BIDS ON 2,000 MOTOR TRUCKS ASKED BY U. S.

1,500 Used, Ordered, and Even Chassis Are Being Pro-Bed.

Taking a leaf from the book of the European war, the Government is providing a motor truck service for emergency at Fort A. T. Smith. Depot quartermaster advertised today for bids for the purchase of these vehicles of the one and one-half and three-ton type. More than 1,500 motor trucks, advertised for on June 25 are in course of delivery. Bids for this last requirement will be opened on June 30, but the vendor will not be ordered until the need for them arises.

Acceptance of the trucks will liberate for other work a large number of horses now in use. It also provides a new military department in which some civilians are being enrolled as chauffeurs and mechanics. There are thirty-three trucks and forty-one men in a transport unit.
