U-BOAT CARRIES KAISER'S LETTER TO SPANISH KING

Runs From Pola to Cartagena With Note of Thanks for Treatment of Germans.

MADRID (via Paris), June 22.—A German submarine (the U-35) arrived to-day at Cartagena. The officers disembarked with a confidential letter for King Alfonso.

The submarine is anchored alongside the Spanish cruiser Catalunia. The secretary of the German Embassy at Madrid has gone to Cartagena to receive the letter, which is said to be an autograph note from the German Emperor to King Alfonso thanking him for a reception given interned Germans from Kamerun in South Africa.

The section of the press which favors the German side in the war publishes articles to-day eulogizing the German sailors for their naval exploits. The submarine comes from Pola, the Austrian naval base.

CARTAGENA, Spain, June 22.—The German submarine U-35, which arrived in this port yesterday, sank the French liner Provence in the Mediterranean a few months ago with a loss of more than 2,000 lives, Commander Arnauld said before the vessel departed to-day.

Besides the Provence, fifty other Anglo-French ships have been sunk by the U-35 in the Mediterranean, members of the crew said.

The German Ambassador to Madrid, summoned by telegraph, arrived here last night and received from the submarine commander an autograph letter from the Kaiser to the King of Spain. The U-35 left port early to-day, supposedly headed for the Austrian naval base at Pola.

At the time of the conquest of the Kamerun by the allies 2,800 German soldiers escaped into the adjoining colony of Spanish Guinea, together with 1,200 members of families of soldiers. The Spanish Government transported the refugees for internment to a concentration camp on the isle of Leon, near Cadiz.

There have been frequent rumors of late that Berlin and Madrid were in communication with each other, although previously they have not been borne out officially. Newspapers of Madrid stated last month that King Alfonso began initiate peace negotiations in the near future. The King entertained the Crown Princess Louise of Sweden at dinner a fortnight ago, and a few days before the Emperor William received the Spanish Ambassador in Germany.

An English news agency reported that recently the Emperor William had sent an autograph letter to Pope Benedict expressing the hope that the Pontiff with King Alfonso would be able to initiate peace negotiations.

AUGUST BELMONT DENIES POCKETING PRICE OF RAILWAY

Resents Question of Moss About $1,500,000 as an "Insult."

August Belmont was examined today by the Thompson Legislative Investigating Committee, but he took the witness chair when Comptroller Prendergast came in.

Mr. Prendergast understood when he left the committee last Tuesday evening that his examination would be concluded to-day. Senator Thompson told him that he would not be needed. The Comptroller seemed annoyed and gave notice that he was going on his vacation.

Counsel Moss tried to get Mr. Belmont to admit that negotiations leading up to the dual subway contracts were all sham, and that a combination of bankers got what they wanted by deceiving the city authorities, but Mr. Belmont said that he had never heard anything of the sort.

Q. There is the combination of J. P. Morgan & Co., the First National Bank, the National City Bank, Lee, Higginson & Co., Kuhn, Peabody & Co. and Kuhn, Loeb & Co. When one of these groups takes up a matter, do the other groups do? A. I don't know anything of the sort. It does not apparently follow. I don't believe any such thing.

Q. Can you imagine that with J. P. Morgan & Co. financing the Interborough and Kuhn, Loeb & Co. financing the B. R. T.—can you imagine any other humanity between them? A. I have no knowledge. I refuse to express any opinion.

"When you got $1,400,000 for your City Island Railroad" . . . Mr. Moss began, but Mr. Belmont interrupted him, saying that he had told all about that transaction and he did not want to go over it again.

Q. Then, since you decline to answer questions, I ask you whether you kept for yourself that $1,500,000 you received for the City Island Railroad? A. I consider your question an insult.

"Thompson," Thompson's gavel resounded its way through a turmoil of laughter.

"Mr. Moss has made implications which are inexcusable," cried the lawyer excitedly. "One hundred thousand dollars was given by us to Mr. McDonald (John B. McDonald, who built the first subways) and nothing else was paid to anybody."

HYPOCRITICAL STUDENT BETRAYED BY LANDLORD.

From the Cornell Widow (Ithaca).

And what, my dear Brown, do you do with yourself in the evenings?" asked the old college tutor, who had come to visit him at his rural retreat.

"Why," replied young Brown, flushing a little at the old man's question, "I generally have a game of chess with the other fellow, but, by the way, sir, I know you are interested in country diversions, and they tell me one hears the best of it at the Golden Lion over there. Shall we just look in and investigate?"

The tutor consented willingly, and they entered the cozy taproom. No sooner, however, did the landlord catch sight of them than, turning to a youth sitting by the fire, he called out: "Get out of Mr. Brown's chair, you lazy!"

The tutor consented willingly, and they entered the cozy taproom. No sooner, however, did the landlord catch sight of them than, turning to a youth sitting by the fire, he called out: "Get out of Mr. Brown's chair, you lazy!"
