarchist, in East Orange in 1909 still fresh in their minds, residents here are deeply concerned over whether trouble will be precipitated by a lecture by Joseph Slattery of Boston, whose alleged incendiary utterances have barred him from other municipalities, is to deliver tonight in the East Orange High School.

Slattery, who styles himself "an ex-priest," and who recently was prohibited from speaking in Jersey City and Newark, is to talk on "Why I Am a Protestant," under the auspices of the East End Humanity Club.

Catholic people of the city and other nearby municipalities, who claim Slattery indulges in unwarranted and untruthful attacks on the Catholic Church, have tried ineffectually to have Mayor Wernicke F. Moschath and the Board of Education interfere with the lecture. Leading men of the Diocesan Federation of Holy Name Societies, one of the most active Catholic organizations in Essex County, have had interviews with the East Orange officials, but the latter maintain they have no right to deny Slattery free speech. Chief of Police William H. O'Neill of East Orange says he will have the high school well policed.

A rumor today was that Slattery proposes to have a delegation with him as a body guard.

C. Wilmer Fritz, secretary of the Historical Club, said the club contemplated asking Rev. Paul T. Carroll, rector of St. John's Church, Orange, N. J., to give the Catholic side of the question. The organization rented the high school from Warren J. Clarke, secretary of the Board of Education, who says he did not know Slattery had been prevented from addressing audiences in other cities.

BIG SWEEP OF FOREST FIRES.

Flames Cover Miles in New Jersey and Pennsylvania.

PHILADELPHIA, April 20.—The forest fires which have been raging within a thirty-mile radius of this city in Pennsylvania and New Jersey have destroyed many square miles of woodland and already caused a property damage estimated at over $100,000, according to early reports received to-day. Those raging in Montgomery County, Pennsylvania, extending from Mount Pleasant back to Strafford and along Chester Valley to North Wayne are under control. Many valuable lumber tracts in this section were swept by the flames and private estates partially destroyed.

In New Jersey more than eighteen miles of forest land were devastated in the vicinity of Pleasantville, Hisleytown, Cardiff and Northfield, in addition to a score of homes. Although reports have been received stating the flames in this section have been checked, others say they have broken out afresh in new territory.

GAS KILLS BABY BOY AND HIS NEGRO NURSE

Woman's Husband Also Overcome by Carbon Monoxide From Water Heater.

Frederick A. Jackson, an engineer of the Bayonne Tram Company, and his wife returned to their home at No. 417 East Twenty-third street, Flatbush, from a theatre party at 12.30 A. M. today to find an overpowering odor of gas.

They found their three-month-old son, Frederick, Jr., and their negro servant, Mrs. Emma E. Davis, dead on the floor of their bedroom, and Mrs. Pollock's servant, Leslie Jacobs, unconscious on the bathroom floor.

Pollock was revived with a pulmotor and taken to Kings County Hospital.

Investigation showed the rooms were overcome by carbon monoxide gas, the fumes of which are formed by the incomplete combustion of carbon with oxygen. Pollock, it was shown, made preparations to take a bath and lighted a water heating arrangement in the kitchen.

While the gas in this instance was forming the carbon monoxide was formed.

SPERRY'S AEROPLANE WRECKED ON RIVER

Hundreds From Bridges See Wings Snap as Aircraft Hits Tug Tow Rope.

Lawrence P. Sperry, demonstrator for the Curtiss Company, who is testing a stabilizer for hydroplanes for the Navy Department, had made five or six flights over and under the Manhattan Bridge when his machine got tangled with a tow rope at 6.30 A. M. to-day.

Hundreds of persons on the bridges and passing ferryboats saw the wings of the hydroplane snapped by the tugboat line and expected the aviator to be killed or drowned, but he climbed aboard the lighter being towed by the tug and didn't even get his feet wet.

He had started to his hangar at the foot of Little Street in the Navy Yard and hit the rope in turning. A tug was sent out from the Navy Yard and took him and the hydroplane to the hangar. The damage to the machine is not great.

LOCKWOOD-ELLENBOGEN BILL NOT A MENACE TO TENEMENT REGULATION

Its Authors Declare Its Provisions Have Been Misstated in Some Papers.

To the Editor of The Evening World:

Editorials in some papers on the Lockwood-Ellenbogen bill are absolutely unfair. If you will read the bill you will see that the Tenement House Law and its requirements remain exactly the same and its provisions can in no way be deviated from by building superintendents or the Board of Standards and Appeals. The present Board of Examiners were named by private associations and were criticised by the Commissioner of Accounts. Under our bill the new board, all named by the Mayor, consist of Tenement House Commissioner, Fire Commissioner, Health Commissioner and four experts. The bill was supported at a public hearing by each qualified group of citizens on Borough Presidents Marx, Connolly, Mathewson and Connolly, William M. Calder, Mr. Morgenthau, the American Institute of Architects, the Merchants' Association, the Brooklyn League and many other bodies after debate by both sides.

CHARLES C. LOCKWOOD,
ADAM ELLENBOGEN.

Albany, April 19.

Robert W. de Forest Attacks Bill.

[illegible] Robert W. de Forest in a letter to Mayor Mitchel to-day attacked the Lockwood-Ellenbogen bill which the Mayor signed. The Tenement House Department of Banks of the process and reports that in defense of each of the five boroughs.

The Mayor will give a hearing on the bill to-morrow afternoon and it is said will likely veto the measure.

Mr. De Forest says the new bill seeks to have the enforcement of the law put in the control of the building interests.

Stabs With Knife in Row.

William Fitzhorsky of No. 112 Stone Avenue, Brooklyn, was stabbed at 1 o'clock this morning in a fight in front of No. 1482 Pitkin Avenue, and before an ambulance arrived. The assailant was arrested later by patrolman Donnelly and Detectives Dougherty and Vanderbilt. He denied that he was near Fitzhorsky. He was held without bail by Magistrate Naughton in the New Jersey Avenue Court.

LOOK AT CHILD'S TONGUE IF SICK CROSS, FEVERISH

When constipated or bilious give "California Syrup of Figs."

Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad; has stomach ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

You needn't coax sick children to take this harmless "fruit laxative;" they love its delicious taste, and it always makes them feel splendid.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. To be sure you get the genuine, ask to see that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.—Advt.

Don't Stand In Your Own Light

LISTEN to REASON, KNOWLEDGE is POWER. If you are not well TIRED, LISTLESS, NO APPETITE. Where are little from nature. Your bowels are not properly regulated. Keep your blood pure, remove the poisons and clarify the blood with
