BROTHERS CONFESS MURDER

Killed Man, Boys Say, for Money to Buy Firecrackers.

MIDDLETOWN, N. Y., July 24.—According to a signed confession made to the authorities by Clarence and Frank Heater, seventeen and nineteen, sons of Mr. and Mrs. George Heater of Warwick, they murdered Bridget Conklin near that village on the night of July 1, securing 70 cents and the man's watch.

The boys say they lay in wait for him, clubbed him into insensibility with an iron pipe and left him lying in the road. The money was taken to buy firecrackers.

9,000 AGENTS OUT OF PRUDENTIAL, IS STRIKERS' CLAIM

Company Insists Figures Are Exaggerated and That Business Runs Smoothly.

Nine thousand agents and collectors of the Prudential Insurance Company are now on strike, according to a statement made at Newark to-day by Harry Lumpkin, president of the agents' association. Lumpkin added:

"Nearly all of the agents and concerns in New York and New Jersey and the better part of those in Connecticut have already joined our ranks. As far West as Detroit the men are out and representatives are on their way to attend the general conference being held at Bryant Hall, Sixth Avenue and Forty-first Street, New York City.

"We will have every agent in the United States and Canada with us before the end of the week. We are more than elated with the first two days of the strike and victory will be ours."

When asked if the agents of other large insurance companies would form organizations and strike, Mr. Lumpkin said he did not care to discuss the situation, but that the Prudential strikers would pay attention alone to the Prudential situation. A further effort to arbitrate with the officers at the home office in Newark to-day proved futile.

The insurance company issued the following card to-day:

"Exaggerated reports of agency disturbances in the New York district are causing the company no uneasiness whatever. Many of the agents who were absent yesterday reported to-day and no difficulty is being experienced in meeting the situation. No policy interests have been neglected and the company is taking care of its business without the least trouble."

The company also denies that there are as many men on strike as the strikers claim. Agents in all parts of the country, the company says, are telegraphing their willingness to report for duty in any troubled district.

A delegation of ten strikers went through the northern New Jersey towns to-day asking more agents to join the strike. From the Essex Building in Newark alone they induced sixteen employees to leave.

Forty-three of the fifty-two agents employed in the Hoboken district office went on strike this morning. After a meeting in a hall at Newark and Washington Streets the strikers left to attend the meeting in New York.

DIDN'T INSULT HIS HONOR, SAYS PLAYWRIGHT TULLY

Lost His Temper and Called Attendant "Dub," but That Was All.

Under the impression that an American citizen had the right to enter any court room where a public trial was in progress and being somewhere that this privilege had been discontinued in the Jefferson Market Night Court, Richard Walton Tully, author of "Omar the Tent-maker" and "The Bird of Paradise," got into an argument late last night with Michael W. Murphy, a court attendant, who refused to pass him and a party of friends through the court room door. As a result the playwright was arrested and jailed to appear at 1 o'clock this afternoon in the Jefferson Market Police Court, where he was charged with having made a disparaging remark about Magistrate Barlow, who was on the bench.

In his apartment at No. 50 Central Park West this morning Mr. Tully explained that he had lost his temper and called the court attendant a dub, but that he had said nothing about the presiding Magistrate.

"I had my wife and two friends with me," he said, "and I wanted to show them the Night Court. The attendant refused to let us in and is standing up for what I believed to be my rights I lost my temper."

Appendicitis Attacks Officer.

Capt. William Shaw found Policeman Frank Merehon doubled up with pain at the Williamsburg Bridge Plaza early to-day and took him to the Bedford Avenue Station. There the doctors found that he had appendicitis. Merehon will be operated on to-day at St. Catherine's Hospital.

Keep your nose and throat clean

Everybody—old and young—should do this. For the mucous membrane of the nose and throat of healthy persons may become contaminated with the Infantile Paralysis virus. Without failing ill themselves they may infect others, chiefly children.

So the only safe way is for every one—man, woman and child—to keep the nose and mouth clean with the best antiseptic—then the child is safest.

What doctors say

Paralysis begins as a nose and mouth infection. Only a most powerful antiseptic will destroy the germs of this dreaded disease. Weak, unscientific, high-smelling solutions do not kill the germs.

The antiseptic used and endorsed by doctors and hospitals the country over is Sylpho-Nathol.

Let every one, then, take this precaution.

To clean the nose: Put two or three drops of Sylpho-Nathol in a glass of warm water. Pour a little in the palm of the hand and snuff it up the nose.

To clean the throat: Gargle with this same solution.

Do this two or three times a day and put the nose and throat in a clean, aseptic condition. A 10c bottle will protect your entire family for a week. Don't risk the lives of your children with weak, worthless preparations that do no good. Take no chances.

Use SULPHO-NATHOL, the kind the doctors and hospitals use.

Four Sizes: 10c, 25c, 50c and $1.00.
