NEW YORK COTTON MARKET.

Cotton prices on first call were unchanged to off 5 points. Business was quiet and the market gradually recovered to about Wednesday's closing level in the early afternoon. Short covering, Wall Street interests and spot houses were buyers, but traders preferred to await publication of the note to Germany before doing any business.

Who Can Understand A Boy?

Boys are queer, hard to understand.

Things that they think are innocent, grown-ups may regard as mischievous and punishable.

They fear ridicule more than reprimand. Their noblest acts, intentions and ambitions they conceal.

What is a newsboy to do?

The fact that he is a newsboy doesn't point to a very comfortable or sympathetic home life.

The Newsboy's Home Club

is not a lodging house, but it does much for the newsboy, and does it in a clubby, companionable, brotherly way.

Its purpose is to furnish him a place to meet other boys and study, play, bathe, debate, learn Manual Training and hold entertainments—"give a show."

The instructors encourage him, study his habits, find out what sort of work he has a natural aptitude for. If he wants help with his studies, they interest themselves in his school work and reports.

In the Summer he can go with other boys to a seashore camp for a week.

The Newsboys' Home Club is located at Eleventh Street and Second Avenue. Many newsboys live in that neighborhood. Over 1,800 boys belong to the club.

It is a good institution. More power to it.

ROOSEVELT CHIDED BY NEWSPAPERS ONCE HIS FRIENDS

The Colonel Taken to Task in Chicago for His Utterances on Lusitania Disaster.

(Special to The Evening World.)

CHICAGO, Ill., May 13.—Under the heading "Col. Roosevelt's Violence," the Chicago Tribune says: "Col. Theodore Roosevelt is recognized as a case of violent righteousness. He constantly indulges himself in the rare enjoyment of unmodified opinion.

"But the Colonel is pursuing his ancient habit now with less felicity than usually atmospheres his efforts. We have not needed the war dance or the runner with tidings. We have needed composure and restraint. Therefore, when the Colonel, as an unmitigated and uncompromising force, gives his opinions freedom and lets them loose to run the world he is doing the American nation harm.

"And we think that when the Government of the United States is endeavoring to decide to the best of its ability a question which holds the dignity of the nation and the happiness and usefulness of hundreds of thousands of this generation of Americans, and which concerns the future of the United States, Mr. Roosevelt might for once qualify his righteousness, abate his opinions and control his utterances."

The Daily News says: "Patience and calmness are declared by Mr. Taft to be necessary in dealing with Germany's destruction of American lives. The attitude of ex-President Roosevelt is far different and also less creditable. Mr. Roosevelt in his comments is explosively critical of President Wilson. What he says with respect to the nation's attitude toward the Lusitania incident is calculated to embarrass rather than to help the nation and administration and is suggestive of political rancor."

The Post, which used to join the Tribune in leading Roosevelt's Progressives here under the title "Roosevelt is wrong," says:

"It is our opinion, as it must be the opinion of most others of Mr. Roosevelt's friends, that he is not acting rightly in the issuance of the continuous public interviews which must be a serious embarrassment to the present President of the United States.

"No matter how right he may be in his feelings he has no moral right to give vent to them. Mr. Roosevelt in this case should take his lesson from the generous and admirable course of Mr. Taft."

Widow in Ill Health a Suicide.

Mrs. Marie Keller, thirty-six, a widow, committed suicide by inhaling gas to-day in a furnished room at No. 147 East Eighty-ninth Street. She left a note to her brother-in-law, Henry Keller, No. 148 East Eighty-fourth Street, giving ill health as the cause for her act and telling where she had put the money for her burial.

WALL STREET.

Standard issues showed small declines overnight, but in a number of the specialties greater strength prevailed.

In last hour Chicago and Great Western preferred sold off 3¾ points to 37¾, and the market in general sold off a little on light trading.

Corn was a trifle steadier after the lower opening. Market was dull in afternoon. Closed ⅛ to 1⅛ cents lower.

How to Fight Tuberculosis

In a paper read last year before the Rotar County Medical Society and published in part in the Louisville "Medical Progress," Dr. J. W. Carhart of San Antonio, Texas, a physician who has devoted much time to the study of tuberculosis, said: "Since lime salts constitute three-fourths of all the mineral substances of the human body, they must be supplied to the foods or supplemented in mineral preparations, or natural starvation ensues with tuberculosis unchecked. The widespread and unchecked spread of tuberculosis and other preventable diseases is due largely to the decalcified (lime lacking) conditions of multitudes throughout the civilized world."

Thus from another authoritative medical source comes justification for the use of lime in the treatment of tuberculosis.

Since lime is one of the ingredients of Eckman's Alterative, much of the success attending the widespread use of this remedy doubtless is due to the combination of this salt in such a way as to render it easily assimilable. It causes no stomach disturbance, and, since it contains neither opiates, narcotic, nor habit forming drugs, it is safe to try.

Eckman's Alterative has effected remarkable results in numerous cases of pulmonary tuberculosis (consumption) and allied chronic affections of the throat and bronchial passages. In many instances such conditions, apparently, have yielded completely to it.

Contains no opiates, narcotics nor habit-forming drugs, hence a trial is safe. For sale by all Riker-Hegeman Stores and leading druggists.
