## MUST SEPARATE ASHES AND GARBAGE.

THE STREET CLEANING DEPARTMENT WILL REQUIRE OCCUPANTS OF TENEMENT-HOUSES TO OBEY THE ORDER.

Several men who said they represented owners of tenement-houses in the Twelfth and Nineteenth wards of the city went to see Captain Gibson at the headquarters of the Street Cleaning Department yesterday and told him that it would be impossible to enforce the order to separate ashes and garbage at all the tenement-houses. Occupants of the houses, they declared, would not obey the order.

Captain Gibson replied that the order was being complied with willingly by 75 per cent. of the householders in the city and the other 25 per cent. would have to obey the order and keep the ashes and garbage separate or face the music in the courts. "If the order is not obeyed," he said, "we shall use means to force compliance."

### A NEW HOSPITAL BUILDING.

Plans and specifications for the New-York Skin and Cancer Hospital have been submitted to the Department of Buildings by Cady, Berg & See, who are going to erect a four-story brick hospital at Nos. 330 and 332 Second-ave., and Nos. 301 and 303 East Nineteenth-st. The cost of construction has been estimated at $80,000, and as soon as the building is completed the hospital will be moved from the present quarters, at No. 342 East Thirty-fourth-st., to the new building.

### PHILLIPS SENTENCED FOR FORGERY.

James Phillips, who was arrested last Tuesday on a charge of having forged the name of the Rev. John R. Paxton to two checks drawn on the Fifth Avenue Bank, pleaded guilty yesterday before Judge Cowing in Part II, General Sessions, and was sent to the Elmira Reformatory. Phillips is twenty-seven years old. He came to this city from Washington, where his relatives are said to occupy a representative place in society. As Phillips had hitherto led a respectable life, Assistant District-Attorney Battle recommended that he be sent to Elmira. The officials of the bank and Dr. Paxton joined in this petition.

### THE TRADE IN CHICAGO.

Chicago, Aug. 7 (Special).—The weak stock market in New-York, the decline of ½d in Liverpool and a local commercial failure opened wheat very weak. Thereafter it was a struggle between the big sales of wheat on the one hand and Wall Street weakness on the other. Collateral influences on the bear side were receipts of 341 cars in the Northwest, against 289 cars last week and 103 last year, and export clearances of but 126,000 bushels. There was big selling by Armour, Schwartz-Dupee, Baldwin-Farnum and Logan on the strong spots and good buying by the same firms whenever the market weakened. The Barretts and Bennett covered a big line for Cudahy, and Norton-Worthington bought moderately for foreigners. There was a big demand for cash wheat for export. Offers of 140,000 bushels were accepted and bids came for a great deal more at but a trifle under the market. Total sales of cash wheat were 310,000 bushels, of which 140,000 bushels were No. 2 spring for export, 100,000 bushels No. 2 hard to New-York and 70,000 bushels No. 2 red to millers. "The Modern Miller" was out with the announcement that the movement from the big producing winter wheat States would be small and the quality poor, and that former estimates must be reduced. Minneapolis stocks decreased 600,000 bushels this week; Duluth 500,000 bushels. The undertone of the market was undoubtedly strong; if the financial troubles were out of the way it would undoubtedly do better. Local receipts were 208 cars; estimates for to-morrow, 175 cars. Primary markets received 780,000 bushels, against 570,000 bushels a year ago. Charters were for 270,000 bushels at 1⅜c to Buffalo. September wheat opened at 56⅝c, sold between 55⅝c and 56⅝c and closed at 56⅝c.

Local receipts of corn were 175 cars more than expected, but it was extremely hot in Missouri. The weakness in other products put the bear influence in the lead at the outset and made prices low enough to tempt shorts to cover. This they did and advanced prices sharply. The advance brought out heavy sales by commission and elevator firms. Counselman & Co. again sold over 500,000 bushels of September. A feature of the market was that while September made a net loss for the day of ⅛c, May gained ¼c. September opened at 24¼c, sold between 24¼ and 24⅝c and closed where it opened. Charters were for 50,000 bushels; receipts were 952 cars; estimates for to-morrow, 1,000 cars.

Oats were active within narrow limits.

There was heavy and general selling of provisions for outside account. Lard offerings were the heaviest and the price suffered the most. September pork closed unchanged from yesterday; October closed 7½c and January 15c lower. Lard closed 5@7½c lower; ribs 10@15c lower. A very heavy trade was done during the opening half-hour, but it was dull thereafter. Receipts were 15,000 hogs, with 11,000 estimated for to-morrow.

On the curb "puts" on September wheat closed at 55⅝c; "calls" at 57c. "Puts" on September corn closed at 24¼c; "calls" at 24½c.

## Public Notices.

HEALTH DEPARTMENT,
New York, August 6, 1896.
PROPOSALS for estimates for building an ambulance station and vaccine laboratory on Seventeenth Street, commencing about 355 feet east of Avenue C, City and County of New York.

Proposals for estimates for building an ambulance station and vaccine laboratory on Seventeenth Street, commencing about 355 feet east of Avenue C, City and County of New York, will be received by the Commissioners of the Health Department, at their office, Criminal Court Building, Centre, White, Elm and Franklin streets, until 12:30 o'clock p. m., on the 18th day of August, 1896, at which time and place they will be publicly opened and read by said Commissioners.

Any person making an estimate for the above work shall furnish the same in a sealed envelope to the head of said Health Department, indorsed "Estimates for building an ambulance station and vaccine laboratory on Seventeenth Street, commencing about 355 feet east of Avenue C, City and County of New York," and also with the name of the person or persons presenting the same and the date of its presentation.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal sum of $25,000.

Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

1st. Bidders must satisfy themselves by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the estimate, and shall not at any time after the submission of an estimate dispute or complain of the statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Health Department and in substantial accordance with the specifications of the contract and the plans therein referred to, for the extra compensation beyond the amount payable for the work before mentioned, which shall be actually performed, at the prices therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

Bidders will state in their estimates a price for the whole of the work to be done in conformity with the approved form of contract and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfilment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do he or they will be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein, and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also, that no member of the Common Council, head of a Department, Chief of a Bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion and that which said Corporation or the Health Department may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned by the Comptroller to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal, but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him by the Comptroller.

No estimate will be accepted from or contract awarded to any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

The Department reserves the right to reject any or all estimates not deemed beneficial to or for the public interest.

Contract and specifications and blank forms for bids or estimates obtained, by application to the Secretary of the Board, at his office, Criminal Court Building, Centre, White, Elm and Franklin streets, New York.
