Sheriff Griffenhagen's Surprise.

Sheriff Max E. Griffenhagen upon returning to his summer home in Freeport, L. I., last night, was surprised by a welcome extended to him by his entire family, including three generations who had assembled to inform him that it was his fifty-fourth birthday. Each of sixteen grandchildren presented their grandfather with a gift.

STOPS FALLING HAIR

This Home Made Mixture Stops Dandruff and Falling Hair and Aids Its Growth.

To a half pint of water add:

Bay Rum	1 oz.
Barbo Compound	a small box
Glycerine	¼ oz.

These are all simple ingredients that you can buy from any druggist at very little cost, and mix them yourself. Apply to the scalp once a day for two weeks, then once every other week until all the mixture is used. A half pint should be enough to rid the head of dandruff and kill the dandruff germs. It stops the hair from falling out and relieves itching and scalp diseases.

Although it is not a dye, it acts upon the hair roots and will darken greyish, faded, gray hair in ten or fifteen days. It promotes the growth of the hair and makes harsh hair soft and glossy.—Advt.

SOUTH AMERICA FORCED TO STOP REVOLUTIONS; UNABLE TO BUY ARMS

Minister to Venezuela Says Business Is Booming Now as a Result.

Preston McGoodwin, American Minister to Venezuela, returned to this country to-day on the Red D liner Caracas with his wife and eight-year-old son, who is convalescent from typhoid fever and needed a change of climate. The boy amused himself on the way up caring for two baby jaguars, two monkeys and five parrots, intended as presents for his friends.

"South America in general," said the Minister, "has been obliged to suspend temporarily its principal industry—revolutions. They cannot get the materials. Neither existing governments nor their enemies are able to buy arms in this market. The European demand is so insistent that bids to United States makers of munitions of war at two or three times normal prices are useless. Venezuela has had fifty-two revolutions, of which forty-seven have been successful.

"Consequently industry is booming and there are tremendous chances for new business down there for which we have the best chances. Our present trade with Venezuela, $25,000,000, might easily be doubled. The feeling toward us is quite friendly. This is done in part to the fact that the Venezuelan regular army has been completely remodelled on the United States model by Gen. Jose March Duplat, a graduate of West Point, and they are proud of it."

Johns Manville Plant Burns.

LOCKPORT, N. Y., May 13.—During a thunderstorm early to-day lightning struck the Fibre Corporation plant, owned by the H. W. Johns Manville Company. Fire broke out in several of the buildings, covering between two or three acres, and the indications were that many would be destroyed. The loss will reach $200,000.

SEAMEN HOLD SERVICES FOR LUSITANIA SAILORS

Men From Many Lines Take Part in Exercises for Brethren Who Were Lost.

Memorial services for the sailors who went down with the Lusitania were held last night by the Seamen's Church Institute at No. 241 West Street. Besides many sailors from the White Star, Cunard, Anchor and other lines of steamers were present. The services were conducted by Rev. Allen W. Greene, manager, and his assistant, Frederick C. Feast.

An organ solo by Thomas Tallet was followed by "The Faithful Watch" of the steamer El Paso on the violin, "Nearer My God to Thee" was sung by the congregation with a full orchestral accompaniment. Then followed the hymn, "Hail! The Lost! Red on the Crosse." Rose of Ages [illegible] Mr. Bryant, "Come Unto Me," [illegible] by Mrs. Winthrop Lewis of Washington Heights.

PUBLISHERS PROTEST HIGHER RATES ON PAPER

Increase in Cost of Producing Newspapers Would Work Hardship, Commerce Board Told.

WASHINGTON, May 13.—Protests against proposed increases in freight rates on print paper east of the Mississippi River and north of the Ohio were lodged with the Interstate Commerce Commission yesterday by representatives of the American Newspaper Publishers' Association.

Speaking for the publishers' association, Robert C. Morris said an increase in the cost of production of newspapers would work a hardship and that as the railroads recently benefited by the 5 per cent. general increase, they need no other.

Representatives of the railroads stated that rates on paper had long been too low and that a readjustment was necessary and should be made now.
