WILLIAMS FOR HEALTH POST.

Dr. Emerson Presents Name as Deputy Commissioner.

Dr. Haven Emerson, Health Commissioner, to-day announced that he had presented the name of Dr. Linsly R. Williams of No. 884 Park Avenue to the Civil Service Commission for consideration as Deputy Health Commissioner. The office pays $6,000 a year and was formerly held by Dr. Emerson. Dr. John S. Billings, Director of the Bureau of Preventable Diseases, acted as Deputy Commissioner for a time, but resigned the first of the year. Dr. Williams is Deputy Commissioner of the State Board of Health.

STEEL PLATES UP $10 A TON.

Announcement was made to-day that steel plates are advanced in price $10 per ton. This is the third rise in a fortnight. Steel plates are needed for ships. Prices for all kinds of steel and iron products are being boosted far beyond any previous record.

In Wall Street to-day financial experts analyzing steel conditions stated that the United States Steel Corporation is making profits at the rate of 100 per cent. on its capital stock for the year 1917.

SCHOOL FORUM BILL SURE TO PASS IN LEGISLATURE

Leaders in Both Houses Praise Americanization Measure Upheld by Evening World.

By Sophie Irene Loeb.

ALBANY, March 23.—The Lockwood - Goodman Americanization Forum Bill, championed by The Evening World, and which provides that public schools be used as community and civic forums, in the interest of citizenship and Americanism, has been reported out of committee in both houses of the Legislature.

SOPHIE IRENE LOEB

The measure is receiving hearty indorsements on all sides, being approved by Gov. Whitman, Speaker Sweet, Miss Margaret Wilson and others interested in creating citizen spirit by using public schools.

The bill will likely be up for passage next week. As the measure is non-political, prominent legislators of both parties have pledged themselves to vote for it.

Senator Robert Wagner said: "I believe this is a move in the right direction. Our school houses can be put to no better use than opening them up in the interest of civic forums, especially as Americanism is the prime object.

"The bill applies to all school boards in the State, and the educational authorities may establish forums anywhere. This is certainly a desirable feature as against any measure which confines itself to any particular district. I am confident all Democrats will support the measure."

Senator James A. Emerson said: "If there is any place in the union where the American flag should be explained it is in the public school.

"Every opportunity should be given to the citizen and would-be citizen to assert his allegiance to that flag.

"This is the best time in the history of the country to use public schools for such a purpose. It will not only stimulate interest and patriotism in citizens in various districts, but will surely prove a great help to the foreign-born toward becoming citizens.

"Sometimes I am amazed at the little that is known of American ideals and what the stars and stripes actually stand for."

Similar sentiments are expressed by other Legislators in both Houses.

Senator Lockwood, Chairman of the Education Committee, who introduced the bill, on leaving the city to-day said:

"I am confident the measure will be passed, and I doubt if there will be a dissenting vote. Many of my colleagues have asserted that they are glad to vote for such legislation.

"Although for a long time this civic forum idea has been agitated, never before has it received the impetus as has been given in The Evening World plan with Americanization in the foreground.

"The statute actually establishes the principle of using public schools for Americanization purposes. In its amended form it has seemingly met all objections.

"It prescribes that the forum plan be under the jurisdiction of the Board of Education. As we must look to the Board of Education for full responsibility of the schoolhouse, this is a wise provision. The cost of maintenance of such forums is very small as compared to the valuable education and citizen spirit there is bound to develop."

ITEMS FOR INVESTORS.

Indiana Pipe Lines Company, regular quarterly dividend of $2 a share, payable May 15 to stock of record April 24.

Standard Motor Construction Company report for year 1916, net earnings of $396,377, equal to $2.26 a share, or 22 per cent. on the $1,800,000 stock. This compares with $1.51 earned in 1915.

Total number of Interborough Consolidated holders of preferred stock increased from 1,881 on Dec. 30, 1916, to 2,120 as of March 16, 1917.

Southern Pacific February gross earnings increased $2,264,172; net after tax $3,672,761, increase $1,124,127; two months net after tax, $7,311,761, increase $3,673,930.

Takes Out $1,000,000 Life Insurance.

William P. Bonbright, New York banker and head of the firm of W. P. Bonbright & Co., joined the class of men carrying large life insurance today by taking out a policy for $1,000,000. The policy was divided among several companies.

When YOU Look in the Mirror does YOUR Face Look Mottled, Discolored & Wrinkled, or Clear, Fair & Lovely?

Many a hollow-cheeked, wrinkled, aged-looking woman has "come back" and made herself look most beautiful, youthful and charming in from two to three weeks' time, after she had given up all hope of ever regaining her girlish attractiveness, by dint of this wonderful simple method. Merely wash your face in warm water at night and rub in a teaspoonful or two of Creme Tokalon liberally, which you can obtain from the druggist. In the morning wash the face with cold water and rub in more cream. Day by day watch how the old, hardened, coarse, rough skin becomes new, fresh, soft and youthful looking, all due to simple contacts of the skin produced by warm water and roseated cream. If you have wrinkles, get a box of Japanese Ice Pencils from your druggist and use them in connection with the cream, and you can get quick action on the deepest wrinkles, no matter of how long standing. There is no reason why any woman between thirty and sixty cannot make herself look from five to fifteen years younger by simply following these directions. Creme Tokalon Roseated and the Japanese Ice Pencils can be obtained at small cost from Greenhut's, Kalish Pharmacy, R. H. Macy & Co., Abraham & Straus, Bloomingdale's, Simbris, or Best and good druggists' or department store in this city.—Adv.

MARKS RAPS PRENDERGAST.

Protests Against Being Barred From West Side Conference.

"High-handed, unbusiness-like and prejudicial to the best interests of the city," was the way Borough President Marks described the action of the Port and Terminal Committee of the Board of Estimate. The attack by Mr. Marks was made at to-day's meeting of the Board of Estimate, and had reference to the handling of the West Side proposed agreement between the city and the New York Central.

Mr. Marks charged that it was the duty of Prendergast, as Chairman of the Committee, to give notice to all members of conferences held with representatives of the New York Central Railroad and the Public Service Commission. There have been many such meetings and conferences, Mr. Marks declared, but he has received notices of only two meetings.

Continuing, Mr. Marks said: "It is amazing that the only member of this Committee who refused to sign the majority West Side report and submitted a minority report should have been barred."

RATE TIP SENDS STOCKS UP.

Railroad Shares Soar on Rumor of Higher Freight Seedules.

Wall Street got a tip late this afternoon that the Interstate Commerce Commission would grant the railroads increased rates, and the last five minutes of the Stock Exchange session witnessed a wonderful boom in rail stocks. Union Pacific jumped 6½ points, Reading 3½ and New York Central two points. All rails were shooting ahead when trading was stopped too soon for the full boom.

Announcement was made in Washington to-day that presidents of leading Eastern lines had a late session with the Interstate Commerce Commission and made arrangements for the roads to file tariffs within twenty-four hours for increases in rates from 10 to 15 per cent.

HOT SPRINGS ENTRIES.

HOT SPRINGS, Ark., March 23.—The entries for to-morrow's races are as follows:

"Apprentice allowance claimed. Track good.

WOULD STOP EXPLOSIONS BY U. S. RULES FOR CRAFT

Inspector Dunn, in Black Tom Report Urges Regulations to Avert Congestion.

In a report made to-day by Col. H. W. Dunn, Chief Inspector of the Bureau of Explosives, relative to the explosion at Black Tom, N. J., July 30 last, it is stated that to prevent congestions of railway cars and barges loaded with explosives Federal regulations over water carriers are needed.

The report upholds the assumption that the explosion was due to a fire started by some person or persons who desired the destruction of the war material.

"Having no control over the supply or movement of ships, the railroads cannot relieve congestion at a tidewater terminal as they can at other terminals on their lines," says the report.

"Through the assistance of Representative Adamson, Chairman of the Committee on Interstate Commerce of the House, a bill, the passage of which will remedy the defect in the present Federal law, will be taken up by Congress.

"Ocean-going ships must be ready to receive dangerous articles as soon as they arrive at the railway terminals, and the local water carriers that transport dangerous articles from the cars to the ships must be guided by detailed Federal rules as efficient as those that now guide the land carriers in bringing the cars to tidewater terminals."

CITY OFFICER IS HELD ON BRIBERY CHARGE

Building Inspector Accused of Taking Money to Give a Favorable Report.

Henry McGee, of No. 67 East Eighty-fifth Street, for eighteen years a building inspector, was arrested to-day in the office of the Building Department in the Municipal Building, charged with accepting a bribe. The arrest was made by Howard W. Birnbaum, confidential inspector for Borough President Marks and Detectives Dolan and Whalen of the Second Branch, and it is alleged that marked bills amounting to $100 which had been passed to McGee as a bribe were found in his pocket. McGee is 71 years old.

Birnbaum intimated that the arrest was the beginning of developments of a sensational character. Birnbaum received information a couple of days ago that McGee had threatened, to make an unfavorable report on a proposed building at Eighteenth Street and Avenue B unless he was "fixed."

H. S. Adams, representing the architects, Shape & Bready of No. 220 West Forty-second Street, reported to Birnbaum, who directed a trap for McGee. The inspector and Adams met at 3 o'clock to-day in Room 2034 of the Municipal Building. They went to a washroom and in a few minutes stepped out together. Adams raised his hat and Birnbaum and the two detectives nabbed McGee.

All Railroads Ask Increase in Freight and Passenger Rates.

WASHINGTON, March 23.—A general increase from 10 to 15 per cent. in all freight and passenger rates to cover the increased cost of operation under the Adamson law is asked by all the railroads of the country in a petition laid before the Interstate Commerce Commission the receipt of which was announced to-day.

DENIES CENTRAL CONCESSION

Important Things Left in Riverside Contract, Says Whitney.

Public Service Commissioner Whitney said to-day that the concessions reported by Mayor Mitchel and Comptroller Prendergast to have been obtained from the New York Central Railroad in the Riverside improvement were in reality no concessions at all. The important things were left undisturbed, the commissioner declared.

What Every Woman Should Know

Dr. Ferdinand King, New York physician and medical author, tells physicians that they should prescribe more organic iron—Nuxated Iron—for their patients—Says anæmia—iron deficiency—is the greatest curse to the health, strength, vitality and beauty of the modern American Woman.—Sounds warning against use of metallic iron which may injure the teeth, corrode the stomach and do far more harm than good; advises use of only nuxated iron.

Watch for large article by Dr. Ferdinand King, soon to appear in this paper, entitled "The Crying Need of the Woman of To-day Is More Iron in Her Blood." In this article Dr. King explains why the modern American woman requires more iron than she did 20 or 30 years ago and shows how by taking simple Nuxated Iron, weak, nervous, rundown women may increase their strength, vitality and endurance 100 per cent. in two weeks' time in many instances.

Nuxated Iron, recommended above by Dr. King, is for sale by all good druggists on an absolute guarantee of success and satisfaction or your money refunded.—Adv.

REAL ESTATE FOR SALE—BROOKLYN.

REAL ESTATE FOR SALE—BROOKLYN.

DON'T BE A "SLACKER"

And pay $5,000 next year for the prettiest house in Brooklyn that you can buy to-day for $4,450—$200 cash—$30 per month. This house cost the builder $5,200, and he lost it with 23 others, because he built a year before the Broadway-Sea Beach Subway was finished. Two months from now you can go from these houses to 14th Street, Manhattan, in 25 minutes, but then it will be too late for present prices.

Stucco-on-brick; 7 light, sunny rooms and tiled bath; parquet floors; electric lights, etc. Only 7 out of 24 left.

These houses are on 17th Avenue at 65th Street, Brooklyn—2 minutes' walk from the 18th Avenue Station of the new Sea Beach Subway line NOW running from City Hall, Manhattan, to Coney Island.

Our representatives will be at the houses Sundays and Week days.

AMERICA'S Greatest FURNITURE HOUSE

In the Event of War
We Will Protect Our Soldier Customers

In answer to the many inquiries made by our customers who intend volunteering their services to our country in case of war—
We announce That, to our customers who enlist and lose their income, we will give this protection:
1. We will extend the time of payment of your account until you return home, or we will reduce your payments as you may require.
2. We will store your goods free of charge until your return if your family prefers to give up housekeeping (until that time.)
3. Although our Free Life Insurance never contemplated war risks, we now declare that we will make good on all our policies, even though our customers enlist, and we hereby make this statement a part of all our policies now in force.

In the event of war we want our customers who enlist to go with the knowledge that we will gladly do our share to make their families comfortable during their absence.

(Signed) Ludwig Baumann & Comp'y
