LIGHT UP LIBERTY PLAN OF WORLD, PRAISED BY ALL

Mayor Mitchel, Collector Malone and Sculptor Borglum Join in Approval.

"A magnificent conception," says Gutzon Borglum, one of America's most famous sculptors, of The World's plan to raise $30,000 for the illumination of the Statue of Liberty.

"Liberty Enlightening the World," adds Mr. Borglum, "is almost the only monument in this country that can be called national, and it is certainly one of the very few that represent a deeply felt ideal. When The World has presented to the Government the means whereby the statue will be an even more commanding beacon by night, than by day, it will have done a distinct service."

Mayor Mitchel, Collector of the Port Dudley Field Malone and a dozen more Congressmen to-day send their endorsement of The World's plan. Advices from Washington are that if the Senate deadlock over the Rivers and Harbor Bill persists, the way for the acceptance of the fund will be cleared from the House side, Representative Farley having already introduced the necessary resolution.

Contributions of any amount may be sent to The Statue of Liberty Illumination Fund, The World, New York. A special auditor will account for all moneys sent. The World has opened the lists with a contribution of $1,000.

"I am glad to give my hearty approval to The World's project for illuminating the Statue of Liberty," said Mayor Mitchel in a signed statement. "It seems to me the sentiment of 'Liberty Enlightening the World' is fine enough and so close in its application to us that anything to emphasize it and give it permanent artistic expression deserves the support of New York's citizens.

"The illuminated statue will mean not by night as well as by day that a gift of one Republic to another will stand as the symbol of the great principles on which our Nation is built. It will have an increased significance locally, because it is through New York that those persons enter who journey to this country in the desire to avail themselves of those institutions of L[illegible] of which the statue is an illuminating expression."

Dudley Field Malone, Collector of the Port of New York, said:

"When the Statue of Liberty was fashioned and put in place the city and harbor, compared to its condition to-day, were scarcely illuminated at all. At that time the torch of the statue, the most luminous thing in the port, was truly significant. Now the immense improvements in lighting and the multiplication of power and lighted signs and buildings make the torch of the statue an indistinguishable dot in the port's maze.

"It is desirable now that this beautiful statue, which has stood and stands for a symbol of the liberty of our shores and as a welcome to the citizens of every land to participate in our free institutions, should be illuminated so that once more it becomes the most significant figure in the bay, distinguishable at all hours and from great distances. When The World has succeeded in lighting the statue, 'Liberty Enlightening the World' will once more attain the visible eminence it was designed to have."

BAD DREAMS ARE SYMPTOMS

Ill Health the Cause, Many Alarming Symptoms of Women's Ailments—How Cured

Paterson, N. J.—"I thank you for the Lydia E. Pinkham remedies, as they have made me feel happy and healthy. Sometime ago I felt so run down, had pains in my back and side, was very irregular, tired, nervous, had such bad dreams, did not feel like eating and had short breath. I read your advertisement in the newspapers and decided to try a bottle of Lydia E. Pinkham's Vegetable Compound. It worked from the first bottle, so I took a second and a third, also a bottle of Lydia E. Pinkham's Blood Purifier, and now I am just as well as any other woman. I advise every woman, single or married, who is troubled with any of the aforesaid ailments, to try your wonderful Vegetable Compound and Blood Purifier and I am sure they will help her to get rid of her troubles."—MRS. NATIONAL GUARD INQUIRY INTO RACIAL PREJUDICE

Steps in an inquiry as to whether or not discrimination against Jews is practised in the National Guard were taken yesterday when the case of Max J. Klein of No. 148 Union Avenue, Bronx, against Capt. Howard E. Sullivan of Battery D, Second Field Artillery, came before Adjt. Gen. Stotesbury in the State Arsenal.

No testimony was taken and the inquiry was adjourned until May 31 by request of Maurice Simmons, Klein's attorney, who said he wrote to Gov. Whitman last night asking him to order the scope of the inquiry enlarged.

Klein alleges he was barred from membership in Capt. Sullivan's battery because he is a Jew, and his lawyer said he has ten complaints of a similar nature against the National Guard which he wants investigated. Yesterday's session was public, as will be all future meetings of the investigators.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practising physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid liver.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them by unnatural action.

If you have a "dull, brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and quite pleasant results from using two of the Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.
