PAROLE FOR GAMBLERS.

Judge Rosalsky Adopts System to Prevent Repeated Offenses.

"Payments of fines by convicted gamblers apparently does not deter them from re-engaging in the business, so I have decided to parole gamblers hereafter in the custody of Police Captain Dan Costigan. That disposition I am sure will prevent gamblers hereafter from re-entering the business."

Judge Rosalsky in General Sessions to-day made this statement to John Franklin of No. 53 West One Hundred and Thirty-seventh Street who was arrested by Costigan's men on Feb. 24 for conducting a gambling room at No. 92 West One Hundred and Thirty-fourth Street.

Franklin pleaded guilty and was allowed to go on a suspended sentence with the understanding he is to report weekly to Capt. Costigan.

Lift Corns Off With Fingers

Doesn't hurt a bit! Corns and calluses loosen and fall off! Magic!

Few drops of Freezone take all pain and soreness from corns instantly

No humbug! Any corn, whether hard, soft or between the toes, will loosen right up and lift out, without a particle of pain or soreness.

Wonderful discovery by Cincinnati man

This remarkable drug is called freezone and is a compound of ether discovered by a Cincinnati man.

Ask at any drug store for a small bottle of freezone, which will cost but a trifle, but is sufficient to rid one's feet of every corn or callus.

Put a few drops directly upon any tender, aching corn or callus. Instantly the soreness disappears and shortly the corn or callus will loosen and can be lifted right off with the fingers.

Freezone doesn't eat out the corns or calluses but shrivels or rather loosens them without even irritating the surrounding skin.

Just think! No pain at all; no soreness or smarting when applying it or afterwards. Try a little and see for yourself. It is surprising.

Few drops stop corn-pain

Take soreness from any corn or callus instantly

Women should keep freezone on their dressers and never let a corn ache twice. If a corn starts hurting just apply a drop. The pain stops instantly, corn goes!

Tiny bottles of Freezone cost but a few cents at any drug store.

THE WEATHER

Charlie Chaplin Isn't the Only One Who's Paid for Being Funny, for There's the Weather Man Who Said It Was Spring—If This Spring Is Beautiful, "Then Solomon Was a Bachelor"—"If You Can Enjoy This Weather You Can Enjoy Red Ants and Broken Bottles"—That It Rained Only Thirty Days in April "Was Due to the Fact That There Are Only Thirty Days in April"

By Arthur ("Bugs") Baer.

Prohibition is all right. Everybody should drink water. But that is no reason why we should have to eat, hear and inhale it. The fact that it rained thirty days in April was due to the fact that there are only thirty days in April. Even weather has its limitations.

We've been enjoying wonderful weather lately. If you have enjoyed the weather we have been enjoying, you can enjoy red ants or broken bottles. It's been wetter than a whale's front parlor, colder than a loan shark's heart and gloomier than the inside of an old boot. When it hasn't been raining it's been snowing, and when it hasn't been doing either it's been doing both. According to the weather bureau it is spring, which indicates that Charlie Chaplin isn't the only one who gets paid for being funny.

It's spring on the calendar, but a calendar is only about a foot square. We don't know who applauded January, but Old Man Winter is still giving us encores. Every once in a while we inherit an adult blizzard. Then some wealthy weather philanthropist donates a tornado to the tournament. The temperature hops around like a roach on a hot stove. Gangrene has set in on all the thermometers. Then, some vacant-headed poet chirps a boatload about beautiful spring. If spring is beautiful, then Solomon was a bachelor. If spring is lovely, then a tarantula would be a nice article for the baby to cut his teeth on.

This weather has been just as healthy as five acres west of the Rockies. The sun hasn't been shining enough to cover a dime. All the balmy breezes exhibited in April wouldn't fill a thimble. The weather has been almost bad enough to blame on the Kaiser. At that, some folks have their suspicions.

This is a trick spring. We ought to have the price of admission refunded.

It has been great weather for baseball fans who watch the games over a ticker. Every ticker has a barroom attached. The ticker fans drink and watch the ticker. When it's raining they haven't any ticker to annoy them.

We wish the weather man would show us the sun before he forgets the recipe. It's been raining every day since spring was supposed to start. Winter hangs around like a hobo around the free lunch. No wonder Teddy wants to escape to Europe. You can't believe the junk the weather man slips us. Every day he promises us that the next stanza will be fair. When you wake up the next morning and point a mean eye at the weather you discover that it is just as fair as a pair of loaded bones.

This sort of atmosphere is almost as healthy as collaborating with a leopard. An accident insurance company had to pay a customer a thousand iron men the other day because he saw the sun. Accidents will happen. Fashions for ladies this summer will be blond umbrellas and form fitting rowboats. A wealthy haberdasher lost his automobile the other day and didn't get it back until high tide. If you don't think the weather is terrible, read the editorial in the Hongkong Gazette to-day. It looks awful.

This weather is fierce. It is on everybody's tongue, and also in their shoes. If it doesn't stop raining we will have to hire apartments with gondolas instead of elevators. It has only been raining once since spring busted loose. You remember also that Rip Van Winkle only slept once in twenty years. Chessir. This weather is just as popular as the Hohenzollern dynasty.

It must be great to live out in the suburbs. It's much cheaper than hospital rates in the city. Then you also have so much more room to suffer in. This weather we have inhaled lately is just as nutritious as three sevens against four jacks. Not that we want to complain. We are just as far from that as Z is from the end of the alphabet.

Spring weather is something like the prize at a church bazaar. When you lose you lose, and when you win you lose.

After our first army gets settled nice and safely in European trenches it's going to be difficult to get 'em back to our spring weather without extradition papers.

Individual raindrops are very stylish. They are attached to the hat so as not to interfere with the movements of the ears.

Don't plant potatoes. Plant something that can swim.

What makes the weather seem doubly dismal and morose is that somebody shot at the Kaiser and missed.

We certainly drew a blank in April.

Gas bombs filled with spring weather would be deadly weapons but a violation of the rules of civilized warfare.

Spring gardening is very unhealthy. Almost as many gardeners being planted as gardens.
