MEXICANS FORTIFY STRATEGIC POINTS SOUTH OF BORDER

now at Van Cortlandt Park.

One battalion Twenty-second Engineer Corps—now at Camp Whitman.

Three ambulance companies—now at Camp Whitman.

One hospital company from the First Field Hospital Corps—now at Camp Whitman.

The other military units which will move to-day are as follows:

From New Jersey—One regiment of infantry, two troops of cavalry, two batteries field artillery, one ambulance company, one field hospital.

From Connecticut—Two regiments of infantry, one troop of cavalry, field hospital, ambulance company, Signal Corps.

From Massachusetts—Four regiments infantry, one squadron cavalry, one battery field artillery, Signal Corps, field hospital, ambulance company.

From Vermont—one regiment of infantry.

The hour for the departure of the New York National Guard this evening has been left to the Pennsylvania Railroad, over whose lines the troops will leave here. Officials of the line have promised that preparations for entraining will be rushed at top speed, but no definite hours for departure of the several units have been announced yet.

A staff conference was held by Gen. Wood at noon to-day on receipt of urgent messages from Washington counselling the exercise of all haste in moving the troops.

Gen. Wood announced that those units of the militia now ready in Maine, New Hampshire, Delaware, Florida, Virginia, District of Columbia, Maryland and Pennsylvania would be ordered to proceed to the Mexican border to-morrow. Most of these units are encamped and are fully equipped, but are not recruited up to war strength.

MEN WITHOUT EQUIPMENT TO BE LEFT.

Recruits and soldiers without equipment are to be left behind. Gen. Wood to-day sent orders to this effect to the adjutants general of all the States in his department, instructing them that troops should depart at minimum war strength where commands cannot be filled to the maximum except by taking untrained or unequipped men.

The order countermands previous instructions for the despatching of troops at maximum strength. The minimum strength is 65 men to a company, the maximum 150. The new order is intended to expedite troop movements. Untrained and unequipped men will join their commands later.

Uncompleted medical examinations for the troops departing to-day and to-morrow will be waived, it was said at Army Headquarters, until the troops have boarded trains or arrived at their border concentration camps. Army surgeons will accompany the troops to conduct medical examinations en route. Confidence was expressed that few men would be lost through the examinations as in most States the National Guard requirements correspond to those of the regular army.

The First Battalion of the Twenty-second Engineering Corps was scheduled to leave Camp Whitman to-day and pass through this city on its way to the front.

Orders were issued at National Guard Headquarters to-day for the Seventy-fourth Regiment, at Buffalo, to go into camp at Beekman Wednesday morning.

The troops from New Jersey will travel by the Pennsylvania Railroad, entraining at their camp at Sea Girt. The Massachusetts contingent will come on the New York, New Haven and Hartford from Framingham Station to New York and transfer here to the Pennsylvania.

Soldiers!

Take with you a pair of our specially tinted Army Spectacles.

They are an absolute necessity in Mexico and cannot be purchased on the border.

We can furnish them *at once*, either in plano lenses or to correspond with the prescription upon which your glasses were made.

They cost from $1.00 a pair upward.

CROWDS AT ARMORIES FOR FINAL GOOD-BYE TO CITY'S SOLDIERS.

In the armories of the Seventh, Seventy-first and Forty-seventh Regiments regular army surgeons rushed the work of inspecting the guardsmen as to physical fitness as soon as the new order was received. It was expected that all the unfit men would be weeded out by the time the troops were called to entrain. The percentage of rejections so far has been small.

Whein the order to move was printed in the papers this morning it brought thousands of relatives and friends of the militiamen flocking to the armories and police reserves were required to keep them back. Strict orders barring all civilians from the armories went into force early in the day, but it was promised that the rigid enforcement of these orders would be relaxed in favor of relatives of the guardsmen as soon as the turmoil incident to getting under way was over.

The men in the ranks, as well as the loved ones who haunted the armories in the hope of getting a glimpse of them, realized fully that this was no outing in camp but a serious excursion, with the chances of return being those of battle and no more.

The number of limousines and other motor cars congregated around the armory of the Seventh and the handsomely gowned matrons and girls who arrived in them gave the place the atmosphere of a social function. Fully a thousand persons directly interested in members of the regiment made efforts to see them, most of which were fruitless because of the strict military camp regulations which were put in force as soon as the order to move was received.

Thirteen tons of ammunition were received at the armory this morning and the work of distributing it was undertaken at once. The Seventh now musters 1,350 men, including 200 recruits taken on since the mobilization order was issued.

Men on the reserve list of the regiment gathered to the number of nearly four hundred to form the depot battalion which will occupy the armory after the active men have left. Sergt. Leonard, in charge of this force, said it might be recruited up to 1,200. Among the former members who reported for duty were noticed Major Charles Lydecker, Adjt. William F. Wall and Capts. Witherspoon, Dominick, Stewart and Stratton.

Maj. Gen. John F. O'Ryan, in command of all the New York troops, spent the night at the armory in the quarters of Col. Willard C. Fisk.

In line with the policy of Gen. O'Ryan, Capt. De Bevoise of the First Cavalry, encamped at Van Cortlandt Park, refused to admit that orders to move had been received. His ordnance captain brought word to reporters that there "might be information to give out 4.30 o'clock."

FORMER PRESIDENT TAFT AT VAN CORTLANDT.

Former President William Howard Taft was one of the visitors at Van Cortlandt Park to-day. He came to say goodby to his nephew, Howard H. Taft, a sergeant in Squadron A.

The police reserves from the Clymer Street Station were called out early to handle the crowds around the armory of the Forty-seventh Regiment at Marcy Avenue and Heywood Street, Williamsburg. The regiment received 150 cases of ammunition and 200 cases of supplies this morning.

Regulations governing the armory were tightened up to the extent that Col. Ernest E. Jannickey sent word by Adjutant Capt. Coffin that no information would be given out concerning the number of men on the sick list, the amount of supplies on hand, or the condition of the equipment.

All was activity at the Seventy-first Regiment armory, Park Avenue and Thirty-fourth Street, though Col. Bates stated that no definite information as to the starting hour need be expected before 5 o'clock this afternoon. Friends and relatives of the guardsmen who were admitted to the armory were informed that their time limit there was 4 o'clock.

The Second Battalion of First Field Artillery, encamped at Van Cortlandt Park, was ready to move this morning, despite the fact that nearly one hundred horses were on the sick list this morning, due to some epidemic which has broken out in the stables. The artillery is also finding it difficult to get horseshoers enough to put the animals in shape for service, though $4 a day is being offered for such work.

Squadron A of the cavalry has received 200 fresh horses at Van Cortlandt Park and 300 more are expected Wednesday.

Strict military guard prevailed today at the Park encampment and the influx of visitors was cut off under orders of Col. Wingate, the commanding officer.

Crowd in Front of the Seventh Regiment Armory Waiting to See the Regiment Move Out To-Day

CROWD WAITING TO SEE FRIENDS — 7TH REGT. ARMORY

FIRST OF JERSEY'S TROOPS LEAVING TO-DAY FOR TEXAS

Two Batteries, One Regiment and Cavalrymen to Go.

SEA GIRT, N. J., June 26.—The First Regiment of Newark, Batteries A of East Orange and B of Camden, Troops A and C of the First Squadron Cavalry, the Field Hospital of Elizabeth and Ambulance Company of Red Bank will entrain this afternoon and go into camp at El Paso.

Troop D will remain behind, as the men best fitted for service are being drafted to fill up gaps in the troops that are to go.

The field hospital, the ambulance corps and two batteries of field artillery will leave this afternoon. Cars have been assembled by the Central Railroad of New Jersey and accommodations for both men and animals will be adequate. Rations for three days have been prepared.

Gen. Wilbur A. Sadler jr. checked up the outfits this morning and says that there is nothing missing so far as the first men to start are concerned.

Everything is bustle at the camp. One mother from Newark reached here early this morning and made a tearful appeal to Col. Frazier of the First Regiment asking him not to take her son along. The soldier, however, was old enough to go, and had enlisted of his own accord and was in every way qualified, so he will remain with the regiment.

CONNECTICUT TROOPS WILL BE ON THE WAY TO BORDER BY EVENING.

CAMP HOLCOMB, Niantic, Conn., June 26.—Active preparation for the immediate departure of the State troops for the South continued today. Adjt. Gen. Cole received orders late last night from Major General Wood, commanding the Department of the East, to start to-day as large a qualified contingent as possible, and the work of examining officers and men prepaartory to mustering them into the Federal service was speeded up, a large force of physicians working through the night.

It is expected that the troop movement would be under way by evening.

4,600 MASSACHUSETTS GUARDSMEN READY TO MOVE ON BORDER TO-DAY.

CAMP WHITNEY, FRAMINGHAM, Mass., June 26.—Forty-six hundred men, a little more than half the total of Massachusetts's contingent, were waiting to-day to board the transport trains rushed to the Framingham yards by both the New York, New Haven and Hartford and Boston and Albany Railroads. Shortage of horses made the work of transporting the baggage to the railroad yards very slow, but volunteer motor trucks and commandeered wagons hurried the work along during the forenoon.

It was estimated that 230 cars will be necessary to move the men, while 30 cattle cars will be required for horses and wagons. At an average of 12 cars to a train, with twenty minute intervals between them at the start, eight hours will be consumed before the first half of the men are under way to the border.

TOWN ON THE MEXICAN BORDER TO WHICH ALL N. Y. TROOPS ARE ORDERED

CAMP HARRINGTON, Md., June 26.—Adjutant Gen. Henry M. Warfield received a telegram from the War Department to-day directing him to be in readiness to move the Maryland Guardsmen at once. He was asked how soon he could have a regiment of infantry ready to entrain and replied that it will be ready within forty-eight hours.

FIRST PENN. BRIGADE GETS READY TO MOVE FROM CAMP TO-MORROW

HARRISBURG, Pa., June 26.—Upon the receipt of orders from the War Department, Adjt. Gen. Stewart today ordered the First Brigade, comprising the First, Second and Third Regiments of Philadelphia, to prepare to leave the mobilization camp at Mount Gretna by to-morrow night. The brigade will be accompanied by one battalion of engineers, one field signal corps and one field hospital corps.

SEVEN COMPANIES OF CALIFORNIA ARTILLERY SENT DOWN TO LINE.

SAN FRANCISCO, June 26.—Seven companies of United States Coast Artillery left here to-day for Mexican border duty in Southern California. Five of the companies will go to Calexico and the other two to San Diego. California's southern boundary, which the troops will guard, is the only stretch of the Mexican line not patrolled by American troops.

AMERICAN LEGION HAS 22,500 MEN READY TO ENLIST

The American Legion has prepared for the War Department and the National Guard a complete classified list of its 22,500 enrolled members. This classification gives the qualifications of each man, stating experience as soldier, engineer, cook, horseshoer, surgeon, telegrapher, Mexican interpreter, motor truck driver, &c., through list of eighty-two classifications.

The Legion was formed in February, 1915. Each member has signed an application form agreeing to tender his services to the Government in case of a call for volunteer troops.

TROOP TRAINS GET RIGHT OF WAY ON ALL RAILROADS

Special Orders Also Issued to Rush Shipments of Supplies.

Troop trains and trains carrying supplies will have the right of way over all railroads, according to the arrangement made here to-day by the American Railway Association.

Notification was sent to the roads to-day in the form of a circular urging them to make certain that shipments of supplies which will move with the State militia units be given the best possible service.

Cars containing War Department material bear a special placard and this is recognized by every despatcher and train crew as giving it the right of way. Much of the War Department freight moves even faster than express trains. In one case during the past week a railroad sidetracked one of its fast limited passenger trains to make way for war supplies—the only time it ever gave any train precedence over its crack special.

The General Managers' Association representing the managers of Eastern railroads, announced to-day the appointment of R. L. O'Donnel of Pittsburgh, general superintendent of the Pennsylvania Railroad, to give his entire time on behalf of the roads in co-operating with Major Gen. Leonard Wood, U. S. A., and National Guard officers with regard to the movement of troops.

Railroad officials who have been working with Col. Ballinger, Chief of the Quartermaster's Department of the East, for weeks have been provided with mimeograph copies of all the maps of State camps and temporary camps of the various regiments that will be called out. With the aid of these maps the railroad men have worked out plans so that the moment the order to move any regiment is received they can send the regiment direct to its destination without any lingering on sidings, as so often happened in 1898.

PHILADELPHIA, Pa., June 26.—Strict censorship over War Department orders for cars to transport troops of Eastern State militia is being enforced to-day by the general officers of the Pennsylvania Railroad here.

It was stated that the road is holding in reserve a large number of coaches, each capable of handling seventy passengers, which can be used for military service at a minute's notice.

AQUEDUCT RESULTS.

FIRST RACE—For fillies two years old, with $600 added; four and a half furlongs.—Leonie, 106 (McCabey), 7 to 1, 3 to 2 and even, first; Sky, 112 (Keogh), 5 to 1, 2 to 1 and 4 to 5, second; Hussy, 106 (Shilling), 7 to 1, 5 to 2 and 6 to 5, third. SECOND RACE — Steeplechase for maidens; four-year-olds and upward; with $500 added; about two miles.—Louvois, 135 (R. Haynes), 7 to 1, 3 to 2 and 6 to 5, first; Guardian Saint, 142 (Stelle), 5 to 1, 2 to 1 and even, second; Martian, 142 (Heider), 2 to 1, 4 to 5 and 2 to 5, third. Time, 4.31. Pay Streak, Sandow, Axon, Lad of Langdon, Choice, Powder Puff and White Metal also ran.

DENIES GERMANY INCITES CARRANZA TO HOSTILITY

Berlin Official Says Friendly Relations Are Maintained Because U. S. Asked Recognition.

BERLIN, June 26.—From a highly competent source the Associated Press to-day received authority to deny completely tales which have reached here from the United States intimating that the German Legation in Mexico City is inspiring Gen. Carranza to hostility to the United States.

"That is an unmitigated lie," said an official, when these reports were called to his attention. "We recognized Carranza because the United States asked us to, and have no further interest in the question. Once he was recognized, it was natural that our representative should keep on good terms with the head of the Government and maintain friendly relations with him, but that is the limit of our activities in Mexico."

$500,000,000 NAVAL PLAN PUSHED BY SENATORS

WASHINGTON, June 26.—After a conference to-day with Secretary Daniels and Navy Department Bureau Chiefs the Senate sub-committee considering the Naval Bill decided to recommend completing of the Navy General Board's $500,000,000 building programme in three years. The original plan provided for completion in 1922.

NO TIME FOR MEDIATION, LANSING TELLS CALDERON

Plan of Latin Nations Called Off Following Conference With the Secretary.

WASHINGTON, June 26.—South and Central American Republics will not offer mediation to the United States in the Mexican crisis at this time. This announcement was made late to-day by Minister Calderon of Bolivia after a conference with Secretary Lansing.

Minister Calderon said he had been informed by the Secretary that the United States considered this was not the time for mediation. The Minister added, however, that the Latin-American countries might consider the subject again after the United States had received a reply to its note to the de facto Government of Mexico.

EMBARGO ON COMMERCE TO MEXICO IS PLANNED

All Goods Which Might Be Used in Military Operations to Be Held at Border.

WASHINGTON, June 26.—A virtual embargo on commerce between the United States and Mexico pending determination of their future relations is being planned by the Administration.

Customs inspectors along the border have been holding up shipments into Mexico since Saturday, and for weeks no arms and ammunition have been permitted to pass. Now it is proposed to extend the restrictions so as to prevent the movement into Mexico of any goods which might be used in military operations against the United States.

WISCONSIN TOWN SETS EXAMPLE IN PATRIOTISM

Ripon Urges That $75,000 Appropriated for Post Office Be Used for Aeroplanes.

WASHINGTON, June 26.—Senator Hastings of Wisconsin, called to-day at the White House with a telegram from the Common Council of Ripon, Wis.

Recently $75,000 was appropriated for a postoffice at Ripon, but learning of the needs of the Army Aviation Corps, the Council wired it's Representative in Congress asking that the appropriation be diverted for the construction of army aeroplanes.

VILLA REPORTED TO HAVE GONE OVER TO CARRANZA

Agreement With First Chief Used to Induce Followers to Join De Facto Forces.

EL PASO, Tex., June 26.—Information reached here to-day from apparently reliable sources that Francisco Villa, until recently at Santa Rosalia, had reached an agreement with the de facto Government and that this was being used to induce his followers to join the Carranza forces.
