WM. A. LOMBARD, Secretary.

During the last thirty-five years we have loaned over forty-five million dollars for other parties without loss of either principal or interest to a single investor.

We have over 5,000 investors in our loans, among whom are 55 Savings Banks and over 200 institutions. We constantly have on hand guaranteed 6 per cent mortgages in sums ranging from $300 to $10,000, ready for sale and delivery at par and accrued interest, and secured by first lien on property valued at three times the amount of the loans.

We would be pleased to have Savings Bank depositors, parties with trust funds and conservative investors generally call on us and examine more particularly into the methods of our Company or send for pamphlet giving full description.

WM. A. LOMBARD.
Secretary and Manager of New-York Office, 150 Broadway.

SUTRO TUNNEL COMPANY.

Stockholders are hereby notified that the holders of the mortgage now under foreclosure have served notice of motion for trial of the case at an early day. The danger of extinction of all the shares may be averted if every stockholder will subscribe AT ONCE for the company's bonds to as large an extent as possible on ALL his holdings, as a settlement of the litigation, on the favorable basis heretofore announced, may still be effected if done without delay. Nearly one-half of the required sum is already subscribed, but is wholly unavailable unless delinquent stockholders will respond AT ONCE.

Are the stockholders willing to lose the opportunity of protecting for one million dollars a property which has cost ten millions and has now an income of about one thousand dollars per day, when they can save it and impart a substantial value to their shares by loaning their own company 50 cents per share and receive in return first mortgage security on this valuable property at the rate of $1 per share?

EVERY shareholder must stand for himself and not depend upon others, as EVERY share must be subscribed for in order to raise the necessary sum.

The income of the company from royalties alone for December and January last was about $52,000, and there is every prospect that this income will not only continue but largely increase in the near future.

NEW-YORK, Feb. 15, 1888.
